# CITY COUNCIL AGENDA ITEM 

CITY OF SHORELINE, WASHINGTON

| AGENDA TITLE: | Discussion of Proposed Ordinance No. 687 - Amending the 2014 <br> Salary Schedule for the Communication Program |
| :--- | :--- |
| DEPARTMENT: | City Manager's Office |
| PRESENTED BY: | John Norris, Assistant City Manager |
| ACTION: | Ordinance $\quad$ Desolution $\quad$ Public Hearing ___ Motion |

## PROBLEMIISSUE STATEMENT:

As the City Manager's Office has a current opening for a CMO Management Analyst position, and given that one of the CMO Management Analysts has been providing communication services since 2010, staff felt it was appropriate to review how communication services are being provided for the City. After conducting this review, staff is recommending that one of the CMO Management Analysts positions be titled as a Communication Program Coordinator, with an appropriate job description, within the same salary range on the exempt salary schedule, and that the Communication Assistant position be reclassified from Range 37 to Range 39 on the non-exempt salary schedule. Proposed Ordinance No. 687 would make these amendments to Ordinance No. 678, which adopted the 2014 salary schedule as part of the 2014 budget.

## RESOURCE/FINANCIAL IMPACT:

There is no financial impact to reclassify the CMO Management Analyst Position to a Communication Program Coordinator. However, proposed Ordinance No. 687 will have a budgetary impact in that the Communication Assistant position is proposed to move from Range 37 to Range 39 on the non-exempt salary schedule. Given that the staff person currently in this position is at Step 6 of Salary Range 37 and would continue to be at that step of the new salary range if this change is approved, the difference in the hourly wage rate would be $\$ 1.43$ per hour (Range 37, Step 6-\$28.18 per hour; Range 39, Step 6-\$29.61 per hour). Using 2014 wage rates, this equates to an additional $\$ 2,967$ per year. This additional cost would be paid for out of salary savings in the City Manager's Office budget for 2014, and would be budgeted as an ongoing expense in future years.

## RECOMMENDATION

No action is required as this item is for discussion purposes only. However, when this agenda item is brought back for Council action, which is currently scheduled for April 28, staff will recommend that Council adopt proposed Ordinance No. 687 amending the 2014 salary schedule.

Approved By: $\quad$ City Manager DT City Attorney IS

## BACKGROUND

When former CMO Management Analyst John Norris was hired as the current Assistant City Manager earlier this year, one of the two CMO Management Analysts positions in the City Manager's Office became vacant. Prior to posting this position to fill the vacancy, the City Manager and the Assistant City Manager felt that it was important to review the work being accomplished by the two CMO Management Analysts positions. Since 2010, the other CMO Management Analyst position, which is staffed by Eric Bratton, has served as the lead position for providing communication services for the City. In working with Mr. Bratton and with the goal of aligning current job roles and duties with formal job classifications, the City Manager provided direction that one of the CMO Management Analyst positions should be reclassified to a position specifically focusing on communications. Based on this direction, staff created a new job classification not currently on the exempt salary schedule titled Communication Program Coordinator, which is in the same salary range as the CMO Management Analyst.

In addition to this proposed change, staff also used this opportunity to review the work being performed by the current Communication Assistant in the City Manager's Office. This position currently reports to the Executive Assistant position in the City Manager's Office and the position is expected to provide support to both the Communication program along with some administrative support to the office. The Communication Program presents a more comprehensive and focused approach and therefore the Communication Assistant will be tasked with additional responsibilities. Thus, staff is recommending that the Communication Assistant position be reclassified from Range 37 to Range 39 on the non-exempt salary schedule. As well, this position would now report to the Communication Program Coordinator.

Proposed Ordinance No. 687, which is attached to this staff report as Attachment A, would make these amendments to Ordinance No. 678, which adopted the 2014 salary schedule as part of the 2014 budget. Attachments B and C to this staff report provide the amended exempt and non-exempt salary schedules, respectively.

## DISCUSSION

In proposing to reclassify the CMO Management Analyst position and adjust the salary range for the Communication Assistant, staff first looked at the job functions and responsibilities the City needs accomplished in order to have a comprehensive Communication Program. The City also looked at what duties were currently being performed. Based on this review, it was clear that while the City does provide high quality communication services, a focus on comprehensive, city-wide strategic communications would enhance the City's communication function. This would mean having the lead communications position more responsible for coordinating city-wide communication and working more with City departments to draft communication messaging, branding and materials. It also means having the Communication Program Coordinator truly responsible for the City's Communication Program with oversight from the City Manager and Assistant City Manager, rather than having communication policy direction come from the Assistant City Manager.

The current job specifications of the Communication Assistant position will also need to be updated to capture the duties that will be assigned to fulfill the scope of the Communication Program. Specifically, the current Communication Assistant job classification stated that an essential function is to "assist with graphic design and composition of media materials for City newsletter, website, social media, cable channel, city wide publications; assist in preparation and distribution of City information to media contacts."

Staff is proposing, among other edits, to have this essential function read, "Create complex graphic designs and compose media materials for City newsletter. Monitor and manage website content, manage social media accounts and the cable channel. Draft and create city wide publications; assist in preparation and distribution of City information of media contacts." Additionally, staff is also adding language to the job classification that reads, "Assist with the development and implementation of policies and procedures related to public information and community involvement programs." This assignment of a higher level of duties and responsibilities is the reason staff is proposing that this job classification move from Range 37 to Range 39.

## ALTERNATIVES

The Council has two alternatives regarding proposed Ordinance No. 687. If Council adopts this ordinance, the CMO Management Analyst position will be reclassified and the Communication Program Assistant salary range will be adjusted as noted. Adoption of the ordinance will also solidify the City's Communication Program, with the Communication Assistant reporting directly to the Communication Program Coordinator.

If Council does not adopt proposed Ordinance No. 687, the CMO Management Analyst position will continue to provide communication services as is happening currently. However, the level of communication work provided will be limited by the duties performed by the Communication Assistant and the Program will need to be reduced so that it is commensurate with resources available. This will mean that some work may need to be shifted over to the CMO Management Analyst providing communication services, or that some external contract services are provided so that this work load can be accomplished.

If Council does not adopt the reclassification of the CMO Management Analyst to Communication Program Coordinator, then the reporting structure between the Communication Program Coordinator and Communication Assistant will not be established, which will diminish gains in coordination through a unified reporting structure. The City's Management Analyst positions have not typically served in a supervisory role.

## RESOURCE/FINANCIAL IMPACT

There is no financial impact to reclassify the CMO Management Analyst Position to a Communication Program Coordinator. However, proposed Ordinance No. 687 will have a budgetary impact in that the Communication Assistant position is proposed to move from Range 37 to Range 39 on the non-exempt salary schedule. Given that the staff person currently in this position is at Step 6 of salary range and would continue to be at
that step if this change is approved, the difference in the hourly wage rate would be $\$ 1.43$ per hour (Range 37, Step 6-\$28.18 per hour; Range 39, Step $6-\$ 29.61$ per hour). Using 2014 wage rates, this equates to an additional $\$ 2,967$ per year. This additional cost would be paid for out of salary savings in the City Manager's Office budget for 2014, and would be budgeted as an ongoing expense in future years.

## RECOMMENDATION

No action is required as this item is for discussion purposes only. However, when this agenda item is brought back for Council action, which is currently scheduled for April 28, staff will recommend that Council adopt proposed Ordinance No. 687 amending the 2014 salary schedule.
