

CITY COUNCIL AGENDA ITEM
CITY OF SHORELINE, WASHINGTON

AGENDA TITLE:	Adoption of Ordinance No. 804 - Amending the City's Existing Right-of-Way Franchise Agreement with Seattle Public Utilities
DEPARTMENT:	City Attorney's Office
PRESENTED BY:	Margaret King, City Attorney
ACTION:	<input checked="" type="checkbox"/> Ordinance <input type="checkbox"/> Resolution <input type="checkbox"/> Motion <input type="checkbox"/> Discussion <input type="checkbox"/> Public Hearing

PROBLEM/ISSUE STATEMENT:

As per Shoreline Municipal Code (SMC) Section 12.25.010, all utilities which use the City's rights-of-way for operation and maintenance of their facilities are required to have a non-exclusive franchise with the City. The City's existing non-exclusive right-of-way franchise with Seattle Public Utilities (SPU) for the operation of a domestic water system within the City was passed by Council on June 20, 2011.

Shoreline and SPU are seeking amendment to the existing franchise to increase their city-to-city partnership, in particular, SPU's provision of municipal water utility services to portions of the City. Staff from each jurisdiction have been working together over a number of months to this end, and the proposed Franchise amendment contains the following key provisions:

- SPU will establish a Shoreline Asset Management Priority Program that will be used to prioritize and implement certain SPU distribution system capital improvements in SPU's retail service area within the City of Shoreline.
- Beginning in 2018, the program would target \$1 million per year of capital improvement projects based a project list that identifies Shoreline priority capital improvements.
- The term of the franchise would be extended to a maximum length of 15 years as allowed by SMC 12.25.080, expiring on November 1, 2026. The current franchise term of nine years is set to expire in 2020.

Council discussed this proposed Ordinance at its October 23, 2017 meeting.

RESOURCE/FINANCIAL IMPACT:

The financial impact to Shoreline is likely to be minimal. However, the proposed franchise amendment includes the creation of a Shoreline Asset Management Priority Program. One of the aspects of this program includes option for the City to financially contribute to projects that exceed the annual \$1 million project fund. More information on the Program can be found below.

Otherwise, the fees and taxes that the City currently receives from SPU would continue under this amended franchise agreement. The proposed franchise agreement includes the same franchise fee payment structure as the existing agreement: equivalent to six percent of the retail sale of metered water to Shoreline customers. For the 2018 service year, the City anticipates collecting \$552,400 in franchise fee payments from SPU.

RECOMMENDATION

Staff recommends that Council adopt proposed Ordinance No. 084, amending the City's existing right-of-way franchise agreement with Seattle Public Utilities.

Approved By: City Manager ***DT*** City Attorney ***MK***

BACKGROUND

As per SMC 12.25.010, all utilities which use the City's rights-of-way for operation and maintenance of their facilities are required to have a non-exclusive franchise with the City. The City's existing non-exclusive right-of-way franchise with Seattle Public Utilities (SPU) (Attachment A) for the operation of a domestic water system within the City was passed by Council on June 20, 2011.

In concert with the adoption of this 2011 Franchise Agreement, the City of Shoreline and the City of Seattle reached a tentative agreement to have the City of Seattle sell the SPU system within the Shoreline City limits to the City of Shoreline. In November 2012, Shoreline voters authorized the City to purchase the SPU water utility in Shoreline. After receiving this voter approval, Shoreline staff worked closely with Seattle staff to finalize a sale agreement. However, when former Seattle Mayor Ed Murray entered office in 2014, he instructed Seattle staff to reevaluate the sale of the utility and ultimately provided direction that the sale couldn't negatively affect Seattle rates. This resulted in a much higher purchase price for the system that made purchase of the utility impossible.

Following this decision by the City of Seattle, SPU and Shoreline staff continued to work together to negotiate an agreement to increase the utility funding spent on infrastructure projects in Shoreline. It was agreed that the terms of this agreement would be best placed in an amended Franchise Agreement. Staff from each jurisdiction have been working together over a number of months to this end, and the proposed Franchise amendment contains the following key provisions:

- SPU will establish a Shoreline Asset Management Priority Program that will be used to prioritize and implement certain SPU distribution system capital improvements in SPU's retail service area within the City of Shoreline.
- Beginning in 2018, the program would target \$1 million per year of capital improvement projects based a project list that identifies Shoreline priority capital improvements.
- The term of the franchise would be extended to a maximum length of 15 years as allowed by SMC 12.25.080, expiring on November 1, 2026. The current franchise term of nine years is set to expire in 2020.

DISCUSSION

Proposed Ordinance No. 804 (Attachment B) would amend the existing right-of-way Franchise Agreement with SPU. Much of the terms and conditions would stay the same, though key amendments include:

- Section 3: The term for this franchise would be extended to 15 years, the maximum length allowed by Shoreline Municipal Code (SMC 12.25.080), expiring on November 1, 2026. The current franchise term of nine years is set to expire in 2020. Thus, this franchise extension will cover six additional years.
- Section 4: SPU will collect and distribute to the City a franchise fee equal to 6% of revenue generated from its water system operations within the City. This section

also establishes a Shoreline Asset Management Priority Program that will be used to prioritize and implement certain SPU distribution system capital improvements in SPU's retail service area within the City of Shoreline. (More information about the Shoreline Asset Management Priority Program can be found in the Exhibit B section below.)

