# **CITY COUNCIL AGENDA ITEM**

CITY OF SHORELINE, WASHINGTON

AGENDA TITLE: Approval of Ordinance No. 569 to Reclassify the Records &

Information Manager within the City's Classification and

Compensation Plan

**DEPARTMENT:** 

City Manager's Office, City Clerk's Office & Human Resources

PRESENTED BY: Julie Underwood, Assistant City Manager Scott Passey, City Clerk

Marci Wright, Human Resources Director

# PROBLEM/ISSUE STATEMENT:

The City Clerk's Office experienced a vacancy in the Records & Information Manager (RIM) position on December 4, 2009 due to the resignation of the incumbent. This is a 32-hour/week position, or 0.8 Full Time Equivalent (FTE) with prorated benefits in Salary Range 42. This position is responsible for a number of vital functions, including implementing citywide records management policies and procedures; employee training; managing the Records Center; and providing assistance to City departments on records creation, management, and disposition. In order to improve efficiency and provide good customer service, staff proposes some organizational changes to the City Clerk's Office, which include reclassification of this position.

## FINANCIAL IMPACT:

The proposed organizational changes can be funded within the current budget; and therefore, no additional funding is needed to support the reclassification.

# RECOMMENDATION

Staff recommends that Council adopt Ordinance No. 569 reclassifying a position within the City of Shoreline Classification and Compensation Plan.

## **BACKGROUND**

The records management program in the City Clerk's Office has involved an increasingly demanding level of technical expertise. In 2004, the Records & Information Manager (RIM) position was created to help the City move from the organization of paper records to a complex mix of electronic formats. This position is responsible for a number of vital functions, including: implementing citywide records management policies and procedures; employee training; managing the Records Center; and providing technical assistance to City departments on records creation, management, and disposition.

# **ALTERNATIVES ANALYSIS**

The options available to the City include: 1) choosing not to fill the position; 2) filling the position with a 0.8 FTE Records & Information Manager; 3) reclassifying the position as recommended by staff; or 4) some combination or variant of the above.

It is worth noting that the City Manager has the administrative authority to exercise Options 1 and 2; the City Council has discretion over Options 3 and 4. The City Manager considered Option 1 due to the modified hiring freeze, however, he made the decision to grant an exemption because of the critical nature of the position. Not filling the position could leave the City in a vulnerable position because an increased workload on the City Clerk's Office without the necessary resources could result in failure to meet state and local requirements. As staff has tracked the trends in records management over the past several years, it has become increasingly apparent that cities the size of Shoreline need dedicated records coordinators to ensure compliance with State law. The importance of this position becomes even more apparent when considering the relative ease with which electronic records are created, transmitted, and retained. It is for these reasons that staff recommends not only backfilling the position, but reclassifying it to meet the current and future needs of the City.

Therefore, in order to improve efficiency and customer service levels, staff recommends the following changes to the RIM position:

- 1. Modify the job description to make public disclosure requests a secondary function as a supportive and assisting role (with the City Clerk assuming primary responsibility). From a practical standpoint, staff has found the public record request aspect of the RIM position to be increasingly demanding to the extent that the RIM has only assumed secondary responsibility for this function.
- 2. Downgrade the salary from Range 42 to Range 39 to better align with this change in function. Salary Range 39 is the same range as Administrative

Assistant III, which is an equivalent classification in terms of job duties and qualifications.

- 3. Change the position title to *Records Coordinator* (see attached classification for job duties and responsibilities).
- 4. Restore the position to 1.0 FTE. In 2005, the RIM position was reduced from 1.0 FTE to 0.8 FTE to meet the demands of a unique situation that no longer exists. At that time, 0.2 FTE shifted from the Clerk's Office to Information Technology because the RIM was heavily involved in the development and acquisition of our document management system (Portal). Since we no longer have this need, staff proposes that the 0.2 FTE shift back to the Records Coordinator, restoring this position to 1.0 FTE. Given that the Clerk's Office serves as the City's primary front counter, coupled with the ever-increasing emphasis on good customer service, the Clerk's Office would function more effectively with a full-time FTE occupying the Records Coordinator position.

# FINANCIAL IMPACT

The 2010 Budget contains sufficient funds to cover the cost of this reclassification.

The cost of the extra 0.2 FTE will be neutralized by the downgrade in the salary range. Second, the Office would have the same number of FTEs but would be better able to respond to internal and external service requests. The 2010 City Clerk budget totals 4.0 FTEs, which includes a 0.2 FTE Administrative Assistant I (AAI) that the Clerk's Office shares with the Finance Department. Previously, the Clerk's budget included extra help funds, which was used to help the Records & Information Manager with the Records Program. As a result of the elimination of extra help funds in the 2009 budget, the Clerk's Office was able to use a 0.2 FTE AAI to assist with records. It is proposed that the AAI be eliminated from the Clerk's Office and that the Records Coordinator be restored to 1.0 FTE. The Finance Department would fully manage the workload of the AAI position.

# **RECOMMENDATION**

The Clerk's Office, like other departments, is constantly striving to find creative solutions to ever-changing circumstances. This proposal will not only meet the immediate needs of the Clerk's office, but it will position the Office to provide better support to City departments, and ultimately, better service to the citizens of Shoreline. Staff recommends that Council adopt Ordinance No. 569 reclassifying a position within the City of Shoreline Classification and Compensation Plan.
