**PROBLEM/ISSUE STATEMENT:**

Staff is requesting that Council authorize the City Manager to execute an Interlocal Agreement with Seattle Public Utilities for the Aurora Corridor Improvement Project N 192<sup>nd</sup> – N 205<sup>th</sup> Streets.

The Aurora Corridor Project will be adjusting roadway grades, widening the roadway, and undergrounding utilities. This will result in conflicts with Seattle Public Utilities' (SPU) waterline facilities. As part of the City's Franchise agreement, SPU is responsible for relocating its facilities should they conflict with a City project.

SPU has requested that the City include the relocation of their facilities within the City's construction contract. This will create efficiencies in the work and reduce overall costs to both the City and SPU. Per the Franchise Agreement, SPU will reimburse the City for the cost of the work required to relocate their facilities.

**RESOURCE/FINANCIAL IMPACT:**

SPU will be reimbursing the City for all costs (including a proportion of the construction management costs) resulting from the relocation of their facilities. City grants or funds will not be used to complete this work.

**RECOMMENDATION**

Staff recommends that Council authorize the City Manager to execute an Interlocal Agreement with Seattle Public Utilities for the Aurora Corridor Improvement Project N 192<sup>nd</sup> – N 205<sup>th</sup> Streets.