- Section 6: SPU shall perform fire hydrant inspections and testing on each fire hydrant that is part of SPU's Facilities, on an annual cycle through 2020, and on a two-year cycle thereafter. SPU has entered into a Memorandum of Agreement with the Shoreline Fire District (SFD) where the SFD has agreed to conduct the inspections and testing and SPU will reimburse SFD. SPU will provide periodic reports to the City confirming inspections and repairs done in response to inspections.
- Section 8: SPU shall restore the Right-of-Way to at least the condition the same was in immediately prior to any such after installation, construction, relocation, etc. In the event of any emergency where any SPU Facilities located in the Right-of-Way are broken or damaged, SPU shall immediately take any necessary emergency measures to repair, replace or remove its Facilities. SPU shall secure City permits to work in the public rights-of-way. SPU shall comply with applicable federal, state, and local health and safety rules and regulations. SPU agrees to relocate its facilities when required by the City to complete a public project; costs borne by the City and SPU are established by a sliding scale based on the age of the SPU facility.
- Section 9: The parties agree to participate in the development of, and reasonable updates to the relevant portions of each other's planning documents, including those relating to Capital Improvement Plan projects, emergency operations, meter reading, maps and records, etc.
- Section 12: Standard insurance provisions are included in this section, including \$2,000,000 of auto liability coverage, \$5,000,000 of Commercial General Liability and \$5,000,000 of excess liability coverage.
- Section 15: Includes a City approval process for transfer of franchise rights.
- Exhibit B:
 - SPU will establish a Shoreline Asset Management Priority Program that will be used to prioritize and implement certain SPU distribution system capital improvements in SPU's retail service area within the City of Shoreline.
 - Beginning in 2018, the program would target \$1 million per year of capital improvement projects based on a project list, which would be developed jointly by the City and SPU annually between January and February each year and identifies Shoreline priority capital improvements.
 - Project costs would be based on SPU's estimated total project costs at 30% design. If the total cost estimate of a project on the Project List at the 90% design point is 25% or more than the cost estimate at 30% design, the parties will mutually agree to either A) remove the project from the Project List and replace with an alternative, or B) continue the project and agree that the increased portion of the project cost over the above reference 25% increase would come from another year's \$1 million target amount (or be paid by the City).

- If a capital project is over \$1 million in one year, up to two additional years' target amounts will be used up by that project; e.g. if a \$3 million project in year one, next new project would be year four.
- SPU would follow its normal capital planning process and share the 30% design estimated total project cost with the City and the City will have the opportunity to review and comment during the design process at the normal design milestones. SPU would include the project as part of its annual CIP program, which is subject to Seattle City Council adoption and appropriation of funds.

Council discussed this proposed Ordinance at its October 23, 2017 meeting. Prior to that meeting, staff from North City Water District raised questions about the map of SPU's water service area (shown as Exhibit A of Attachment B of this staff report). Because the purpose of the Exhibit is to delineate the area of the City that the City is granting to SPU a non-exclusive franchise to operate within, specific issues regarding actual service to a particular parcel by SPU or North City Water District are not impacted in any way. Staff understands that SPU staff have also reached out to North City Water District to clarify any questions in this regard. Materials from the October 23, 2017 Council meeting can be found on the City's website, here:

- 2.2 This Franchise shall grant SPU the right, privilege and authority, subject to the terms and conditions hereinafter set forth, to construct, operate, maintain, replace, and use all necessary equipment and Facilities for a public water system, in, under, on, across, over, through, along or below the public Right-of-Way located in the City of Shoreline.
- 2.3 This Franchise is granted upon the express condition that it shall not in any manner prevent the City from granting other or further franchises in, along, over, through, under, below or across any Right-of-Way. Such franchise shall in no way prevent or prohibit the City from using any Right-of-Way or other City property or affect its jurisdiction over them or any part of them, and the City shall retain the authority to make all necessary changes, Relocations, repairs, maintenance, establishment, improvement, dedication of the same as the City may deem fit, including the dedication, establishment, maintenance, and improvement of all new rights-of-way or other public properties of every type and description.

4. **Consideration.** In consideration of the rights granted to SPU by this Agreement, SPU agrees to comply with the terms and conditions of operation within the City rights-of-way set forth in this agreement and, as additional consideration, SPU agrees:

- 4.1 To collect and distribute to the City a Franchise fee equal to 6% of Revenue generated from its water system operations within the City.
 - 4.1.1 This Franchise fee shall be collected beginning upon the effective date of this Franchise.
 - 4.1.2 Proceeds of the Franchise fee collected shall be distributed to the City no later than 30 days after the end of each calendar quarter (quarters ending at the end of March, June, September and December).
- 4.2 Should SPU be prevented by judicial or legislative action from collecting a Franchise fee on all or a part of the Revenues, SPU shall be excused from the collection and distribution of that portion of the Franchise fee.
- 4.3 Should a court of competent jurisdiction declare, or a change in law make the Franchise fee to be collected on behalf of the City invalid, in whole or in part, or should a court of competent jurisdiction hold that the collection of the Franchise fee by SPU is in violation of a pre-existing contractual obligation of SPU, then SPU's obligation to collect and distribute a Franchise fee to the City under this Section shall be terminated in accordance with and to the degree required to comply with such court action.
- 4.4 SPU agrees that the franchise fee established by this Section is appropriate and that SPU will not be a party to or otherwise support legal or legislative action intended to result in judicial determinations or legislative action referred to in Sections 4.2 and 4.3 hereof.

