# Chief's Message

On Tuesday, Cpt. Meyer and I had the opportunity to tour our Shoreline Clinic of International Community Health Services (ICHS) by invitation of the Health Center Manager, Nga Vo. Their programs served 6645 patients in 2022 alone for medical, behavior health and dental services. ICHS provides culturally appropriate care in over 70 languages! They connect patients with insurance and provide sliding scale fees to assure everyone has equitable access to health and dental care. This is an amazing facility, and we are so fortunate to have ICHS as part of our community.

Thank you to everyone who was able to visit our Shoreline Juneteenth Event at City Hall on Monday. I understand this was an amazing event, and I appreciate your showing of continued support to our community.

Rumor Control!!! Word has been spreading quickly about the possibility of a KCSO movement "freeze" while we work to level staffing. That "freeze" has been approved and will go into effect July 8 to align with payroll. This includes external movement (outside of our precinct) across all divisions to include promotions. The purpose of the freeze is to allow an opportunity to level the turbulence, get Phase 2 folks moved into Phase 3 positions for coverage, and allow for planning to return to our KCSO Staffing "Draft" to make planned, thoughtful, intelligent moves as needed on a quarterly basis. Your sergeants are aware of the details of the staffing plan. If you have questions, please ask away!

Thank you all for your honorable work each day. BE SAFE.

- Chief Park

West Point Leadership

We want to recognize Sgt. Brookins and Sgt. Merclich for successfully completing the 120-hour *West Point Leadership* course last week. This was time-intensive training, hosted over three months by our colleagues at Metro, that fulfills their CJTC career / supervisor level training requirement. We congratulate them on this accomplishment.

TruNarc - In the News

Thanks to an exceptional post by Dahlia Corona, local media learned this week our Shoreline's recent purchase of the TruNarc device. We would not be here without the efforts of our SET detectives and Sgt. Fitchett who tirelessly worked to bring the TruNarc project to fruition. This story is short but shows the strong community interest in the work we do.

KIRO-7 TruNarc

Thank You to Our Outstanding MPOs and PTOs

We want to recognize the great work of our outstanding MPOs and PTOs from outside our organization and within. Thank you to lateral transfer Deputy Newbauer for letting us share his words about his colleagues: "The standards expected from trainees are very high, and the trainers themselves are deeply knowledgeable for both policy and procedure. Specifically, Alex Glavin, Kim Swanson, MPO Ryan Cullen and MPO Robert Knight did an outstanding job training me in the field."

- Kris Tsujikawa

Welcome Baby Hank!

On Tuesday, the Hurst family welcomed a new addition- Henry "Hank" Thomas Hurst, weighing 7lbs, 4oz and 21 inches long.

Mother, Hank, and papa Matt are doing fine and hope to come home soon.

Welcome Hank!

- Chief Moen

Thank you from the RBCA

The Richmond Beach Community Association (RBCA) sent a nice thank you card in appreciation for Shoreline Police Department's participation and support at this year's Strawberry Festival.

The Strawberry Festival is one of their largest events of the year. It's a fun way to foster a sense of community among our Shoreline neighbors and beyond.

THANK YOU FOR BEING A PART OF THE STRAWBERRY FESTIVAL. IT WOULD NOT HAVE BEEN THE SAME WITHOUT YOUR SUPPORT AND PARTICIPATION. WE ARE THANKFUL FOR YOU!

STRAWBERRY FESTIVAL COMMITTEE, BIANCA WILLIAMS, SARAH HINNENKAMP AND SHERI ASHLEMAN

Richmond Beach Community Assoc. greatly appreciates the time and support Yours Truly Shutterfly during the event.
