Memorandum

DATE: May 16, 2016

TO: Shoreline City Council
Debbie Tarry, City Manager
John Norris, Assistant City Manager

FROM: Eric Friedli, Parks, Recreation and Cultural Services (PRCS) Director

RE: May 23, 2016 Joint Council/PRCS Board Dinner Meeting

CC: PRCS/Tree Board Members

The PRCS Board is actively engaged with the 2017 – 2023 Parks, Recreation and Open Space (PROS) Plan update, partnering with staff to lead discussions at neighborhood association meetings, focus groups, and intercept opportunities over several months. Board members would like to invite the City Council to share your responses to some of the same questions they have been asking Shoreline residents as part PROS Plan update process.

The Board would appreciate your thoughtful consideration of the following questions:

1. What do you see as the greatest opportunity for Shoreline Parks, Recreation and Cultural services and facilities?
2. What is your vision for Shoreline's future and what role(s) do parks and recreation play in supporting that vision?
3. How can the City of Shoreline better connect residents and park users to the outdoors and health benefits of recreation?

If time allows, optional questions may include:

1. What is your favorite park (Shoreline or other) and why?
2. What additional recreational and cultural programs and services are most needed in Shoreline for your community?
3. What specific age groups or populations could be better served by the City's parks and open space system? How?

Thank you for taking the time to engage the Board in conversations that will shape the future of Shoreline's parks, recreation, and cultural services.
