PROBLEM/ISSUE STATEMENT:

In 2016, the City Council entered into a 10-year contract for the City's 2017 – 2027 Comprehensive Garbage, Recyclables, and Compostables Collection Services with Recology CleanScapes Inc. (Recology). The contract was adopted on May 2, 2016, and collection services under the new contract started on March 1, 2017.

In July of 2017, changes in market conditions started adversely affected recycling economics around the world, but especially in North America's west coast markets that relied on marketing most materials to Chinese and other Asian companies. In August 2018, Recology requested an adjustment to the contract rates to address these changes and to improve the quality and processing of recycling materials. Staff and Recology have negotiated an amendment to certain terms and conditions of the contract related to the changing market conditions for recyclables materials, including a rate adjustment. This proposed contract amendment and proposed Ordinance No. 858, which provides for the rate adjustment, were discussed at the March 18, 2019 and at the April 1, 2019 City Council meetings. The proposed contract amendment will be discussed tonight before consideration of this ordinance.

The action before the Council tonight is adoption of proposed Ordinance No. 858 amending SMC 3.01.500 Solid Waste Rate Schedule to reflect the amendment to Recology CleanScapes Comprehensive Garbage, Recycles, and Compostables Collection Contract.

RESOURCE/FINANCIAL IMPACT:

This proposed amendment will increase single-family residential customers collection rates by \$1.35 per month and multifamily and commercial customers by \$2.10 per yard of garbage collected monthly. This rate increase will provide an estimated additional annual revenue of approximately \$572,000 for Recology to intensify their efforts to eliminate problematic materials from collection points through education and incentives, an increase in monitoring and rejection of unacceptable material at the curb, as well as

support for material handling process changes. The City's administrative fee revenue on the recycling rate increase will generate approximately \$70,000 in additional City revenues; funding that could be used for City support of the proposed contractual and recycling program changes as well as other environmental services.

RECOMMENDATION

Staff recommends that Council adopt Ordinance No. 858 amending SMC 3.01.500 Solid Waste Rate Schedule.

Approved By: City Manager City Attorney

BACKGROUND

In 2016, the City Council entered into a 10-year contract for the City's 2017 – 2027 Comprehensive Garbage, Recyclables, and Compostables Collection Services with Recology CleanScapes Inc. (Recology). The contract was adopted on May 2, 2016, and collection services under the new contract started on March 1, 2017.

When the City competitively procured this collection contract, most collected recyclable paper fiber and plastic materials were marketed to large consumers in China. The markets at that time were based around the needs of China's consuming mills, which allowed higher contamination levels than were traditionally accepted by domestic end-users. Historically, Chinese mills permitted 10% or more contamination in imported bales of paper and plastics. In January 2018, the Chinese Government implemented regulations that mandated that its importing mills will only accept bales containing a contamination level of less than 0.5% impurities, and in May 2019 imports of recyclable material were halted. Other countries in Southeast Asia accept recycled materials in with contamination levels less than the 0.5% impurity level, however these markets involve greater shipping costs and pay lower prices.

The City's contract with Recology allows that in the event of unforeseen temporary market circumstances that preclude or prevent compliance with the rate structure, Recology may request a temporary adjustment or other relief. The unforeseen market conditions must persist for more than nine months, after which Recology and the City would need to engage in good faith negotiations to determine a mutually acceptable course of action. This market situation led Recology to request adjustments to customer rates to reflect their increased costs. Staff retained a consultant, Jeff Brown from Epicenter Services, to assist in reviewing the request and assist with contract amendment negotiations. The proposed amendment reflects the results of those negotiations.

To fully implement the amendment, staff prepared Ordinance No. 858 (Attachment A) that amends SMC 3.01.500 to reflect the updated rate schedule, and Exhibit A to proposed Ordinance No. 858 that contains the amended 2019 Shoreline rates. Proposed Ordinance No. 858 was discussed at the March 18, 2019 and April 1 2019 City Council meetings. The staff reports for these discussions can be found at the following links -

DISCUSSION

With approval of Amendment # 1 to the City's 2017 – 2027 Comprehensive Garbage, Recyclables, and Compostables Collection contract with Recology, proposed Ordinance

No. 858 is necessary to amend SMC 3.01.500 to reflect the updated rate schedule. If adopted, proposed Ordinance No. 858 would become effective August 1, 2019.

When this proposed Ordinance was discussed on March 18 and April 1, while some Councilmembers had some concerns with the proposed Recology contract amendment, there were no concerns expressed with the proposed rate increase in Ordinance No. 858. If Council does not adopt Amendment #1 to the Recology's contract, Council will not take any action on this agenda item and this proposed Ordinance will be pulled from Council consideration.

RECOMMENDATION

Staff recommends that Council adopt Ordinance No. 858 amending SMC 3.01.500 Solid Waste Rate Schedule.
