### PROBLEM/ISSUE STATEMENT:

The City Manager presented the 2021-2022 Proposed Biennial Budget and the 2021-2026 Capital Improvement Plan (CIP) to the City Council on October 12, 2020. The 2021-2022 Proposed Biennial Budget and 2021-2026 Capital Improvement Plan (CIP) book is available online here:

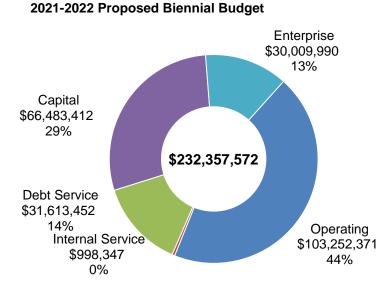

https://www.shorelinewa.gov/government/departments/administrative-services/budget-and-capital-improvement-plan. Department budget presentations were provided on October 19 and October 26. A presentation of the proposed 2021-2026 CIP was also made on October 26. This is the third of three scheduled public hearings on the 2021-2022 Proposed Biennial Budget, two of which are required by statute. This first public hearing addressed revenue sources including the 2021 regular and excess property tax levies. The second and this public hearing are on the 2021-2022 Proposed Biennial Budget and 2021-2026 CIP. Proposed Ordinance No. 902 (Attachment A) will set the 2021 regular and excess property tax levies in Shoreline. Adoption of the 2021 regular and excess property tax levies (Ordinance No. 902), budget and Capital Improvement Program (Ordinance No. 903) are scheduled for November 16.

This staff report will support the City Council's continued discussion following the public hearing of the 2021-2022 Proposed Biennial Budget and 2021-2026 CIP. Specifically, this staff report will present any proposed changes to the fee and salary schedules.

### RESOURCE/FINANCIAL IMPACT:

The City's 2021-2022 Proposed Biennial Budget is balanced in all funds and totals

\$232.358 million. The budget can be divided into five types of funds as shown in the chart to the right. The Operating Funds represent the cost of providing services to the Shoreline community on a day-to-day basis and includes such items as public safety (police, court, iail), park maintenance, recreation programming, grounds maintenance. street maintenance, street lighting, land use planning, permitting.

communications, emergency management, and administration. The Operating Funds also include some special revenue funds that must be used for designated purposes such as police services. The Debt Service Funds account for the annual repayment of the voter approved park bonds; the councilmanic bonds issued to pay for a portion of City Hall, acquisition of property for a maintenance facility, and construction of new sidewalks; and, the bond anticipation notes issued to acquire properties for the Parks, Recreation and Open Space Plan. The Enterprise Funds consist of the operation and capital improvements of the surface water utility and operation of the Ronald Wastewater District (RWD) under a service contract. The RWD will retain all revenue and costs associated with interlocal agreements and certain operating contracts. In addition, the RWD Board of Commissioners will be responsible for addressing policy matters, setting rates and managing capital improvements for the Utility. The City's 2021-2022 Proposed Biennial Budget includes revenues and expenditures developed based on the personnel and maintenance and operations costs necessary to operate the RWD under a service contract. RWD will reimburse the City based on budgeted costs with annual reconciliation of direct costs. The Capital Funds represent the cost of making improvements to the City's facilities, parks, and transportation systems. The Internal Service Funds represent transfers between funds (Vehicle Operations, Equipment Replacement, Public Art, and Unemployment funds) to fund maintenance and replacement of City equipment, installation of public art, and unemployment claims.

The 2021-2022 Proposed Biennial Budget is \$22.613 million, or 10.8%, more than the estimated expenditures for the 2019-2020 biennium (2019 actual plus 2020 year-end estimates). The increase can be linked to the following changes:

- \$9.452 million increase in the City's Enterprise Funds;
- \$6.144 million increase in the City's Capital Funds; and,
- \$1.243 million increase in the Operating Funds.

The 2021-2022 Proposed Biennial Budget includes adequate reserve levels to meet all adopted budget policies.

Staff recommends that the City Council continue discussion on the 2021-2022 Proposed Biennial Budget. Proposed Ordinance No. 903, which would adopt the 2021-2022 Biennial Budget and the 2021-2026 Capital Improvement Plan, is scheduled to return to the City Council for adoption on November 16, 2020.

Approved By: City Manager **DT** City Attorney **MK** 

## **DISCUSSION**

Following the public hearing, this staff report will support the City Council's discussion of the 2021-2022 Proposed Biennial Budget and 2021-2026 CIP prior to the scheduled adoption on November 16. Specifically this staff report will discuss any proposed changes to the fee and salary schedules.

