---

We received the following complimentary email from a pleased parent of a Camp Excel participant. Camp Excel provides opportunities for children with disabilities to participate in traditional summer day camp recreation activities. Skilled staff provide activities and games structured for each child's needs.

Enjoy,

Lynn

Hi Courtney,

I just wanted to let you know how much Annika and I appreciated Camp Excel being offered again this past summer! It is such a great program, and Annika loved going. Nancy is a great director, and the staff is so friendly and nice! This really helps our family during the summer to have a week long program that Annika 'fits' into. Summers are hard for us as Annika really needs a scheduled routine.

We look forward to attending next summer!

Thank you!  
Kristina Hagemeyer, Annika's mom
