**PROBLEM/ISSUE STATEMENT:**

The City is required to develop and maintain a Comprehensive Emergency Management Plan (CEMP) that meets the statutory guidelines set forth in RCW 38.52.070. The CEMP describes the mechanism and structure by which the City mobilizes resources and conducts activities to respond and address the consequences of a major disaster or emergency within the boundaries of the City of Shoreline. The CEMP has to be updated and submitted to the State for review and approval every four years. The City's CEMP was submitted to the State in 2007 and will expire December 2011.

The 2012-2016 CEMP is the third major update to the City's emergency plan. Since 2007 the City has seen new guidance from state agencies and the federal government along with the development of numerous response and recovery plans throughout the Puget Sound region and in Shoreline. These changes have been incorporated into the City's 2012 -2016 CEMP.

Council reviewed and discussed the CEMP at their City Council meeting on September 26, 2011. Council input has been incorporated into the plan.

**RESOURCE/FINANCIAL IMPACT:**

There is no additional financial impact by approving the CEMP.

**RECOMMENDATION**

Recommend the Council move to approve and adopt the 2012 – 2016 City of Shoreline's Comprehensive Emergency Management Plan.