5. **City Ordinances and Regulations.** Nothing herein shall be deemed to direct or restrict the City's ability to adopt and enforce all necessary and appropriate ordinances regulating the rights-of-way including the State Building Code and any reasonable ordinance made in the exercise of its police powers in the interest of public safety and for the welfare of the public. The City shall have the authority at all times to control, by appropriate regulations, the general location and, elevation of new or relocated Facilities of SPU that are part of a public project located within the City Right-of-way needed for the City's own use of the Right-of-Way, which may include coordination with other utilities in the Right-of-Way. SPU shall promptly conform with all such regulations at no charge or expense to the City, unless compliance would cause SPU to violate other requirements of law. Such regulations shall not unreasonably affect or modify any portion of this agreement without the approval of SPU.

Should SPU and City not be able to agree, they shall resolve the differences through Section 16 - Alternate Dispute Resolution.

6. Right-of-Way Management.

- 6.1 Permits Required. Whenever SPU excavates in any Right-of-Way for the purpose of installation, construction, repair, maintenance, or Relocation of its Facilities, it shall apply to the City for a permit to do so in accord with the ordinances and regulations of the City requiring permits to operate in the Right-of-Way, and consistent with Section 6.6 of this Franchise. In no case shall any such work commence within any Right-of-Way without a permit, except as otherwise provided in this Franchise.
- 6.2 Abandonment of SPU's Facilities. No Facilities laid, installed, constructed, or maintained in the Right-of-Way by SPU, except for surface facilities or mains that are 12 inches or smaller, may be abandoned by SPU without the prior written consent of the Director of a plan, which will not be unreasonably withheld. All necessary permits must be obtained prior to such work. Any abandoned SPU surface facility shall be removed by SPU within a reasonable time.
- 6.3 Restoration after Construction.
- 6.3.1 SPU shall, after any installation, construction, Relocation, maintenance, or repair of Facilities within the Franchise area, restore the Right-of-Way to at least the condition the same was in immediately prior to any such abandonment, installation, construction, Relocation, maintenance or repair. Restoration shall not require an improvement to a condition that substantially exceeds the condition prior to SPU's activities. All concrete encased monuments, which have been disturbed or displaced by such work, shall be restored pursuant to all federal, state and local standards and specifications. SPU agrees to promptly complete all restoration work and to promptly repair any damage caused by such work at its sole cost and expense.
- 6.3.2 If it is determined that SPU has failed to restore the Right-of-Way in accordance with this Section, the City shall provide SPU with written notice including a description of actions the City believes necessary to restore the Right-of-Way. Any dispute over failure to restore shall be resolved in compliance with Section 16 – Alternative Dispute Resolution.
- 6.4 Bonding Requirement. SPU, as a public agency, is not required to comply with the City's standard bonding requirement for working in the City's Right-of-Way.
- 6.5 Emergency Work, Permit Waiver. In the event of any emergency where any SPU Facilities located in the Right-of-Way are broken or damaged, or if SPU's construction area for their Facilities is in such a condition as to place the health or safety of any person or property in imminent danger, SPU shall immediately take any necessary emergency measures to repair, replace or remove its Facilities

ORIGINAL

without first applying for and obtaining a permit as required by this Franchise. However, this emergency provision shall not relieve SPU from later obtaining any necessary permits for the emergency work. SPU shall apply for the permits that would have been required and obtained prior to the emergency as soon as practical given the nature and duration of the emergency.

6.6 Excavations.

6.6.1 SPU shall secure City rights-of-way permits to work in the public rights-of-way, including but not limited to Capital Improvements Program projects, water main repairs, and work involving excavation in the Right-of-Way. This would include disruption of all motorized and non-motorized travel portions of the Right-of-Way, including all surface water drainage facilities. For all routine operations in the public rights-of-way, such as flushing, painting hydrants, vegetation maintenance and work within existing chambers, no permit will be required.

6.6.2 If either party plans to excavate in the public rights-of-way, then upon a written request from the other, that party may share excavation upon mutually agreeable terms and conditions.

6.7 Safety.

6.7.1 SPU, in accordance with applicable federal, state, and local health and safety rules and regulations shall, at all times, employ ordinary care in the installation, maintenance, operation, and repair of Facilities utilizing methods and devices commonly accepted for public water utility operations to prevent failures and accidents that are likely to cause damage, injury, or nuisance to persons or property and shall accomplish work in a manner that will minimize interference with traffic and use of adjoining property.

6.7.2 All of SPU's Facilities in the Right-of-Way shall be constructed and maintained in a safe and operational condition.

6.8 Dangerous Conditions, Authority for City to Abate.

6.8.1 Whenever Facilities or the operations of SPU cause or contribute to a condition that reasonably appears to endanger any person or substantially impair the use or lateral support of the adjoining Right-of-Way, public or private property, SPU, at no charge or expense to the City, will take actions to resolve the conflict or remove the endangerment within a reasonable time period. The resolution of the dangerous condition requires approval of SPU Manager and the Director before the work begins.

6.8.2 In the event the Grantee fails or refuses to promptly take action as required in Section 6.8.1, or if emergency conditions exist which require immediate

action to prevent imminent injury or damages to persons or property, the City may take such reasonable actions as it believes are necessary to protect persons or property and the Grantee shall be responsible to reimburse the City for its reasonable costs.

