Chris Eggen, Deputy Mayor
Will Hall, Councilmember
Doris McConnell, Councilmember
Chris Roberts, Councilmember
Jesse Salomon, Councilmember
Shari Winstead, Councilmember

Julie T. Underwood, City Manager
Robert Hartwig, Administrative Services Director

Prepared by the Administrative Services Department
For Fiscal Year January 1, 2013 – December 31, 2013

For more detail, copies of the 2013 Budget are available on the City's website, at City Hall, Shoreline Library, Richmond Beach Library and at both Neighborhood Police Centers.

GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished
Budget Presentation
Award*

PRESENTED TO
City of Shoreline
Washington

Special Performance Measures Recognition

For the Fiscal Year Beginning

January 1, 2012

Linda C. Danison *Jeffrey R. Egan*

President

Executive Director

The Government Finance Officers Association (GFOA) of the United States and Canada presented a Distinguished Budget Presentation Award to the City of Shoreline for its annual budget for the 2012 fiscal year beginning January 1, 2012. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communication device.

The award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

INTRODUCTION

READER'S GUIDE TO THE BUDGET

The City of Shoreline must adopt a balanced budget each year. To be prudent a city may decide to place some of its resources each year into reserves to cover future emergencies or unanticipated opportunities. Beyond these basic guidelines, budgets for cities are quite complex. Much of this complexity is created to allow for proper accounting and tracking techniques as required by state law and governmental accounting practices. Cities draw their revenues from a wide variety of sources, divide their expenditures into separate funds and allocate their program expenditures in ways that serve the special needs of municipal services. This Reader's Guide is being provided to make the City's budget more understandable and useable for the reader.

Organization of this Document

This budget document contains legally required budget information, descriptive background information and various illustrative graphs and tables that will be helpful to the readers' understanding. It is organized into seven sections to facilitate the reader's understanding of the City's 2013 budget and to help the reader to find information regarding the city and its budget. Those seven sections are: Introduction, Transmittal Letter, Executive Summary, Operating Budget, Budget by Fund, Capital Improvement Program, and Appendix.

Introduction – This section is designed to introduce the reader to the City of Shoreline and its budget process. It includes the following:

- ◆ Table of Contents
- ◆ Reader's Guide
- ◆ City Organization Chart
- ◆ Shoreline Community Profile
- ◆ Budget Procedures and Process
- ◆ Budget Calendar
- ◆ General Budget Policies

Transmittal Letter – This section includes the City Manager's 2013 budget message to the City Council and the 2012 – 2014 City Council Goals and Workplan.

Executive Summary – This section provides a high level view of the 2013 budget, an in depth look at the City's revenue sources, projected fund balances, and information about the City's debt. It includes the following:

- ◆ City Resources and Expenditures by Category
- ◆ All Funds Resources/Expense Summary
- ◆ 2013 Budget Highlights
- ◆ City Budget Summary
- ◆ 2013 Revenue Sources
- ◆ Expenditures by Object Category
- ◆ Ending Fund Balances
- ◆ Change in Ending Fund Balances
- ◆ Municipal Debt Capacity, City Long Term Debt, and City Debt Policy

Operating Budget – This section highlights the departmental budgets. It is organized to give the reader various levels of information by including department and program overviews. It also includes performance data for each program. This data includes actual results and projected results. Some programs may also have performance targets which are long-term in nature. This section includes:

- ◆ Operating Budget Forecast
- ◆ Department/Fund Overview
- ◆ 2013 FTE Summary
- ◆ 2013 Budgeted Positions

Department Budgets

- ◆ Mission Statement
- ◆ Organizational Chart
- ◆ Historical Comparison of Total Expenditures and Full-time Equivalents (FTE's)
- ◆ Staffing Summary by Program and Position
- ◆ 2012 Accomplishments
- ◆ 2013 Key Department Objectives
- ◆ Historical Comparison by Program
- ◆ Historical Comparison by Fund
- ◆ Historical Comparison by Expenditure/Revenue Type
- ◆ 2013 Budget Changes
- ◆ Program Performance Results

Budget by Fund – This section illustrates the financial condition and provides a historical comparison of each of the City's funds. It includes:

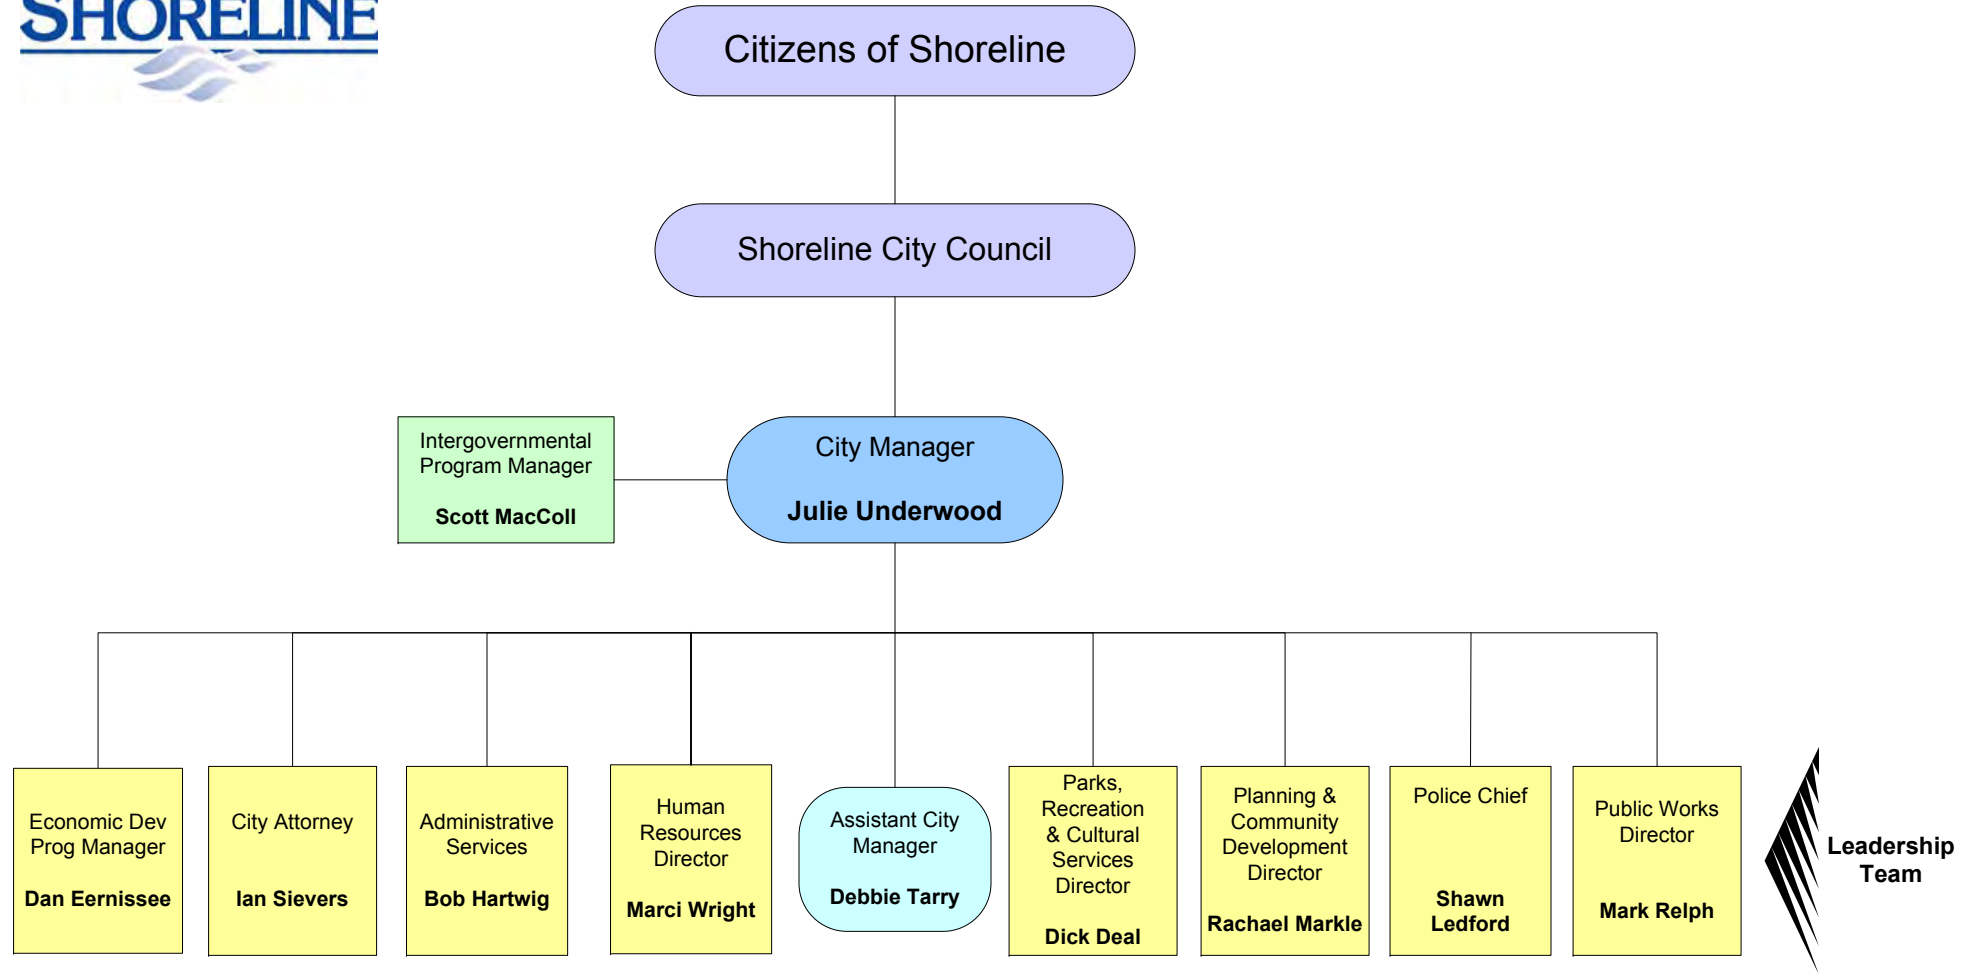

- ◆ City Fund Structure
- ◆ All Funds Historical Revenue/Expenditure Summary
- ◆ Fund Summaries

Capital Improvement Program – This section identifies the multi-year plan for the four Capital Funds; General Capital (improvements to Parks and Facilities), City Facilities-Major Maintenance (ongoing maintenance of City's major facilities), Roads Capital (street, sidewalk, and traffic improvements), and Surface Water Utility (drainage improvements). A summary of each fund's projects is included. This section includes:

- ◆ Reader's Guide to the Capital Improvement Plan
- ◆ Impacts of Growth Management
- ◆ Capital Planning, Programming and Budget System
- ◆ Capital Improvement Fund Descriptions
- ◆ Capital Budget Criteria
- ◆ Advantages of Capital Planning
- ◆ Capital Improvement Program Plan Policies
- ◆ Steps in the Capital Improvement Process
- ◆ Project Phase Definitions
- ◆ Capital Project Criteria
- ◆ 2013– 2018 CIP Expenditures and Resources by Category
- ◆ 2013 Capital Program Summary
- ◆ Impact of CIP on Operating Budgets
- ◆ 2013– 2018 CIP Expenditures and Resources by Fund
- ◆ Project Detail

Appendix – This section includes:

- ◆ Financial Policies
- ◆ Salary Tables
- ◆ Fee Schedules
- ◆ Expenditure and Revenue Detail
- ◆ Expenditure Categories
- ◆ Glossary of Budget Terms

SHORELINE COMMUNITY PROFILE

The City of Shoreline is located in the northwestern corner of King County along the shores of Puget Sound. Shoreline is generally bounded by the City of Lake Forest Park to the east, the City of Seattle to the south, Puget Sound to the west, and Snohomish County to the north (including the Cities of Mountlake Terrace and Edmonds, and the Town of Woodway).

The City of Shoreline was incorporated on August 31, 1995, and operates as a Council/Manager form of government. The Council is comprised of seven members, elected at large by citizens of Shoreline. They are part-time officials who exercise the legislative powers of the City and determine matters of policy.

The Mayor is a council member selected by the Council to chair meetings, authenticate documents and serves as the City's ceremonial head. The Council is supported by various advisory boards and commissions. The Council appoints a full-time City Manager who serves as the professional administrator of the organization, coordinating day-to-day activities.

Shoreline Yesterday

Before the Turn of the Century: The area which is now Shoreline was once forested with deep woods, pockets of meadows, and bog areas. The area provided rich fishing, hunting, and gathering opportunities for local Native Americans, who occupied permanent settlements along Lake Washington, and temporary camps on Puget Sound. Homesteaders began arriving in the area in the 1880's, following the loggers and mill owners who had earlier set up operations along the waterways. Farmers cleared the fields and built modest homes. Richmond Beach is the site of the first village in the area. Located on the new Great Northern railroad line running along Puget Sound, this area gained its identity in 1890. By the turn of the century, numerous businesses were clustered around Market Street, now known as N.W. 195th Place.

Early 1900's until World War I: By the early 1900s an additional community had developed up the hill known as the Richmond Highlands centered at the current intersection of Aurora and 185th. The Interurban Railroad increased access to the area upon its opening from Seattle to Halls Lake in 1906. The next year the Great Northern railroad depot opened, providing additional transportation facilities to the area. Around 1910, the Seattle Golf Club and the Highlands were established, and Greenwood, or Country Club Road, as it was known then, was the only good road into Seattle. The Interurban was completed to Everett that year, causing more development along its line, particularly in the Ronald area, located roughly along 175th. The North Trunk Road, now known as Aurora or highway 99, was bricked in 1914 and became the primary automobile corridor in the area.

Between World War I and World War II: In the 1920s, 30s and 40s residential development continued. The area that became known as North City developed in the late 1920s along 15th Ave. N.E., and Lago Vista was also developed during this period with its own clubhouse. During this time, the North Trunk Road was upgraded and became known as Aurora, and was designated as Highway 99 in 1930. Aurora served as the emerging center of commerce and by the mid-'20s was home to numerous businesses and roadhouses. Innis Arden was developed by the Boeing Family, and became a prime residential community in the 1940s.

Following World War II: The area which is now Shoreline experienced tremendous growth after World War II as the suburban lifestyle grew in popularity. The Shoreline School District was established in 1944, and in response to the growth, Shoreline High School was built in 1955. Shoreline Community College was founded in 1963 and the I-5 freeway was opened the next year. Commercial development thrived along Aurora in the mid-'60s with the opening of Aurora Village and Sears.

Through the 60s, 70s and 80s the community continued to grow. Additional parks and schools were developed including Shorewood and Shorecrest High Schools, and changes were made to reflect the needs of the community. Shoreline High became the Shoreline Center, and a site that had once been considered for a high school to be called Shoreview High became Shoreview Park. Richmond Beach Park, Hamlin Park, and Ronald Bog Park were significant additions to the Parks system in the area.

In January of 1992, a citizen effort called “Vision Shoreline” organized to promote incorporation of Shoreline as a city. In September of 1994, the incorporation of Shoreline was approved by an overwhelming majority of voters. Following the election, a “Transition Team” was formed to organize the incorporation effort. This effort was successful and Shoreline officially incorporated on August 31, 1995.

Shoreline Today

Over the years, Shoreline has become a community distinguished by strong neighborhoods, excellent schools and parks. According to the Census 2010, Shoreline is home to 53,007. The State Office of Financial Management has estimated the 2012 population to be 53,270. The City is now substantially developed with less than 1% of its total area (about 12 square miles) remaining vacant or available for use. Shoreline is primarily residential in character and over 70% of the households are single-family homes. Commercial development stretches along Aurora Avenue with other neighborhood centers located at intersections of primary arterials such as N. 175th Street at 15th Avenue N.E. and N. 185th Street at 8th Avenue N.W. There is limited industrial development. There is a substantial number of institutional, public or tax exempt uses, including cemeteries, schools, public services and churches. Significant lands are devoted to open space, including regional parks, the Boeing creek ravine, and the Seattle Golf Course.

Shorelines

The City of Shoreline has several shorelines totaling 3.4 miles. Puget Sound, the primary shoreline, extends the length of the western edge of the City. It is the City’s only shoreline of statewide significance, as defined by the Washington State Shorelines Management Act. The City regulates these shorelines as a part of the Comprehensive Plan process. Designations are intended to reflect the character of land adjacent to the shorelines and guide and regulate development in these areas. The Washington State Department of Ecology reaffirms regulations, as determined by local governments, for shorelines of statewide significance.

In addition, the City has several lakes and ponds including Echo Lake, Ronald Bog and Twin Ponds. Finally, there are several creeks and streams that run through Shoreline. City regulations may also be set for these shorelines. The State does not have to affirm these regulations, but our regulations need to be consistent with State laws.

Neighborhoods

Upon incorporation, the City supported the concept of neighborhood organizations. Fourteen neighborhoods are recognized by the City. The following is a short description of each neighborhood.

Ballinger. This area was annexed into the City of Shoreline in two sections A-3 in 1998 and A-2 in 1999. This area is east of I-5, south of NE 205th St (north City limit), west of 30th Ave NE (east City limit) and generally north of NE 195th Street.

Briarcrest: The area commonly referred to as Briarcrest (or Annexation Area B) was annexed into the City of Shoreline in February of 1997. This area is east of the Ridgecrest neighborhood and extends to the western City limits of Lake Forest Park.

Echo Lake: Echo Lake Park is the natural landmark of this neighborhood located on the northern edge of the City and bounded by Aurora Avenue, N.E. 185th Street and I-5.

Highland Terrace: This neighborhood is located just to the east of the Highlands neighborhood and Shoreline Community College. It is also bounded by the Seattle Golf Club, Westminster Way and Aurora Avenue.

Hillwood: The Hillwood community is located along the northern edge of the City between Aurora Avenue and the Richmond Beach neighborhood, north of N. 185th Street and N.W. Richmond Beach Road and south of N.W. 205th Street.

Innis Arden: This neighborhood was developed in the 1940s and the neighborhood organization has been in existence since that time. Bordered in part by Shoreview Park, it is located on the western edge of the City along Puget Sound.

Meridian Park: Meridian Park contains portions of the historic Ronald community dating back to the early 1900s. It is located at the core of Shoreline and is bounded by N.E. 185th Street, I-5, N. 160th Street and Aurora Avenue.

North City: Founded around the late 1930s and early 1940s, this neighborhood is located in the northeastern portion of Shoreline and is bounded by I-5, N.E. 195th Street on the north and the eastern edge of the City.

Parkwood: Parkwood is located along the southern edge of the City between Aurora Avenue and I-5. This neighborhood dates back to the early 1900s.

Richmond Beach: This area was settled in the late 1800s and is located in the Northwest corner of the City along Puget Sound.

Richmond Highlands: The Richmond Highlands neighborhood was first settled around the turn of the 20th century. Bordered by N. 185th Street, Aurora Avenue, N. 165th Street and the Innis Arden neighborhood, the area is located in the core of Shoreline.

The Highlands: Designed by the Olmsted Brothers, this neighborhood dates back to 1910. It is located overlooking Puget Sound on the western edge of the City.

Westminster Triangle: This area is located at the southern gateway to the City along Westminster Way and Aurora Avenue.

Ridgecrest: Ridgecrest started developing around the end of World War II and is located in the southeastern section of the City. It is bordered by I-5, N.E. 15th Street, N.E. 175th Street and N.E. 145th Street.

Commercial Areas

The Aurora Corridor is a major north-south state route (Highway 99) corridor that runs through Shoreline. Highway 99 is one of three north-south state routes in the region and is also the primary non-freeway transportation corridor in the City of Shoreline.

The Aurora Avenue corridor has been primarily a commercial strip for thirty years, containing a wide variety of retail and service uses serving local and regional markets. Office uses are scattered throughout the corridor while residential uses (e.g. apartments, condos, and small pockets of single-family homes) are limited to the areas along or near Aurora Avenue.

A number of institutional uses, public uses and government uses are located in or near the Aurora Corridor. These uses include Shoreline City Hall, Shoreline Community College, CRISTA Schools, the fire station, Ronald Wastewater District, Shoreline Historical Museum, Washington State Department of Transportation, and METRO facilities (e.g. bus transfer center, park and ride lot).

Other commercial areas include North City, Ridgecrest, Ballinger and Richmond Beach. The North City business district is located on 15th Avenue N.E. between N. 170th and N. 185th Streets. This district serves the local community and neighboring communities. The Hillwood/Richmond Beach commercial area is located on N.W. 185th Street and extends to the east and west of 8th Avenue N.W. It serves the City's northwest neighborhoods including Hillwood, Richmond Beach, Richmond Highlands, and Innis Arden. The Ridgecrest Business District is located at 145th Avenue N.E. between 15th Avenue and Lake City Way N.E. It serves the City's southeast neighborhoods including Ridgecrest and Briarcrest. The Ballinger commercial district is located along Ballinger Way to the east of where it intersects Interstate 5.

Community Institutions

Located on an 80-acre site on 15th Avenue N.E. and N.E. 155th Street, the Fircrest Campus is Shoreline's largest public institution. It is owned by several state agencies that administer the site (in part as trust lands) for the State of Washington. Presently, the Fircrest Residential Habilitation Center, located on the campus, is home to approximately 200 developmentally disabled citizens and is run by the Department of Social and Health Services (DSHS). The Washington State Department of Health Laboratories are also located on the Fircrest Campus.

The City also has a significant number of private institutions including the Northwest School for Hearing Impaired Children, Shoreline Center, CRISTA Ministries, Food Lifeline (the wholesale distributor of food to the food banks), as well as several private elementary and secondary schools, churches and other religious facilities, group homes and cemeteries.

Employment

Approximately 17,908 jobs exist in the City. Most of these jobs are located along Aurora Avenue; however, other employment clusters include the Shoreline Community College, the Fircrest Campus and neighborhood business centers in North City, Richmond Village, 5th Avenue N.E. and N.E. 165th Street, and 15th Avenue N.E. and N.E. 145th Street.

Major employers within the community include:

- CRISTA Ministries
- Costco
- Fred Meyer
- Home Depot
- Northwest Security
- City of Shoreline
- Shoreline School District
- Shoreline Community College
- State Department of Transportation
- Fircrest Residential Habilitation Center

According to the U.S. Census Bureau 2006-2010 American Community Survey 5-Year Estimates, 27,515 City residents over age 16 were employed in the region, most in the management and professional sector (44.6%), followed by sales and office occupations (22.6%), service occupations (16.8%), production and transportation occupations (8.0%), construction and maintenance occupations (7.9%), and farming, fishing and forestry occupations (0.6%).

Source: U.S. Census Bureau, 2006-2010 American Community Survey

The median age of Shoreline residents increased from 39.3 years in 2000 to 42.1 years in 2010. The under 18 population declined by 15% and the adult age population (18 and older) increased 4.3%. Slightly over 30% of the total population was born between 1946 and 1964. As the chart below indicates, the largest drop in population is the 35-44 age range and the largest growth is the 55-64 age range.

Please note the following:

- Park hours are dawn until dusk.
- Opening and/or consumption of alcoholic beverages in Shoreline parks is prohibited.
- Pets must be on leashes in all Shoreline parks. Pets are not permitted on any turf fields, tennis courts, playgrounds or in any building unless specifically permitted by posting.
- Trails are open to all non-motorized users with the exception of motorized wheelchairs, unless otherwise designated and posted.

Parks and recreation facilities are available for use by the public whenever possible. Special use permits or scheduling the use of facilities is required for any community, special or private event involving more than routine use of a park or facility.

Facilities can be reserved by calling (206) 801-2600

BUDGET PROCEDURES AND PROCESS

Operating Budget Procedures and Amendments Process

The City's budget procedures are mandated by Chapter 35A.33 of the Revised Code of Washington. The budget, as adopted annually by the City Council, constitutes the legal authority for expenditures. The budget covers the fiscal year from January 1st to December 31st. The City's budget is adopted at the fund level. Expenditures during the year may not legally exceed the total appropriation within any specific fund.

Budgets are appropriated and adopted for all of the City's funds. All fund budgets, with the exception of the capital funds, are adopted on an annual basis. Calendar year budgets are adopted by the City Council for the General Fund, Special Revenue, Debt Service, Capital, and Internal Service funds. Total project budgets are approved by the City Council when the six-year Capital Improvement Plan (CIP) is adopted. However, budgets for the capital funds are appropriated annually for that year's portion of each capital project. For operating funds, all appropriations lapse at year-end. Programs or projects that need to continue into the following year can be included in the annual re-appropriation process. This process allows budget authority to be carried forward into the new fiscal year for any commitments that have been made for purchases or contracts that were not completed in the prior year.

Budget Transfers and Amendments

The City Manager is authorized to transfer appropriations during the fiscal year, between department and programs within the same fund. However, any revisions that change the total expenditures of a fund or that affect the number of authorized employee positions, salary ranges, hours, or other conditions of employment must be approved by the City Council. The budget is typically only amended during the year to provide for new grant or other revenue sources or for program developments and new opportunities that occur outside of the timing of the typical budget process.

Basis of Accounting

Basis of accounting refers to when revenues, expenditures, expenses, transfers and the related assets and liabilities are recognized, recorded and reported in the financial statements. The full accrual basis of accounting is used for proprietary or internal service funds. This includes the Surface Water Utility Fund, Vehicle & Operations Fund, Equipment Replacement Fund and the Unemployment Fund. Under this method, revenues are recognized when earned, and expenses are recognized when incurred.

The modified accrual basis of accounting is used by governmental, expendable trust and agency funds. This includes all other city funds. Revenues and other financial resources are recognized when they become susceptible to accrual, i.e., when the related funds become both measurable and available to finance expenditures of the current period. To be considered "available", revenue must be collected during the period or soon enough thereafter to pay current liabilities. For example, property taxes and other taxpayer assessed revenues due for the current year are considered measurable and available and therefore as revenues even though a portion of the taxes may be collected in the subsequent year. Licenses, fines, and miscellaneous revenues are recorded as revenues when they are received in cash because this is when they can be accurately measured. Investment earnings are accrued as earned. Expenditures are considered as a liability when they are incurred. Interest on long-term debt, judgments and claims, and compensated absences are considered as a liability when they are paid.

BUDGET PROCEDURES AND PROCESS

Basis of Budgeting

In some cases, the City prepares the annual budget using a different basis than is used for accounting. The budgeting basis differs by fund type. Budgets are prepared for Governmental Funds (General Fund and Street Fund) on a modified accrual basis which coincides with the period that revenues are expected to be received and expenses are expected to be incurred. This allows the budget to be directly compared to the fund operating statements in the City's annual financial report. The Surface Water Utility Fund and the Internal Service Funds are also budgeted on a modified accrual basis, which is based upon when revenues are earned, but are depicted in the operating statements using an accrual basis; therefore these funds are not directly comparable.

The Annual Operating Budget Process

The budget process is a continuous cycle that includes the following phases of budget development and monitoring: City Council's Annual Planning Retreat, Leadership Team's Annual Planning Retreat, City Manager's Proposed Budget, City Council budget review and formal adoption, ongoing monitoring of expenditures and revenues, and any required budget adjustments/amendments due to additional revenues or new opportunities.

