ACTION:	<input type="checkbox"/> Ordinance	<input type="checkbox"/> Resolution	<input checked="" type="checkbox"/> Motion

PROBLEM/ISSUE STATEMENT:

The State Commute Trip Reduction (CTR) Efficiency Act directs governments to develop plans that reduce vehicle miles traveled per employee and drive-alone commute trips. The City is required by state law to ensure that CTR programs are maintained year round. The CTR Efficiency Act also requires major employers with one hundred or more full-time employees to develop, implement and promote employee transportation programs to encourage their employees to shift away from drive-alone commutes and reduce vehicle miles traveled. The proposed Commute Trip Reduction Program Implementation Agreement with King County is an interlocal agreement intended to renew an existing agreement and continue an existing program whereby King County Commute Trip Reduction Services provides Shoreline with assistance in ensuring that the major employers in Shoreline (including the City) are in compliance with the State CTR law.

RESOURCE/FINANCIAL IMPACT:

The State of Washington funds the CTR program for all affected jurisdictions. The County, per a separate Commute Trip Reduction Agreement with the State of Washington, will receive funds from the State earmarked for Shoreline, and those funds will be used by King County to support this Interlocal Agreement. The funding is based on a fixed amount per affected worksite. The City of Shoreline's total two year allocation for the six affected worksites in the City is \$35,402.29.

RECOMMENDATION

Staff recommends that Council move to authorize the City Manager to sign the Commute Trip Reduction Program Implementation Agreement with King County for Commute Trip Reduction services.

BACKGROUND

The State Commute Trip Reduction (CTR) Efficiency Act directs governments to develop plans that reduce vehicle miles traveled per employee and drive-alone commute trips. The CTR Efficiency Act also requires major employers to develop, implement and promote employee transportation programs to encourage their employees to shift away from drive-alone commutes and reduce vehicle miles traveled. In accordance with the Commute Trip Reduction Efficiency Act, the City of Shoreline must manage the programs of all six affected CTR sites in Shoreline. The six CTR sites in Shoreline include Shoreline Community College, Washington State Department of Transportation (WSDOT), Crista Ministries Campus, State of Washington Public Health Lab, Fircrest School, and the City of Shoreline City Hall campus.

DISCUSSION

The CTR Interlocal Agreement continues the current City of Shoreline and King County relationship and is valid for two years beginning July 1, 2017 and ending June 30, 2019 (Attachment A). The agreement is similar to previous agreements.

As part of this interlocal agreement, King County Department of Transportation Metro Transit Division will provide technical assistance and promotional materials to the six CTR sites in Shoreline. Metro will also ensure that all sites in the city meet the requirements of the state CTR law by ensuring that annual reports are submitted accurately and on time, administering site surveys, and holding regular network meetings with the Employee Transportation Coordinators (ETCs) for each site.

Through King County Metro CTR services, the ETCs for each site are sent to training classes to keep them up to date with CTR law and with incentives and programs aimed at reducing single occupancy vehicle use and vehicle miles traveled (VMT). VMT is calculated by the sum of the individual motor vehicle commute trip lengths in miles made by affected employees over a set period divided by the number of affected employees during that period. A recent April 2017 CTR Employer Survey Report for the employer site City of Shoreline City Hall campus showed a reduction in VMT (one way), down 15.1% from 2008 when VMT was first estimated for the Program. Reports were not yet available for all sites in Shoreline.

COUNCIL GOAL(S) ADDRESSED

This project is related to Council Goal 2: Improve Shoreline's utility, transportation, and environmental infrastructure. The major goals for the CTR program are to improve transportation system efficiency, conserve energy, and improve air quality.

RESOURCE/FINANCIAL IMPACT

The State of Washington funds the CTR program for all affected jurisdictions. The County, per a separate Commute Trip Reduction Agreement with the State of Washington, will receive funds from the State earmarked for Shoreline, and those funds will be used by King County to support this Interlocal Agreement. The funding is based on

a fixed amount per affected worksite. The City of Shoreline's total two year allocation for the six affected worksites in the City is \$35,402.29.

RECOMMENDATION

Staff recommends that Council move to authorize the City Manager to sign the Commute Trip Reduction Program Implementation Agreement with King County for Commute Trip Reduction services.

WHEREAS the CTR Law requires local governments in those counties experiencing the greatest automobile-related air pollution and traffic congestion to develop and implement Commute Trip Reduction ("CTR") plans to reduce vehicle miles traveled per employee and drive alone commute trips; and

WHEREAS, the CTR Law also requires major employers to develop, implement and promote employee transportation programs to encourage their employees to shift away from drive alone commutes; and

WHEREAS, CTR plans developed by local jurisdictions are required to be coordinated and consistent with the CTR plans of adjacent jurisdictions as well as applicable regional plans; and

WHEREAS, the Legislature appropriated funds to provide technical assistance funding to local jurisdictions required to develop and implement commute trip reduction plans; and

WHEREAS, the County in a separate Commute Trip Reduction Act Agreement with the State, Agreement Number (available in June, 2017) is authorized to receive CTR funds on behalf of local jurisdictions in exchange for the County's implementation of Commute Trip Reduction Plans and Programs on behalf of those local jurisdictions and retain such funds as payment for the work performed; and

WHEREAS, the City desires to have the County perform the work necessary to satisfy the City's statutory obligations under the Commute Trip Reduction Act and to retain the City's allocation of state funds as payment for those services; and

Strategy 4: Assist ETCs with marketing of commute programs and ensure they meet their program information distribution requirements. Help ETCs become a major resource to their employees by providing them with up-to-date commute information, tools for communicating with employees, turn-key commuter promotions, and opportunities to attend employer network group meetings.

Description:

- Review program summary and make marketing recommendations at sites that did not make progress towards goals.