6.9 Relocation of System Facilities.

6.9.1 In accordance with the following schedule, SPU agrees and covenants to protect, support, temporarily disconnect, relocate or remove from any Right-of-Way its Facilities when so required by the City, to accommodate the completion of or as a result of a public project. As used in this Section, the term "public project" is a project included in the City's adopted six-year Capital Improvement Program as amended annually by the City Council.

<u>Age of SPU Facility</u>	<u>% of Relocation by City</u>	<u>% of Relocation by SPU</u>
5 years or less	100%	0%
5-10 years	50%	50%
10 + years	0%	100%

6.9.2 This Relocation requirement shall not apply to pipelines 24 inches in diameter and larger that cannot reasonably be supported, disconnected, relocated or removed. If these Facilities are required to be moved in order to accommodate the completion of or as a result of a public project, the City shall pay 50% of the Relocation cost.

6.9.3 All Facilities utilized for providing water service within SPU's service area and within the Right-of-Way shall be considered owned, operated and maintained by SPU.

6.9.4 If the City determines that a public project necessitates the Relocation or removal of SPU's existing Facilities, the City shall:

6.9.4.1 As soon as possible, but not less than one hundred eighty (180) days prior to the commencement of such project, provide SPU with written notice requiring such Relocation or removal; and

6.9.4.2 Provide SPU with copies of any plans and specifications pertinent to the requested Relocation or removal and a proposed temporary or permanent Relocation for SPU's Facilities.

6.9.4.3 After receipt of such notice and such plans and specifications, SPU shall complete Relocation of its Facilities at least ten (10) days prior to commencement of the project according to the above cost sharing described in this Section.

ORIGINAL

- 6.9.5 SPU may, after receipt of written notice requesting Relocation or removal of its Facilities, submit to the City written alternatives to such Relocation. The City shall evaluate such alternatives and advise SPU in writing if any of the alternatives are suitable to accommodate the work that necessitates the Relocation of the Facilities. If so requested by either party, SPU or City shall submit additional information to assist the other party in making such evaluation. The City shall give each alternative proposed by SPU full and fair consideration and, if appropriate, state why SPU's proposed alternatives are not satisfactory. In the event the City and SPU ultimately do not agree on a reasonable alternative, SPU and City shall attempt to resolve the Relocation through Section 16 - Alternate Dispute Resolution.
- 6.9.6 If the City determines that SPU's Facilities must be protected, supported, temporarily or permanently disconnected, relocated or removed from the Right-of-Way, City shall reimburse SPU all costs as submitted and verified by SPU within forty-five (45) days of completion of the Relocation or removal by SPU in accord with paragraph 6.9.1 and 6.9.2 herein.
- 6.9.7 The provisions of this Section 6.9 shall in no manner preclude or restrict SPU from making any arrangements it may deem appropriate when responding to a request for Relocation of its Facilities by any person or entity other than the City.

7. Planning Coordination.

- 7.1 Growth Management. The parties agree to participate in the development of, and reasonable updates to the relevant portions of each other's planning documents:

- 7.1.1 For SPU's service within the City limits, SPU will participate in a cooperative effort with the City of Shoreline to develop a Comprehensive Plan Utilities Element that meets the requirements described in RCW 36.70A.070(4). SPU will participate in a cooperative effort with the City to ensure that the Utilities Element of Shoreline's Comprehensive plan is accurate as it relates to SPU's operations and is updated to ensure continued relevance at reasonable intervals.
- 7.1.2 SPU shall submit information related to the general location, proposed location, and capacity of all existing and proposed Facilities within the City as requested by the Director within a reasonable time, not exceeding sixty (60) days from receipt of a written request for such information, provided that such information is in SPU's possession, or can be reasonably developed from the information in SPU's possession.
- 7.1.3 SPU will update information provided to the City under this Section whenever there are major changes in SPU's system plans for Shoreline.
- 7.1.4 The City will provide information relevant to SPU's operations within a reasonable period of written request to assist SPU in the development or

update of its Comprehensive Water System Plan, provided that such information is in the City's possession, or can be reasonably developed from the information in the City's possession.

- 7.2 System Development Information. SPU and the City will each assign a representative whose responsibility shall be to coordinate planning for CIP projects including those that involve undergrounding. At a minimum, such coordination shall include the following:
- 7.2.1 By February 1st of each year, SPU shall provide the City with a schedule of its planned capital improvements, which may affect the Right-of-Way for that year;
 - 7.2.2 By February 1st of each year, the City shall provide SPU with a schedule of its planned capital improvements which may affect the Right-of-Way for that year including but not limited to street overlays and repairs, storm drainage improvements and construction, and all other Right-of-Way activities that could affect SPU capital improvements and infrastructure.
 - 7.2.3 SPU shall meet with the City, other franchisees and users of the Right-of-Way as necessary to schedule and coordinate construction.
 - 7.2.4 All construction locations, activities, and schedules shall be coordinated to minimize public inconvenience, disruption, or damages.
- 7.3 Emergency Operations. The City and SPU agree to cooperate in the planning and implementation of emergency operations response procedures.
- 7.4 Maps and Records. Without charge to either party, both parties agree to provide each other with as-built plans, maps, and records that show the vertical and horizontal location of its Facilities within the Right-of-Way, measured from the center line of the Right-of-Way, using a minimum scale of one inch equals one hundred feet (1"=100'). Maps shall be provided in Geographical Information System (GIS) or other digital electronic format used by the City or SPU, and upon request, in hard copy plan form used by City or SPU. This information shall be provided between one hundred twenty (120) and one hundred eighty (180) days of the effective date of this Ordinance and shall be updated upon reasonable request by the either party. The City and SPU agree to maintain confidentiality of any and all information received to the extent necessary to meet Homeland Security objectives and in accordance with public records laws.
8. Equivalent Service Quality. SPU shall provide the same services to customers in the City that is provided to all other customers with similar circumstances within SPU's service territory. SPU shall at all times comply with the minimum regulatory standards presently in effect or as may be amended for the operation of a public water utility.

