PROBLEM/ISSUE STATEMENT:

This proclamation recognizes November 15, 2020, as America Recycles Day in the City of Shoreline. Throughout the month of November, it calls upon residents and businesses to learn more about waste reduction and recycling options and commit to recycle more materials every day of the year.

America Recycles Day encourages everyone in our community to conserve resources and protect our environment by reducing waste; recycling and reusing materials; and purchasing items made from recycled materials.

The Shoreline community is strongly supportive of recycling and efforts to reduce waste. Fourteen local businesses have earned EnviroStars recognition for their recycling practices and efforts to reduce waste. Thirteen Shoreline schools participate in the King County Green Schools program, working to advance recycling and resource conservation opportunities on their campuses. Lastly, Shoreline residents frequently participate in a wide range of drop-off recycling and product stewardship programs for difficult items such as Styrofoam, plastic film, electronics, and batteries.

We can each help create a sustainable community by following these examples to reduce the amount of waste we create and recycle as much as possible.

RECOMMENDATION

It is requested that Mayor Hall read the America Recycles Day Proclamation.