The City typically utilizes an incremental budgeting approach that assumes, for most functions of government, that the current year's budget is indicative of the base required for the following year. Any increases are incremental and based on need as defined by the organization's budget policies, emerging issues, Council goals, and available resources.

This incremental process recognizes that most mandated functions will not likely change from year to year. Therefore, the major emphasis of the budget analysis and decision-making is focused around Council priorities and requested increases in funding rather than ongoing mandated functions.

The budget development phase begins in March with the Council Planning Retreat. During the retreat, the City Council reviews the City's Long-term (six-year) Financial Plan to determine the City's financial condition. Every other year, the City surveys its citizens to gather their priorities. During the retreat, the Council establishes their priorities for the upcoming year using input from the citizen survey and various advisory boards. The City's strategic plan and the Council's annual work plan are updated to reflect the Council priorities.

In April, the Annual City Leadership Team Planning Retreat is held. During this retreat, the City's current financial condition is reviewed to determine the amount of available funding. Emerging issues are identified and prioritized based on the City's strategic plan and the Council's annual work plan.

During June, the Administrative Services Department (ASD) provides an update of the City's Six Year Financial Plan to Council which includes a preliminary forecast for the current year and the upcoming budget year.

In June ASD also conducts a formal training process for the departments to explain the budget instructions, the budget preparation system, and to answer any questions prior to the departments beginning their base budget development.

In June and July, the departments develop their base budgets and prepare requests for new staff, programs, or significant increases to their current year budget that will address emerging

BUDGET PROCEDURES AND PROCESS

issues and other operational needs. In their requests, the departments identify the problem that they are trying to address, the recommended solution, implementation plan, projected cost and expected outcomes. ASD conducts an analysis of the departmental base budgets and the revenue outlook for the coming year to determine the availability of funds for any new initiatives. These budget requests are submitted to ASD by the end of July.

In August, ASD meets with each of the departments to discuss their current budget, new Council goals, year-end projections, emerging issues and priorities, and their budget requests for the next fiscal year.

In August, the City Manager meets with each department to review their budget requests. In September, the City Manager develops preliminary budget recommendations and presents an update to the City Council of the status of the proposed budget.

The City Manager presents a preliminary view of the budget to Council in September for their review and input. Based on City Council policy and program input, the City Manager and ASD finalize the City Manager's Proposed Budget and it is formally presented to the City Council in mid October. Copies of the budget are made available to the public in the City's libraries, City Hall, and at Council meetings and workshops.

In November, the City Council holds workshops on the proposed budget to receive input from the public and budget presentations from City departments, to discuss priorities and options, and to make final adjustments and decisions on the budget.

Also in November, the City Council holds two formal public hearings, one on the setting of the annual property tax levy and one on the next year's budget. Following these hearings, the City Council adopts the property tax ordinance and the annual budget.

After the budget is adopted, the City enters the budget implementation and monitoring phase. Throughout the year, expenditures are monitored by ASD Department and department directors to ensure that funds are used as intended. ASD provides quarterly financial updates to the City Council to keep them current with the City's financial condition. Any budget amendments made during the year are adopted by a City Council ordinance.

Once the fiscal year begins, budget amendments may be required to increase adopted appropriation levels. In February, departments may request to carryover committed funds from the prior year to be used to complete operating or capital project work that is not included in the new fiscal year budget. These requests may be included in the re-appropriation budget ordinance that is presented to the City Council in March.

The Capital Improvement Plan is updated and adopted each year in November along with the operating budget. The plan can contain changes to project budgets in the current year. Therefore, a budget amendment may be presented to the City Council along with the CIP to revise the project appropriations.

Throughout the year, as circumstances requires, other budget amendments may be presented to the City Council to address issues that arise outside of the normal budget process.

BUDGET PROCEDURES AND PROCESS

The Annual Capital Improvement Plan Process

Each year the City Council adopts a six-year Capital Improvement Plan (CIP). The City has developed a Parks, Recreation and Open Space (PROS) Plan; a Transportation Master Plan (TMP); and a Surface Water Master Plan. These plans identify problems, prioritize needs and develop long-term solutions that are in line with community priorities and City resources. These plans are updated and formally adopted by Council every seven years. The City has also developed a Facility Maintenance Schedule for the city's major public buildings and a maintenance schedule for the repair and replacement of parks and recreation facilities. These plans and maintenance schedules guide the development of the CIP.

The annual CIP process begins in April. The status of current projects and funding sources is reviewed. Adjustments to estimated costs and project timing are made as necessary. Estimated project costs for future years are based upon current year cost plus estimated inflation. Future grant revenue estimates are based upon anticipated funding requests to granting agencies. Revenue estimates may be adjusted as more concrete information is received on specific grant awards.

In May, departments also begin to develop requests for new capital projects for inclusion in the upcoming Capital Improvement Plan. Proposed projects are developed in conjunction with the City Council priorities and input from citizens and City advisory boards.

In June and July, departments complete their CIP project updates and new requests and submit them to ASD for review. Once ASD completes its review, the proposed CIP is presented to the CIP Coordination Team. The CIP Coordination Team reviews and prioritizes the proposed CIP and submits a recommended CIP to the City Manager. The Team evaluates projects and selects those with the highest priority based on input from citizens, project stakeholders, advisory committees and City Council goals.

The City Manager finalizes the proposed CIP in September and provides a preliminary view to Council. The CIP is formally submitted to the City Council in October along with the operating budget. The Council holds a public hearing to receive public comment on the proposed CIP and adopts the CIP in November at the same time as the operating budget.

An appropriation for the first year of the adopted CIP is included in the proposed budget. This first year appropriation may be modified from what was included in the adopted CIP if changes occur in the City's financial condition during the interim period or as projections are finalized.

BUDGET PROCESS DESCRIPTION	Feb.	Mar.	Apr.	May	Jun.	July	Aug.	Sep.	Oct.	Nov.
Carryover Process Begins										
Council Planning Retreat										
Leadership Team Budget Retreat										
Capital Improvement Process Begins										
Departments Submit CIP Project Updates and Requests for New Projects										
Administrative Services Department (ASD) Develops Initial 2013 Revenue Forecast										
ASD Staff Provides Budget Training Session and Delivers Base Budget Targets										
Proposed 2013–2018 CIP Presented to Council										
Departments Submit Current Year-End Projections, 2013 Budget Requests, and 2013 Budget Change Proposals										
ASD Reviews New CIP Project Requests and Potential CIP Funding Sources										
CIP Coordination Team Reviews CIP										
ASD Updates 2013 Revenue Estimates										
ASD Reviews Department Requests for Funding and Meets with Each Department										
City Manager Meets with Department Staff to Review Their Budget Proposals										
City Manager finalizes the Proposed CIP										
City Manager Makes Specified Adjustments to Department Submittals/Establishes Preliminary Budget										
2013 Proposed Budget and Proposed CIP Update to City Council										
Preliminary Budget Document Prepared, Printed and Filed With City Clerk and Presented to the City Council (at Least 60 Days Prior to the Ensuing Fiscal Year)										
City Council Conducts Workshops and Public Hearings on the Preliminary Budget										
Council Holds a Public Hearing on the 2013 Property Tax Levy and Adopts the 2013 Property Tax Levy										
Preliminary Budget Modified per Council Direction										
Final Budget and CIP Adoption										

GENERAL BUDGET POLICIES

(Excerpted from the City's Financial Policies, which can be found in the Appendix of this document.)

These general budget policies are the basis on which staff develops budget recommendations and establishes funding priorities within the limited revenues the City has available to provide municipal services.

- No Operating Deficit (Balanced Budget): Current revenues will be sufficient to support current expenditures. Revenue estimates will be realistic and debt financing will not be used for current operating expenses.
- Resources Greater than Budget Estimates: Resources (fund balance) greater than budget estimates in any fund shall be considered "one-time" resources and shall not be used to fund ongoing service delivery programs.
- Budget Adoption Level: Budget adoption by the City Council shall be at fund level. Any changes in appropriations at fund level require City Council approval.
- Necessary to Implement City Council Goals Identified in Annual Workplan: The City Council identifies specific goals as part of its work-plan, and departmental budgets should include adequate resources to accomplish those goals in the expected timeframes.
- Public Safety Protection: Public safety is a top priority, and as such, unmet needs in this area should have a priority over other service areas.
- Degradation of Current Service Levels: When increased service demands are experienced over a sustained period of time, resources should be provided to prevent service level degradation below an acceptable level.
- Investments that are Primarily Funded by Additional Fees or Grants: Programs and investments that are funded through a dedicated revenue source (i.e., non-tax revenue), that meet the goals of the City Council, will receive priority consideration.
- Investments that Delay Future Cost Increases: When practical, resources should be allocated for selective preventative investments that can be made to avoid even larger costs in the future.
- Investments that Forestall Adding Permanent Staff: Recognizing that personnel related expenditures represent the largest portion of the City's budget, methods to increase efficiency and effectiveness of the delivery of City services through technology improvements should receive priority funding if it can forestall the addition of permanent staff.
- Commitments that can Reasonably be Maintained over the Long-Term: Funding for new programs and services in operating funds should be limited to the extent that they can be reasonably funded over the near-to-long-term given the current revenue stream.
- Overhead and Full Cost Allocation: Department budgets should be prepared in a manner to reflect the full cost of providing services.
- Maintenance of Quality Service Programs: The City of Shoreline will offer quality service programs. If expenditure reductions are necessary as a result of changing economic status, selective service elimination is preferable to poor or marginal quality programs that are caused by across the board cuts.
- Distinguished Budget Presentation: The City will seek to comply with the suggested criteria of the Government Finance Officers Association in producing a budget document that meets the Distinguished Budget Presentation program criteria as policy document, as an operations guide, as a financial plan, and as a communication device.

TRANSMITTAL
LETTER

TRANSMITTAL LETTER

October 15, 2012

Honorable Mayor McGlashan and Members of City Council
Residents and Stakeholders of the City of Shoreline

Dear Mayor McGlashan and City Councilmembers:

We are pleased to present the City's 2013 Proposed Budget. This budget represents the results of thoughtful direction provided by the Mayor and Council along with the dedicated efforts of the City Manager, Department Directors, and City staff members. The 2013 Proposed Budget is scheduled for City Council review during several upcoming meetings in October and November, 2012, and will be presented for final adoption on November 26, 2012.

The City's budget is used as a planning document, estimating future City revenues and expenditures. It serves to guide the City's operations and capital programs from a numeric perspective for the upcoming year. The budget is prepared on a fund by fund basis. All information is organized by fund. Each fund accounts for different services and activities.

Shoreline adheres to generally accepted accounting principles (GAAP) applicable to governments. Shoreline uses proprietary funds to account for the surface water utility and certain internal service activities (fleet, information services, and unemployment management activities). Most other activities are recorded in governmental funds (General Fund, Capital Services Funds, Debt Service Funds, etc). These funds are included in the 2013 Proposed Budget and each fund is described in more detail at the beginning of each fund section.

SUMMARY OF THE 2013 BUDGET

Council Goals and Community Priorities

As a planning document, one fundamental purpose of the City's budget is to allocate resources that support the community's vision and priorities. The 2012 Shoreline citizen survey reported that 92% of residents believe that Shoreline is an excellent or good place to live and 72% say the City is heading in the right direction. As a result, City staff members strive to use resources to maintain and enhance this level of community satisfaction. The City is guided by seven key strategic objectives to create the desired community vision for Shoreline:

Total Budget: \$67.0 million

Operations Budget: \$36.7 million

Capital Budget: \$22.1 million

Financial Reserves: \$5.2 million

General Fund Balance: \$6.1 million

AA+ Bond Rating

***S&P Highest Financial
Management Rating of "Strong"***

***17 years of Unqualified (clean)
Audit Opinions***

***GFOA Budget Award for 13
consecutive years***

***92% of residents believe that
Shoreline is an excellent or good
place to live***

(1) Safe and attractive neighborhoods and business districts; (2) Quality services, facilities, and infrastructure; (3) Safe, healthy, and sustainable environment; (4) Governmental excellence; (5) Economic vitality and financial stability; (6) Human services; and (7) Effective citizen communication and engagement.

In addition, each year the Council adopts goals identifying the most important items for the City to accomplish over the next 18 to 24 months. The 2013 Proposed Budget allocates resources that staff members use to successfully accomplish these key goals. Following is a list of the Council's 2012-2014 goals including specific items that are funded in the 2013 Proposed Budget.

Goal 1: Strengthen Shoreline's economic base.

- Complete the 10 Year Financial Sustainability Plan
- Aurora Square Master Planning
- Business mini-grant pilot program
- Consolidation of the City's commercial development code and design standards
- Permitting system upgrade
- Farmer's Market Sponsorship

Goal 2: Improve Shoreline's utility, transportation, and environmental infrastructure.

- Moving GIS to the Cloud Server
- Initiate construction on the 192nd to 205th Aurora Ave. N. improvements
- Update and renewal of the City's franchise agreement with Seattle City Light
- Transition of traffic signal synchronization from a contracted service to a City provided service

Goal 3: Prepare for two Shoreline light rail stations.

- Light Rail Station Area Planning
- Update of the land use maps in the station areas
- Mayor and Deputy Mayor representation on the "Lynnwood Link" coordination committee

Goal 4: Enhance openness and opportunities for community engagement.

- Communication Assistant FTE increase by 0.25
- Website upgrade for enhanced mobile features
- Engage the community on crime prevention efforts and programs

2013 Budget Highlights

CHALLENGES

The City of Shoreline, along with most cities throughout the nation, is experiencing challenges presented by extended weakness in the local, national, and global economies. The recession reduced the City's sales tax collections by nearly 13% and development revenue by 61% from the peak in 2007-2008. Sales tax collections fell to levels collected in 2005, but are now slowly recovering. Development revenues fell to historic lows, but are also now recovering. Assessed valuation continues to decline, however there are indications that property values may start a recovery in 2014.

As discussed above the recession profoundly affects the ability of cities to balance their budgets and maintain existing levels of service. In addition to these concerns are problems experienced at the federal and state levels. In an effort to balance their own budgets the federal and state governments have reduced revenues previously shared with cities. This will most likely continue into the future.

STABLE FINANCIAL CONDITION

All of these and other significant challenges add complexity to balancing city budgets. Yet despite these challenges Shoreline's staff and City Council have worked together to maintain the City's positive and stable financial condition. The City has fully funded reserves that meet or exceed City policies. The City's Revenue Stabilization Fund ("rainy day reserve") totals \$5.2 million, equal to approximately 37% of the City's economically sensitive operating revenues. This exceeds the 30% minimum established by the City Council. The 2013 Proposed Budget also provides a General Fund ending fund balance of \$6.1 million. This is 39% above the City Council's minimum policy requirement of \$4.4 million.

As a result of the Council's strong financial policies, diligent financial management, and conservative budget planning, the City continues to maintain its AA+ bond rating and Standard & Poor's (S&P) highest financial management rating of "strong." The City has a perfect record with 17 Unqualified (clean) Audit Opinions, and has received 13 consecutive GFOA Budget Awards.

REVENUES

Budgeted 2013 revenues for all funds total \$59.2* million. This is a \$14.6 million (33%) increase from the 2012 budget. The primary reason for this change is a \$13.9 million (244%) increase in Capital Services Fund revenues.

The City's proposed Operating Funds revenues total \$33.4* million. This is a \$0.7 million (2%) increase over the 2012 budget. This is primarily the result of a \$0.6 million increase in budgeted Fines and Forfeits revenues. This changed when the State Auditors' Office requested that we "gross up" District Court fines. In prior years revenues were netted with expenditures in this category.

Debt Service Funds revenues are budgeted at \$1.9* million. This is a \$0.2 million (10%) decrease from the prior year. Staff members are recommending a temporary reduction in property tax collections for the 2006 General Obligation Bond Fund (Parks Bonds). Bond funds are not permitted to accumulate excessive amounts of fund balance and this one-time adjustment is needed to use accumulated fund balance from prior years. The City estimates that the excess levy will go from \$0.27 per \$1,000 AV in 2012 to about \$.255 per \$1,000 in 2013, resulting in about a \$4-\$5 decrease in property taxes (based on an assessed value home of \$300,000).

Capital Services Funds revenues are budgeted at \$19.7* million. This is a \$13.9 million (244%) increase from the prior year. Primary reasons include \$3.0 million in bond proceeds that will be used to purchase a maintenance facility site and a \$10.9 million increase in federal grant revenues to complete the Aurora Avenue street reconstruction projects.

The Surface Water Utility Fund revenues are budgeted at \$3.8* million, a \$0.2 million (6%) increase from the 2012 adopted budget. The primary reason for this change is a \$0.2 million increase in intergovernmental revenues due to an increase in grants awarded.

Internal Service Funds revenues are budgeted at \$0.5* million, unchanged from the prior year.

*Note: * - Amounts shown exclude interfund transfers and use of fund balance.*

EXPENDITURES – OVERVIEW

Budgeted 2013 expenditures for all funds total \$67.0 million. This is a \$12.3 million (22%) increase from the 2012 budget. The primary reason for this change is a \$12.6 million increase in Capital Services Fund expenditures.

The City's proposed Operating Funds budgets total \$36.7 million. This is a \$0.4 million (1%) increase over the 2012 budget. As in prior years, the 2013 Proposed Budget is balanced and complies with the City's adopted budget and financial policies.

Debt Service Funds expenditures are budgeted at \$3.4 million, unchanged from the prior year.

Capital Services Funds expenditures are budgeted at \$22.1 million. This is a \$12.6 million (133%) increase over 2012. The main reasons for this difference are a \$9.7 million increase in Roads Capital Fund projects and a \$2.9 million increase in General Capital Fund projects.

The Surface Water Utility Fund expenditures are budgeted at \$4.5 million, a \$0.5 million (10%) decrease from the prior year. The primary reason for this change is a \$0.5 million decrease in new capital outlay projects.

The remaining budget decrease of \$0.2 million comes from the Internal Service Funds. Internal Services expenditures are 33% lower than in 2012 and are budgeted at \$0.4 million in 2013. The primary reasons for this change are lower unemployment claims (no layoffs are included in the 2013 Proposed Budget) and lower equipment replacement costs (the 2012 budget included a large vehicle purchase).

EXPENDITURES – STAFFING

After reviewing workloads, service delivery expectations, and optional service delivery methods, the 2012 Budget included a significant reallocation of resources to meet community needs. The final budget reallocated resources towards Public Works, Facilities Maintenance, and Surface Water needs, among others. Planning, Information Systems, and Administrative support positions were reduced in order to accomplish these changes.

The 2013 Proposed Budget continues this trend. To accomplish the Council Goals and community priorities we are recommending the following budget changes:

- *Communication Assistant* – An increase of 0.25 FTE increasing the ability to address communications needs. No net budget effect (the position is funded from savings in related professional services).
- *Animal Control Officers* – A decrease of 1.50 FTE. Earlier this year the City Council decided to continue to contract with King County for these services resulting in \$18,448 in salary savings.

- *GIS Specialist – Transferred* 1.0 FTE from the Administrative Services Department to the Public Works Department to reflect the current status of this employee. No net budget effect.
- *Recreation Assistant I and Recreation Assistant II* – The Assistant I position was increased by 0.3 FTE and the Assistant II position was decreased by 0.275 FTE to realign priorities. No net budget effect.
- *Capital Project Technician* – This 0.5 FTE position became vacant and was eliminated. The Public Works Department did this to plan ahead for the upcoming completion of the Aurora Avenue projects. This accomplishes a budget savings of \$43,388 that will be allocated to other Aurora Ave. N project expenditures.
- *Capital Project Manager II* – This 1.0 FTE position became vacant and was eliminated. The Public Works Department did this to plan ahead for the upcoming completion of the Aurora Avenue projects. This accomplishes a budget savings of \$128,637 that will be allocated to other Aurora Ave. N. project expenditures.
- *Engineer II – Traffic/Associate Traffic Engineer* – This position was reclassified from Associate Traffic Engineer to Engineer II – Traffic. No net budget effect (this reclassification is funded from Traffic Signal Rehabilitation professional services).

As a result of these changes the City will reduce its staff count by 2.725 FTEs in the 2013 Proposed Budget. This is a decrease of 9.2 FTEs (6.2%) since 2008. In 2013, Shoreline will have 2.37 FTEs per 1,000 population for non-utility personnel. In 2012, the median FTEs per 1,000 population for comparable cities is 2.55, and the average is 2.85.

EXPENDITURES – ADDITIONAL PROGRAM COSTS

Other significant 2013 Proposed Budget recommendations include the following:

Department	Program / Item	Cost	
		One-Time	On-going
CMO - Economic Development	Aurora Square Master Planning	25,000	
CMO - Economic Development	Business mini-grant pilot program	10,000	
CMO - Economic Development	Farmer's Market Sponsorship		5,000
CMO - Communications	0.25 FTE increase - Communications Assistant		21,155
P&CD - City Planning	Light Rail Station Area Planning	250,000	
Admin Services - Web Development	Website Upgrade for enhance mobile features	16,380	
Admin Services - IT Strategic Plan	IT Tech Plan - Permitting System Upgrade	47,500	
Public Works - GIS	Moving GIS Server to the Cloud	1,325	2,475
Public Works - Traffic Signal Rehab	Reclassification of Associate Traffic Engineer to Traffic Engineer II		8,171
Total		350,205	36,801

The one-time items are being funded from one-time revenues of \$480,855 in projected year-end 2012 operating budget savings.

EXPENDITURES – CAPITAL OUTLAY

As discussed above, the 2013 Proposed Budget for Capital Services Funds totals \$22.1 million. Significant projects making up the \$22.1 million total include:

- Maintenance Facility Acquisition \$ 3.0 million

• Echo Lake Park Improvements	0.2
• Parks Repair & Replacement	0.2
• Sunset School Park	0.2
• Trail Corridors	0.2
• Aurora Avenue North – 192 nd to 205 th	14.4
• Annual Road Surface Maintenance Program	1.4
• Traffic Signal Rehabilitation Program	0.5
• Traffic Safety Improvements	0.3
• Route Development Plan – 145 th Corridor	0.2
• Roads Capital Engineering	0.2
• 19 Small Projects (under \$0.2 million each)	<u>1.3</u>

Total \$ 22.1 million

Also as discussed above, the 2013 Proposed Budget for new Capital Outlay in the Surface Water Utility Fund totals \$0.3 million. When added to \$1.6 million in ongoing 2012 capital projects carrying over into 2013, the Surface Water Fund will have \$1.9 million budgeted for capital outlay. Significant projects include:

• North Fork Thornton Creek LID Storm Water Retrofit	\$ 0.6 million
• Storm Water Pipe Replacement Program	0.3
• Surface Water Management Green Works Projects	0.2
• Surface Water Capital Engineering	0.2
• 5 Small Projects (under \$0.2 million each)	<u>0.6</u>

Total \$ 1.9 million

EXPENDITURES – ONGOING EFFICIENCIES

Shoreline’s Citizen Advisory Committee on Long-Range Financial Planning provided several recommendations to the City Council in 2010. The Committee stressed continued commitment to two concepts: finding efficiencies and delivering services cost effectively. City staff takes these recommendations seriously. In many ways ongoing efficiency efforts have allowed Shoreline to maintain services during times when other cities were making significant reductions.

Past efficiencies include:

- A 2010 contract moving most jail services from King County to Snohomish County. As a result of this contract the 2013 jail budget is \$467,586 (31%) lower than the 2010 year-end actual. By the end of 2013 this change should result in cumulative savings of \$1,421,059 through the first three contract years.
- A 2011 program instituting joint supervision between the City of Shoreline and City of Kenmore Police Departments. As a result of this program the City of Shoreline will receive credit toward the 2012 and 2013 contracts totaling \$306,746. The 2013 credit is \$164,255.
- The City of Shoreline received an additional credit of \$119,027 on the 2012 police contract due to the results of an internal audit by King County. The credit relates to health insurance benefit costs and the effects will continue into future years.

These are just a few examples of ongoing efficiencies realized in the past few years. City staff members will continue to seek out partnerships and other efficiencies during 2013 and beyond.

Outlook

City staff members are proud to present a balanced 2013 Proposed Budget that addresses Council goals and community priorities. However, we also recognize that the City continues to face financial challenges in the future. The passage of Proposition No. 1 in 2010 was intended to stabilize property tax collections for six years. Unfortunately declining assessed valuation resulted in the City reaching legal property tax rate limitations. The actual property tax levy is now at the legal maximum and the amount of property tax revenue in 2013 will be about 6.4% less than 2012 collections.

The State of Washington, like its city governments, is also suffering from the recession. Falling revenues in the past resulted in budget gaps. The State Legislature closed these gaps in part by reducing amounts traditionally remitted to local jurisdictions. In addition the Washington Supreme Court recently decided that the State is inadequately funding education. As a result it is quite possible that future State budget efforts will continue to have a negative impact on local government budgets. As in the past, the City of Shoreline will continue to exercise its fiduciary responsibility to the citizens and we will make any budget adjustments necessary as a result of future State legislative actions.

The City government is proactively dealing with these budget issues. Staff members are moving forward with a ten year financial sustainability strategy, scheduled for kick off in October, 2012. This project will consider what the future might look like based on a variety of budget scenarios. The goal is to develop an ongoing structural budget solution that City Council can use to set future priorities and make ongoing budget decisions.

In addition, the City's staff members continue to strive to attract economic development opportunities. The 2012 citizen survey shows community support for these efforts, with 67% favoring or strongly favoring further development efforts. Economic development has the added benefit of improving the City's future financial sustainability.

Financial sustainability includes investing in infrastructure improvements. By attending to our infrastructure today, the City avoids much more costly deferred maintenance problems in the future.

Last year's budget included the comment that "our economy will improve and development will return." This year we are beginning to see the effects of that upturn. However, City staff will remain vigilant. Staff members believe that Shoreline needs to plan for a variety of possible situations and remain resilient to changing economic conditions.

Conclusion

We believe that the 2013 Proposed Budget comprehensively addresses the City's service and capital investment needs for the coming year. It also addresses the top priorities of the City Council and the Shoreline community. This budget makes every effort to maintain existing levels of service. Our citizens have expressed that desire based on past feedback, the 2012 Citizen Survey, as well as through their support of Proposition 1 in 2010.

2013 Proposed Budget is a 22% Increase from the 2012 Proposed Budget

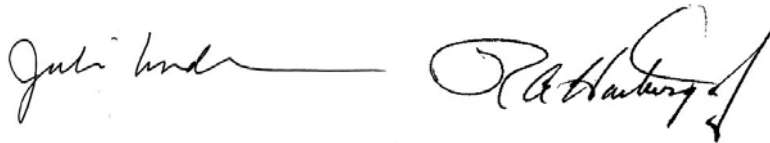

2013 Operating Budget is a 1% Increase from the 2012 Budget

Staff Reductions since 2008: 6.2%

Finally, it is important to acknowledge the contributions of everyone involved in this year's budget process. We would like to express our appreciation to the City's Leadership Team and to all staff members. These individuals worked to provide realistic budget requests and to develop ways to meet Council and community priorities.

