Theft at Construction Site Leads to Arrests, Gun and Drugs Seized

In late August, Deputy Maria Liberta was dispatched to a vehicle theft at a construction site involving a stolen 420 Skid Steer front loader and trailer. The case was assigned to Detective Joshua Gedney.

The victim located it on Facebook Marketplace and notified Detective Gedney. A meet up was arranged with the suspects and last week, MPO Ryan Cullen and CID detectives arrested them at the scene without incident. MPO Cullen transported both to King County Jail, where they were booked for possession of stolen property and trafficking stolen property.

Detective Gedney also served a search warrant on the Toyota Tundra used to haul the stolen loader. The vehicle was reported stolen in a separate Seattle Police case. A search recovered a semi-automatic handgun, ammunition, and illegal drugs.
