GET INVOLVED

LIGHT RAIL IS COMING!

HELP SHAPE WHAT CHANGE WILL LOOK LIKE ALONG SHORELINE'S LIGHT RAIL CORRIDOR

Station Area Visioning

Light rail service to Shoreline is scheduled to begin in 2023, but planning begins now.

Help shape the changes coming to our City by participating in one of the upcoming station area visioning workshops. Hosted by different community groups, the visioning workshops will provide the City with high-level conceptual guidance as it develops design workshops to be held this fall. Visioning provides people with an opportunity to identify features that they want preserved and describe new amenities they would like to see incorporated in Shoreline's station areas.

How will the station areas transform over time?

How will people get to the station areas?

Draft Environmental Impact Statement

Sound Transit has released the Draft Environmental Impact Statement (EIS) for the Lynnwood Link light rail project. The public has until September 23 to provide comment. The Draft EIS analysis includes alternatives for station locations at either 145th or 155th Streets, and the comment period is a key opportunity to express concerns or preferences, including with regard to station location.

STATION AREA VISIONING WORKSHOPS

Thursday, Aug. 22
6:00 to 8:00 p.m.
Shoreline Center
18560 1st Avenue NE

This visioning exercise will be hosted by 185SCC and Futurewise and will focus on the NE 185th Street station areas. Sound Transit is hosting a DEIS open house at the same time and location.

Thursday, Sept. 19
6:00 to 8:00 p.m.
Shoreline City Hall
17500 Midvale Avenue N

Hosted by the City, this final visioning event will collate comments from the previous visioning events and provide additional opportunity for input.

How do we support sustainable development?

THE PATH AHEAD

SUMMER -FALL 2013 → **VISIONING AND COMMUNITY WORKSHOPS**
Development of options and alternatives for the future

WINTER 2013 - 2014 → **ANALYSIS AND PLANNING**
Station subarea plan and environmental analysis

SPRING 2014 → **PUBLIC REVIEW AND ADOPTION**
Plan proceeds through a public review process

THE FUTURE → **IMPLEMENTATION**
In phases, incrementally over decades
