

# 2023 Stormwater Pipe Repair and Small Drainage Projects

**PROJECT OVERVIEW** This is a combined project that is part of the City's ongoing multi-year Stormwater Pipe Repair and Replacement Program (SWPRRP) and Surface Water Small Drainage Projects Program (SWSDPP). The 2022 project experienced an unanticipated delay and will now be constructed in 2023. These programs proactively ensure public safety reduce flooding, decrease maintenance demands, and protect critical infrastructure.

## CONSTRUCTION IS COMING SOON!

Residents near a project work site should expect:

- Construction from June through August.
- Construction times between 7:00 a.m. to 6:00 p.m. (M-F)
- Access to homes will be maintained.
- Temporary loss of on-street parking may occur adjacent to work areas.
- Surface features within the public right-of-way may be disturbed and restored to match existing conditions.

Scan the QR codes to learn more about the SWPRRP and SWSDPP, and the locations of where and when intermittent construction activities will occur in 2023.