It is also appropriate to thank several members of the Administrative Services Department for their tireless efforts to produce the 2013 Proposed Budget, while still performing day to day duties and keeping up with workflow demands. Special thanks go to Patti Rader, Susana Villamarin, and Rick Kirkwood for their assistance in preparing this budget. Thanks are also needed to the City Council for providing policy direction to the City of Shoreline over the years.

Respectfully submitted,

Julie Underwood
City Manager

Robert Hartwig CPA, MBA
Administrative Services Director

2012-2014 City Council Goals and Workplan

The Council is committed to fulfilling the community’s long-term vision – Vision 2029 – and being a sustainable city in all respects:

- Sustainable neighborhoods—ensuring they are safe and attractive;
- Sustainable environment—preserving our environmental assets and enhancing our built environment so that it protects our natural resources; and
- Sustainable services—supporting quality services, facilities and infrastructure.

The City Council holds an annual strategic planning and goal setting retreat to monitor progress and determine priorities and action steps necessary to advance Vision 2029. This workplan, which is aimed at improving our ability to fulfill the community’s vision, is then reflected in department workplans, the City’s budget, capital improvement plan, and through special initiatives.

Goal 1: Strengthen Shoreline’s economic base

Although Shoreline voters approved Proposition No. 1 in November 2010, which helped to maintain essential service levels through 2016, there is no guarantee that voters will be willing to do this again when Proposition No. 1 expires. Attracting investors and businesses to Shoreline reduces our reliance on property taxes alone strengthens our tax base and provides greater housing choices, local commercial and retail opportunities, and lifestyle amenities for our residents.

ACTION STEPS:

1. Implement the 2012-2017 Economic Development Strategic Plan
2. Improve and streamline the City’s development regulations for commercial zones
3. Continue to implement efforts to make the permit process predictable, timely and competitive
4. Develop a 10-year Financial Sustainability Plan to achieve sufficient fiscal capacity to fund and maintain priority public services, facilities, and infrastructure

PROGRESS INDICATORS:	2011	EST. 2012
a. Annual growth of assessed property value from new construction	0.17%	0.18%
b. Ratio of commercial versus non-commercial valuation	.112	.115
c. Retail sales tax per capita	\$113	\$122
d. Number of licensed businesses	4,474	4,745
e. Number of housing units	23,049	23,067
f. Vacancy and rental rates of commercial and multi-family properties	Retail: 4%; \$17.36/sf Office: 8%; \$23.90/sf; Resid: 4%; \$1.18/sf	Retail: 4%; \$17.50/sf; Office: 4.5%; \$23.63/sf Resid: 3.2%; \$1.24/sf
g. Number of online permits submitted	N/A	N/A

Goal 2: Improve Shoreline’s utility, transportation, and environmental infrastructure

Shoreline inherited an aging infrastructure when it incorporated in 1995. The City has identified needed improvements through our 20-year planning documents including the Surface Water Master Plan, Transportation Master Plan and Parks and Open Space Master Plan. Improvements are not limited to infrastructure investments – The City is also interested in improving coordination, planning, and overall information sharing among all service providers. As capital improvements are made, it is important to include efforts that will enhance Shoreline’s natural environment, ultimately having a positive impact on the Puget Sound region.

ACTION STEPS:

1. Construct the Aurora Corridor improvements from N 192nd to N 205th Streets
2. Identify funding strategies for constructing new non-motorized improvements
3. Complete the Comprehensive Plan update by December 2012
4. Acquire Seattle Public Utility’s water system in Shoreline
5. Develop a plan to merge the Ronald Wastewater District into City operations as outlined in the 2002 Interlocal Operating Agreement
6. Work with the City of Seattle, King County and Washington State Department of Transportation on a plan that will improve safety, efficiency and modes of transportation for all users of 145th Street
7. Continue to implement the City’s Environmental Sustainability Strategy and Tree City USA initiatives

PROGRESS INDICATORS:	2011	EST. 2012
a. Number of redevelopment projects improving the treatment of surface water	6	0
b. Number of linear feet of non-motorized facilities constructed	16,000	8,800
c. Number of trees planted in the public right-of-way and on City property (net)	470	162
d. Voter approval of the SPU acquisition	N/A	TBD
e. Volume of paper purchased for City operations	1,760	2,160
f. Percent of community garden plots reserved	N/A	100%
g. Water quality index score	61	61

Goal 3: Prepare for two Shoreline light rail stations

In 2008 Shoreline voters supported the Sound Transit 2 funding package by 61%. Our community looks forward to increasing mobility options and reducing environmental impacts through light rail service. Sound Transit estimates the light rail extension from Northgate to Lynnwood to be \$1.4-1.6 billion, which includes investment in two stations in Shoreline, which are planned to open in 2023. Engaging our community on how this effort benefits Shoreline and the greater region needs to start now.

ACTION STEPS:

1. Adopt light rail station area planning framework policies
2. Amend the Comprehensive Plan and Plan map to include light rail station areas
3. Participate as a Cooperating Agency in Sound Transit’s environmental process by providing early and continuous input into the development of the environmental impact statement (EIS)

4. Work with Sound Transit to evaluate the redevelopment potential of large parcels in the light rail station areas
5. Actively participate in the Growing Transit Communities Task Force
6. Engage the community in an education and outreach plan to help residents and businesses prepare for the location of the new light rail stations
7. Develop a multi-modal transportation strategy to deliver people to the light rail stations, as an alternative to single occupancy vehicles.

PROGRESS INDICATORS:	2011	EST. 2012
a. Number and location of Shoreline light rail stations identified in the EIS process	N/A	3 - 145 th , 155 th & 185 th
b. Number of City and Sound Transit opportunities provided for public input in the light rail planning process	4	21
c. Estimated ridership at the Shoreline light rail stations	N/A	N/A

Goal 4: Enhance openness and opportunities for community engagement

The Council values an open, transparent, and responsive government. And the City believes that the best decisions are informed by the perspectives and talents of our residents. Community involvement is vital, and finding effective ways to engage all segments of our community is key to shaping our future.

ACTION STEPS:

1. Communicate and provide opportunities for public input on key policies and initiatives, including the Comprehensive Plan update, light rail planning, and City projects
2. Continue to support neighborhood associations and volunteer initiatives and to host community forums and workshops
3. Develop a workplan to make more documents available online and to improve our website’s ease of use
4. Advance public engagement with online service requests, survey tools and social media platforms

PROGRESS INDICATORS:	2011	EST. 2012
a. Percent of residents who believe the City is moving in the right direction	71%	72%
b. Percent of residents somewhat/very satisfied with the City’s efforts to keep residents informed	67%	67%
c. Number of citizen volunteer hours	19,530	16,449
d. Number of documents available on the City’s website	9,576	12,000
e. Number of annual website visits;	77,400	100,000
f. Number of Facebook “likes”	545	650
g. Number of service requests responded to through the SeeClickFix app	3	225

2013 BUDGET HIGHLIGHTS

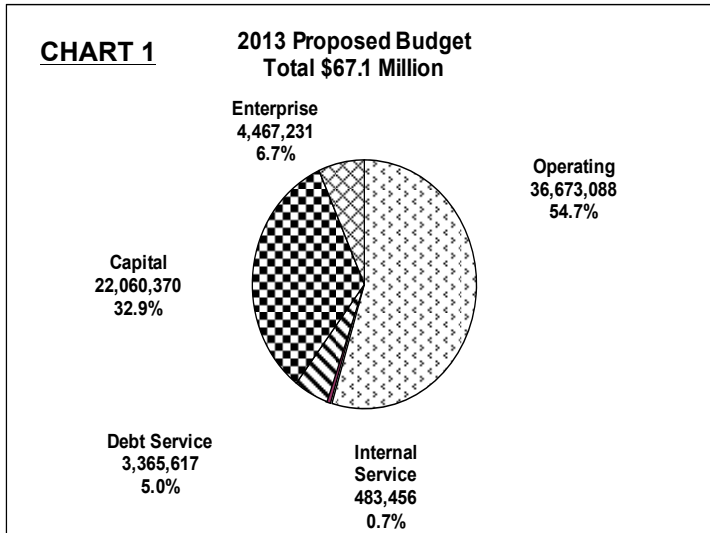

Budget Highlights

The City's 2013 budget is balanced in all funds and totals \$67.0 million. The 2013 budget is \$2.3 million or 3.6% more than the current 2012 Budget (2012 Proposed Budget plus all subsequent changes). This increase can be linked to the \$4.1 million increase in the City's capital budget from 2012 to 2013. New major projects such as the purchase of the Maintenance Facility are included in the 2013 budget.

Table 1 summarizes the 2013 budget and provides a comparison to the 2012 budget by fund. The 2012 budgeted expenditures represent the adopted budget and any budget amendments, such as re-appropriations, that have been adopted by the City Council through September 2012.

TABLE 1

Fund	2013 Proposed Budget			2012 Current		12-13 % Change
	Beginning Fund Balance	Revenue	Expenditures	Ending Fund Balance	Budget Expenditures	
Operating Funds:						
General Fund	7,195,752	\$ 33,056,429	\$ 34,193,842	\$ 6,058,339	\$ 34,638,651	(1%)

Sub-Total Internal Service Funds	2,273,008	589,241	483,456	2,378,793	699,982	(31%)
Total City Budget	\$ 23,575,261	\$ 67,167,537	\$ 049,762	\$ 20,693,036	\$ 64,712,330	4%

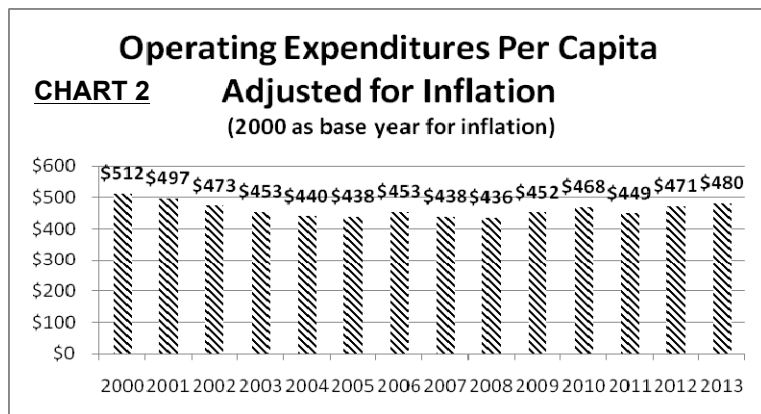

The budget can be divided into five parts: Operating, Internal Service, Debt Service, Enterprise and Capital as shown in Chart 1. The City's operating budget represents the cost of providing services to the Shoreline community on a day-to-day basis and includes such items as public safety (police, court, jail), park maintenance, recreation programming, street maintenance, street lighting, land use planning, permitting, communications, emergency management, and administration. The debt service budget is the annual repayment of the 2006 voter approved park bonds and the 2009 councilmanic

bonds issued to pay for a portion of the new City Hall. The enterprise budget consists of the operation and capital improvements of the surface water utility. The capital budget represents the cost of making improvements to the City's facilities, parks, and transportation systems. Internal service funds represent transfers between funds (Vehicle Operations, Equipment Replacement, and Unemployment Funds) to fund maintenance and replacement of City equipment and unemployment claims.

The 2013 operating budget (General and Street Funds) totals nearly \$36.4 million; approximately \$435,568 or 1.2%, less than the 2012 current budget. The 2013 operating budget includes nearly \$1.1 million in one-time transfers to other funds. Excluding these transfers results in a 2013 operating budget of \$35.3 million, which is just over \$1.5 million, approximately 4.2%, less than the 2012 budget. Table 1 reflects a \$491,068, 1.3% decrease in the General Fund budget for 2013.

Chart 2 shows the cost of providing City services on a per capita basis, adjusted for inflation, since 2000. In 2013 the projected cost per capita is \$480, approximately \$32 (6.3%) lower than in 2000.

The projected 2013 General Fund ending fund balance (reserves) is nearly \$6.1 million, with an additional \$897,208 budgeted as a budget and insurance contingency. This complies with the City's adopted reserve policy. This basically requires that the General Fund maintain a reserve level of \$4.4 million for cash flow and budget contingency purposes.

In addition to the General Fund reserves, the City's Revenue Stabilization Fund is projected to have an ending 2013 fund balance of \$5.2 million. The projected ending 2013 balance equates to approximately 37% of budgeted 2013 economically sensitive revenues. This is above the City's reserve policy requiring that this fund be maintained at 30% of the budgeted economically sensitive revenues.

The 2013 Surface Water Utility budget is projected to decrease by nearly \$1.1 million, 19%. This is a result of the change in capital activity from 2012 to 2013.

The City's 2013 capital budget, exclusive of projects budgeted within the Surface Water Utility Fund, will increase by \$4.1 million, 22.7% from 2012 to 2013. The primary reason for the increase is the Maintenance Facility acquisition and the Aurora Ave N. improvements between 192nd and 205th being constructed during 2013. The capital budget reflects the projects that are proposed in the 2013-2018 Capital Improvement Plan included in this book.

2013 Budget Highlights include the following:

- ◆ **Regular Property Tax Levy:** The 2013 regular property tax levy totals \$9.4 million. This is a decrease of \$641,723, or 6.4%, from 2012. Shoreline Proposition 1 included an annual escalator based upon the CPI-U index (2.7%).

The assessed valuation estimates from the King County Assessor including new construction reflect a 6.7% reduction in city-wide valuation. This will cause the levy rate to remain at \$1.60 per \$1,000 of assessed valuation resulting in a 2013 property tax levy that is 6.4% lower than the current 2012 levy.

- ◆ **Fee Changes:** The 2013 budget reflects proposed inflationary fee increases of 2.7% for development fees, license and public record fees, and for some Parks fees. Surface water fees are being increased by 3.0%.
- ◆ **Personnel Costs:** The 2013 budget reflects a 2.7% increase, \$398,389, in personnel associated costs. Table 2 summarizes the changes with a more detailed explanation following.

TABLE 2

2013 Budget Changes

	2012 Current Budget	2012 Personnel Changes	Extra-Help, OT, Standby and Callback Pay Changes	Step Increases	Market Adjust.	Increase in Retirement (PERS)	Increase in Health Premium	New Positions / Recl. / Elimination	2013 Budget	2013/2012 Change	% Change
Salaries	\$ 10,804,102	\$ (33,872)	\$ 9,885	\$ 60,235	\$ 235,428			\$ (142,825)	\$ 10,932,953	\$ 128,851	1.2%
Benefits	3,707,144	(18,640)	-	9,035	34,604	93,265	177,481	(26,206)	3,976,682	269,538	7.3%
Total	\$ 14,511,246	\$ (52,512)	\$ 9,885	\$ 69,270	\$ 270,032	\$ 93,265	\$ 177,481	\$ (169,031)	\$ 14,909,635	\$ 398,389	2.7%

- ◆ The major changes in personnel costs include a combination of the following:
 - The salaries budget is increasing by \$128,851 or 1.2% in 2013. The salaries budget includes both regular (benefited) and extra-help personnel (non-benefited).
 - Regular salaries: The budget for regular salaries will total \$10.1 million in 2013. This is an increase of \$118,966, or 1.2%, when compared to the 2012 budget. Approximately 30% of regular employees are eligible to receive a step increase in 2013, and \$60,235 of the projected increase is linked to anticipated step increases. In calculating a recommended COLA for 2013 staff compared the change in CPI-U from June 2011 to June 2012 (2.7%). The City's policy has been to budget for a COLA of 90% of the change in inflation, resulting in a 2013 recommended COLA adjustment of 2.4%. The budget impact is \$235,428. Additionally a net decrease of \$142,825 was a result of changes in positions in the 2013 budget.
 - Extra-Help salaries: The extra-help salary budget is increasing by \$10,149, or 1.4%, and totals \$723,836 for 2013.
 - Overtime: The City's overtime budget totals \$49,700 or approximately 0.45% of the total salary budget.

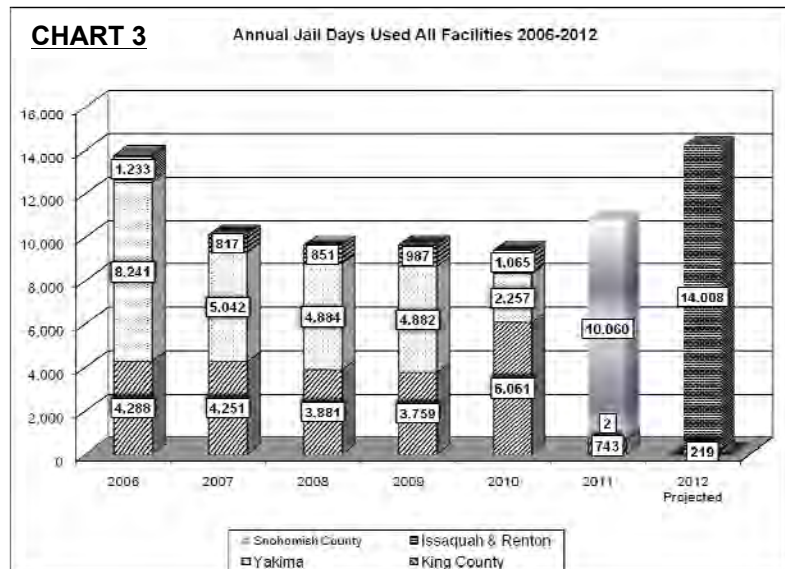

- The total cost for employee benefits is projected at \$4.0 million for 2013. This is a \$269,538 (7.3%) increase compared to the 2012 budget. The changes are related to the following:
 - Benefit costs will increase by \$24,999 in 2013 as a result of changes in 2012, cost of living increase and projected step increases in 2013. These benefit changes primarily affect social security, Medicare, and retirement contributions.
 - The 2013 budget for health benefit costs included an increase of \$177,481 or 7.34%.
 - The Washington State Public Employees Retirement System (PERS) employer contribution rate went from 7.07% to 7.25% effective September 1, 2011. That rate continued until April 1, 2012 when it decreased to 7.08%. On September 1, 2012 the rate was increased again to 7.21%. It is anticipated that the rate will change again on July 1, 2013 to 9.03% and will continue to increase over the next few years to meet the actuarial projections for the retirement plans over the long-term. Employee contribution rates will also increase. The 2013 rate change will result in a \$93,265 increase in the City's retirement contributions. The following table shows the most recent projected employer rate changes:

<u>PERS Employer Contribution</u>	<u>Current Rate</u>	<u>Effective 7-1-13</u>	<u>Effective 7-1-14</u>	<u>Effective 7-1-15</u>	<u>Effective 7-1-16</u>
State Actuary Proj. Rates	7.25%	9.03%	9.44%	9.69%	9.69%

- ◆ **Police Contract:** The projected 2013 contract with King County for police services is \$10.4 million. The 2013 contract is projected to increase by \$138,011, or 1.4%, as compared to the 2012 contract. As negotiations for the 2013 guild contract are still ongoing at this point the budget is based on a 2.5% increase (per original assumptions provided by the King County Sheriff's Office).

The contract with King County provides that the Sheriff's Office give an estimate of the 2013 costs by September 2012, and then reconcile this cost with the budget adopted by the County in March of 2013. Whichever cost is less is the amount that the City will actually pay via contract charges in 2013. As a result of this process, it is not unusual that the City's budget may be slightly different from the actual annual contract with King County.

- ◆ **Jail:** Projected jail costs for 2013 are \$1.0 million. This is a 10.4% (\$120,000) decrease when compared to the 2012 budget. In 2010 jail usage was unusually high as a result of fewer misdemeanants being released on their personal recognizance. Jail activity is not cyclical or seasonal in nature; therefore it is difficult to project. However, a 12-month average of July 2011 through June 2012 has been used in developing the 2013 projected usage. Most jail days are now occurring in the Snohomish County jail where the rates are substantially lower for both booking and daily maintenance fees than those charged by King County.

- ◆ **Budgeted Contingency Expenditures:** The 2013 operating budget includes the required budget and insurance deductible contingencies. Per the City's financial policies, these contingencies total \$897,208 and are funded by allocating a portion of the existing fund balance in the General Fund. The 2013 budget also includes an additional contingency of \$192,698 for unanticipated needs.
- ◆ **City Hall Debt Service Costs:** The 2013 budget includes \$1.7 million in debt service costs for City Hall, of which \$386,370 is paid directly by the Federal Government as the subsidy for the Build America Bonds (BABs). The remaining \$1.3 million in payment is from the City's General Fund, based on monies previously budgeted for rent payments for City Hall and Annex (\$476,253), real estate excise tax (REET) collected in the General Capital Fund (\$580,541), and an additional General Fund allocation of \$217,403 to offset lower than anticipated REET funding. The City Council authorized staff to use up to \$750,000 of REET towards the City's debt service costs for City Hall. The 2013 budget does not include any anticipated lease revenue from the vacant space in City Hall.
- ◆ **Support for Contracted Services:** The 2013 budget includes funding for the operation of the Kruckeberg Botanic Garden, funding for the Shoreline-Lake Forest Park Arts Council, the Shoreline Historical Museum and additional funding for the Shoreline/Lake Forest Park Senior Center.
 - ◆ *Kruckeberg Botanic Garden:* The 2013 budget includes \$40,000 to fund the long-term operational plan for the Gardens between the City and the Kruckeberg Botanical Garden Foundation. Although the Foundation would like additional funding it is important to remember that the City is also funding a \$189,000 parking lot/sidewalk/entry pathways project on this site.
 - ◆ *Shoreline-Lake Forest Park Arts Council and Shoreline Historical Museum:* The 2013 budget includes \$60,000 in funding for both of these organizations to provide services to the Shoreline community and to partner with the City for special events.
 - ◆ *Senior Center:* The 2013 budget includes \$18,000 in continued funding.
- ◆ **Capital Programs:** The City's 2013 capital budget reflects the first year of the City's proposed 2013-2018 capital improvement program (CIP).

More detailed information regarding changes within the 2013 budget can be found in the individual department sections of the budget.

Fiscal Capacity

As a City, we are challenged by currently limited fiscal capacity. Shoreline is primarily a residential community, with just under 90% of our City assessed valuation in residential properties. Chart 4 shows a comparison of tax per capita with comparable cities using 2011 data (the most recent year for

CHART 4

audited financial data). Shoreline ranks 8th out of 13 comparable cities in per capita tax revenues. We also have relatively low sales tax revenue per capita, \$113 in 2011, as compared to many other jurisdictions of similar population. This is especially true with those jurisdictions that have much larger retail centers within their communities. Some of these jurisdictions operate their own fire departments. If the City of Shoreline per capita tax collections included the Fire District's property tax collections, the per capita tax collections would be \$638, approximately 6th out of the 13 comparable cities.

Economic Outlook & Revenue Growth

After an extended economic downturn affecting local, national, and global economies, the City is seeing a gradual upturn in 2012. Retail and other sales are up. Construction activity is rebounding. Economic forecasts for the Puget Sound area are positive. The only other area that is still down is real estate, an area that directly impacts Shoreline's property tax revenues. Several trends in the Puget Sound area highlight this upturn as follows:

CATEGORY	REGION			DISCUSSION				
	Puget Sound	King County	United States					
Annual Rate Between								
EMPLOYMENT								
2011-2014	2.5%	2.5%	1.8%	Between 2011 and 2014, employment will advance at annual rates of 2.5% throughout the Puget Sound and King County and 1.4% throughout the nation.				
UNEMPLOYMENT								
2012-2013	(0.1%)	(0.2%)	(0.3%)	Between 2012 and 2013, unemployment will drop 0.1% to 7.4% for the Puget Sound and will drop 0.2% to 6.8% for King County.				
ALL TAXABLE RETAIL SALES								
2011-2014	5.7%	5.8%	N/A	Between 2011 and 2014, retail sales will grow at annual rates of 5.7% throughout the Puget Sound and 5.8% throughout King County.				
TOP RETAIL SALES CATEGORIES (2011-2014)								
Building Materials	10.5%	N/A	N/A	Between 2011 and 2014 throughout the Puget Sound, retail sales will grow at annual rates of 10.5% for building materials, 6.2% for motor vehicles and parts, and 4.4% for general merchandise.				
Motor Vehicles	6.2%	N/A	N/A					
General Merchandise	4.4%	N/A	N/A					
HOUSING PERMITS (2011-2014)								
All Permits	26.0%	34.0%	20.5%	Between 2011 and 2014, the number of housing permits pulled will grow at annual rates of 26.0% throughout the Puget Sound, 34.0% throughout King County, and 20.5% throughout the nation.				
Single-Family Permits	33.8%	N/A	N/A	Between 2011 and 2014, the number of single-family housing permits pulled will rise at a 33.8% annual rate and the number of multi-family housing permits will rise at a 19.1% annual rate.				
Multi-Family Permits	19.1%	N/A	N/A					
PERSONAL INCOME								
2011-2014	5.0%	4.7%	4.3%	Between 2011 and 2014, personal income will rise at annual rates of 5.0% throughout the Puget Sound, 4.7% throughout King County, and 4.3% throughout the nation.				
PERSONAL INCOME PER CAPITA		vs. Region	vs. King County	vs. National Average		vs. Region	vs. King County	vs. National Average
	2011				2014			
Puget Sound	\$ 50,761	N/A	(11.7%)	22.6%	\$ 56,587	N/A	(12.0%)	23.5%
King County	\$ 57,497	13.3%	N/A	38.9%	\$ 64,305	13.6%	N/A	40.4%
United States	\$ 41,394	(18.5%)	(28.0%)	N/A	\$ 45,813	(19.0%)	(28.8%)	N/A
In King County, per capita income will climb from \$57,497 (38.9% above the national average) in 2011 to \$64,305 (40.4% above) in 2014.								

Source: The Puget Sound Economic Forecaster History and Ten-Year Forecast; September 2012

Despite these promising indicators, it is important to remember that the recovery is starting from historic lows. As a result, it takes time to return to activity levels existing before the recession. When adjusted for inflation, and considering revenue limitations imposed by the State legislature and statewide initiatives, we need to understand that recovery will be a long slow process.

Overall revenues for the General Fund and Street Fund are budgeted at \$34,160,922 for 2013. This is a \$868,439 (2.5%) decrease from the 2012 budget (amount excludes budgeted use of fund balance and transfer from General Fund to Street Fund).

Property Taxes

Property taxes represent 29.3% of the City's General Fund operating revenue. The City's 2013 budgeted regular property tax levy is \$9.4 million. There are a number of taxing districts that collect property taxes from Shoreline property owners. The City of Shoreline receives 13% of the total property taxes paid. This includes the City's regular levy used to fund City services and the 2006 voter approved Park bonds.

The bond proceeds were used to acquire open space and make a variety of park and trail improvements throughout the City.

As a result of assessed valuation increases outpacing the increase in the property tax levy, the City's property tax rate dropped every year between 2003 and 2009 (Chart 6). This trend changed in 2010 when the City's assessed valuation fell by 15.1%, by 0.7% in 2011, and by 4.9% in 2012. The King County Assessor's Office is projecting that the assessed valuation will fall again by 6.7% in 2013. Shoreline Proposition 1 included a provision to increase the City's annual property tax levy by the change in the June to June Consumer Price Index for All Urban

Consumers for the Seattle Area (CPI-U) for years 2012 through 2016. This index increased by 2.70% between June 2011 and June 2012. Statutorily, the City's maximum property tax levy rate is \$1.60 per \$1,000 assessed valuation. Based on the assessed valuation decrease of 6.7%, and assuming the 2012 levy was increased by 2.70%, the resulting property tax levy rate would exceed \$1.60. Since this is not allowed, the 2013 tax levy will remain at \$1.60.

