

Shoreline Police

Memorandum

Date: May 2, 2024
To: Sgt. Rick Connelly **Via:** Direct
From: Detective Paula C. Kieland
Re: **APRIL 2024 STATS/COMMUNITY OUTREACH**

The month of April 2024 stats are as follows:

Community Meetings: 4

Residential Security Surveys: 1

Patrol Assists and Operations: 4

Business Checks: 3

I worked a total of 9 days in the month of April.

I have seen an increase in communication from the private schools, requesting my presence in the mornings during drop off. This has been a great tool to get out and talk with students, staff, and parents. I use this time to address any security concerns they may have and to find out what has been happening on their campuses. I will continue to make this a regular habit. I have been checking in on businesses that have previously utilized me in increasing security, although these stops are not accurately reflected in CAD. I will make sure that I am utilizing CAD more to document my stops. As is usual, I have assisted patrol on a few calls/stops as well. Again, if I am going to calls with them, I will attempt to utilize CAD more.

Respectfully Submitted,
Detective Paula C. Kieland