9. Indemnification.

- 9.1 SPU hereby releases, covenants not to bring suit, and agrees to indemnify, defend and hold harmless the City, its elected officials, employees, agents, and volunteers from any and all claims, costs, judgments, awards, attorneys' fees, or liability to any person arising from the negligent or intentional acts or omissions of SPU, its agents, servants, officers or employees in performing activities or failing to perform activities authorized by this Franchise, and including those claims arising against the City by virtue of SPU's exercise of rights granted herein. It is further specifically and expressly understood that the indemnification provided herein constitutes SPU's waiver of immunity under Industrial Insurance, Title 51 RCW, solely for the purposes of this indemnification. This waiver has been mutually negotiated by the parties. The provisions of this section shall survive the expiration or termination of this Agreement. This covenant of indemnification shall include, but not be limited by this reference, to claims against the City arising as a result of the acts or omissions of SPU, its agents, servants, officers or employees except for claims for injuries and damages caused by the sole negligence of the City. If final judgment is rendered against the City, its elected officials, employees, agents, and volunteers, or any of them, SPU shall satisfy the same. The City may appear in any proceeding it deems necessary to protect the City's or the public's interests.
- 9.2 Inspection or acceptance by the City of any work performed by SPU at the time of completion of construction shall not be grounds for avoidance of any of these covenants of indemnification. Said indemnification obligations shall extend to claims that are not reduced to a suit and any claims that may be settled prior to the culmination of any litigation or the institution of any litigation.
- 9.3 In the event SPU refuses to undertake the defense of any suit or any claim, after the City's request for defense and indemnification has been made pursuant to the indemnification clauses contained herein, and SPU's refusal is subsequently determined by a court having jurisdiction (or such other tribunal that the parties shall agree to decide the matter), to have been a wrongful refusal on the part of SPU, then SPU shall pay all of the City's costs and expenses for defense of the action, including reasonable attorneys' fees of recovering under this indemnification clause as well as any judgment against the City.
- 9.4 Should a court of competent jurisdiction determine that this Franchise is subject to RCW 4.24.115, then, in the event of liability for damages arising out of bodily injury to persons or damages to property caused by or resulting from the concurrent negligence of SPU and the City, its officers, employees and agents, SPU's liability hereunder shall be only to the extent of SPU's negligence. It is further specifically and expressly understood that the indemnification provided herein constitutes SPU's waiver of immunity under Industrial Insurance, Title 51 RCW, solely for the purposes of this indemnification. This waiver has been mutually negotiated by the parties. The provisions of this Section shall survive the expiration or termination of this Franchise.

- 2.3 This Franchise is granted upon the express condition that it shall not in any manner prevent the City from granting other or further franchises in, along, over, through, under, below or across any Right-of-Way. Such franchise shall in no way prevent or prohibit the City from using any Right-of-Way or other City property or affect its jurisdiction over them or any part of them, and the City shall retain the authority to make all necessary changes, Relocations, repairs, maintenance, establishment, improvement, dedication of the same as the City may deem fit, including the dedication, establishment, maintenance, and improvement of all new rights-of-way or other public properties of every type and description.

4.2 To establish a Shoreline Asset Management Priority Program (“Program”) as more particularly described in Exhibit B to this Franchise, as may be amended from time to time by written agreement between the City and SPU.

4.3 Should SPU be prevented by judicial or legislative action from collecting a Franchise fee on all or a part of the Revenues, or from establishing the Program, SPU shall be excused from the collection and distribution of that portion of the Franchise fee or the implementation of the Program.

4.4 Should a court of competent jurisdiction declare, or a change in law make the Franchise fee to be collected on behalf of the City invalid, in whole or in part, or

should a court of competent jurisdiction hold that the collection of the Franchise fee by SPU is in violation of a pre-existing contractual obligation of SPU, then SPU's obligation to collect and distribute a Franchise fee to the City under this Section shall be terminated in accordance with and to the degree required to comply with such court action.

4.5 SPU agrees that the franchise fee established by this Section is appropriate and that SPU will not be a party to or otherwise support in any way, legal or legislative action intended to result in judicial determinations or legislative action referred to in Sections 4.23 and 4.34 hereof.

5. **Municipal Water Utility.** In consideration of SPU's payment of the Franchise Fee and establishment of the Program under Section 4 above; acceptance of the responsibility to provide and pay for fire hydrants and related fire suppression water facilities within the City of Shoreline; and SPU's acceptance of the other terms and conditions of this Franchise, the City agrees not to exercise its right to establish its own separate municipal water utility within SPU's retail water service area within Shoreline during the term of this Franchise.

