RE: **Your Letter Dated October 7, 2019**

Dear Debbie,

Thank you so much for the letter you sent on October 7.

The Ronald Wastewater District Board appointed an Assumption Transition Committee last month consisting of myself and Wes Brandon. This subcommittee will rely upon Ronald's attorney, engineer and administrator for support as needed. We understand that your assumption working group has already started meeting.

We look forward to working together in a partnership and sharing whatever lists you may have so nothing remains unfinished. It will be difficult getting everything done in a fairly short time, especially the delinquent account collections because of the differences in the statutes governing sewer liens for cities and sewer districts. We are ready to begin work with the City on this as well.

In order to create a smooth transition, Ronald and the City will need to commence our work very soon.

Sincerely,

Gretchen Atkinson  
Board President