The average home value assumed for 2012 was \$276,000. Assuming a regular property tax rate of \$1.60 per \$1,000 assessed valuation, the average homeowner will pay \$442 in property taxes for City services in 2013.

In May 2006 Shoreline voters authorized the issuance of \$18.8 million in general obligation bonds for open space acquisition and park and recreation related improvements. Property owners are assessed a separate levy to repay the bonds. The 2013 debt service levy is projected to be \$1.5 million which will result in a levy rate of approximately \$0.255 per \$1,000 assessed valuation. The owner of an average home will pay approximately \$70 in 2013 towards the repayment of the park bonds, down \$5 (6.7%) from 2012.

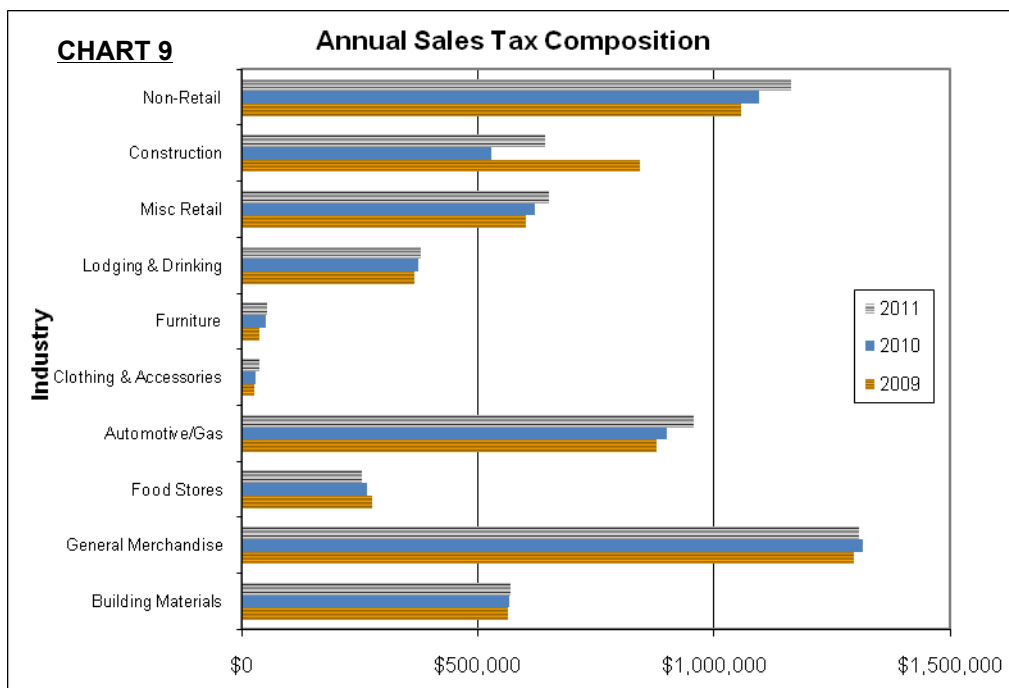

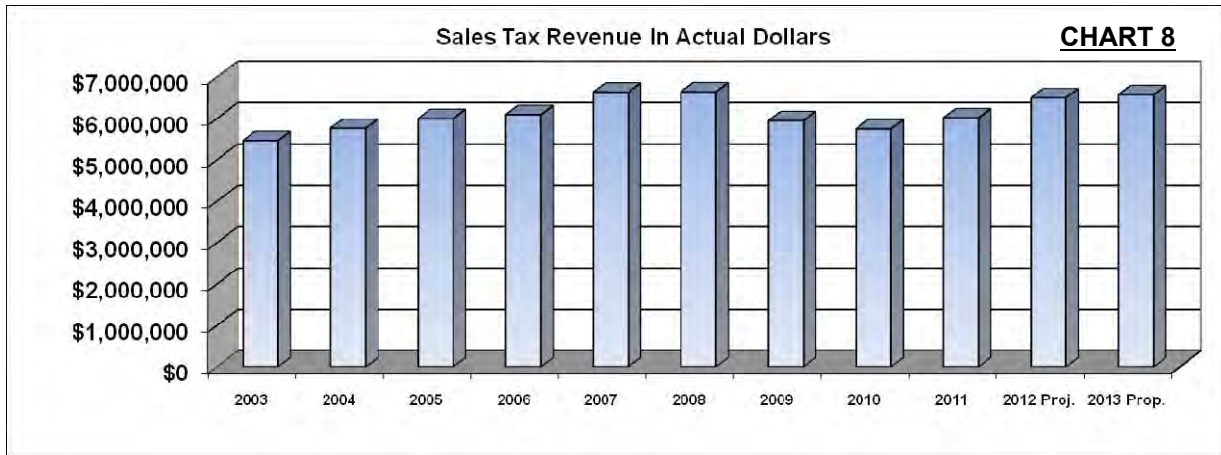

Utility Tax, Franchise Fees & Utility Contract Payments

Utility taxes, franchise fees, and contract payments from utility providers (combined), are the second largest source of revenue (25.6%) for the City's general fund. These revenues are projected to decrease by approximately 1.1% when compared to projected 2012 collections (Chart 7). Utility taxes and franchise fees are expected to decline from water (3.7%) and cable (7.4%) providers. Utility taxes are projected to increase 1.3% from garbage services, based on projected rate increases, and 1.9% from telephone providers. Contract payments from Ronald Wastewater (sewer) are projected to increase by 3.0%. Contract payments from Seattle City Light are expected to increase by 3.3% based on projected rate increases. Storm Drainage revenues are expected to increase by 4.0% due to a requested rate increase. Utility tax collections for natural gas are projected to decrease by 8.00% from 2012 projections.

Sales Tax

General sales tax, the third largest revenue source for City operations (20.5%), totals \$6.6 million for 2013. Between 2003 and 2011 the City's annual sales tax growth averaged 2.0% on an actual basis. As a result of the economic recession sales tax collections fell by 9.4%, or 626,377, from 2008 to 2011. Revenue collections have turned around for 2012, although it is important to note that the increase reflected in Chart 8 is mostly attributable to one-time revenue from the construction of two new high schools and the Ballinger Way Portal site's odor control facility for the Brightwater Conveyance System. Revenue collections in 2013 are projected to increase by \$74,800 (2%), compared to the 2012 projection, and by \$273,382 (4.3%), compared to the 2012 budget.

Shoreline's tax base consists largely of basic consumer goods, and therefore our sales tax collections were fairly consistent prior to the recession. As can be seen in Chart 9, the recession resulted in a significant reduction in construction and building material sales taxes. Automobiles are among the highest valued items purchased in the Shoreline sales tax base. This sales category held fairly steady even during the height of the recession. There was some growth in automobile sales in 2011, and staff members will continue to monitor this area closely.

Staffing

The 2013 budget provides funding for 132.2 regular full-time equivalent (FTE) positions, excluding City Council members.

The City's 2012 ratio of employees per 1,000 population is 2.55. As chart 10 depicts, a comparison of staffing to population shows the City of Shoreline staffing levels significantly below many comparable cities, and below the average of 2.90 for all cities. These ratios have been adjusted to exclude fire, police, special programs and utility personnel from comparable cities.

Capital Budget

The 2013-2018 Capital Improvement Program (CIP) is included with the budget and is nearly \$63.4 million, while the 2013 capital budget, including surface water projects, totals \$23.9 million.

The CIP covers projects over \$10,000 and includes buildings, land acquisition, park facilities, road and transportation projects, and drainage system improvements. Much of the capital improvement activity is funded through contributions from the General Fund, real estate excise tax (REET), federal grants, and Public Works Trust Fund Loans.

Chart 11 provides a breakdown of the allocation of capital spending for 2013 through 2018. The change in spending can vary significantly from year to year based on available resources to complete projects and the impact of previously completed capital projects on the City's operating budget. Capital spending is expected to drop significantly beginning in 2015. This is mostly attributable to the completion of the Aurora Avenue North street improvement projects.

2013-2018 Capital Improvement Program

CHART 11

Detailed information on the CIP may be found in the Capital Improvement Program section of this budget document.

City Budget Summary

Listed below are the resources and expenditures for all City funds. City Resources shows all revenue by category. City Expenditures lists the operating uses by department and functional area. The Operating Budget represents expenses necessary to run the City government on a daily basis. Contingencies represent funding that set aside for potential or unforeseen expenditures that may occur. Capital Improvements are the purchase land, construction of a building, major street construction or reconstruction, or drainage system improvements. Transfers to Other Funds represent transfers of appropriations from one City fund to another City fund for services or the transfer of funds for capital purposes from the operating funds to the capital funds. Revenue and expenditures are recorded in both funds. Ending Fund Balance represents the reserves that are available to the City at the end of any given year. These reserves represent both reserves for unanticipated events and reserves designated for future capital purposes.

	2010 Actual	2011 Actual	2012 Current Budget	2012 Projected	2013 Proposed Budget	\$ Change From 2012 Budget	% Change from 2012 Budget
Resources:							
Beginning Fund Balance	\$34,737,572	\$26,967,428	\$27,365,842	\$27,365,842	\$23,575,241	(\$3,790,601)	(13.85%)
Revenues:							
Property Tax	7,541,918	9,846,551	10,051,000	10,051,000	9,409,277	(\$641,723)	(6.38%)
Sales Tax	5,745,755	6,014,243	6,301,418	6,500,000	6,574,800	273,382	4.34%
Utility Tax & Franchise Fees	6,256,547	6,409,302	6,268,255	6,268,255	6,404,749	136,494	2.18%

2013 City Revenue Sources

Introduction

The City of Shoreline receives revenues from local property, sales, utility, and gambling taxes; a variety of population based state-shared revenues; user fees for development services and parks programs; and grants, fines, and other miscellaneous revenues. In 2013, the total budgeted revenue for all of the City's funds is \$67,322,367. The total revenue includes the budgeted use of beginning fund balances and transfers between funds. This is slightly higher than the total expenditures of \$67,049,762. The Equipment Replacement Fund is projected to have higher budgeted revenues than expenditures. The excess revenues will remain in the fund balance until they are used at a later date.

General Fund

General Fund Revenue Sources

In 2013, the General Fund resource base is \$34,193,293. This is made up of the budgeted use of fund balance (\$1,137,413, 3.3%), operating revenues (\$32,110,384, 93.9%), and transfers-in (\$946,045, 2.8%) from other funds for their share of the General Fund overhead.

General Fund Operating Revenue Breakdown

Property Tax

Property tax revenue for 2013 is budgeted at \$9,409,277 and represents 29.30% of the General Fund operating revenues. The 2012 projected property tax is \$10,051,000 and represents 30.52% of the projected General Fund operating revenues. Revenue is projected to decline by \$641,723, or 6.38%, as compared to the 2012 projection.

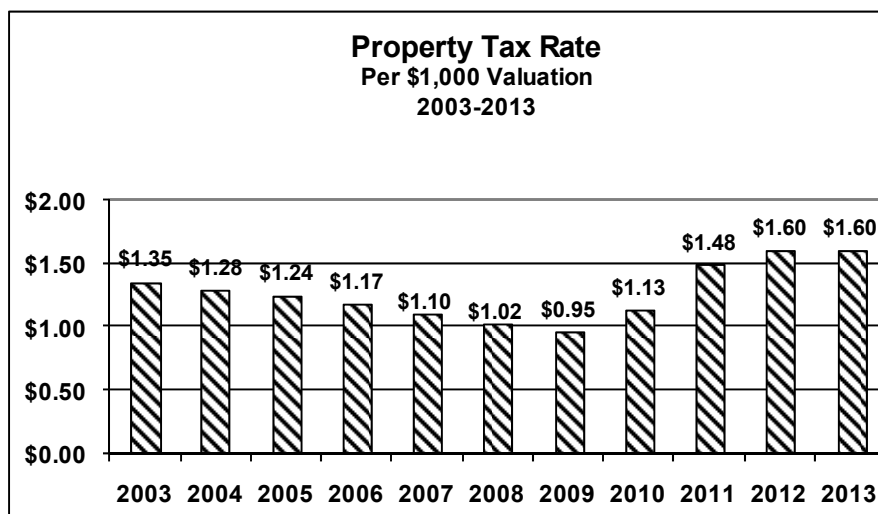

Shoreline voters approved Proposition 1 in November 2010 which set a property tax rate of \$1.48 per \$1,000 assessed value for 2011. It also included an annual escalator based upon the change in the June to June Consumer Price Index for All Urban Consumers for the Seattle Area (CPI-U) for years 2012 through 2016. At the time that Proposition 1 was before voters, staff assumed that the assessed valuation for 2012 taxes would increase by approximately 2.3%. In fact, the assessed valuation actually dropped by 5.1%. This resulted in the levy increasing from the 2011 rate of \$1.48 per \$1,000 to the maximum levy rate of \$1.60. This created a situation where the City's total property tax levy can only increase through new construction and growth in the City's assessed valuation.

The assessed valuation including new construction for 2013 is estimated to be \$5,940,200,143 which is 6.73% less than the 2012 valuation of \$6,369,056,196. This will cause the levy rate to remain at \$1.60 per \$1,000 of assessed valuation resulting in a 2013 property tax levy that is lower than the current 2012 levy. In future years, we expect to see assessed valuation increase again. For 2014, we are projecting AV growth of 8.6%; 4.5% growth in 2015; 3.3% growth in 2016 – 2017; and 2.6% growth in 2018. Due to the drastic drop in assessed valuation over the past few years, the City will not enjoy the expected increase in property tax due to the passage of Proposition 1 over the six year period.

The current 2012 City of Shoreline property tax levy rate of \$1.60 per \$1,000 of assessed property value (AV does not include levies for the school district, library district, fire district, County, Port, State or other agencies. When all the taxing jurisdictions levy rates are included the total levy rate is \$14.27 per \$1,000 AV. A homeowner of an average valued residence \$276,000 is currently paying a total of \$3,937 per year in property taxes. The City receives 13% of the property tax levied, which would equate to \$442. This includes both the regular and voted tax levies.

The projected excess voted levy rate for 2012 is projected to be \$0.25 per \$1,000 valuation.

The following charts provide information regarding the City's property tax levy rate and the allocation of the total levy rate for all taxing districts within Shoreline.

What a City Property Owner Pays in 2012

Property Tax Rate

Sales Tax

Sales tax revenue in 2013 will account for 20.48% of the total 2013 General Fund operating revenues. In 2013 sales tax revenue is expected to grow by \$273,382, or 4.34% from the 2012 budgeted amount of \$6,301,418. Revenue collections have turned around for 2012, although it is important to note that the increased projection is mostly attributable to one-time revenue from the construction of two new high schools and the Ballinger Way Portal site's odor control facility for the Brightwater Conveyance System. Without receipts from those projects, we would not anticipate any growth in sales tax collections for 2012. Projected collections for 2012 total \$6,500,000, which is an increase over 2011 of \$485,757, or 8.08%. Actual collections in 2011 totaled \$6,014,243 which was up from 2010 collections by \$268,488, or 4.67%.

Shoreline's tax base consists largely of basic consumer goods, and therefore our sales tax collections had been fairly consistent prior to the recession. The recession resulted in a significant reduction in construction and building material sales taxes prior to 2011. Automobiles are the most expensive item in the Shoreline sales tax base, and these sales held fairly steady even during the height of the recession, but there was some growth in automobile sales during 2011 that continues through 2012. We will continue to be conservative in our future projections and use a rate of growth of 2.22% in 2014, 3.84% in 2015, 3.53% in 2016, 3.46% in 2017, and 3.25% in 2018.

Sales Tax Historical Comparisons

Gambling Tax

Gambling tax rate limits are set by the state and vary by game. In 1998, the State allowed the opening of “mini-casinos” and expanded the number of card rooms and the betting limits. This expansion resulted in 76% and 48% revenue increases in 1998 and 1999. For the next few years, gambling tax revenues stabilized at around \$2.5 million. A new mini-casino was opened during the fourth quarter of 2003. This resulted in a total collection of \$2.86 million in 2003. Actual revenue for 2004 totaled \$3,321,060 an increase over the prior year of \$465,779.

The City’s gambling tax revenues come from card room and pull-tab activity. In 2005 the City lowered its tax rate on card games from 11% to 10% and in 2006 the tax rate was further lowered temporarily to 7% for a nine month period beginning in July 2006, as card room gross receipts fell by 17.6% or \$2.3 million in gross activity. The goal of the tax reduction was to enable the casinos to operate in a profitable position as business recovered from the impacts of road construction and the state-wide smoking ban. In 2007, collections were down from 2006 by \$22,241 or 1.1%. Even though the tax rate returned to the 10% level in April, the activity level did not return to its previous level. Gambling tax payments totaled \$1,916,451 in 2008, down from 2007 by \$81,552 or 4.08%. Collections during 2009 totaled \$1,786,316 below 2008 by \$130,135. Collections were down again in 2010 for a total of \$1,339,859 mostly due to uncollected taxes that were paid later in 2011 and 2012. For 2012, we are projecting to collect \$1,749,559, which is an increase of \$99,648 over 2011 collections mostly due to a slight increase in overall card room and pull-tab activity, as well as payments on a new promissory note. The total 2012 one-time revenue that will be received based on the new promissory note will be \$92,458. For 2013, we are projecting to collect \$1,755,451, which is an increase of \$5,892, as we expect gaming activity to again increase slightly and that the City will continue to receive promissory note payments during 2013 for prior year taxes, penalties and interest totaling \$288,397. Staff has assumed no growth in future years in tax collections so a baseline of \$1,557,224 is assumed. Promissory note payments have been included in 2014 projections.

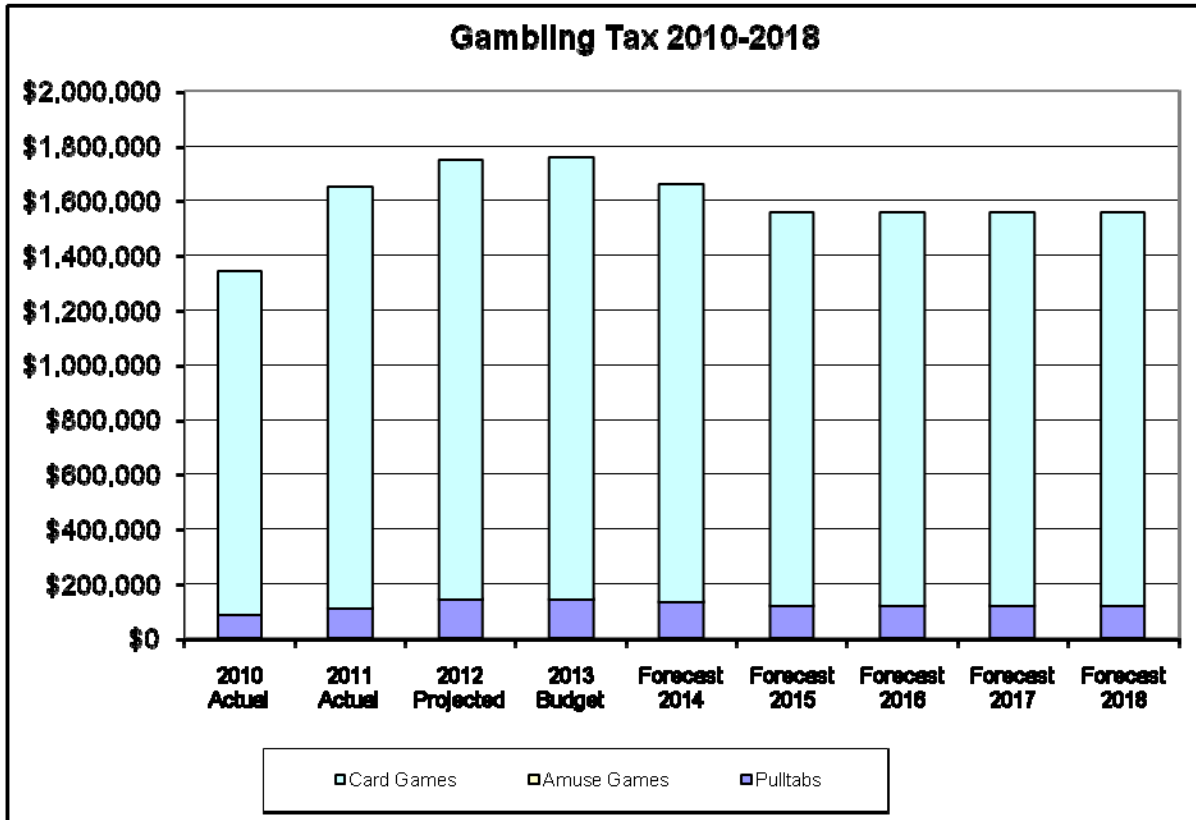

The City Council has a policy to retain only an amount equal to a 7% card room tax rate in the General Fund’s on-going revenue base. An amount equal to the remaining 3% is transferred to capital funds to be used for one-time capital improvements. This policy was adopted in response to several attempts by the State Legislature to lower the allowable City tax rate. The City Council policy limits the General Fund’s reliance on this revenue source for general operations of the City.

For 2013, the amount transferred to capital will continue to be lowered as the Transportation Planning Program was moved, beginning in 2012, from the Roads Capital Fund to the General Capital Fund. Therefore, the amount of the transfer is lowered by the amount required to fund this program. The estimated transfer for 2013 is \$278,519.

Utility Taxes

The Council enacted a 6% utility tax on natural gas, telephone, cellular telephone, pager services, and sanitation services along with a 1% utility tax on cable effective in 2000. In 2005 a 6% utility tax was applied to storm drainage and the tax rate for cable television was increased to 6% on July 1, 2007. Projected revenues in 2013 from utility taxes are \$4,180,630, or 13.02% of the total General Fund operating revenues. This is an increase of \$75,605, or 1.84%, when compared to projected 2012 utility tax revenues.

- In the natural gas category, 2013 revenues of \$966,946 are projected to be higher than 2012 projections based on projected inflation.
- Revenues from telephone or communication services are expected to increase from 2012 to \$1,704,878. This category has declined since 2010 possibly due to the recession, but most likely due to competition and the change in use of technology.
- Sanitation utility tax revenues for 2013 are projected to increase slightly when compared to 2012 projections based upon current inflation rates as allowed under the contract.
- 2012 cable television utility tax revenues are expected to increase from 2012 to \$809,181.
- Revenues from the storm drainage utility tax are projected to increase by 3.0% if the requested surface water fee rate increase is approved by Council. This will equate to collections in 2013 of \$201,648. Future rates are estimated to increase by 3% each year for 2014 and 2015, by 4.0% for 2016, and by 5.0% for 2017 and 2018.

Utility Tax Historical Comparisons (continued)

Public Utility Contract Payments /Franchise Fees

The City has entered into agreements with many of the public utilities that provide services to our citizens. Agreements have been reached with Seattle City Light, Seattle Public Utilities (Water and Sewer), Shoreline Water District, and Ronald Wastewater District. With the exception of Seattle City Light, these utilities pay a contract fee to the City in an amount equal to six-percent of their revenues. Until April 1, 2008 Seattle City Light (SCL) paid six-percent of the “power” portion of the electric revenues. On April 1, 2008, SCL began to pay a 3% contract payment on the “distribution” revenues. That rate increased to 6% on January 1, 2009 which ultimately resulted in a 6% payment on total electrical revenues. For residential customers the power portion of charges for electricity is approximately 60% of the total, as the remaining 40% is linked to the cost of distribution of electricity.

The total projected 2013 revenue from contract payments is \$4,053,620, which equates to 12.62% of the total General Fund operating revenues. This is an increase of \$89,700, or 2.26% from projected 2012 revenue.

- Electricity contract payments from Seattle City Light (SCL) are expected to grow by \$28,811, or 1.60% in 2013 due to a proposed rate increase. For future years we assume modest annual growth between 1.87% and 2.46%.
- Projected sewer contract payments are \$786,127 for 2013. This is based on the City’s agreement with the Ronald Wastewater District for annual increases of 3%.
- Revenues from water contract payments for 2013 are expected to increase to \$715,327. Annual future growth is projected to be between 1.87% and 2.00% which is equal to 80% of projected inflation rates
- The cable television franchise fee is set at a rate equal to five-percent of gross cable service revenues. Projected revenues for 2013 are expected to increase to \$722,665. For the period 2014 through 2018, we are anticipating modest annual growth equal to 80% of projected inflation rates.

Public Utility Contract Payments /Franchise Fees Historical Comparisons (continued)

Recreation Fees

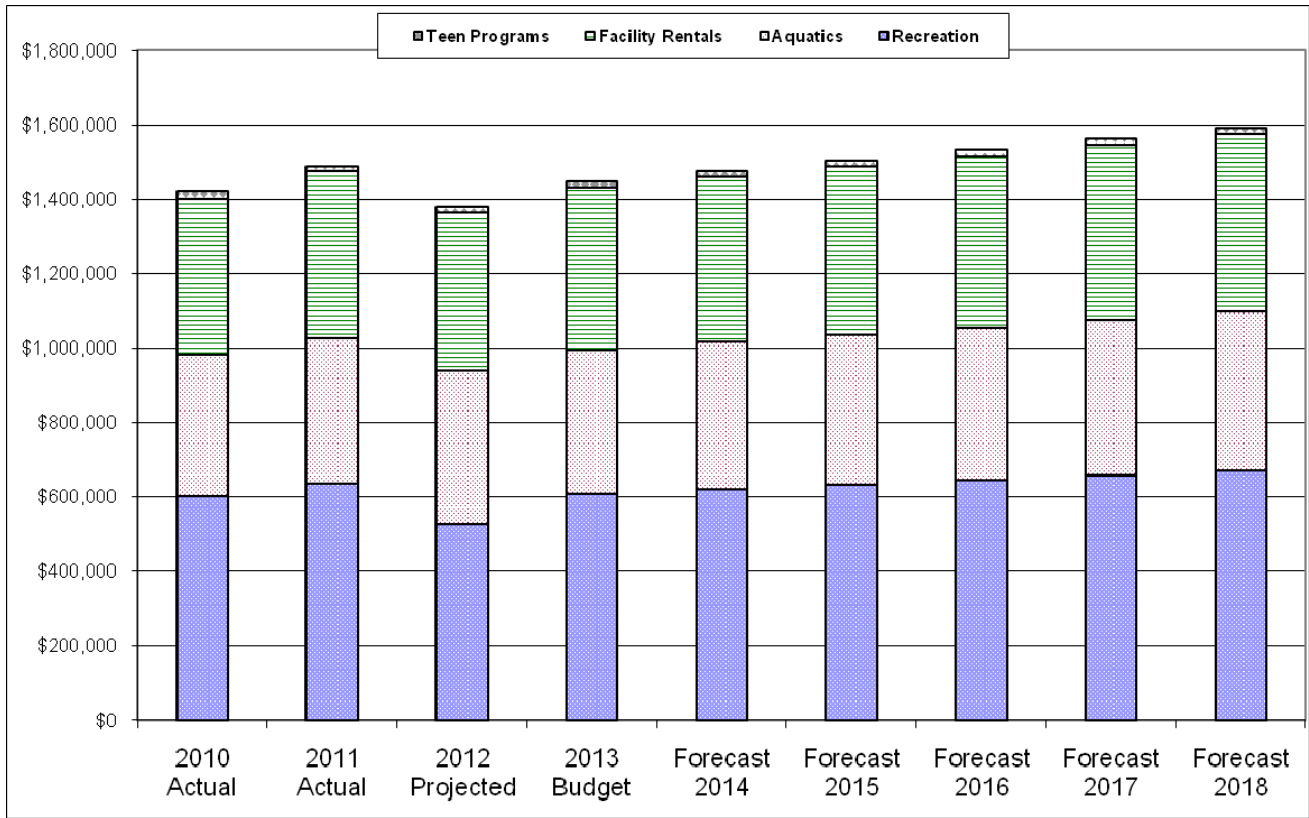

From 2004 to 2008, the City of Shoreline's recreation and aquatics programs experienced significant revenue increases due to the popularity of programs and to the extensive array of programming offered, but in 2009 revenues increased by only 3.19%. Two factors influenced recreation fees during 2009. The opening of the new YMCA facility and pool caused a slight reduction in the level of activity occurring at the Shoreline pool, specifically in the arthritis program. The level of participation in the City's summer playground program also fell below expectations as it was impacted by the recession. In 2010 collections totaled \$1,423,470 a modest 4.8% increase. In 2011 revenues exceeded 2010 collections by \$65,236 due to an increased level of activity and offering an additional week of summer activities due to a later than normal start to the school year.

