17500 Midvale Ave N	Shoreline	WA	98133	Sergeant		

On 10/6/2022 a Detective from the State of Idaho wrote a letter to KCSO Human Resources about his recent trip to Seattle for a Mariner's Game. Detective Taylor highlighted his interactions with KCSO Deputies Daniel Schettler and Ian Campbell and the compassion they showed when they learned of his friendship with Deputy Ryan Gallemore. Deputies Schettler and Campbell also took the time to provide his daughter with a junior deputy badge that she proudly wore throughout the day and took a photo with her. Please see the email below from Detective Taylor to KCSO HR Analyst Julie Kyle:

"Good Afternoon,

I'm writing this email to see if I can get in touch with two deputies that I was able to speak with during my visit to Seattle for a Mariners game. I wanted to personally thank them for being so courteous and friendly to my daughter, who was very excited to get her picture taken with the deputies. They also were able to find a sticker badge, which she wore all day. We had a very close friend that served the citizens of King County, but tragically we lost him to COVID last year, Deputy Ryan Gallemore. I was able to briefly talk about Ryan with the deputies and it was very humbling that they knew him personally. I did not get their contact info while I was there and was hoping maybe I could get it here.

- Deputy D.S. Shettler
- Deputy I. Campbell

If there is anyway that you could forward this email to them or give them my contact info, that would greatly appreciated.

Respectfully,

Jordan Taylor
Detective
District 4 - Jerome
Office: (208) 324-6064"

This is an excellent example of going the extra mile and how much it can mean to the community. Their actions reflect greatly on themselves and the King County Sheriff's Office.
