National League of Cities (NLC) Trip

Mr. MacColl led a discussion regarding the tentative agenda of events for the upcoming Council trip to Washington D.C. Mayor McGlashan reported on his recent visit with Shoreline's legislative delegation, noting that he is hopeful Shoreline will acquire an additional \$5 million in regional transportation funding for the Aurora Corridor.

Mr. Olander commented on the effectiveness of having two targeted trips to Washington D.C. There was also discussion about a supplemental funding request for Boeing Creek and working with Snohomish County on issues of mutual interest, such as transportation and economic development. There was discussion about whether stimulus funding could be applied toward the "Healthy Communities" goal. Mr. MacColl provided an Association of Washington Cities (AWC) handout outlining federal priorities and discussed the meeting schedule for the trip. The Council briefly discussed the social, political, and substantive aspects of having the whole Council participate. Deputy Mayor Hall emphasized the need to focus on smart growth and to link Council goals to the NLC agenda.