2012 revenues are projected to be lower than 2011 by \$110,030, or 7.39%, due to lower levels of participation. Through the first half of 2012 we experienced decreased participation in aquatics lessons and a drop in admissions and the indoor playground. There has also been a decrease in rentals of athletic fields, the Spartan Recreation Center, and the Richmond Highlands Recreation Center. Projected 2013 revenue from parks and recreation fees total \$1,446,500 or 4.51% of the total General Fund operating revenues. This is \$67,824, or 4.92%, more than the 2012 projected revenue. Revenue projections for 2013 are conservative since pool and facility rentals are currently at full capacity and there has been some decrease in programs usage for youth sports and adult programming. During 2013, revenues from the general recreation activities are projected to increase by \$83,500, or 15.90%. Aquatics revenues are expected to decrease by \$26,157, or 6.33%. Revenues from facility rentals are expected to increase by \$10,200, or 2.40%. Projected 2013 revenue from teen activities is up by \$281, or 1.82%. Overall, recreation fee revenue is projected to grow by 1.98% for 2014, 1.90% in 2015, 1.86% in 2016, 1.97% in 2017, and 1.95% in 2018. These increases equate to 80% of the projected inflation rates.

Recreation Fee Historical Comparisons (continued)

Criminal Justice Funding

There are two sources of dedicated funding for local criminal justice programs: an optional County sales tax of 0.1% and State criminal justice funding. The State funding, prior to 2000, consisted of a combination of Motor Vehicle Excise Tax (MVET) and State General Fund dollars. Due to the repeal of the MVET by the State legislature, the MVET portion was eliminated, subsequently; the only state funding anticipated is from the State's General Fund.

The projected 2013 revenue for Criminal Justice is \$1,310,509, or 4.08% of the total General Fund operating revenues. This represents an increase of \$60,380, or 4.83% over 2012 projected collections of \$1,250,129.

The largest revenue source in this category is the Criminal Justice Retail Sales tax, which has been greatly impacted by the current recession. This tax is collected at the county level and distributed to the cities on a per capita basis. Total collections for 2011 were \$1,070,172, which was up from 2010 collections of \$1,040,899 by \$29,273, or 2.81%. For 2012, we are projecting collections totaling \$1,113,330, increasing to \$1,171,779. As the Puget Sound area continues to recover criminal justice sales tax is expected to grow by 7.13% in 2014, 5.36% in 2015, 4.65% in 2016, 4.43% in 2017, and 3.88% in 2018. The remainder of revenues in this category increase only slightly each year.

Liquor Excise Tax & Board Profits

Revenue sources in this category used to be comprised of a portion of the Liquor Excise Tax receipts collected by the State of Washington and a portion of the markups on liquor, commonly referred to as Liquor Board Profits. Much has changed with the passage of Initiative 1183 in November 2011. This resulted in the privatization of the distribution and retail sale of liquor, effective June 1, 2012. The Liquor Board Profits have been replaced as a state revenue source by license fees that are paid to the state by retailers and distributors. In addition, the legislature passed ESHB 2823, ch. 5, Laws of 2012, 2nd sp. Sess. This legislation diverts all liquor excise tax revenue that would normally be distributed to cities and counties to the State General Fund for one year beginning in October 2012. In addition to the one-time loss, beginning with the October 2013 distribution, the state treasurer will transfer \$10 million each year from the Liquor Excise Tax Fund to the State General Fund (before the distribution is made to cities and counties). For perspective, \$10 million dollars is equal to about 38% of the liquor excise tax distributions to cities and counties for 2011.

Projected 2012 revenue from these two sources totals \$726,882, which is an increase of \$95,469, or 15.12%, as compared to 2011 actual revenues. This increase is largely attributable to the State's sale of its distribution center and "auction of its stores". The "auction" should be characterized more accurately as the right to apply for a license to run a liquor store at the current location of a state store since the state did not own the store space. This is a one-time payment that may offset the loss of liquor excise tax revenue for four quarters, as discussed above. The amount projected to be received in 2013 is based upon the estimated per capita rate for the October 2013 payment provided by the Municipal Research and Services Center (MRSC). The amount projected to be received in 2014 is based on the return to a full year's worth of payments. The forecast for years 2015 through 2018 includes increases ranging from 2.13% to 2.24%

Liquor Tax Historical Comparisons

2010 Actual	2011 Actual	2012 Projected	2013 Budget	Forecast 2014	Forecast 2015	Forecast 2016	Forecast 2017	Forecast 2018

Development Fees

Fees are charged for a variety of development permits obtained through the City's Planning and Development Services Department. These include building, structure, plumbing, electrical, and mechanical permits; land use permits; permit inspection fees; plan check fees; and fees for environmental reviews. 2008 development fee revenue totaled \$1,107,017 which was down 26.7% from 2007 collections of \$1,510,190. This decline coincided with the collapse of the real estate market as prices began to fall and financing became less available. Revenue continued to decline in 2009 with total collections being only \$792,941 a decline from 2008 of 28.37%. In 2010, revenues continued to fall and totaled \$633,990, a further decline of \$158,951 or 20.05%. In 2011, revenues climbed to \$1,118,093 due to one-time revenues from two major capital projects by the Shoreline School District to construct two new high schools. Projections for 2012 exhibit some recovery in the level of development activity. After removal of the one-time projects, we are projecting an increase over 2011 of \$112,354 which is a 27% increase. Projected revenues for 2013 fall to \$869,055 as we have not included revenue from any large one-time projects. The Puget Sound Economic Forecaster assumes that building permit activity will continue to increase during 2014 and 2015 by approximately 6% - 7%. Activity is projected to decrease during 2016 – 2018, therefore revenue projections have been reduced in the later years of the forecast.

Building permit revenue, and the associated plan check revenue, is a significant portion of the development permit revenue. The following is information on the number of building permits and the valuation of the improvements that have been issued for residential, commercial and multi-family for 2003 through August 2012:

City of Shoreline Residential and Commercial Building Permits

Development Fee Historical Comparisons (continued)

Right-of-Way Permit Fees

Fees are charged for the use of the City's right-of-way. Prior to 2002, these revenues were reported with other development fee revenue. All right-of-way activity was transferred to the City's Street Fund in 2002 and to the General Fund in 2012.

Collections in 2002 totaled \$128,119; with \$114,814 in 2003; \$103,132 in 2004; \$213,514 in 2005; \$153,803 in 2006; \$153,499 in 2007; \$189,040 in 2008; \$175,306 in 2009; \$173,386 in 2010; and \$189,040 in 2011. This revenue source was affected by the drop in the level of construction activity occurring within the City during the recession. As history shows, collections can vary slightly from year to year based on the level of activity. 2012 projected revenue is expected to increase by \$52,478 from the 2011 level to \$225,864 based primarily on significant upgrades to infrastructure by local utilities. Many of these are one-time investments therefore the projections for 2013 are not expected to be as high and have been lowered to \$215,000. Future revenues are expected to rise slightly by 1.87% to 2.00% which is equal to projected inflation rates

Grants

In 2013, the General Fund is projected to receive \$191,541 in grant funding from a variety of sources to support health and human services programs, traffic enforcement, and recycling programs. The City is projecting to receive \$394,967 in grants during 2012. There are three grants that they City received this year that are not typically received each year. A grant from the Washington State Department of Ecology totaling \$60,489; Byrne Memorial Justice Grants from the U.S. Department of Justice totaling \$55,931; and an Emergency Management Preparedness Grant (EMPG) from the U.S. Department of Homeland Security in the amount of \$98,308. Typically, the City receives an annual EMPG of approximately \$20,000 - \$35,000. In a normal year, the largest grants received in the General Fund are for the Community Development Block Grant (CDBG) which funds various human services.

Street Fund

Fuel Tax

The major source of revenue for the City’s Street Fund is fuel tax. State collected gasoline and diesel fuel tax is shared with cities and towns on a per capita basis. This revenue is to be used for street repairs and maintenance. The tax is a flat amount per gallon sold. Since receipts in this category are dependent on consumption, and not price, the significant increase in gas prices has decreased the amount of fuel sold.

2011 collections totaled \$1,117,295 which was down from 2010 collections by \$59,263, or 5.04%. Revenues are projected to decrease slightly during 2012 to \$1,087,408 and increase in 2013 due to expected growth in personal income as provided by the Washington State Department of Transportation. Due to the continued decline in consumption we are projecting annual revenue decreases of 2.76%.

Fuel Tax Historical Comparison

Surface Water Utility Fund

The 2013 budget accounts for the surface water utility operations in a Surface Water Utility Fund. This fund includes revenue from storm drainage utility fees and investment interest.

Surface Water Management Fee

The City contracts with King County to collect the utility revenues via the annual property tax assessments. In 2005, the City Council adopted a Surface Water Master Plan. This plan includes operational needs and capital projects for the next twenty years to improve drainage, surface water facilities, and stream habitat within the City. This plan included a surface water utility fee structure that would support both the operational and capital needs of the utility. The annual rate for a single-family residence was \$130 for the years 2009 through 2011. It increased by 2.5% for 2012 and will increase by 3% in 2013 if approved by Council. Future year rate increases are expected to be 3% for 2014 – 2015; 4% in 2016 and 5% for 2017 and 2018. Multi-family and commercial users are charged at a rate that reflects the area of impervious surface. These rates will be increased by the same percentages as single-family residence rate.

Projected 2012 revenues are \$3,210,072. 2013 collections are expected to increase to \$3,306,374 if the rate increase is approved by Council.

Surface Water Utility Fund Historical Comparisons

2010 Actual	2011 Actual	2012 Projected	2013 Budget	Forecast 2014	Forecast 2015	Forecast 2016	Forecast 2017	Forecast 2018

Capital Improvement Fund Revenues

Real Estate Excise Tax (REET)

All real estate property sales in the county are taxed at a rate of 1.28%. A portion of these revenues, equal to a 0.5% tax rate, is distributed to the cities by King County on a monthly basis. The use of REET funds is restricted by State law. The first 0.25% of the REET tax rate must be spent on capital projects listed in the City's Comprehensive Plan. These projects could include local capital improvements, including streets, parks, pools, municipal buildings, etc. The second 0.25% of the REET tax rate must be spent on public works projects for planning, acquisition, construction, reconstruction, repair, replacement, or improvement of streets roads, highways, sidewalks, street lighting, etc.

In 2001, Shoreline received \$1,502,980 in real estate excise tax revenues. By 2005 the City received \$2,675,632 due to unprecedented growth in the price of real estate and in the number of homes and commercial properties sold in Shoreline. Real estate sales began to slow in 2006 and collections totaled \$2,565,362, down from 2005 by 4.12%. The number of real estate transactions continued to decline during 2007, resulting in total collections of \$2,131,416. 2008 saw the biggest decline ever experienced by the City as collections totaled only \$1,271,030 a decline from 2007 of 40.37%. In 2009 collections continued to decline even further by another \$312,418, or 24.58%. Collections continued to fall during 2010 by another \$50,530 or 5.27% and in 2011 by \$54,544, or 6.01%. We are projecting an increase in 2012 of \$111,700, or 13.09%, to a total of \$965,238. 2013 revenues are projected to increase by \$195,844, or 20.29%, to \$1,161,082 as the real estate market continues to recover. We continue to project further increases in future years as real estate activity continues to recover.

Starting in 2009, a portion of the first 0.25% of the tax is being used for debt service payments for City Hall. During 2013, we expect to use \$580,541 which is the total amount of revenue anticipated to be collected from the first 0.25% tax for this purpose. In future years the amount of REET required for the debt service is approximately \$664,000.

Real Estate Excise Tax (REET) Historical Comparisons (continued)

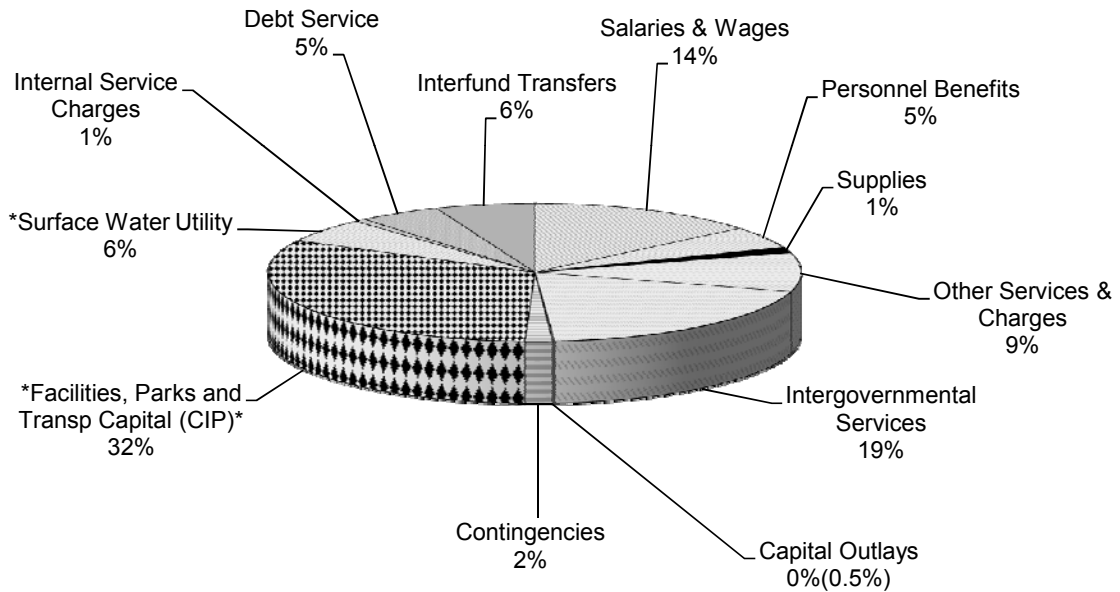

Capital Grants

In 2013, Shoreline is projected to receive nearly \$12.7 million in grant funding from federal, state and local sources to fund a variety of capital projects. The majority of these grants are related to the Aurora Avenue North Improvements – 165th to 205th project. Grants are applied for and received for specific capital improvements. The amount of capital grants received in any given year can vary greatly depending on the number of projects, their cost and the amount of grant funding available. For more details, see the Capital Improvement Plan section of this document.

Ending Fund Balances

The following table and graphs illustrate the City's ending fund balance between 2010 and 2013. The fund balances are segregated into three major components: unreserved/undesignated, reserved, and designated.

	2010 Actual	2011 Actual	2012 Current Budget	2012 Projected	2013 Proposed Budget
Reserved:					
General Capital Fund	4,163,165	3,273,798	1,234,539	1,427,200	710,593
City Facility -Major Maintenance Fund	187,551	130,631	235,488	277,863	229,729
Roads Capital Fund	5,278,650	3,805,348	1,807,599	2,080,900	2,054,949
Street Fund	844,608	836,349	681,292	681,292	581,292
2006 General Obligation Bond Fund	252,227	252,155	257,105	249,552	49,552
2009 General Obligation Bond Fund	300	300	300	300	300
Surface Water Utility Fund	4,068,021	3,745,825	2,007,835	2,262,138	1,623,683
Subtotal Reserved	14,794,522	12,044,406	6,224,158	6,979,245	5,250,098
Designated:					
Equipment Replacement Fund	1,697,695	1,826,577	2,012,556	2,005,055	2,195,340
Vehicle Maintenance & Operations	51,361	52,313	37,313	41,034	26,034
Unemployment Fund	45,962	31,280	9,516	9,516	9,516
Code Abatement Fund	162,032	173,106	153,656	153,206	133,756
State Drug Enforcement Forfeiture Fund	9,496	26,376	26,376	19,229	19,229
Federal Drug Enforcement Forfeiture Fund	18,201	24,339	24,339	41,861	41,861
Federal Criminal Forfeiture Fund	-	253,774	71,774	580,085	478,085
Property Tax Equalization Fund	-	787,373	398,000	1,186,259	1,186,259
Public Art Fund	343,848	286,263	217,302	217,403	147,903
Subtotal Designated	2,328,595	3,461,401	2,950,832	4,253,648	4,237,983
Unreserved/Undesignated:					
General Fund	4,918,974	6,714,897	5,255,180	7,195,752	6,058,339
Revenue Stabilization Fund	4,925,357	5,145,158	5,145,158	5,146,616	5,146,616
Subtotal Unreserved/Undesignated	9,844,331	11,860,055	10,400,338	12,342,368	11,204,955
	26,967,442	19,365,862	18,575,329	23,575,261	20,693,036

Unreserved/Undesignated Fund Balances

The unreserved/undesignated fund balance is the balance of net financial resources that are available for discretionary appropriations. The 2013 proposed budget estimates unreserved/undesignated fund balance of \$11,204,955 at the end of 2013.

Reserved Ending Fund Balances

The second component of ending fund balance is those funds reserved for a specific purpose. These funds are not available for appropriation because they are legally restricted. These reserves primarily represent monies allocated for capital and specific maintenance purposes.

The reserved fund balances are estimated to be \$5,250,098 at the end of 2013.

Designated Ending Fund Balances

The third component of ending fund balances, totaling \$4,237,983 in 2013, is those moneys that have been earmarked for specific purposes (equipment replacement, unemployment, etc.). Although designated for specific purposes, there is the ability to appropriate some of these funds for other purposes since the original source of the funds was general revenues from the General Fund.

Change in Ending Fund Balance 2013 Budget Compared to 2012 Projected

	2012 Projected Ending Fund Balance	2013 Proposed Ending Fund Balance	Change in Fund Balance	% Change

Explanation of Changes in Fund Balance Greater Than 10%

General Fund - The 2013 ending fund balance is \$1,137,413 less than the projected 2012 ending fund balance. Available fund balance is being used for the General Fund contingency of \$532,208, the Insurance Reserve of \$255,000, and \$350,205 is being used to support a portion of supplemental requests.

Street Fund - The 2013 ending fund balance is \$100,000 less than the projected 2012 fund balance. \$100,000 of accumulated funds from prior years are being appropriated to meet 2013 expenditure needs.

Code Abatement Fund – The 2013 ending fund balance is \$19,450 less than the projected 2012 fund balance. Accumulated funds from prior years are being appropriated to meet 2013 expenditure needs.

Federal Criminal Forfeiture Fund – The 2013 ending balance is \$102,000 less than the projected 2012 ending balance. Funds are required to be used within two years of receipt. Fund balance will be used for a site study for a new police station.

Public Art Fund – The 2013 ending balance is \$69,500 less than the projected 2012 ending balance. As capital projects have been constructed, funds have been accumulating in this fund. During 2013, work will continue on several public arts projects using the accumulated balance.

General Obligation Bond Fund– The 2013 ending balance is \$200,000 less than the projected 2012 ending balance. Taxes that have been collecting in prior years will be used for this year's debt service

General Capital Fund– The 2013 ending balance is 716,607 less than the projected 2012 ending balance. The remaining bond proceeds totaling \$230,100 will be used to complete the open space and park improvement projects that were included in the 2006 parks bond issue. Fund balance that has accumulated in past years will be used to support various capital projects

City Facility – Major Maintenance Fund – The 2013 ending fund balance is \$48,134 less than the 2012 projected ending balance. Fund balance that accumulated in past years will be used to support various projects.

Surface Water Utility Fund – The 2013 ending fund balance is \$638,455 less than the projected 2012 ending fund balance. Fund balance will be used to complete numerous flood protection and water quality improvements projects

Vehicle Operations Fund – The 2013 ending fund balance is \$15,000 less than the projected 2012 ending fund balance. These funds will be used as a contingency for increases in fuel and repair costs.

Equipment Replacement Fund – The 2013 ending fund balance is \$190,285 more than the projected 2012 ending fund balance as funds accumulate to be used for equipment purchases in future years.

Municipal Debt Capacity

There are four types of General Obligation Debt that the City is currently authorized to use for financing purposes. They each have statutory limitations and require approval by either the City Council or City voters.

1. General Purpose Voted Debt: As authorized by the Revised Code of Washington (RCW) 39.36.020(2), the public may vote to approve bond issues for general government in an amount not to exceed 2.5% of the value of all taxable property within the City. This requires a 60% vote of the City electorate and must have a voter turnout of at least 40% of the last State general election. The debt would be repaid from an increase to the City's existing property tax levy. An amount up to 2.5% of the City's assessed value can be levied or an estimated \$148,505,004 for 2013.
2. General Purpose Councilmanic Debt: The City Council may approve bond issues without voter approval up to 1.5% of the City's assessed valuation. Prior to the passage of new legislation in 1994, councilmanic debt was available for lease-purchase contracts only (RCW 35.43.200). This statutory authority can be used for any municipal purpose now, including using the entire 1.5% for bonds. Councilmanic debt must be approved by a majority of the City Council and must be repaid from existing operational revenue sources. In July of 2009, the City Council authorized the issuance of bonds totaling \$22,145,000 to purchase the Civic Center/City Hall. The bonds will be repaid over the next 30 years. In 2013 the City Council can levy up to \$67,823,002 or 1.5% of the City's estimated assessed value.

The total General Purpose General Purpose Voted Debt and Councilmanic Debt cannot exceed 2.5% of the City's assessed value.

Under RCW 39.36.030(4), the public may also vote to approve park facilities and utility bond issues, each of which is also limited to no more than 2.5% of the City's assessed valuation.

3. Parks and Open Space Debt: The City is authorized to issue debt and increase the property tax levy for acquiring or developing open space and park facilities. This requires a 60% vote of the City electorate and must have a voter turnout of at least 40% of the last State general election. Debt is repaid from the increased property tax levy. In May of 2006, Shoreline voters approved a bond levy totaling \$18,795,000 for open space acquisition and parks improvements. The bonds will be repaid over the next 15 years. An amount up to 2.5% of the City's estimated assessed value, less outstanding debt, can be levied or \$134,720,004 for 2013. The projected rate for 2012 is 25 cents per \$1,000 assessed valuation.
4. Utility Purpose Debt: The City is authorized to issue debt and increase the property tax levy for utility purposes if a utility is owned and controlled by the City. This requires a 60% vote of the City electorate and must have a voter turnout of at least 40% of the last State general election. Debt would be repaid from the increased property tax levy. An amount up to 2.5% of the City's estimated assessed value can be levied \$148,505,004 for 2013.

CITY OF SHORELINE TOTAL DEBT CAPACITY

Assessed Valuation: \$ 5,940,200,143

	General Purpose Debt		Parks & Open Space Debt	Utility Purpose Debt	TOTAL DEBT CAPACITY
	Councilmanic (Non-Voted)	Voted Debt (60% of Voters)	Voted Debt (60% of Voters)	Voted Debt (60% of Voters)	
Legal Limits

LONG-TERM DEBT

General obligation bonds have been issued for general government activities only and are being repaid from a voter-approved “excess” property tax levy, real estate excise tax and lease revenue. All principal and interest payments on the general obligation debts are recorded as expenditures in the City’s debt service funds. The City issued unlimited tax general obligation bonds in 2006 to finance the acquisition of open space and for the construction of improvements to parks and recreation facilities. The City issued limited general obligation bonds of which a portion were direct pay taxable Build America Bonds in 2009 to finance the lease pre-payment of the City’s administration building.

General obligation bonds currently outstanding are as follows:

Purpose	Maturity Range	Interest Rate	Original Amount	Outstanding 12/31/2010
Unlimited Tax General Obligation Bonds, 2006 - Parks and Open Space	2007 - 2021	3.55% - 4.09%	\$18,795,000	\$14,885,000
Limited Tax General Obligation Bonds, 2009 Series A - City Hall	2010 - 2017	3.00% - 4.00%	\$3,805,000	\$3,380,000
Unlimited Tax General Obligation Bonds, 2009 Series B (Taxable Build America Bonds-Direct Pay)- City Hall	2019 - 2039	4.69% - 6.40%	\$18,340,000	\$18,340,000

The annual debt service requirements to maturity for general obligation bonds are as follows:

Year Ending December 31	Governmental Activities	
	Principal	Interest
2012	\$ 1,600,000	\$ 1,757,617
2013	1,665,000	1,698,117
2014	1,730,000	1,636,167
2015	1,795,000	1,574,892
2016	1,860,000	1,508,292
2017 - 2021	10,400,000	6,370,235
2022 - 2026	1,280,000	4,749,037
2027 - 2031	4,465,000	4,068,883
2032 - 2036	4,615,000	2,674,913
2037 - 2039	5,655,000	1,085,760
Total	\$ 35,065,000	\$ 27,123,912

Other Long Term Debt

In addition to general obligation debt, the City can utilize a number of other long-term debt instruments, including special assessment bonds and loans from the State of Washington's Public Works Trust Fund. Special assessment bonds are used to finance public improvements that benefit a specified group of property owners, and are funded from the collection of special assessment payments from property owners. Loans from the Public Works Trust Fund (PWTF) can be used for pre-construction and construction activities for the repair, replacement, rehabilitation, reconstruction, or improvement of eligible public works systems to meet current standards for existing users, and may include reasonable growth as part of the project.

Public Works Trust Fund Loan Debt

The City currently has two PWTF Loans, both of which are being used to fund improvements to the City's drainage facilities. These loans are the obligation of the Surface Water Fund and are backed by the surface water fees collected from property owners and are not considered in the City's general obligation debt and are not subject to the limitation of indebtedness calculation.