6. **Fire Suppression Water Facilities and Services.**

6.1 Pursuant to RCW 70.315.040, SPU agrees to be responsible for the installation, operation, inspection, testing, maintenance, repair and replacement of fire suppression water facilities and to provide fire suppression water services as those terms are defined in RCW 70.315.020 within SPU's Retail Water Service Area within the Franchise Area, including the costs thereof.

6.2 SPU shall perform or cause to perform fire hydrant inspections and testing on each fire hydrant that is part of SPU's Facilities, on an annual cycle through 2020, and on a two-year cycle thereafter. SPU has entered into a Memorandum of Agreement with the Shoreline Fire District (SFD), dated _____, which may be amended from time to time, where the SFD has agreed to conduct the inspections and testing and SPU will reimburse SFD.

In addition, to the extent any such court order or change in law requires the City to refund the costs of the fire suppression water facilities and services to SPU or its customers and provided further that this provision will only apply if the court decision or legislation is explicitly and expressly retroactive and applicable to existing Franchises, the City shall refund SPU or its customers the costs of providing the fire suppression water facilities and services together with any required interest in the amount and for the period required to satisfy the applicable order or rule. Should this occur, SPU and the City shall meet within three (3) months of such invalidating action and work together, in good faith, to modify this Section 6 to address the invalidity in order to meet the original intent of the parties.

7. **City Ordinances and Regulations.** Nothing herein shall be deemed to direct or restrict the City's ability to adopt and enforce all necessary and appropriate ordinances regulating the rights-of-way including the State Building Code and any reasonable ordinance made in the exercise of its police powers in the interest of public safety and for the welfare of the public. The City shall have the authority at all times to control, by appropriate regulations, the general location and, elevation of new or relocated Facilities of SPU that are part of a public project located within the City Right-of-way needed for the City's own use of the Right-of-Way, which may include coordination with other utilities in the Right-of-Way. SPU shall promptly conform with all such regulations at no charge or expense to the City, unless compliance would cause SPU to violate other requirements of law. Such regulations shall not unreasonably affect or modify any portion of this agreement without the approval of SPU. Should SPU and City not be able to agree, they shall resolve the differences through Section ~~46~~ 18- Alternate Dispute Resolution.

8. **Right-of-Way Management.**

- 8.1 Permits Required. Whenever SPU excavates in any Right-of-Way for the purpose of installation, construction, repair, maintenance, or Relocation of its Facilities, it shall apply to the City for a permit to do so in accord with the ordinances and regulations of the City requiring permits to operate in the Right-of-Way, and consistent with Section ~~6-6~~ 8.6 of this Franchise. In no case shall any such work commence within any Right-of-Way without a permit, except as otherwise provided in this Franchise.

- 8.2 Abandonment of SPU's Facilities. No Facilities laid, installed, constructed, or maintained in the Right-of-Way by SPU, except for surface facilities or mains that are 12 inches or smaller, may be abandoned by SPU without the prior written consent of the Director of a plan, which will not be unreasonably withheld. All necessary permits must be obtained prior to such work. Any abandoned SPU surface facility shall be removed by SPU within a reasonable time.
- 8.3 Restoration after Construction.
- 8.3.1 SPU shall, after any installation, construction, Relocation, maintenance, or repair of Facilities within the Franchise area, restore the Right-of-Way to at least the condition the same was in immediately prior to any such abandonment, installation, construction, Relocation, maintenance or repair. Restoration shall not require an improvement to a condition that substantially exceeds the condition prior to SPU's activities. All concrete encased monuments, which have been disturbed or displaced by such work, shall be restored pursuant to all federal, state and local standards and specifications. SPU agrees to promptly complete all restoration work and to promptly repair any damage caused by such work at its sole cost and expense.
- 8.3.2 If it is determined that SPU has failed to restore the Right-of-Way in accordance with this Section, the City shall provide SPU with written notice including a description of actions the City believes necessary to restore the Right-of-Way. Any dispute over failure to restore shall be resolved in compliance with Section 46 18 – Alternative Dispute Resolution.
- 8.4 Bonding Requirement. SPU, as a public agency, is not required to comply with the City's standard bonding requirement for working in the City's Right-of-Way.
- 8.5 Emergency Work, Permit Waiver. In the event of any emergency where any SPU Facilities located in the Right-of-Way are broken or damaged, or if SPU's construction area for their Facilities is in such a condition as to place the health or safety of any person or property in imminent danger, SPU shall immediately take any necessary emergency measures to repair, replace or remove its Facilities without first applying for and obtaining a permit as required by this Franchise. However, this emergency provision shall not relieve SPU from later obtaining any necessary permits for the emergency work. SPU shall apply for the permits that would have been required and obtained prior to the emergency as soon as practical given the nature and duration of the emergency.
- 8.6 Excavations.
- 8.6.1 SPU shall secure City rights-of-way permits to work in the public rights-of-way, including but not limited to Capital Improvements Program projects, water main repairs, and work involving excavation in the Right-of-Way. This would include disruption of all motorized and non-motorized travel

portions of the Right-of-Way, including all surface water drainage facilities. For all routine operations in the public rights-of-way, such as flushing, painting hydrants, vegetation maintenance and work within existing chambers, no permit will be required.

