## Chief's Message

---

This week in Shoreline we took the opportunity to address some long-overdue recognition for awards we were unable to present over the past year as well as honoring a handful of us for years of service to KCSO. There is no denying that our awards have been a mess with things going missing, inaccuracies, and other delays. Cpt. Meyer and I are doing as much as possible to fix the issues and do better moving forward in this area. Even yesterday, we were made aware of more

work and fixes needed with missing service coins and folks still waiting on nominations in the Blue Team “Black Hole”. These issues will be put to rest while in the meantime we work to fix the mishaps over the past few years. Thank you for your support and patience in this process. You are all deserving of your well-earned recognition!

Congratulations to Ofr. Tuophy and Ofr. Newbauer for your progression this week in the PTO training process! Our PTOs and PTO sergeants are completely dedicated to your continued success throughout the process. We appreciate our trainers!

Wednesday, I had the pleasure of standing in Council Chambers before 50+ second graders from Evergreen School to discuss the police, calling 911, and the importance of our relationships in the city we serve. The students and multiple

teachers there were so appreciative of their police department and the service you provide them keeping them safe every day. Thank you all.

Last, but *certainly* not least, I wanted to give a quick update on Clayton for those of you who may have not had the opportunity to reach out to him yet. Clayton is so appreciative of our support. He is healing and already in physical therapy with the best mindset and focus you can imagine! Cpt. Meyer and I get to visit him at the house again Friday and will of course bring his favorite treat.

Please keep your thoughts and good energy focused on Clayton in his recovery.

## Anniversaries and Milestones

This has been a week of well deserved and - admittedly - overdue recognition. In that spirit, we want to recognize Sgt. Deer (25 years in February) and Sgt. Akers (26 years in March) for their 51-years of combined service to the Sheriff's Office. Much has changed in the last quarter-century which makes their commitment to Shoreline / KCSO especially unique. Thank you Jaime and Charlie!

## Commendations + Compliments

---

Whatever the news and social media sometimes says, the Shoreline community continues to take notice and recognize your work. These two compliments speak for themselves.

What you do matters...thank you for consistently exceptional work -

***Deputy Clayton Stultz:***

Hello, Clayton

We are the house in Richmond Beach that you visited Saturday night about 10:30 in regard to an unwanted incident involving the harassment she and her daughter received from a drunken man from the Cabin. We were most impressed by your kindness and professionalism, and we were deeply upset when we read about the incident that occurred later that evening on 145th. We just wanted you to know that we are so proud of you and the work you all do to keep us safe.

We wish you the best in your recovery and wanted you to know that we are thinking of you,

Kay Corbett, Laura and Kayli

***MPO Joe Monserud***

Dear MPO Monserud,

Shoreline resident Jennifer Parsons called yesterday to ask about a citation she received in the mail recently. During our conversation she said the Officer who responded to her original call was so kind and personable. She said the world would be a much nicer place if everyone was like the Officer who helped her. I checked Mark43 for her case number C22018842 and saw the Officer was Monserud.

Just wanted to pass on this compliment. She was very thankful for your help and professionalism.

As we close this week, we know some are seeing schedules adjustments as we implement shift bid. Although it happens each we year, we thank for your accommodation and flexibility.

Wherever your furlough falls, enjoy some extra daylight and well earned rest -