Ronald Bog Drainage Improvements This public works trust fund loan was approved for a total of \$4,055,500 on 6/18/2001, but the City used only \$3,852,725. The interest rate of the loan is 0.5%. This project is located in the Ronald Bog Basin whose boundaries are Stone Ave. N., N. 190th St., 15th Ave. N.E., and N.E. 167th St. Improvements will be made to the watercourse from the Ronald Bog outlet to N. 167th Street along Corliss Avenue N. and near Corliss Place. This project will reduce the potential for flooding and high maintenance requirements of the existing system by replacing the existing pipe along the west side of Corliss Avenue North. This will eliminate the reverse grade that has resulted in silt blocking the pipe and root intrusion issues with the existing system. The fish barriers that exist in the open channel section of the storm system west of Corliss Place will be replaced with fish friendly boxes. This step will significantly reduce the potential for debris dams to build up, blocking the flow and causing flooding. A Thornton Creek Basin Plan will also be initiated to develop a model of the basin and identify additional solutions to flooding and establish a floodplain elevation for Ronald Bog.

3rd Avenue N.W. Drainage Improvements This public works trust fund loan was approved for a total of \$1,959,500 on 6/18/2001 with an interest rate of 0.5%. This project is located between 3rd and 6th Avenues N.W. from N.W. 176th Street to Richmond Beach Road. This project constructed drainage improvements to alleviate flooding impacts to approximately 20 homes. The existing North Pond facility was expanded to mitigate for the peak flows from the new conveyance system and prevent increased erosion in downstream Boeing Creek.

Year Ending December 31, 2011	Business-Type Activities	
	Principal	Interest
2012	\$326,475	\$16,324

City of Shoreline Debt Policies

The Objectives of the City's Debt Management Policy are:

- A. To limit the use of debt so that debt service payments will be a predictable and manageable part of the operating budget.
- B. To raise capital at the lowest cost, consistent with the need to borrow. This will be accomplished by:
 1. Keeping a high credit rating (while making attempts to strengthen credit rating).
 2. Maintaining a good reputation in the credit markets by adjusting the capital program for regular entry to the bond market and by managing the annual budget responsibly.
 3. Institute and maintain procedures that ensure full and timely repayment of City obligations.

General Debt Policies

Before issuing any debt, the City will consider the impacts of such debt on the operating budget, the effect on the City's credit rating, the debt capacity remaining under constitutional and statutory limitations, the most cost-effective term, structure, and type of debt, and the impact on taxpayers.

Disclosure statements will be used to keep taxpayers and investors informed of the City's financial position. These include printed copies of:

- A. Annual reports
- B. Operating budget and Capital Facilities Plan
- C. Official Statements

Debt issues will be sold on a competitive basis (except when conditions make a negotiated sale preferable) and awarded to the bidder who produces the lowest true interest cost.

Debt issues may be sold on a negotiated basis if the issue is unusually large or small, the project is complex, the issue is a refunding, flexibility is desired in the structure, the market is volatile, or other conditions make it in the City's best interest to conduct a negotiated sale.

Long Term Debt: Long term debt will be used to maintain and develop the municipal infrastructure when the economic life of a fixed asset exceeds five years.

Revenue bonds will generally be used for projects which are financially self-sustaining.

General Obligation bonds can be used to finance public works projects which benefit the community and where there are sufficient dedicated revenues to amortize the debt.

General Obligation pledges can be used to back self-sustaining projects financed through revenue bonds when costs can be reduced and the municipal credit rating is not put in jeopardy by this action.

The City may rely on a local improvement district program for certain local or neighborhood street and utility improvements.

The City will use interfund borrowing where such borrowing is cost effective to both the borrowing and the lending fund. Such borrowing shall implement Council directed policy in a simplified manner, such as borrowing associated with interim financing for local improvement district projects.

Explanation of 2013 Changes in FTE

City Manager's Office

The Communication Assistant position was increased by 0.25 to a full-time position to increase the ability to address the communication needs within the City.

Community Services

Two Animal Control Officer positions (1.5 FTEs) were eliminated due to decision to continue to contract with King County to provide Animal Control Services.

Administrative Services

The GIS Specialist position (1 FTE) was transferred to Public Works.

Parks, Recreation & Cultural Services

A Recreation Assistant I position was increased by 0.30 FTE to 0.80 FTE and a Recreation Assistant II position was decreased by 0.275 FTE to 0.60 FTE.

Planning and Community Development

The Administrative Assistant III position was increased by 0.15 to a full-time position. One Associate Planner position was reclassified to Senior Planner and a Plans Examiner III was reclassified to Structural Plans Engineer. A part time Associate Planner (0.60 FTE) was eliminated.

Public Works

The GIS Specialist position (1 FTE) was transferred from Administrative Services. The Capital Project Technician position (0.50 FTE), and a Capital Project Manager II position (1 FTE) were eliminated. The Associate Traffic Engineer has been reclassified to Engineer II: Traffic to develop signal timing plans in-house. The Transportation Services Division Manager title was changed to Transportation Planning Manager.

During 2012 the following changes occurred

Administrative Services & Public Works

Fleet and Facilities (Public Works) was combined with Purchasing (Administrative Services Department - ASD) into a new division within ASD called Central Services to more efficiently and effectively deliver internal services. As a result of the reorganization, a total of 4 FTEs were moved from Public Works into ASD (Fleet, Facilities & Property Management Supervisor, Facilities Maintenance Worker I, Facilities Maintenance Worker II and one Administrative Assistant II). Implementation of this reorganization also resulted in reclassification of existing positions: the Fleet, Facilities & Property Management position was reclassified to Management Analyst, the Purchasing Officer to Central Services Manager, a Financial Technician to Buyer and the Facilities Maintenance Worker II to Senior Facilities Maintenance Worker.

Public Works

One Engineer Technician position was reclassified to Traffic Signal Technician to assume the traffic signal management in-house. As a result of the reclassification the following position titles were changed: Associate Traffic Engineer to Engineer I: Traffic and Traffic Engineer to City Traffic Engineer.

CITY COUNCIL

PROGRAM PURPOSE:

The City Council is a representative body, comprised of seven citizens elected by the community to provide leadership to the organization and community. The Council seeks to maintain a healthy, vibrant and attractive place to live and work by adopting policies that create and support the values and vision of our community.

STRATEGIC OBJECTIVES:

Governmental Excellence

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Percentage of residents that are very/somewhat satisfied with the overall quality of leadership	47%	54%	54%	59%	59%
Percentage of residents who believe the City is moving in the right direction	60%	71%	71%	72%	72%

2012 Council Goals and Workplan Accomplishments

Goal 1: Strengthen Shoreline's economic base

- Developed a five-year Property Tax Exemption program for multi-family housing.
- Partnered with a citizen-led association to launch Shoreline Farmers' Market.
- Gained approval of 2012-2017 Economic Development Strategic Plan.
- Developed Aurora Square Community Renewal Area.

Goal 2: Improve Shoreline's utility, transportation, and environmental infrastructure

- Facilitated SPU Citizen Advisory Committee for developing a recommendation to City Manager on the acquisition of SPU's water system in Shoreline.

Goal 4: Enhance openness and opportunities for community engagement

- Established a partnership with Shoreline Fire Department and Shoreline Community College to share space in City's Currents newsletter.
- Created more opportunities for citizens to inform City about issues by implementing SeeClickFix.

City Manager's Office 2013 Budget

2012 Operational Accomplishments

- Conducted sixth Citizen Satisfaction Survey.
- Participated in regional effort to negotiate new animal services contract with King County.

2013 Council Goals and Workplan Objectives

Goal 1: Strengthen Shoreline's economic base

- Implement 2012-2017 Economic Development Strategic Plan.
- Continue to implement efforts to make permit process predictable, timely and competitive.
- Develop a 10-year Financial Sustainability Plan to achieve sufficient fiscal capacity to fund and maintain priority public services, facilities and infrastructure.

Goal 2: Improve Shoreline's utility, transportation, and environmental infrastructure

- Develop a plan to merge Ronald Wastewater District into City operations as outlined in the 2002 Interlocal Operating Agreement.

Goal 3: Prepare for two Shoreline light rail stations

- Participate as a Cooperating Agency in Sound Transit's environmental process by providing early and continuous input into development of environmental impact statement (EIS).
- Engage community in an education and outreach plan to help residents and businesses prepare for location of new light rail stations.

Goal 4: Enhance openness and opportunities for community engagement

- Communicate and provide opportunities for public input on key policies and initiatives, including Comprehensive Plan Update, light rail planning and City projects.
- Continue to support neighborhood associations and volunteer initiatives and to host community forums and workshops.

2013 Operational Objectives

- Conduct Employee Satisfaction Survey.

Budget Changes

Personnel

- ✓ Communications Assistant position increased from 0.75 FTE to 1.0 FTE to address communication program needs within the City and with the community created by Council Goal No. 4 – Enhance openness and opportunities for community engagement. Reductions in professional service costs were made to fund the increased personnel costs.

City Manager's Office 2013 Budget

Expenditures

- ✓ Shifted Economic Development's allocation of support for North City Jazz Walk in 2013 from Professional Services to Overtime (\$1,500) and Program Supplies (\$3,500).
- ✓ Increased Economic Development's Program Supplies by \$5,000 for sponsorships of the Shoreline Farmer's Market to ensure that operation continues each summer.
- ✓ Increased City Manager's Office's Professional Services by \$1,000, which is offset by a \$1,000 decrease to Office Supplies.
- ✓ Removed \$31,000 from Communications' Professional Services for the citizen survey to be done every two years (completed in 2012) and reduced other expenditures to offset the 0.25 FTE increase of the Communications Assistant position.
- ✓ Increased Governmental Relations' Professional Services by \$5,000 to account for a longer legislative session and by \$1,937 for the federal lobbyist contract due to inflation.
- ✓ Economic Development Professional Services: Removed 2011 carryover of \$8,976 and replaced one-time 2012 allocation of \$25,000 for major development projects with one-time 2013 allocation of \$25,000 to address the needs created to partner with private enterprise in the redevelopment of Aurora Square. Added \$10,000 (one-time funding) for a Business Mini-Grant Pilot Program that will make small grants available to shopping areas to enhance residents' shopping and dining experience.

CITY MANAGER'S OFFICE

PROGRAM PURPOSE:

The City Manager's Office is accountable to the City Council for operational and financial results and organizational leadership.

STRATEGIC OBJECTIVES:

Governmental Excellence

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Percent of residents who are very/somewhat satisfied with the overall quality of services	70%	72%	72%	75%	75%
Percentage of employees who have a clear understanding of City's mission, goals, and organizational values	98%	98%	90%	90%	95%
Percentage of employees who rate the City as "one of the best" or "above average" as an organization to work for compared with other	80%	80%	63%	63%	70%
Percentage of residents that say they trust the City of Shoreline to spend their tax dollars responsibly.	-	73%	73%	72%	72%
Percentage of residents who are satisfied or very satisfied with the effectiveness of the City Manager and appointed staff	54%	57%	57%	59%	59%

Measurement: EFFICIENCY	2009	2010	2011	2012 Est.	2013 Proj.
Number of regular City employees per 1,000 population	2.72	2.71	2.69	2.68	2.61
Operating expenditures per capita (actual \$)	\$573	\$591	\$582	\$638	\$654
Operating expenditures per capita adjusted for inflation	\$452	\$468	\$447	\$495	\$481
Program budget as a percent of the City's operating budget	2.5%	2.7%	2.7%	2.5%	2.4%
Support service costs as a percentage of the City's operating expenditures	17.30%	16.42%	16.05%	15.80%	15.00%
Total average process time to respond to citizen letters or emails (calendar days).	12	9	15	8	12

COMMUNICATIONS

PROGRAM PURPOSE:

The Communications program develops and uses two-way communication resources to deliver and elicit useful information to and from our residents and other key stakeholders.

STRATEGIC OBJECTIVES:

Effective Citizen Communication and Engagement

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Percentage of internal customers rating Communications overall services as good or excellent	95%	95%	95%	95%	95%
Percentage of residents who are satisfied with the quality of the City's newsletter, "Currents"	76%	83%	83%	78%	78%
Percentage of residents who are satisfied with the quality of the City's website	49%	52%	52%	55%	55%

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Number of website visits	69,600	74,000	77,400	88,000	100,000

INTERGOVERNMENTAL RELATIONS

PROGRAM PURPOSE:

The Intergovernmental Relations program provides staff support for legislative objectives and intergovernmental alliances and partnerships that further the City's goals and priorities.

STRATEGIC OBJECTIVES:

Governmental Excellence

Measurement: EFFICIENCY	2009	2010	2011	2012 Est.	2013 Proj.
Intergovernmental Relations as a percentage of the City's operating budget	0.67%	0.71%	0.73%	0.67%	0.68%

ECONOMIC DEVELOPMENT: BUSINESS ATTRACTION AND RETENTION

PROGRAM PURPOSE:

To bring together public and private resources necessary to enhance the existing business environment in Shoreline and ensure the long-term viability of the City's economic base.

STRATEGIC OBJECTIVES:

Economic Vitality and Financial Stability

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Percentage of City assessed valuation that is classified commercial	8.60%	20.40%	21.26%	22.14%	22.70%
Sales Tax Per Capita	\$109.47	\$108.40	\$113.05	\$118.45	\$123.42

Community Services

Community Services 2013 Budget

Department Mission Statement

The Community Services Division provides leadership, support and direct services which connect individuals, families, neighborhoods, businesses and non-profit organizations with the information and resources they need to enhance the community's quality of life.

2012 Council Goals and Workplan Accomplishments

Goal 1: Strengthen Shoreline's economic base

- Provided education and outreach increasing Shoreline's resident access to Earned Income Tax Credit program, generating additional \$3-4 Million in household incomes for Shoreline residents.
- Maintained appearance of the City with the graffiti abatement and removal and weekly cleanups on Aurora and 15th Ave NE.
- Promoted Business Continuity Planning with small businesses.

Goal 2: Improve Shoreline's utility, transportation, and environmental infrastructure

- Facilitated ongoing emergency preparedness planning and interaction with our regional utility and transportation partners.

Community Services 2013 Budget

Goal 3: Prepare for two Shoreline light rail stations

- Coordinated with neighborhoods to host community meetings around light rail and station area planning.
- Participated in scoping for Sound Transit's Draft Environmental Impact Statement (DEIS) relating to human services and emergency management needs and opportunities.

Goal 4: Enhance openness and opportunities for community engagement

- Supported neighborhood outreach to wider audience by providing a Facebook "how to" workshop for neighborhood associations.
- Enhanced citizens 24/7 ability to report issues around the city with implementation of SeeClickFix smart device application.
- Began meeting bi-monthly with members of Community Services Department, Police and Fire Department who provide community outreach so as to better coordinate and enhance our efforts.

2012 Operational Accomplishments

- Led implementation team for City-wide Healthy City strategy, which included Shoreline Eats4Health educational event, Monster Mash Dash 5k Family Fun Run/Walk, and enhanced web presence with healthy information and events.
- Led partnership with North Urban Human Services Alliance and United Way to increase engagement of volunteers in Shoreline and north King County agencies' service delivery.
- Sponsored Non-Profits and the Law workshop for Neighborhood Associations and non-profits serving Shoreline citizens to support capacity-building.
- Provided leadership and coordination for National Night Out with record number of 45+ registrations and estimated 1900 participants.
- Received national recognition from Neighborhoods USA for local efforts: volunteer-produced trail by Echo Lake Neighborhood Association and newspaper produced by Richmond Beach Community Association.

2013 Council Goals and Workplan Objectives

Goal 1: Strengthen Shoreline's economic base

- Promote Business Continuity Planning with small businesses as part of emergency preparedness.

Goal 2: Improve Shoreline's utility, transportation, and environmental infrastructure

- Implement the City's 2009 Hazard Mitigation Plan's Mitigation Strategy 4, to ensure that contracts and franchises with Utility Service Providers mitigate risks, increase the resilience of utilities and infrastructure and foster partnerships that improve coordination.

Goal 3: Prepare for two Shoreline light rail stations

- Promote, facilitate and coordinate outreach activities to neighborhood associations and residents regarding station area planning.

Community Services 2013 Budget

Goal 4: Enhance openness and opportunities for community engagement

- Deploy existing language translation service tools for non-native English speakers to better access City services.
- Continue broadening scope of neighborhood outreach efforts to engage new resident populations through events and activities.
- Continue meeting bi-monthly with members of Community Services, Police, and Fire Departments who provide community outreach so as to better coordinate and enhance our efforts.

2013 Operational Objectives

- Support and facilitate effective communication and positive relationship-building between public, private and faith-based partners regarding proposed housing developments.
- Sponsor one or more educational workshops for neighborhoods and community members on topics such as leadership development, youth development, building resiliency in individuals and capacity-building in organizations.

Total Resources	\$1,421,842	\$1,488,929	\$1,523,463	\$1,575,143	\$1,498,105	(\$25,358)	(1.66%)

Community Services 2013 Budget

Budget Changes

Personnel

- ✓ Removed 1.5 FTE for Animal Control Officers and one-time startup costs of \$43,000 due to the decision to renew a three year contract with King County (Regional Animal Services of King County) in-lieu of bringing the operation in-house.

Revenues

- ✓ Liquor Excise Tax Revenue: Revenues are expected to drop from the 2012 budget by \$4,436 due to legislative actions that temporarily suspend distributions during the first half of 2013. Liquor excise tax distributions are scheduled to begin again in October 2013.

NEIGHBORHOODS

PROGRAM PURPOSE:

The Council of Neighborhoods was created in 1996 by City Council Resolution No. 54 to provide a vehicle for two-way communication between the City and its residents. The Neighborhoods program provides support, advice and assistance to the Council of Neighborhoods and neighborhood associations to build healthy, vibrant neighborhoods.

The Mini-Grant program was created in 1996 by City Council Resolution No. 54 to provide funding for neighborhood groups to make improvements that enhance the Shoreline community.

STRATEGIC OBJECTIVES:

Effective Citizen Communication and Engagement

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Percentage of internal customers rating neighborhoods overall services as good or excellent	95%	98%	98%	98%	98%
Percentage of residents rating the condition of their neighborhoods as excellent or good	62%	64%	64%	64%	64%
Percentage of residents who think Shoreline is an excellent or good place to live	93%	95%	95%	95%	95%
Percentage of residents who think that the overall quality of life in the City is excellent or good	85%	85%	85%	85%	85%

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Dollar value of improvements funded through the mini-grant program	\$23,383	\$7,022	\$14,301	\$20,000	\$20,000
Number of Neighborhoods/Grants	6	2	6	5	5

24 HOUR CUSTOMER RESPONSE TEAM

PROGRAM PURPOSE:

Responds to internal and external inquiries, concerns, suggestions and complaints and provide reliable resolution and follow up to guarantee customer satisfaction. Provide telephone and in-person problem resolution and follow-up.

STRATEGIC OBJECTIVES:

Quality Services, Facilities and Infrastructure

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Percentage of customer requests responded to within 24 hours	93%	92%	97%	97%	97%
Percentage of external customers giving CRT services a good or excellent rating	99%	97%	98%	98%	98%
Percentage of requests inspected within 5 working days.	93%	94%	97%	98%	98%

Measurement: EFFICIENCY	2009	2010	2011	2012 Est.	2013 Proj.
Average cost per service request	\$119	\$108	\$148	\$144	\$149
Average number of service requests per FTE	822	940	725	683	732

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Number of Adopt-A-Road Cleanups supported	25	66	53	26	50
Number of customer requests for service	1,980	1,552	1,436	1,469	1,500
Number of service requests for hazard/hazmat	123	133	108	105	100
Number of service requests for litter/garbage	228	351	307	163	200
Number of service requests for mitigating drainage issues	89	74	39	26	25
Number of service requests for roads repair	66	68	93	110	85

24 HOUR CUSTOMER RESPONSE TEAM

	2009	2010	2011	2012 Est.	2013 Proj.
Number of service requests for signs.	284	191	190	187	190
Number of service requests for vegetation	226	205	131	204	200

EMERGENCY MANAGEMENT PLANNING

PROGRAM PURPOSE:

Emergency Management - provides the ability for the city to prepare for, to respond to, to mitigate for, and recover from emergencies and disasters that impact the City of Shoreline. This is done by educating staff and community members in emergency management issues so that we can minimize the loss of life and injury, protect the economy, property and the environment and restore effective management to the city as quickly as possible after an event.

STRATEGIC OBJECTIVES:

Safe and Attractive Neighborhoods and Business Districts

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Percent of Hazard Mitigation Plan completed	100%	21%	77%	92%	97%
Percent of regular staff trained in emergency planning and preparedness	70%	95%	95%	95%	95%
Percent of required staff who are trained to federal mandates in emergency management practices	100%	100%	100%	100%	100%

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Number of classes and staff trained facilitated by EMC	3:56	6:110	4:35	11:136	4:50
Number of Community Emergency Response volunteers trained	20	13	23	20	20
Number of presentations and training provided to the community (block watches, neighborhoods, businesses, faith groups, civic groups and staff)	70	75	63	30	30
Number of table tops, functional and full scale exercises conducted	1	1	1	1	1

Measurement: INPUT	2009	2010	2011	2012 Est.	2013 Proj.
Amount of Grant funds awarded to the City	\$35,441	\$145,858	\$57,593	\$57,720	\$45,554

HUMAN SERVICES: SUPPORT FOR SOCIAL AGENCIES

PROGRAM PURPOSE:

Human Services fosters the development of an effective and accessible system of human services to meet the needs of Shoreline residents.

STRATEGIC OBJECTIVES:

Human Services

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Percentage of service goals met by human service contractors	85%	85%	85%	90%	90%
Total loan value of major home repairs	\$124,338	\$58,386	\$89,215	\$95,000	\$70,450

Measurement: EFFICIENCY	2009	2010	2011	2012 Est.	2013 Proj.
Program cost per capita	\$12.79	\$12.06	\$12.14	\$13.10	\$12.94
Program expenditures as a percentage of City's operating budget	2.23%	2.11%	2.06%	2.06%	1.94%

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Number of community partnerships and collaborations supported	8	8	8	9	8
Number of individuals served at the Shoreline Senior Center	1,517	1,591	1,645	1,400	1,400
Number of major home repair projects completed	8	5	4	7	6
Number of minor home repairs households served.	60	52	45	55	55

Administrative Services

Administrative Services 2013 Budget

Department Mission Statement

The Administrative Services Department provides excellent and innovative financial and technological services to city departments for the purpose of enhancing the community of Shoreline and supports open government and the democratic process by preserving and maximizing public access to the City's official records and by facilitating the legislative process.

Expenditures Comparison 2010 – 2013

Administrative Services 2013 Budget

2012 Council Goals and Workplan Accomplishments

Goal 1: Strengthen Shoreline's economic base

- Initiated development of ten-year Financial Sustainability Plan:
 - Purchased software for scenario planning and developed initial forecast.
 - Worked with departments to inventory and cost existing services.
- Aligned process for reviewing and adopting Capital Improvement Program with Operating Budget.

Goal 2: Improve Shoreline's utility, transportation, and environmental infrastructure

- Assisted Public Works with reviewing financial information in SPU Acquisition due diligence process.

Goal 4: Enhance openness and opportunities for community engagement

- Improved search capability of City's website.

2012 Operational Accomplishments

- Supported City's Environmental Sustainability Strategy through following resource reduction and cost saving efforts:
 - Moved from 30% recycled to 100% recycled copy paper
 - Transitioned budget and capital improvement documents to electronic versions
 - Transitioned to paperless Council agenda packets and correspondence via iPads
 - Transitioned to using web based code books reducing use of hard copy books
 - Transitioned to brighter and more efficient LED light bars on fleet vehicles, requiring less battery power and reducing vehicle and fuel use
- Upgraded Records Center with high-density file storage and filing systems.
- Shared costs by participating with a consortium of Central Puget Sound cities, counties and utility district to update key GIS databases for high resolution aerial photography, impervious surfaces and topography to support utility, transportation and environmental planning.

2013 Council Goals and Workplan Objectives

Goal 1: Strengthen Shoreline's economic base

- Complete development of ten-year Financial Sustainability Plan:
 - Complete evaluation of service levels and costing of services and prepare financial scenarios.
 - Work directly with Council subcommittee on a community outreach initiative and development and review of plan.
- Initiate upgrade of permitting module.

Goal 2: Improve Shoreline's utility, transportation, and environmental infrastructure

- Assist Public Works on proposal to develop Local Improvement Districts to fund neighborhood sidewalks.

Goal 4: Enhance openness and opportunities for community engagement

- Produce a guide for doing business with City.
- Move GIS Server to a cloud computing environment and deploy map based information to public.

2013 Operational Objectives

- Implement Financial System (IFAS) including time keeping module.
- Support implementation of PW Asset Management System.

Budget Changes

Expenditures

- ✓ Moved GIS Department to Public Works (1.0 FTE) resulting in a decrease of \$194,924.
- ✓ Moved Facilities and Vehicle Maintenance & Operations from Public Works (4.0 FTE) to ASD resulting in an increase of \$834,227.
- ✓ Includes one-time expenditures of \$16,380 to update the City's website for enhanced mobile features.
- ✓ Includes one-time expenditures of \$47,500 for the upgrade of the Hansen permitting system.
- ✓ Moved 0.50 FTE of Central Services Manager under Public Facilities & Vehicle Maintenance Operations resulting in a decrease of \$62,000.

PUBLIC RECORDS & CITY COUNCIL MEETING MANAGEMENT

PROGRAM PURPOSE:

The City Clerk's Office oversees the legal and efficient operation of City Council meetings and Hearing Examiner appeal hearings and manages the availability, protection and retention of City records to facilitate the democratic process for the citizens of Shoreline.

STRATEGIC OBJECTIVES:

Effective Citizen Communication and Engagement

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Percentage of City Council packets available to the public on the City website the day after receipt by City Councilmembers	100%	95%	100%	100%	100%
Percentage of external customers who rate the City Clerk's public disclosure process as very good or excellent	100%	94%	100%	100%	95%
Percentage of internal customers rating the City Clerk's Office services very good or excellent	100%	100%	100%	100%	95%

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Number of boxes of records accessioned into the Records Center	200	393	188	125	120
Number of City Council packets and sets of minutes produced	44	44	45	47	45
Number of contracts and property records, agreements processed, recorded, and/or filed	379	416	415	420	400
Number of items uploaded to the web site or network	1,500	2,150	5,933	1,700	1,700
Number of pages of public records provided	7,900	5,000	8,941	4,000	8,000
Number of public records requests processed	170	132	161	150	190
Number of specialty business licenses issued	180	180	50	190	110

ADMINISTRATIVE SERVICES DIRECTOR'S OFFICE

PROGRAM PURPOSE:

Administration Services Administration is responsible for the overall leadership and management of the department. The division focuses on process and policy development and provides general administrative support to all Administrative Services divisions.

STRATEGIC OBJECTIVES:

Economic Vitality and Financial Stability

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Received a clean audit opinion the the financial statements	YES	YES	YES	YES	YES

Measurement: EFFICIENCY	2009	2010	2011	2012 Est.	2013 Proj.
Administrative Services FTE per 1,000 population	0.34	0.34	0.33	0.33	0.45

FINANCIAL PLANNING AND ACCOUNTING SERVICES

PROGRAM PURPOSE:

This program provides financial analysis, financial reporting, accounting services, and financial planning to support City departments making fiscal and organizational decisions resulting in the optimization of city resources.