The City's 2021-2022 Proposed Biennial Budget is balanced in all funds and totals \$232.358 million. The budget can be divided into five types of funds: Operating, Internal Service, Debt Service, Capital and Enterprise as shown in the chart presented in the Resource/Financial Impact section of this staff report. The relationship of the departments and funds which they manage is illustrated on the 2021-2022 Proposed Biennial Budget Department/Fund Overview on p. 69 of the 2021-2022 Proposed Biennial Budget and 2021-2026 CIP book.

## **Operating Funds**

The Operating Funds represent the cost of providing services to the Shoreline community on a day-to-day basis and includes such items as public safety (police, court, jail), park maintenance, recreation programming, grounds maintenance, street maintenance, street lighting, land use planning, permitting, communications, emergency management, and administration. The Operating Funds also include some special revenue funds that must be used for designated purposes such as police services.

### **Debt Service Funds**

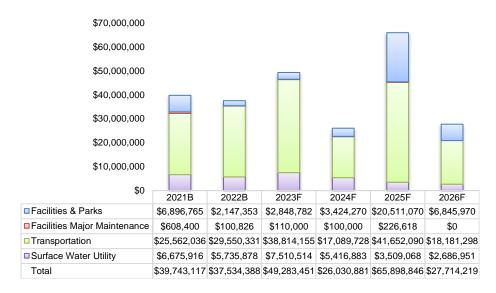

The Debt Service Funds account for the annual repayment of the voter approved park bonds; the councilmanic bonds issued to pay for a portion of City Hall, acquisition of property for a maintenance facility, and construction of new sidewalks; and, the bond anticipation notes issued to acquire properties for the Parks, Recreation and Open Space Plan.

## Capital Funds

Staff discussed the proposed 2021-2026 CIP, which is balanced as required by the Growth Management Act, with the City Council on October 26. The CIP covers projects over \$10,000 and includes buildings, land acquisition, park facilities, road and transportation projects, and drainage system improvements. Much of the capital improvement activity is funded through contributions from the General Fund, real estate excise tax (REET), grants, and debt issuance. The 2021-2026 CIP, including surface water projects totals \$246.205 million. The 2021-2022 capital budget reflects the 2021-2022 Capital Improvement Program projects, including surface water projects, proposed in the 2021-2026 CIP, which totals \$77.278 million.

This chart provides a breakdown of the allocation of capital spending throughout the 2021-2026 CIP. The change in spending can vary significantly from year to year based on available resources to complete projects and the impact of previously completed capital

projects on the City's operating budget. Detailed information about projects can be found in pages 299 through 414 of the 2021-2022 Proposed Biennial Budget and 2021-2026 CIP book. Attachment B -Exhibit B presents the 2021-2026 Capital Improvement Plan staff recommends be adopted through Ordinance No. 903.

## **Enterprise Funds**

The Enterprise Funds consist of the operation and capital improvements of the surface water utility and operation of the Ronald Wastewater District (RWD) under a service contract. The RWD will retain all revenue and costs associated with interlocal agreements and certain operating contracts. In addition, the RWD Board of Commissioners will be responsible for addressing policy matters, setting rates and managing capital improvements for the Utility. The City's 2021-2022 Proposed Biennial Budget includes revenues and expenditures developed based on the personnel and maintenance and operations costs necessary to operate the RWD under a service contract. RWD will reimburse the City based on budgeted costs with annual reconciliation of direct costs.

#### Internal Service

The Internal Service Funds represent transfers between funds (Vehicle Operations, Equipment Replacement, Public Art, and Unemployment funds) to fund maintenance and replacement of City equipment, installation of public art, and unemployment claims.

The 2021-2022 Proposed Biennial Budget is \$22.613 million, or 10.8%, more than the 2019-2020 biennial budget (2019 Actual plus 2020 Current Budget as amendments, excluding re-appropriations from 2019-to-2020, which have been adopted by the City Council through September 2020). The more can be linked to the following changes:

- \$9.452 million increase in the City's Enterprise Funds;
- \$6.144 million increase in the City's Capital Funds; and,
- \$1.243 million increase in the Operating Funds.

The increase in the enterprise funds is the result of a full biennium of wastewater operations in 2021-2022 as well as the implementation of the Proactive Management Strategy for surface water operations and capital. The increase in the Operating Funds is

largely due to addition of Shoreline Secure Storage and normal operational increases, offset by the closure of the Shoreline Pool and reduction of jail costs. The 2021-2022 Proposed Biennial Budget includes adequate reserve levels to meet all adopted budget policies.

