Debbie:

This is a pdf file that analyzes the election results and closes the loop on responding to subcommittee questions. I wasn't sure if you wanted this to go to just the Subcommittee or to the full Council, so thought I would send it your way first.

I took a quick look at the information. It looks like the measure passed in about 25 – 35% of the district's precincts (and I saw one tie). I didn't look specifically at the precincts that are in Shoreline. Let me know if you'd like some more detailed analysis on that.

Thanks,

Bob