STRATEGIC OBJECTIVES:

Economic Vitality and Financial Stability

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Actual revenue collections compared to projected revenues.	98.6%	99.12%	99.24%	97% - 105%	97% - 105%
Basis points in which investment returns exceed the City's benchmark	44	60	30	50	50
Percentage of customers rating Financial Operations services as good or excellent	94%	97%	97%	98%	98%
Percentage of customers rating the Budget Division services as good or excellent	94%	90%	90%	95%	95%

Measurement: EFFICIENCY	2009	2010	2011	2012 Est.	2013 Proj.
Financial planning and accounting services as a % of the City's operating budget.	2.3%	2.5%	2.4%	2.1%	2.3%

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Number of accounts payable checks	3,623	3,650	3,272	3,250	3,250
Number of payroll checks processed	6,395	6,420	6,185	6,300	6275

PURCHASING SERVICES

PROGRAM PURPOSE:

Purchasing Services provide City departments with the resources to obtain goods and services while complying with applicable Federal, State, and City regulations.

STRATEGIC OBJECTIVES:

Governmental Excellence

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Number of protests filed per \$25 million purchased	0	0	1	0	0
Percentage of awards and solicitations made without protest	100%	100%	99%	100%	100%
Percentage of customers rating the Purchasing Division services as good or excellent	94%	86%	86%	100%	100%
Percentage of internal customers rating the Purchasing Division responsiveness of services as good or excellent	92%	88%	88%	100%	100%

Measurement: EFFICIENCY	2009	2010	2011	2012 Est.	2013 Proj.
Dollar Amount of Central Purchasing Office Purchases per Central Purchasing Office FTE	\$12.5M	\$10.0 M	\$11.4 M	\$6.1M	\$11.5M
Number of Purchasing transactions per FTE	215	300	281	325	325
Percentage of purchasing transactions conducted using procurement and credit cards	3.0%	3.0%	3.4%	4.0%	4.0%

Measurement: INPUT	2009	2010	2011	2012 Est.	2013 Proj.
Number of protests filed and sustained	0	0	0	0	0

PUBLIC FACILITY & VEHICLE MAINTENANCE & OPERATIONS

PROGRAM PURPOSE:

The Facilities Program manages and maintains the City's owned and leased buildings and vehicles keeping them in good working order to provide services to citizens and to promote good stewardship of City of Shoreline's assets

STRATEGIC OBJECTIVES:

Quality Services, Facilities and Infrastructure

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Percentage of internal customers rating Facilities overall services as good or excellent	96%	94%	94%	94%	94%
Percentage of internal customers rating Fleet Maintenance overall services as good or excellent	78%	83%	83%	85%	85%

Measurement: EFFICIENCY	2009	2010	2011	2012 Est.	2013 Proj.
Cost per square foot to maintain	\$4.73	\$3.40	\$3.17	\$3.80	\$3.90
Fleet maintenance cost per mile - vehicles and light trucks	\$0.48	\$0.51	\$0..61	\$0.53	\$0.69
Fleet maintenance cost per mile -heavy-duty trucks and equipment	\$3.91	\$2.68	\$3.20	\$2.79	\$3.64
Number of square feet maintained (facilities) per FTE	57,666	86,963	86,963	86,963	86,963

INFORMATION TECHNOLOGY STRATEGIC PLAN IMPLEMENTATION

PROGRAM PURPOSE:

Information Technology Strategic Plan Implementation provides needs assessment, justification, alternatives analysis, oversight, project management, and on-site consultation advisory services to City departments/staff to successfully deliver projects in the City's IT Strategic Plan, aimed at enhancing service levels and streamlining business processes through the utilization of technology.

STRATEGIC OBJECTIVES:

Governmental Excellence

Measurement: EFFICIENCY	2009	2010	2011	2012 Est.	2013 Proj.
Information Technology Strategic Plan expenditures as a percentage of the City's operating budget	0.6%	0.9%	0.8%	1.0%	0.7%

Measurement: INPUT	2009	2010	2011	2012 Est.	2013 Proj.
Total capital expenditures for IT activities and equipment	\$227,543	\$333,947	\$274,203	\$415,383	\$307,381

INFORMATION TECHNOLOGY OPERATIONS AND SECURITY ADMINISTRATION

PROGRAM PURPOSE:

IT Operations and Security Administration provides technology infrastructure that supports the daily operations of City departments in achieving their goals and objectives.

STRATEGIC OBJECTIVES:

Quality Services, Facilities and Infrastructure

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Help Desk calls resolved within 8 hours	68%	68%	75%	75%	70%
Percentage of customers rating the Information Technology Division services as good or excellent	86%	87%	87%	87%	87%
Percentage of help desk calls resolved and/or repaired within 24 hours	95%	95%	95%	95%	85%
Percentage of Help Desk calls resolved at time of call	34%	34%	35%	35%	35%
Percentage of Help Desk calls resolved within 4 hours	56%	56%	60%	60%	50%
Percentage of telephone system problems resolved within 24 hours	73%	73%	75%	75%	75%

Measurement: EFFICIENCY	2009	2010	2011	2012 Est.	2013 Proj.
Central info tech operating maintenance and capital expenditures per workstation.	\$6,227	\$5,919	\$5,144	\$6,049	\$5,320
Central IT operating & maintenance expenditures per workstation (excluding telephone service & Tech Plan)	\$4,201	\$3,612	\$3,031	\$3,352	\$3,105
Information technology operating and maintenance expenditures as a percentage of the City's operating budget	3.3%	3.0%	2.7%	2.4%	2.4%
Number of workstations per Central IT FTE	35	35	35	35	50

GRANT RESEARCH & DEVELOPMENT

PROGRAM PURPOSE:

The Grant Research and Development program coordinates and supports grant seeking efforts citywide to increase resources available for operating programs and capital projects and monitors grant activity for compliance with grant requirements including completion of required reporting.

STRATEGIC OBJECTIVES:

Economic Vitality and Financial Stability

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Percentage of grant applications successfully awarded	82%	60%	67%	81%	60%
Percentage of internal customers rating Grant Assistance overall services as good or excellent	84%	91%	91%	91%	91%

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Number of Grant Applications Submitted	17	15	15	16	15

INTERGOVERNMENTAL PARTICIPATION

PROGRAM PURPOSE:

City participation in organizations that provide a forum for city staff and/or council members to address federal, state, and regional issues and that provide financial or legislative support to the City. Includes the following organizations: Seashore Transportation Forum, Suburban Cities, Association of Washington Cities, Economic Development Council of Seattle & King County, National League of Cities, Puget Sound Regional Council, Puget Sound Clean Air Agency, and the Shoreline Chamber of Commerce.

STRATEGIC OBJECTIVES:

Governmental Excellence

Measurement: EFFICIENCY	2009	2010	2011	2012 Est.	2013 Proj.
Program expenditures as a percentage of the City's total operating budget	0.38%	0.40%	0.40%	0.35%	0.34%

WEB DEVELOPMENT

PROGRAM PURPOSE:

The web development program coordinates the technology and staff resources used to maintain various web technologies throughout the City including the City's website, the internal portal, City on-line council meeting transmission, and technologies related to the Council chambers

STRATEGIC OBJECTIVES:

Quality Services, Facilities and Infrastructure

Measurement: EFFICIENCY	2009	2010	2011	2012 Est.	2013 Proj.
Web Development as a % of the City's operating budget	N/A	N/A	0.50%	0.47%	0.52%

2013 Summary by Contract Positions

Position	Head Count
Police Chief	1.0
Captain	1.0
Sergeant	7.0
Detective Sergeant	1.0
Street Crime Sergeant	1.0
Officer	29.0
School Resource Officer	1.0
Detective	4.0
Street Crime Detective	4.0
Community Services Officer	1.0
Administrative Support II	2.0
<i>Department Total</i>	52.0

Police 2013 Budget

2012 Council Goals and Workplan Accomplishments

2012 Operational Accomplishments

- Increased bicycle emphasis, patrols and visibility in City parks through grant funding.
- Initiated RFP process to study feasibility of constructing a new Shoreline Police Station.
- Worked with Emergency Management Coordinator to enhance response to major events.
- Participated in a region-wide earthquake exercise.
- In cooperation with Public Works, identified high traffic accident areas and worked to reduce number of traffic collisions.
- Continued to develop joint training on incident management with Shoreline Fire Department.
- Continued to respond to emergency calls for service within national average of five minutes.
- Part I Crimes reduced.

2013 Council Goals and Workplan Objectives

Goal 4: Enhance openness and opportunities for community engagement

- Improve communications with community; provide timely information on crime trends and efforts.
- Work with community to focus on reducing property crimes, burglaries, car prowls and auto thefts.

2013 Operational Objectives

- Expand block watch to more neighborhoods.
- Improve crime prevention efforts and education.
- Improve police presence, visibility and traffic safety efforts in neighborhoods.
- Review staffing allocation and deploy resources in most efficient manner to meet City goals.
- Increase prisoner transport efficiencies.
- Look at different options for how to deploy traffic unit to improve community policing efforts.

Expenditures

Revenues

Police 2013 Budget

Budget Changes

Revenues

- ✓ Local Criminal Justice Funding: Revenue is projected to increase 5.24%, or \$58,449, to a total of \$1,171,779 based on taxable sales and population estimates for King County.

Expenditures

- ✓ Police Contract: 2013 contract charges are projected to increase by \$249,577, or 2.5%, over the final 2012 contract charges, which were lower than originally budgeted for 2012. In addition, the King County Office of Performance Strategy and Budget informed the City that it will receive a credit totaling approximately \$119,000 in 2012 as a result of actual medical costs for deputies and sergeants being lower than budgeted over the last several years.
- ✓ State Drug Enforcement Forfeiture Program: Funds have been budgeted for annual training, registration and travel expenditures.
- ✓ Federal Drug Enforcement Forfeiture Program: Funds have been budgeted for the purchase of equipment.
- ✓ Federal Criminal Forfeiture Program: Funds have been budgeted for a transfer to the General Capital Fund to conduct a Police Station Site Analysis.

POLICE ADMINISTRATION

PROGRAM PURPOSE:

Administration establishes policy and priorities in order to deliver police services in Shoreline based upon Council direction and community input

STRATEGIC OBJECTIVES:

Safe and Attractive Neighborhoods and Business Districts

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Complaints by citizens against Shoreline Police Officers	3	0	6	3	5
Part I Crime Rates Per 1,000 Residents	32	30	34	31	34
Percentage of citizens very satisfied or somewhat satisfied with the overall quality of local police protection	76%	85%	85%	75%	75%

Measurement: EFFICIENCY	2009	2010	2011	2012 Est.	2013 Proj.
Police Costs Per Capita	\$174.5	\$184.65	\$188.13	\$193.16	\$201.49

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Number of Police Contacts	22,506	22,150	22,272	23,300	23,000

POLICE PATROL

PROGRAM PURPOSE:

Patrol responds to calls for service, enforces criminal laws and performs self-initiating activity to keep citizens safe.

STRATEGIC OBJECTIVES:

Safe and Attractive Neighborhoods and Business Districts

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Percentage of citizens feeling safe in their neighborhood at night	77%	85%	85%	90%	90%
Percentage of citizens feeling safe in their neighborhood during the day	96%	95%	95%	97%	97%
Response Time to Priority 1 Calls (minutes)	7.53	7.36	6.91	6.00	7.50
Response Time to Priority 2 Calls (minutes)	11.49	11.24	10.35	10.00	12.00
Response time to Priority X Calls (minutes)	4.21	4.20	4.80	4.00	4.80

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Number of Alternative Calls Handled	558	444	408	400	500
Number of dispatched calls for service.	11,261	10,981	11,343	11,300	11,300
Number of Self-initiated Police Activities	11,245	11,169	10,929	11,000	11,000

POLICE INVESTIGATIONS CRIME ANALYSIS

PROGRAM PURPOSE:

To investigate crime and solve cases in order to keep the community safe.

STRATEGIC OBJECTIVES:

Safe and Attractive Neighborhoods and Business Districts

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Number of cases closed and cleared by arrest (Part I and Part II Crimes)	1,668	1,533	1,673	1,400	1,400

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Number of Adult Charges & Arrest	1,635	1,444	1,423	1,400	1,400
Number of Juvenile Charges & Arrest	205	185	99	120	100
Part I crime	1,761	1,606	1,805	1,700	1,850

POLICE TRAFFIC ENFORCEMENT

PROGRAM PURPOSE:

The Traffic Unit provides motorist education and enforces traffic laws, with the City of Shoreline in order to keep motorists and citizens safe.

STRATEGIC OBJECTIVES:

Safe and Attractive Neighborhoods and Business Districts

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Percentage of citizens who are satisfied or very satisfied with the enforcement of local traffic laws.	67%	75%	75%	65%	65%

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Number of collisions with police response.	418	377	425	380	400
Number of Traffic Citations	9,228	6,453	6,454	6,600	6,000

STREET CRIME INVESTIGATIONS

PROGRAM PURPOSE:

The Street Crimes Unit proactively responds to crimes such as narcotics activities, code violations in the adult entertainment industry and vice activities in the City; to investigate these crimes and solve cases in order to keep the community safe and improve the quality of life for residents.

STRATEGIC OBJECTIVES:

Safe and Attractive Neighborhoods and Business Districts

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Felony Charges Filed	95	86	45	90	85
Misdemeanor cases closed "Cleared by Arrest"	42	69	21	70	60
Number of Assigned Narcotic Activity Reports (neighborhood drug complaints)	67	38	33	40	40
Number of Narcotics Investigations	291	282	267	250	275
Number of Vice Arrests	36	14	28	35	20

POLICE SUPPORT SERVICES (911 CENTER, MAJOR CRIME INVESTIGATION, CANINE SERVICES, ETC.)

PROGRAM PURPOSE:

Support Services provides emergency communications and special investigation on major crimes in order to solve cases committed in Shoreline and apprehend offenders.

STRATEGIC OBJECTIVES:

Safe and Attractive Neighborhoods and Business Districts

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Dispatched calls for service	11,261	10,981	11,343	11,300	11,300
Number of Air Support (Helicopter) Flight Hours	11	10	12	9	10
Number of canine calls for service	14	30	30	20	25
Number of Hostage & Barricade Incidents	3	4	1	2	2
Number of major accident reconstruction incidents	15	10	23	20	20
Total number of canine hours of service	100	75	65	50	75

POLICE COMMUNITY STOREFRONTS

PROGRAM PURPOSE:

Community Storefronts work collaboratively with local residents, businesses, and schools in order to address issues that affect the community.

STRATEGIC OBJECTIVES:

Safe and Attractive Neighborhoods and Business Districts

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Number of active block watch groups	81	81	75	80	80

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Court reminder program contacts	5,795	8,000	7,606	7,500	7,500
Number of Citizen Contacts	4,394	3,074	2,758	4,500	4,000
Number of crime prevention vacation house checks performed	618	492	566	425	450
Storefront Volunteer Hours	4,700	5,000	4,239	4,500	4,600
Victim Call Back Calls made	993	746	596	600	700

SCHOOL RESOURCE OFFICER PROGRAM

PROGRAM PURPOSE:

The School Resource Officer (SRO) program facilitates a safe learning environment for students and staff; SRO's provide security, mentoring, and teach a variety of classes to students and staff in the Shoreline School District and some private schools in Shoreline.

STRATEGIC OBJECTIVES:

Safe and Attractive Neighborhoods and Business Districts

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Number of Classes Taught through the SRO program	15	13	12	20	15
Number of School Resource Officer Hours	2,080	1,440	1,440	1,440	1,440
Number of students taught	500	325	312	600	375

Expenditures Comparison 2010 – 2013

Criminal Justice 2013 Budget

2012 Council Goals and Workplan Accomplishments

2012 Operational Accomplishments

- Encouraged expanded use of video court at King County District Court to Shoreline defendants booked into Snohomish County Jail on warrants.
- Decreased jail costs by tracking Shoreline inmate population; working with King County District Court to increase its use of alternative sentencing methods, including King County Mental Health Court and Veterans Court; and working with Shoreline Police to minimize number of warranted bookings into King County Jail.

2013 Council Goals and Workplan Objectives

2013 Operational Objectives

- Continue tracking City's use of Snohomish County Jail to ensure there is adequate capacity for Shoreline defendants, and ensure those defendants are processed expeditiously.
- Continue tracking City's use of King County District Court to ensure high quality court services are provided for all City cases.
- Institute State Supreme Court mandated case load limits for public defense services and provide for public defense services at arraignment.
- Continue to work with Shoreline Police to increase use of e-filings for infraction notices provided to King County District Court.
- Continue to work to decrease jail costs by tracking Shoreline inmate population; working with King County District Court to increase its use of alternative sentencing methods; and working with Shoreline Police to minimize number of warranted bookings into King County Jail.

Expenditures

Revenue

Criminal Justice 2013 Budget

Budget Changes

Revenues

- ✓ Jail contingency funding: Given the unpredictable nature of jail services, \$100,000 of proceeds that the City received for jail planning and optimization is budgeted as a contingency for unanticipated costs associated with an increase in the number of jail bed days.

Expenditures

- ✓ By continuing the contract for jail services with Snohomish County the City's 2013 jail budget is 11.59% lower than the 2012 budget.
- ✓ District Court: Increased Intergovernmental Professional Services by \$50,000 due to the City's fluctuating use of the District Court and infraction revenue that may offset a majority, but not likely all, of these costs.

JAIL

PROGRAM PURPOSE:

The Jail program accounts for the costs of screening, booking and imprisonment of misdemeanor offenders. This service is provided through interlocal agreements with the King County and Yakima County jails.

STRATEGIC OBJECTIVES:

Safe and Attractive Neighborhoods and Business Districts

Measurement: EFFICIENCY	2009	2010	2011	2012 Est.	2013 Proj.
Average cost per jail day used	\$89.63	\$96.50	\$68.03	\$72.34	\$73.28
Percentage of days held at Snohomish County Jail. (Before 2011 the jail facility was Yakima County)	48%	60%	89%	90%	98%

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Total Jail Days Used	9,628	13,383	10,917	11,100	14,056

PUBLIC DEFENDER

PROGRAM PURPOSE:

The Public Defender provides legal representation for indigent criminal defendants

STRATEGIC OBJECTIVES:

Governmental Excellence

Measurement: WORKLOAD

	2009	2010	2011	2012 Est.	2013 Proj.
Number of cases represented	925	935	1,018	875	900

MUNICIPAL COURT

PROGRAM PURPOSE:

The City contracts with King County to provide municipal court services for the City of Shoreline

STRATEGIC OBJECTIVES:

Safe and Attractive Neighborhoods and Business Districts

Measurement: EFFICIENCY	2009	2010	2011	2012 Est.	2013 Proj.
Percentage of days held at Snohomish County Jail. (Before 2011 the jail facility was Yakima County)	48%	60%	89%	90%	98%

Parks, Recreation And Cultural Services

Parks, Recreation and Cultural Services 2013 Budget

Department Mission Statement

“Provide life-enhancing experiences and promote a healthy community, and to bring our culture to life and transfer it to the next generation”

Parks, Recreation and Cultural Services 2013 Budget

2012 Council Goals and Workplan Accomplishments

Goal 1: Strengthen Shoreline's economic base

- Collaborated with numerous Shoreline businesses to develop Piano Time and Sculpture Stroll to activate Park at Town Center to help with City's "place-making" efforts.

Goal 2: Improve Shoreline's utility, transportation, and environmental infrastructure

- Designed and constructed new Community Garden at Twin Ponds Park.
- Developed Master Site Plan for Park at Town Center.
- Completed parking lot and pedestrian frontage improvements at Kruckeberg Botanic Garden.
- Replaced 500 linear feet of water mainline at Richmond Beach Saltwater Park.

2012 Operational Accomplishments

- Increased revenue from rental of City Hall by 300%.
- Received \$5K continuation grant from Raikes Foundation to embed Youth Program Quality Initiative (YPQI) tool into teen and youth development programs.
- Completed Public Art Master Plan for PROS Plan inclusion.
- Began efforts to have City designated a Tree City USA city.
- Organized and hosted or helped sponsor numerous public art events, including gallery at City Hall, sculptures at Kruckeberg Botanic Garden, Arts Crush, and Summerset Arts Fest at Ronald Bog.
- Installed adult outdoor exercise equipment at Richmond Beach Saltwater Park.
- Started two new Youth & Teen summer programs 'Swim Around The Lake' and 'Loco Camp'.
- Organized two Healthy City events: Shoreline Eats4Health and Monster Mash Dash Family 5k Fun Run/Walk.
- Encouraged community to participate in June's Million Stair Challenge at Richmond Beach Saltwater Park resulting in over 1,238,834 steps being recorded.
- Extended morning care to the Meridian Park summer camp program.
- Updated all Lifeguard Trainers to the new American Red Cross Lifeguard Curriculum.
- Purchased two "green" cycles for Spartan Recreation Center weight room that put energy back on grid.

2013 Council Goals and Workplan Objectives

Goal 1: Strengthen Shoreline's economic base

- Begin working with PCD Department and Economic Development staff to encourage public art and/or art spaces in private development including development of a mural program.

Goal 2: Improve Shoreline's utility, transportation, and environmental infrastructure

- Design park improvements and develop maintenance strategy for Sunset Elementary School property.
- Site an east-side off leash dog area.
- Complete design for phase I improvements to Echo Lake Park.
- Complete citywide trail way-finding signage strategy and begin installation.
- Continue habitat restoration efforts at Richmond Beach Saltwater Park.

Parks, Recreation and Cultural Services 2013 Budget

Goal 3 Prepare for two Shoreline light rail stations

- Work with Sound Transit on trail connections to stations and park impacts.

2013 Operational Objectives

- Increase number of permanent and temporary art installations around City.
- Develop a needs assessment for Spartan Recreation Center patrons to improve service and create new programs/events.
- Develop an expanded community forum seeking input from specialized recreation participants and caregivers.
- In conjunction with other municipalities develop strategy for implementing comprehensive Youth Program Quality Initiative assessment program.
- Create a strategic plan for evaluating teen program offerings on City's eastside and make program changes based on plan.
- Improve programming for active seniors.

PARKS AND OPEN SPACE MAINTENANCE PROGRAM

PROGRAM PURPOSE:

Provide stewardship for the City's parks and open space system, including the preservation of important natural areas, the enhancement of quality parks, and to create safe recreational and educational opportunities for the well-being and enjoyment of the public.

STRATEGIC OBJECTIVES:

Quality Services, Facilities and Infrastructure

Measurement: EFFICIENCY	2009	2010	2011	2012 Est.	2013 Proj.
Average Annual cost per acre of park property maintained	\$3,392	\$3,124	\$3,360	\$3,710	\$3,868

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Number of acres of park and open space maintained	381	381	381	381	381

Measurement: INPUT	2009	2010	2011	2012 Est.	2013 Proj.
Total Cost of Contracted Maintenance Services	\$312,102	\$192,503	\$233,775	\$263,314	\$266,769

AQUATICS

PROGRAM PURPOSE:

Provide safe, healthy, accessible and affordable programs and services for the Shoreline community. Provide diverse, life-long activities that meet evolving community needs in the areas of water safety, swimming skills, athletics, health, fitness, psychological well-being, certifications and recreational aquatics.

STRATEGIC OBJECTIVES:

Quality Services, Facilities and Infrastructure

Measurement: EFFICIENCY	2009	2010	2011	2012 Est.	2013 Proj.
Drop-in participants per hour of drop-in opportunity.	15.4	16.1	14.09	14.5	14.5
Program Revenue as a percentage of program costs (added utilities in 2005).	45.7%	47.1%	46.7%	45.0%	46.0%
Revenue per hour of Shoreline Pool operation	\$75.8	\$73.9	\$77.4	\$74.75	\$75.5

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Number of course participants	4,738	4,900	4,982	4,838	4,950
Number of drop-in participants	39,121	41,702	36,412	3,800	3,800
Number of hours of course instruction	4,386	4,481	4,453	4,425	4,453
Number of hours of drop-in opportunities (Lap & Rec Swim, Aerobic)	2,530	2,584	2,584	2,584	2,584
Number of pool rental hours.	4,176	4,133	4,210	4,215	4,220
Resident Course Participants	82%	78%	81%	80%	80%
Total Number of hours of pool operation	5,018	5,018	5,018	5,018	5,018

RECREATION FACILITY RENTAL PROGRAM

PROGRAM PURPOSE:

Provide opportunities for Shoreline residents to use recreational facilities and picnic shelters for special events.

STRATEGIC OBJECTIVES:

Quality Services, Facilities and Infrastructure

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Hours of Baseball/Softball Field Rentals	9,000	10,000	9,000	9,000	9,000
Hours of Football Field Rentals	700	800	850	800	800
Hours of Picnic Shelter Rentals	1,600	1,700	1,900	2,000	2,000
Hours of Rentals of Richmond Highlands Recreation Center	275	300	300	300	280
Hours of Rentals of Spartan Recreation Center	3,300	3,300	3,000	3,000	3,100
Hours of Soccer Field Rentals	8,000	8,400	8,500	8,500	8,500
Total Hours of facility rentals	22,975	25,000	23,550	25,000	25,000

GENERAL RECREATION PROGRAMS

PROGRAM PURPOSE:

Develop and implement comprehensive recreation programs, services, and events targeting all ages and abilities, and a variety of special interests throughout the year to meet the needs of the community.

STRATEGIC OBJECTIVES:

Quality Services, Facilities and Infrastructure

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Percentage of class sessions, ie pre-ballet has 10 sessions = 10 classes, that were held that were offered	80%	80%	80%	80%	80%
Percentage of customers rating the quality of the programs as good or excellent	95%	95%	95%	95%	95%
Percentage of residents who participated in recreational programming offered by the City	73%	75%	75%	75%	77%

Measurement: EFFICIENCY	2009	2010	2011	2012 Est.	2013 Proj.
Percent of general recreation program budget supported by fees.	68.2%	66.8%	64.7%	58.8%	60%

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Number of adult participants	35,000	30,000	35,000	35,000	35,000
Number of adult recreational classes held	185	180	180	185	180
Number of preschool participants	8,000	8,000	8,500	9,000	9,000
Number of preschool recreational classes held	125	100	125	125	130
Number of youth participants	6,500	6,500	7,000	7,000	7,500
Number of youth recreational classes held	350	350	350	350	350

ARTS AND SPECIAL EVENTS PROGRAM

PROGRAM PURPOSE:

The Arts and Special Events Program provides a variety of community services and events: Celebrate Shoreline, Summer Lunchtime Music Series, Swingin' Summer Eve, Hamlin Haunt, Healthy City, and financial contributions to the Arts Council and Shoreline Museum.