8.6.2 If either party plans to excavate in the public rights-of-way, then upon a written request from the other, that party may share excavation upon mutually agreeable terms and conditions.

8.7 Safety.

8.7.1 SPU, in accordance with applicable federal, state, and local health and safety rules and regulations shall, at all times, employ ordinary care in the installation, maintenance, operation, and repair of Facilities utilizing methods and devices commonly accepted for public water utility operations to prevent failures and accidents that are likely to cause damage, injury, or nuisance to persons or property and shall accomplish work in a manner that will minimize interference with traffic and use of adjoining property.

8.7.2 All of SPU's Facilities in the Right-of-Way shall be constructed ~~an~~ and maintained in a safe and operational condition.

8.8 Dangerous Conditions, Authority for City to Abate.

8.8.1 Whenever Facilities or the operations of SPU cause or contribute to a condition that reasonably appears to endanger any person or substantially impair the use or lateral support of the adjoining Right-of-Way, public or private property, SPU, at no charge or expense to the City, will take actions to resolve the conflict or remove the endangerment within a reasonable time period. The resolution of the dangerous condition requires approval of SPU Manager and the Director before the work begins.

8.8.2 In the event the Grantee fails or refuses to promptly take action as required in Section ~~6~~8.8.1, or if emergency conditions exist which require immediate action to prevent imminent injury or damages to persons or property, the City may take such reasonable actions as it believes are necessary to protect persons or property and the Grantee shall be responsible to reimburse the City for its reasonable costs.

8.9 Relocation of System Facilities.

8.9.1 In accordance with the following schedule, SPU agrees and covenants to protect, support, temporarily disconnect, relocate or remove from any Right-of-Way its Facilities when so required by the City, to accommodate the completion of or as a result of a public project. As used in this Section, the term "public project" is a project included in the City's adopted six-year Capital Improvement Program as amended annually by the City Council.

<u>Age of SPU Facility</u>	<u>% of Relocation by City</u>	<u>% of Relocation by SPU</u>
5 years or less	100%	0%
5-10 years	50%	50%
10 + years	0%	100%

8.9.2 This Relocation requirement shall not apply to pipelines 24 inches in diameter and larger that cannot reasonably be supported, disconnected, relocated or removed. If these Facilities are required to be moved in order to accommodate the completion of or as a result of a public project, the City shall pay 50% of the Relocation cost.

8.9.3 All Facilities utilized for providing water service within SPU's service area and within the Right-of-Way shall be considered owned, operated and maintained by SPU.

8.9.4 If the City determines that a public project necessitates the Relocation or removal of SPU's existing Facilities, the City shall:

8.9.4.1 As soon as possible, but not less than one hundred eighty (180) days prior to the commencement of such project, provide SPU with written notice requiring such Relocation or removal; and

8.9.4.2 Provide SPU with copies of any plans and specifications pertinent to the requested Relocation or removal and a proposed temporary or permanent Relocation for SPU's Facilities.

8.9.4.3 After receipt of such notice and such plans and specifications, SPU shall complete Relocation of its Facilities at least ten (10) days prior to commencement of the project according to the above cost sharing described in this Section.

8.9.5 SPU may, after receipt of written notice requesting Relocation or removal of its Facilities, submit to the City written alternatives to such Relocation. The City shall evaluate such alternatives and advise SPU in writing if any of the alternatives are suitable to accommodate the work that necessitates the Relocation of the Facilities. If so requested by either party, SPU or City shall submit additional information to assist the other party in making such evaluation. The City shall give each alternative proposed by SPU full and fair consideration and, if appropriate, state why SPU's proposed alternatives are not satisfactory. In the event the City and SPU ultimately do not agree on a reasonable alternative, SPU and City shall attempt to resolve the Relocation through Section ~~16~~ 18 - Alternate Dispute Resolution.

8.9.6 If the City determines that SPU's Facilities must be protected, supported, temporarily or permanently disconnected, relocated or removed from the

Right-of-Way, City shall reimburse SPU all costs as submitted and verified by SPU within forty-five (45) days of completion of the Relocation or removal by SPU in accord with paragraph ~~68~~.9.1 and ~~68~~.9.2 herein.

- 8.9.7 The provisions of this Section ~~68~~.9 shall in no manner preclude or restrict SPU from making any arrangements it may deem appropriate when responding to a request for Relocation of its Facilities by any person or entity other than the City.

9. **Planning Coordination.**

- 9.1 **Growth Management.** The parties agree to participate in the development of, and reasonable updates to the relevant portions of each other's planning documents:

- 9.1.1 For SPU's retail water service within the ~~City limits~~ Franchise Area, SPU will participate in a cooperative effort with the City of Shoreline to develop a Comprehensive Plan Utilities Element that meets the requirements described in RCW 36.70A.070(4) and fulfills SPU's duty as a municipal water supplier to provide water within its service area pursuant to RCW 43.20.260 so as to be consistent with the City's Comprehensive Plan and development regulations for water service. SPU will participate in a cooperative effort with the City to ensure that the Utilities Element of Shoreline's Comprehensive plan is accurate as it relates to SPU's operations and is updated to ensure continued ~~relevance at reasonable intervals~~ compliance with RCW 36.70A.070(4) and consistency with City of Shoreline laws, ordinances, plans and regulations as required by RCW 43.20.260 and WAC 246-490-108 as they now exist or may hereafter be amended.