## **DISCUSSION: FEE SCHEDULES**

As prescribed in Shoreline Municipal Code (SMC) Section 3.01.820, increases of the fees contained in the fee schedules shall be calculated on an annual basis by the average for the period that includes the last six months of the previous budget year and the first six months of the current budget year of the Seattle / Tacoma / Bellevue Consumer Price Index for all urban consumers (CPI-U; link to historical table: <a href="https://data.bls.gov/timeseries/CUURS49DSA0">https://data.bls.gov/timeseries/CUURS49DSA0</a>), unless the SMC calls for the use of another index/other indices, the fee is set by another agency, or specific circumstances apply to the calculation of the fee.

The City Manager may choose to change user fees for all, some, or none of the fees listed, except those set by another agency (e.g., solid waste or fire impact fees). The text in the fee schedules included in the 2021-2022 Proposed Biennial Budget and 2021-2026 Capital Improvement Plan (CIP) book on pp. 462 through 478 have changes from the current adopted fee schedules with deletions shown as strikethrough and additions shown as bold.

Staff discussed these fee schedules in the staff report for the Public Hearing on the 2021-2022 Proposed Biennial Budget and the 2021-2026 Capital Improvement Plan held on November 2 (staff report available here:

http://cosweb.ci.shoreline.wa.us/uploads/attachments/cck/council/staffreports/2020/staffreport110220-8b.pdf). Since that time, Environmental Services provided Administrative Services the 2021 rate table prepared by Recology CleanScapes in accordance with the Comprehensive Garbage, Recyclables, and Compostable Collection Contract. Since Shoreline Municipal Code (SMC) 13.14.035 states that residential property shall be charged the rates specified in the solid waste rate schedule set forth in SMC 3.01.500, the Solid Waste Rate Schedule from Recology (SMC 3.01.500) has been incorporated in Attachment B – Exhibit A staff recommends be adopted through Ordinance No. 903.

## **DISCUSSION: CLASSIFICATION AND COMPENSATION PROGRAM**

Pages 428 through 442 of the 2021-2022 Proposed Biennial Budget and 2021-2026 CIP book presents the draft proposed 2021 salary schedule for exempt, non-exempt and extra help employees in accordance with the City's Compensation Plan. Both tables reflect application of a recommended 0.87% cost of living adjustment (COLA), which is 100% of the June-to-June percentage change of the CPI-U.

## **DISCUSSION: PROPOSED BUDGET AMENDMENTS**

Proposed amendments received thus far will be reviewed and discussed during this workshop. Any additional proposed amendments received after tonight will need to be considered as part of the budget adoption process on November 16.

Proposed Ordinance No. 903 (Attachment B) will adopt the 2021-2022 Biennial Budget including the City's appropriations for 2021-2022, as amended; the 2021 salary schedule; the 2021 Fee Schedule; the 2021-2026 Capital Improvement Plan; and appropriations for the 2021-2022 Capital Improvement Program.

## **RESPONSES TO CITY COUNCIL QUESTIONS**

As part of the City Council's fiduciary responsibilities to citizens, businesses, and other taxpayers, the Mayor and Councilmembers have asked a number of questions throughout this budget process. Answers to those questions will be provided in an updated Budget Questions Matrix prior to tonight's meeting.

There are two types of service charges: The flat rate and the sliding rate.

The flat rate service charge applies to single family homes and parcels with less than 10% hard surface. The sliding rate service charge applies to all other properties in the service area. The sliding rate is calculated by measuring the amount of hard surface on each parcel and multiplying the appropriate rate by total acreage.

#### **B. CREDITS**

Several special rate categories will automatically be assigned to those who qualify

- 1. An exemption for any home owned and occupied by a low income senior citizen determined by the assessor to qualify under RCW 84.36.381.
- 2. A public school district shall be eligible for a waiver of up to 100% of its standard rates based on providing curriculum which benefits surface water utility programs. The waiver shall be provided in accordance with the Surface Water Management Educational Fee Waiver procedure. The program will be reviewed by July 1, 2021.
- 3. Alternative Mobile Home Park Charge. Mobile Home Park Assessment can be the lower of the appropriate rate category or the number of mobile home spaces multiplied by the single-family residential rate.

#### C. RATE ADJUSTMENTS

Any person receiving a bill may file a request for a rate adjustment within two years of the billing date. (Filing a request will not extend the payment period).

Property owners should file a request for a change in the rate assessed if:

- 1. The property acreage is incorrect;
- 2. The measured hard surface is incorrect;
- 3. The property is charged a sliding fee when the fee should be flat;
- 4. The person or property qualifies for an exemption or discount; or
- 5. The property is wholly or in part outside the service area.

#### D. REBATE

Developed properties shall be eligible for the rebate under SMC 13.10.120 for constructing approved rain gardens or conservation landscaping at a rate of \$2.50 per square foot not to exceed \$2,000 for any parcel.
