

KING COUNTY SHERIFF'S OFFICE CAMERA TEST PROGRAM

MAJOR JEFFREY FLOHR (SOUTHWEST PRECINCT COMMANDER)

MANNY APOSTOL (COMMUNITY ENGAGEMENT SPECIALIST)

CAMERA TEST INFORMATION

- (10) Body worn cameras will be tested for 90 days by Deputies.
- (2) Vehicle cameras will be tested. Each police vehicle will be outfitted with (2) cameras.
- Testing areas will be Skyway, White Center, and Vashon Island.
- Testing scheduled for 4th quarter of 2020.

CAMERA TEST INFORMATION (CONT.)

- Testing will include basic features including:
 - turning on/off cameras
 - uploading videos
 - tagging videos for easy searching/finding/attaching to cases
 - reviewing videos
 - responding to public disclosure requests/subpoenas, including searching/finding, redacting videos, releasing redacted videos
 - submitting evidence in cases to prosecuting attorneys
- trial will also include evaluating the following add-ons:
 - Axon Auto-tagging. Increases user compliance while saving time and money with automatic metadata tagging.
 - Axon Redaction Assistance. Automatic redaction of screen, faces and license plates.
 - Axon Citizen. Provides secure links for citizens to upload/submit digital evidence on a case.

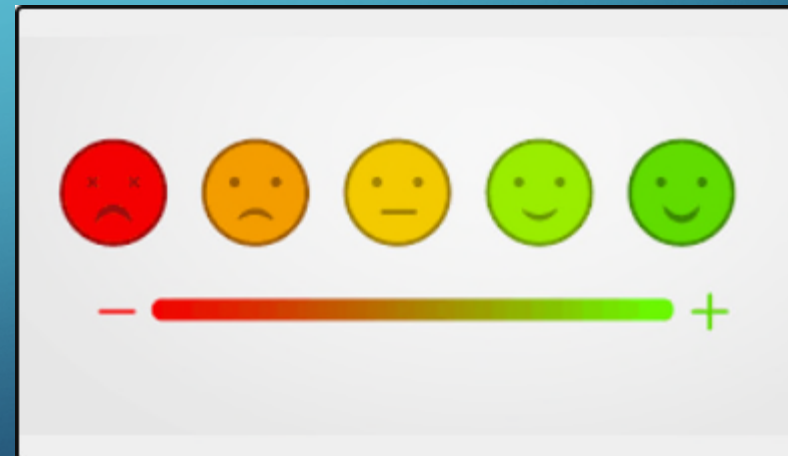

TEST CONCLUSION

At the end of the test, KCSO will:

- Evaluate the test
- Document what was learned during the testing period
- Identify which features we want to continue using if funding is provided for full implementation
- Identify changes to the draft policy

COMMUNITY FEEDBACK AND INPUT

- Sheriff has directed Command Staff and Community Engagement Specialist to notify Community Groups and obtain feedback and comments regarding KCSO's use of cameras.

SOURCES USED TO OBTAIN COMMUNITY FEEDBACK

Community group meetings including:

- Department of Local Services Town Halls
- Fire District area meetings
- Area Faith Leader(s) Community Meetings
- White Center and Skyway storefront Deputy community meetings
- Social media postings and responses
- Area Council presentations and meetings
