

 <p>WEEK IN REVIEW Shoreline Kenmore</p> <p>PATROL CID ADMINISTRATION</p>	 
--	--

Chief's Message

Great news this week for progress with documentation of Eluding No Pursuits... New policy changing the reporting process from Blue Team to Mark43 is in concurrence with Command. We expect the change to take affect shortly should no issues in concurrence arise, and we will brief the sergeants when it is "Go Time!"

I had the absolute pleasure on Tuesday of meeting with two classes from SWHS Independent Living. Students expressed support and love for us in their police department, and we discussed personal safety, calling 911 and how they can also help keep our city safe. One student even expressed the importance of wearing your seatbelt, and they shared that the Para Educator seated next to them had received an infraction earlier that morning from Dep. Lipke for failing to do so. Their Para Educator did not seem as enthusiastic about the situation, however...

Tuesday evening, Sgt. Salter, Cpt. Meyer and I met with four of our additional public schools for more safety and emergency planning walk-thrus. The Superintendent, Fire DC Foster, and Ryan, our city Emergency Management Coordinator were all present for this partnership. We have eight more schools to schedule soon.

Wednesday morning, I was honored by a visit from our Consul General of the Republic of Korea, Eunji Seo, and her staff to discuss our Korean population in Shoreline, crime trends, and how we can partner to make our city safer. This was another extremely encouraging and productive conversation with one of our community leaders and the start of better teamwork.

Rabbi Davidoff of our Shoreline Jewish Center Chabad reached out to me this week asking for our support. As many of you know, the Shoreline Chabad does outstanding community outreach and charity work in and beyond our community. He and his wonderful family reach out often in support of all of us. Recently, a global threat was brought to their attention regarding direct threats to synagogues and centers affiliated with Chabad. We are working directly with Rabbi Davidoff on vigilance, safety and security. Please make time to increase our presence at and around the center.

I have been asked to join our interview panels for the eight finalists for our RCR (formally RADAR) Executive Director position over the course of two days this

week. With this request, I ask for any feedback you have about the program changes since implementation of the new ILA.

I would like to congratulate Deputies Stultz, Hurst and Oliver for their completion of probation this week! Thank you all for being a valued part of our Team!

Go Chiefs!
-Chief Park

Parking Enforcement

We want to recognize Sgt. Akers for his leadership in addressing parking challenges both city-wide and near the Westminster triangle. Absent tow-able offenses (fire lanes, etc.) we're relying on printed warning cards to obtain voluntary compliance until ticket books and /or SECTOR solutions are sourced.

Thank you all - *as calls permit* - for your presence and work in this area. Parking is both a safety and quality of life issue. Our city leadership and Shoreline residents see and value your work.

Thanks from Shorelake Arts

In light of recent events in California, the organizer's of Shoreline's Lantern Arts Festival asked for increased police presence at their January 28th event. Deputy Jurado and others have their thanks (and ours) for their effort and engagement.

—
ShoreLake Arts would like to express a huge thank you for your presence at this weekend's Lantern Festival. We received many comments about how nice it was to see a police officer on site. We appreciate you for being part of the event.

Thank you again,
-Teresa

Incoming Phase II Recruits

On Monday (13th) Lateral Deputy Newbauer will begin his Phase II training with PTO Glavin. We've heard very encouraging feedback about Deputy Newbauer and anticipate he can be a solid addition in Shoreline. In addition, we learned today that on March 31st Deputy M. Benham Mozafari will also come to Precinct-5 for his next segment.

Shoreline has had good success turning Phase II recruits into Phase III (and beyond) deputies. This is a function of exceptional PTOs, sergeants and partners that help mentor, model and coach. This momentum is allowing us to get deputies into new assignments and, we anticipate, add detectives in 2023 to SET and CIU.

None of this is possible without each and every member of patrol. You have our continued thanks -

Whether your weekend plans include the Superbowl or something else, be well and know we value your service to Shoreline -

-Chief Park
-Captain Meyer