Said indemnification obligations shall extend to claims that are not reduced to a suit and any claims that may be settled prior to the culmination of any litigation or the institution of any litigation.
- 11.3 In the event SPU refuses to undertake the defense of any suit or any claim, after the City's request for defense and indemnification has been made pursuant to the indemnification clauses contained herein, and SPU's refusal is subsequently determined by a court having jurisdiction (or such other tribunal that the parties shall agree to decide the matter), to have been a wrongful refusal on the part of SPU, then SPU shall pay all of the City's costs and expenses for defense of the action, including reasonable attorneys' fees of recovering under this indemnification clause as well as any judgment against the City.
- 11.4 Should a court of competent jurisdiction determine that this Franchise is subject to RCW 4.24.115, then, in the event of liability for damages arising out of bodily injury to persons or damages to property caused by or resulting from the concurrent negligence of SPU and the City, its officers, employees and agents, SPU's liability hereunder shall be only to the extent of SPU's negligence. It is further specifically and expressly understood that the indemnification provided herein constitutes SPU's waiver of immunity under Industrial Insurance, Title 51 RCW, solely for the purposes of this indemnification. This waiver has been mutually negotiated by the parties. The provisions of this Section shall survive the expiration or termination of this Franchise.
- 11.5 The City hereby releases and agrees to indemnify and hold harmless SPU, its elected officials, employees, agents, and volunteers from any and all claims, costs, judgments, awards or liability to any person arising from SPU's compliance with Section 4.1 of this Agreement. This indemnification is contingent upon SPU's compliance with Section 4.45 hereof.
- 11.6 The City hereby releases and agrees to indemnify, defend and hold harmless SPU, its elected officials, employees, agents, and volunteers from any and all claims, costs, judgments, awards or liability to any person arising from City's decision to issue development permits based on accurate information on fire flow and water availability provided by SPU or the City's enforcement of the International Fire Code.

**EXHIBIT B
SHORELINE ASSET MANAGEMENT PRIORITY PROGRAM**

Purpose:

The City of Shoreline (City) and Seattle Public Utilities (SPU) desire to increase their city-to-city partnership, in particular, in SPU's provision of municipal water utility services to portions of the City. As part of that partnership and in consideration of the Amended, Restated and Extended Franchise, SPU has agreed to establish a program to provide an opportunity for City priorities to be reflected in asset management decisions made by SPU, but within the City's jurisdiction.

A. Shoreline Asset Management Priority Program

1. SPU will establish a Shoreline Asset Management Priority Program ("Program"), that will be used to prioritize and implement certain SPU distribution system capital improvements in SPU's retail service area within the City of Shoreline that are in addition to capital improvements SPU would normally program under its standard practices. This Program is intended to reflect City of Shoreline priorities in certain asset management decisions made by SPU that may be different than the capital planning priorities or levels of service within SPU's distribution system within the City of Seattle. The types of SPU distribution system capital improvements that could be prioritized under this Program include:
 - a. different fire flow and fire protection standards
 - b. different standards for general/minimum pipe sizes
 - c. mainline extensions, expansion projects and gridding/redundancy done in advance of actual development projects

2. The Shoreline Asset Management Priority Program includes the following provisions:
 - a. The Program will be effective beginning in 2018 and continue for the remaining term of the Amended, Restated, and Extended Franchise granted by Ordinance No. 804. The parties understand and agree that due to the timing of the granting of the amended Franchise, the 2018 target would not be implemented until 2019 and that it would be prudent to plan for the 2018 and 2019 targets in the first year of the Program, and then annually thereafter.
 - b. Each year of the Program, the City and SPU will meet to develop a project list of eligible capital improvements within SPU's retail service area within the City of Shoreline ("Project List"). The Project List will include:
 - i. Identification of Shoreline priority capital improvements

- ii. Project list would prioritize and target \$1 million of capital improvement projects per year of the Program based on SPU's estimated total project costs at 30% design.
 - iii. If total project cost estimate of a project on the Project List at the 90% design point is 25% or more than the cost estimate at 30% design, the parties will mutually agree to either A) remove the project from the Project List and replace with an alternative or B) continue the project and agree that the increased portion of the project cost would come from another year's \$1M target (or be paid by the City).
 - iv. The Parties can mutually agree to a capital project that is over \$1M in one year with agreement that up to 2 additional year's target amounts will be used up by that project, e.g. if \$3M project in year 1, next new project would be year 4.
- c. Project List Development
- i. Annually, between January and February each year, the parties will work together to develop the Project List in advance of SPU developing its spending plans and budget/CIP submissions for the following year. In general, Shoreline would identify and propose a list of capital projects or improvements to the SPU distribution system within the City of Shoreline that it would like prioritized in its jurisdiction and the parties would work together to prioritize the list for implementation the following year.
 - ii. SPU would then follow its normal capital planning process and share the 30% design estimated total project cost with the City.
 - iii. The City will have opportunity to review and comment during the design process at the normal design milestones.
 - iv. Upon acceptance of a project design by the City, SPU would program the agreed project(s) in its Distribution System Improvements (C1128 under BCL C110B) CIP category and carry out the project as part of its annual CIP program, which is subject to Seattle City Council adoption and appropriation of funds.
 - v. SPU will diligently pursue the agreed projects programmed in its annual CIP program and provide periodic progress reports on the projects.