STRATEGIC OBJECTIVES:

Quality Services, Facilities and Infrastructure

Measurement: EFFICIENCY	2009	2010	2011	2012 Est.	2013 Proj.
Shoreline Historical Museum contribution per capita	\$1.23	\$1.13	\$1.13	\$1.13	\$1.13
Shoreline/Lake Forest Park Arts Council contribution per capita	\$1.23	\$1.13	\$1.13	\$1.13	\$1.13

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Hamlin Haunt attendance (2009 haunt did not take place due to Park construction)	NA	1,000	1,200	1,000	1,000
Healthy City Partners				15	20
Monster Mash Dash				250	400
Number of Events Held During Celebrate Shoreline: Teen Event, Parade, Festival, Jazz Walk, Sand Castle Contest, Car Show, and Dog	6	6	6	6	7
Number of Sponsors of Celebrate Shoreline Events	20	22	19	14	15
Number of summer lunchtime events	6	6	6	6	6
Shoreline Eats for Health Participation				200	300
Summer lunchtime event attendance	2,400	2,450	2,500	2,400	2,500
Swingin' Summer Eve attendance	1,000	1,200	1,500	1,000	1,200

ARTS AND SPECIAL EVENTS PROGRAM

Measurement: INPUT	2009	2010	2011	2012 Est.	2013 Proj.
Amount of sponsorship dollars for Celebrate Shoreline	\$16,585	\$20,065	\$14,171	\$14,000	\$18,000
Total Cost for Swingin' Summer Eve Events	\$400	\$800	\$800	\$1,225	\$1,250
Total Cost of Hamlin Haunt	Park Closed	\$2,000	\$2,000	\$2,750	\$2,800
Total Cost of Healthy City				\$3,000	\$8,000
Total Cost of Summer Lunchtime Events	\$3,100	\$3,900	\$4,000	\$4,000	\$4,000

TEEN AND YOUTH DEVELOPMENT PROGRAMS

PROGRAM PURPOSE:

The Teen and Youth Development Program helps youth in the community make successful life choices by being positive role models and offering diverse, challenging, safe and innovative programs. As a means of gauging progress toward this goal, the program uses the assessment tool of the David P. Weikert Center for Youth Program Quality, a division of the Forum for Youth Investment. This Youth Program Quality Assessment (YPQA) is a nationally recognized and empirically based tool that focuses staff on creating safe and supportive program environments while providing the opportunity for peer interaction and youth engagement

STRATEGIC OBJECTIVES:

Quality Services, Facilities and Infrastructure

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Percentage of Assessed Items receiving a grade of 3 or higher on 4 main YPQA scales for all assessed program offerings			80%	70%	80%
Percentage of surveyed participants that always or sometimes feel that the Teen Program provides all 9 of the development assets surveyed	75%	80%	N/A	N/A	N/A

Measurement: EFFICIENCY	2009	2010	2011	2012 Est.	2013 Proj.
Net cost per hour of teen recreation programs (net of revenue)	\$133	\$135	\$141	\$159	\$164
Net Cost per Visit (net of revenues)	\$17.2	\$16.6	\$17.4	\$17.3	\$16.1

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Number of program hours	2,850	2,850	2,850	2,850	2,850
Number of visits in the Teen Late Night Programs	11,676	10,260	5,397	7,000	6,000
Number of visits to all Youth and Teen Development Programs excluding Late Night	10,046	12,488	20,740	23,000	23,000
Total number of all visits	22,061	23,136	26,137	30,000	29,000

Planning and Community Development

Planning and Community Development 2013 Budget

Department Mission Statement

“Our mission is to ensure that the natural and built environments are healthy, safe, and reflect the community’s vision by providing exceptional customer service, listening to our customers and citizens, and proactively solving problems.”

Planning and Community Development
 Rachael Markle - Planning and Community Development Director (206) 801-2531

Planning and Community Development 2013 Budget

2012 Council Goals and Workplan Accomplishments

Goal 1: Strengthen Shoreline's economic base

- Streamlined and consolidated commercial design standards and zoning designations.

Goal 2: Improve Shoreline's utility, transportation, and environmental infrastructure

- Completed a major update of the Comprehensive Plan and engaged public by hosting five Speakers Series sessions and a sustainability forum related to Plan elements.
- Oversaw design, content, and provided data for Sustainability Indicators website tool.

Goal 3: Prepare for two Shoreline light rail stations

- Aided Council in selection of preferred light rail alignment in Shoreline and development of framework station area policies.
- Began light rail station area planning process.
- Amended Comprehensive Plan and Comprehensive Plan Map to include light rail station areas.

2012 Operational Accomplishments

- Shoreline Master Program adopted by Council.
- Set up 24-hour online permit search tool to retrieve permit status and other relevant information.

2013 Council Goals and Workplan Objectives

Goal 1: Strengthen Shoreline's economic base

- Pursue provision of online permitting and an enhanced permitting system that will support web based tools and allow electronic plan review.

Goal 3: Prepare for two Shoreline light rail stations

- Advance planning for two light rail stations at N 185th and N 145th Streets at I-5 and engage community in an education and outreach plan.
- Coordinate with Sound Transit's light rail project and review related Draft Environmental Impact Statement (DEIS).
- Actively participate in Growing Transit Communities Task Force.

2013 Operational Objectives

- Streamline regulations and processes and market services to help increase number of development applications.
- Design "how-to" workshops to promote development of residences and small businesses.

Planning and Community Development 2013 Budget

Expenditure by Program 2010 – 2013

Program Budget	2010 Actual	2011 Actual	2012 Current Budget	2012 Projected	2013 Budget	2012 Current Budget versus 2013 Budget	Percentage Change
Code Enforcement	\$153,180	\$246,824	\$144,579	\$142,964	\$156,269	\$11,690	8.09%

Planning and Community Development 2013 Budget

Budget Changes

- ✓ Added \$250,000 for *Light Rail Station Area Planning* (Council Goal No. 3, \$250,000) at 185th and I-5 creating a plan and regulations to transform a predominantly single family neighborhood into a transit oriented community. Funding includes development and implementation of an extensive public participation process along with anticipated costs for environmental review.

CITY PLANNING

PROGRAM PURPOSE:

City Planning assists the community with the implementation of the adopted Vision through the creation and maintenance of city-wide plans, subarea plans, policies, regulations and programs. This team also processes a variety of land use and development permits, undertakes special studies, coordinates cross-departmental teams, provides planning services to other city departments, and supports community outreach and citizen engagement.

STRATEGIC OBJECTIVES:

Safe, Healthy and Sustainable Environment

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Percent of customers who rated services as good or excellent.	100%	95%	98%	97%	97%
Percent of customers who said they were treated courteously by employees.	96%	95%	99%	100%	100%
Percent of customers who were satisfied with the updates they received regarding their project's status.	100%	90%	94%	93%	95%
Percent of customers who were satisfied with the usefulness of the pre-application process.	95%	85%	94%	92%	93%
Percentage of permits issued on or before target dates identified in SMC (data includes days waiting for Information)	N/A	80%	86%	80%	82%

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.

Number of staff hours processing Comprehensive Plan amendments	850	180	640	5,000	1,000
Number of staff hours working on code reform			650	2,000	2,000

BUILDING AND INSPECTIONS

PROGRAM PURPOSE:

Building & Inspections performs reviews and make decisions on building permits; to provide comprehensive inspections and approval of conditions for all permitted work; and to provide enforcement and education of the adopted codes and ordinances

STRATEGIC OBJECTIVES:

Quality Services, Facilities and Infrastructure

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Percent of building permits issued on or before the target dates identified in SMC 20.30.040 (including days waiting for information)	93%	97%	96%	93%	93%
Percent of customers who rated services as good or excellent.	100%	86%	98%	97%	97%
Percent of customers who said they were treated courteously by employees.	96%	95%	99%	100%	100%
Percent of customers who were satisfied with the clarity of inspection correction forms.	100%	94%	100%	98%	98%
Percent of customers who were satisfied with the timeliness of building inspections.	100%	95%	100%	98%	98%
Percent of customers who were satisfied with the updates they received regarding their project's status.	100%	90%	94%	93%	95%
Percent of customers who were satisfied with the usefulness of the pre-application process.	95%	85%	94%	92%	93%

Measurement: EFFICIENCY	2009	2010	2011	2012 Est.	2013 Proj.
Average number of Inspections Completed Per Inspector per day	8	7	7	7	7

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Number of Addition/Remodel Commercial Permits submitted	55	50	65	50	55
Number of Addition/Remodel Single Family Residential Permits Submitted	155	189	172	145	165
Number of Demolition Permits submitted	17	17	33	28	25

BUILDING AND INSPECTIONS

	2009	2010	2011	2012 Est.	2013 Proj.
Number of Electrical Permits Processed Through City	50	39	46	40	40
Number of Fire Systems Permits submitted	84	66	73	50	60
Number of inspections completed annually	4,189	3,433	3,584	3,800	4,000
Number of Mechanical Permits submitted	322	301	425	340	360
Number of Miscellaneous Structures (retaining walls/rockeries, wireless facilities)	17	14	18	12	12
Number of New Construction Commercial Permits Submitted	9	3	8	10	10
Number of New Construction Single-family Residential Permits submitted	20	17	35	30	30
Number of Plumbing Permits submitted	124	148	140	150	150
Number of Site Development/Construction Permits submitted	14	15	15	8	10

PERMIT SERVICES

PROGRAM PURPOSE:

Permit Services provides accurate information and referral services; intake and issuance of all building and land use related permits.

STRATEGIC OBJECTIVES:

Governmental Excellence

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Percent of customers who rated services as good or excellent	100%	86%	98%	97%	97%
Percent of customers who said they were treated courteously by employees	96%	93%	99%	100%	100%
Percent of customers who were satisfied with the updates they received regarding their project's status	100%	90%	94%	93%	95%
Percent of customers who were satisfied with the usefulness of the pre-application process	95%	85%	94%	92%	93%
Percentage of permits issued on or before the target dates identified in SMC 20.30.040 (data includes days waiting for information)	93%	95%	90%	88%	90%

Measurement: EFFICIENCY	2009	2010	2011	2012 Est.	2013 Proj.
Average number of days to approve addition/remodel permits	25	21	18	20	20
Average number of days to approve mechanical permits	2	2	1	2	1
Average number of days to approve miscellaneous structure permits	24	10	23	20	20
Average number of days to approve new construction permits	31	29	36	36	36
Average number of permit applications submitted per Technical Assistant	714	681	787	650	650
Average number of permits issued per Technical Assistant	670	650	778	620	620

PERMIT SERVICES

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Number of walk-in customers served	6,700	5,000	3,634	5,000	5,000
Number Right-of-Way Permits submitted	420	379	443	370	370
Total Number of Applications submitted	1,427	1,361	1,574	1,300	1,375

CODE ENFORCEMENT

PROGRAM PURPOSE:

The Code Enforcement Team enforces the City's codes and regulations to implement community values and to sustain a safe and attractive City.

STRATEGIC OBJECTIVES:

Safe and Attractive Neighborhoods and Business Districts

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Average number of calendar days from request initiation to compliance (Abandoned Vehicles)	6	5	6	7	6
Average number of calendar days from request initiation to voluntary compliance (Strike 1 & 2)	58	45	38	21	30
Percent of abandoned vehicles tagged within 24 hours of notification	93%	94%	95%	97%	97%
Percentage of all code enforcement actions resolved by voluntary compliance (Strike 1&2)	96%	96%	96%	96%	96%
Percentage of cases closed by induced compliance (Strike 3) annually	42%	48%	63%	55%	55%
Percentage of cases open beyond 365 days (Strike 3)	54%	76%	82%	80%	75%

Measurement: EFFICIENCY	2009	2010	2011	2012 Est.	2013 Proj.
Code Enforcement expenditures per capita (Strike 3)	\$2.90	\$2.85	\$4.61	\$2.69	\$2.93
Number of Active Cases per FTE (Strike 3)	146	140	139	135	135
Number of code enforcement actions (Strike 1&2) per FTE	831	924	723	683	700
Number of Proactive CE Program actions	345	294	164	154	200

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Number of code enforcement requests for action	2,252	2,334	1,573	1,383	1,430

CODE ENFORCEMENT

	2009	2010	2011	2012 Est.	2013 Proj.
Number of service requests for parking/abandoned	1,025	887	859	900	900
Number of service requests for vandalism/graffiti	564	743	194	60	75
Total number of code enforcement actions resolved (Strike 1&2)	2,234	2,262	1,544	1,303	1,350

P&CD - ADMINISTRATIVE SERVICES

PROGRAM PURPOSE:

P&CD Administrative Services provides Planning Commission and general administrative support; performs maintenance on the web page, portal and permit tracking system; manages fiscal resources; oversees records and archiving services and provides performance measures data.

STRATEGIC OBJECTIVES:

Governmental Excellence

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Percent of customers who rated services as good or excellent.	100%	86%	98%	97%	97%
Percent of customers who said they were treated courteously by employees.	96%	95%	99%	100%	100%

Measurement: EFFICIENCY	2009	2010	2011	2012 Est.	2013 Proj.
Administrative Services budget as a percent of the Planning and Community Development budget.	9.4%	9.4%	7.8%	8.8%	8.2%

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Number of archival requests retrieved annually	204	165	137	140	140
Number of public disclosure requests processed	66	64	108	60	60

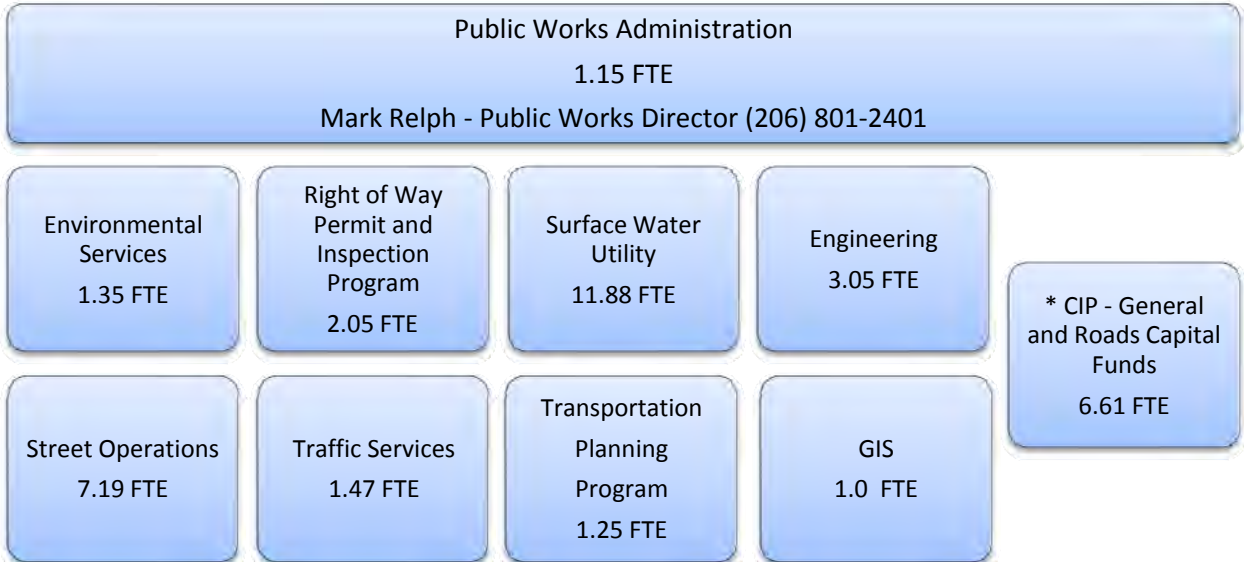

Public Works

Public Works 2013 Budget

Department Mission Statement

Public Works employees are guided by the principles of integrity, respect and partnerships combined with innovation, hard work and customer responsiveness. We, as a team are dedicated to maintaining and improving our City's infrastructure through positive and proactive leadership, education, planning and the delivery of quality projects on time, on target and on budget while being strong stewards of the environment, public safety, and fiscal resources.

Public Works 2013 Budget

2012 Council Goals and Workplan Accomplishments

Goal 1: Strengthen Shoreline's economic base

- Successfully secured grant funds for completion of Aurora Corridor Project and various Public Works projects.

Goal 2: Improve Shoreline's utility, transportation, and environmental infrastructure

- Implemented stormwater vegetation maintenance with use of goats, llamas, and sheep.
- Completed purchase and installation of solar-powered compacting garbage and recycling containers at Aurora bus stops working in partnership with KC Metro to collect and recycle all materials in Big Belly compactors.
- Completed design for Aurora Corridor improvements from N 192nd to N 205th Streets.
- Installed fiber optics and signal upgrades along Aurora Corridor.
- Completed construction of sidewalks at Briarcrest Elementary School and on 15th Avenue NE.

Goal 3: Prepare for two Shoreline light rail stations

- Helped develop light rail station area planning framework policies.
- Completed review of all methodology reports for Sound Transit's preparation of Draft Environmental Impact Statement (DEIS).
- Coordinated with Shoreline School District on light rail station area potentials.
- Worked closely with Sound Transit staff on alignment of station locations and other aspects of DEIS.

2012 Operational Accomplishments

- During significant snow and ice event, Public Works streets' crew creatively developed their own deicing spray bar that proved very successful in cutting through icy streets, garnering local media attention.
- Right-of-Way permit revenues approximately 15% higher than anticipated.
- Completed purchase and installation of LED light bars for City vehicles.

2013 Council Goals and Workplan Objectives

Goal 2: Improve Shoreline's utility, transportation, and environmental infrastructure

- Implement Surface Water Low Impact Development Rebate Program.
- Develop, complete and promote City's Climate Action Plan.
- Initiate Route Development Plan for N 145th Street.
- Continue using BSTs(Bituminous Surface Treatments) to protect City's streets incurring cost savings.
- Implement Transportation Master Plan (TMP) policies and recommendations.
- Continue to build and maintain strong relationships and coordinate with the utility providers operating in City.

Goal 3: Prepare for two Shoreline light rail stations

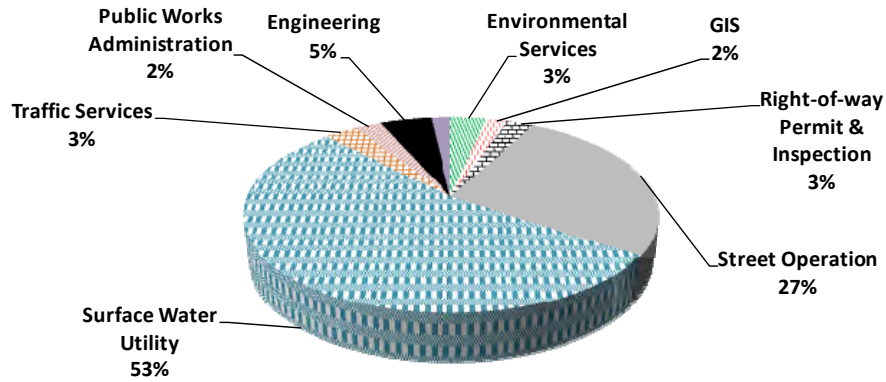

- Work with transit providers to expand transit in Shoreline.
- Work closely with Sound Transit as planning continues for light rail in Shoreline.

Expenditures

- ✓ Moved GIS Department from Administrative Services Department (1.0 FTE) resulting in an increase of \$165,613
- ✓ Moved Facilities and Vehicle Maintenance & Operations to Administrative Services Department (4.0 FTE) resulting in a decrease of \$717,715.
- ✓ Includes one-time (\$1,325) and ongoing (\$2,475) expenditures to move the GIS Server to the Cloud.

GEOGRAPHICAL INFORMATION SYSTEMS

PROGRAM PURPOSE:

Geographical Information Systems manages enterprise wide data so that it is readily available to City departments to support their decision-making and planning processes.

STRATEGIC OBJECTIVES:

Quality Services, Facilities and Infrastructure

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Percentage of customers rating the GIS services as good or excellent	100%	91%	91%	91%	91%

Measurement: EFFICIENCY	2009	2010	2011	2012 Est.	2013 Proj.
Number of Service Requests completed per FTE	150	160	215	165	200

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Number of Service Requests	150	160	215	165	200

PUBLIC WORKS ADMINISTRATION

PROGRAM PURPOSE:

Public Works Administration provides the department with overall management, leadership, grants and contract administration, process and policy development.

STRATEGIC OBJECTIVES:

Quality Services, Facilities and Infrastructure

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Percentage of invoices processed on time	100%	100%	100%	100%	100%

Measurement: EFFICIENCY	2009	2010	2011	2012 Est.	2013 Proj.
Public Works Administration as a percent of the total Public Works Budget	3.0%	2.8%	3.1%	4.0%	3.6%

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Number of grant reimbursements processed	52	100	164	170	175
Number of vendor invoices processed	2,983	3,394	2,915	2,500	2,950
Total number of contracts processed	162	215	170	189	191
Total number of easements processed	58	11	4	3	3
Total number of interlocals processed	7	12	4	2	2

ENVIRONMENTAL SERVICES

PROGRAM PURPOSE:

Provide events, workshops, mini-grants and educational materials that assist residents, schools, businesses and government increase actions that protect our environment for current and future generations. Manage the solid waste contract and provide customer service support for other utilities in the City.

STRATEGIC OBJECTIVES:

Safe, Healthy and Sustainable Environment

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Tons recycled at City recycling events	127	100	168	198	200

Measurement: EFFICIENCY	2009	2010	2011	2012 Est.	2013 Proj.
Percentage of solid waste stream recycled from curbside residential collection	56%	59%	60%	60%	60%

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Pounds of household batteries recycled	6,481	8,514	7,428	8,500	9,000

Measurement: INPUT	2009	2010	2011	2012 Est.	2013 Proj.
Number of households participating in annual recycling opportunities	5,425	4,884	4,020	4,200	4,000

RIGHT-OF-WAY PERMIT AND INSPECTION PROGRAM

PROGRAM PURPOSE:

Review planned work and inspect construction/work taking place in the public right-of-way, manage City franchises in the right-of-way, and provide plan review services on planning and development project applications submitted to the City's Planning and Development Services Department.

STRATEGIC OBJECTIVES:

Governmental Excellence

Measurement: EFFICIENCY	2009	2010	2011	2012 Est.	2013 Proj.
Number of ROW inspections completed per FTE	1,145	690	610	560	560

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Number of inspections performed	1,260	965	1,037	1,000	1,000
Number of right-of-way permits issued	469	365	445	380	380

TRANSPORTATION PLANNING PROGRAM

PROGRAM PURPOSE:

This program focuses on representing Shoreline's interest in the regional transportation arena which includes transit. Equally important is that Transportation Planning facilitates coordination between Capital Improvement Projects (CIP), development review, the engineering standards, and between land use and transportation as well as pursuing grants and other funding sources for transportation projects and system improvements. Additionally, this program supports all transportation planning and implementation of the City's Transportation Master Plan.

STRATEGIC OBJECTIVES:

Quality Services, Facilities and Infrastructure

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Completion of the Transportation Master Plan				100%	N/A
Development and Adoption of a Transportation Concurrency Program				100%	100%
Development and Adoption of a Transportation Impact Fee				100%	100%

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Council presentations made				10	10
Regional Transportation Coordination meetings attended				100	100

TRAFFIC SERVICES

PROGRAM PURPOSE:

Responsible for plan review, design and approval of all traffic control devices including streetlights, crosswalks, signals, signs, striping, etc; maintenance of traffic-related records including accident reports and signage/crosswalk inventories; preparation and documentation of city traffic standards; traffic counts and investigations and community education.

Provide traffic counts and investigations, community education, and management of the City's Neighborhood Traffic Safety Program (NTSP). Design traffic calming solutions that enhance the quality of life for Shoreline residents. Provide funding for special emphasis police traffic enforcement.

STRATEGIC OBJECTIVES:

Quality Services, Facilities and Infrastructure

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Percentage of citizens surveyed who are very satisfied or somewhat satisfied with the flow of traffic and congestion.	52%	46%	46%	52%	52%

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Number of active residential areas involved in the NTSP Program	48	29	30	25	25
Number of residential area traffic projects completed per year	10	10	7	7	3
Number of service requests received	50	30	49	50	50
Number of targeted law enforcement hours in a NTSP residential area.	216	333	148	0	0
Number of traffic counts completed each year	278	370	341	320	350
Number of work orders issued	695	140	178	200	250

STREET OPERATION

PROGRAM PURPOSE:

Vegetation & Tree Maintenance in Right-of-Way: Maintains public rights-of-way by tree trimming, controlling vegetation, grading and other methods.

Street Maintenance & Operations: Manages the city's road overlay, curb ramp, and sidewalk programs. Provides maintenance and upkeep of city streets and roads. This service includes pothole patching, crack sealing, street sweeping, and snow and ice removal. Provides general maintenance support for the City including signing, striping, fence/barricade repair, parking lot maintenance, and other odd jobs.

Street Lighting: Provides funding for street lights on arterial streets and traffic signalization. Maintains inventory data on all streetlights, through a GPS network mapping system.

STRATEGIC OBJECTIVES:

Quality Services, Facilities and Infrastructure

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Average pavement rating for arterials/collectors.	65	65	65	65	65
Average pavement rating for residential streets.	71	71	71	71	71
Percentage of citizens surveyed that are satisfied with the adequacy of city street lighting on arterial streets	52%	52%	53%	53%	53%
Weighted average pavement rating for all City streets.	70	70	70	70	70

Measurement: EFFICIENCY	2009	2010	2011	2012 Est.	2013 Proj.
Annual operating and maintenance costs per City traffic signal	\$4,463	\$3,858	\$3,362	\$3,500	\$3,600
Annual street operation expenditures per paved lane mile in the City	\$4,717	\$4,897	\$4,594	\$5,122	\$4,900
Cost per lane mile for asphalt overlay	\$191,558	\$212,171	\$248,762	\$0	\$275,257
Cost per lane mile for BST (Bituminous Surface Treatment)			\$32,626	\$50,172	\$50,172
Cost per lane mile of street sweeping	\$63.82	\$44.90	\$56.26	\$46.68	\$49.00

STREET OPERATION

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Number of lane miles resurfaced with asphalt overlay	4.4	2.38	1.20	0	3.17
Number of lane miles resurfaced with BST (Bituminous Surface Treatment)			16.2	13.5	15.0
Number of lane miles swept	2,203	2,180	2,053	2,180	2,100
Number of potholes repaired	148	77	21	15	15
Number of traffic signs maintained	465	567	560	300	475

SURFACE WATER UTILITY

PROGRAM PURPOSE:

The Surface Water Management Program manages, operates and maintains the City's surface water infrastructure and natural channels to promote flood protection, comply with regulatory requirements, and to protect and enhance water quality and habitat through the practice and promotion of sound environmental stewardship.

STRATEGIC OBJECTIVES:

Safe, Healthy and Sustainable Environment

Measurement: EFFECTIVENESS	2009	2010	2011	2012 Est.	2013 Proj.
Number of storm drains adopted (total)				59	71
Percentage of catch basins routinely cleaned annually	33%	21%	25%	25%	34%
Percentage of citizens who are very satisfied or satisfied with the adequacy of storm drainage services in their neighborhood	59%	63%	63%	63%	63%
Percentage of citizens who are very satisfied or satisfied with the overall quality of the City's stormwater system	60%	69%	69%	69%	69%
Percentage of drainage channels cleaned	0%	10%	10%	10%	10%
Percentage of privately owned stormwater facilities passing maintenance	95%	93%	90%	90%	90%

Measurement: EFFICIENCY	2009	2010	2011	2012 Est.	2013 Proj.
Cost per catch basin - routine cleaning	\$22.50	\$22.50	\$22.50	\$22.50	\$22.50

Measurement: WORKLOAD	2009	2010	2011	2012 Est.	2013 Proj.
Approximate linear feet of stormwater pipes to maintain	640,000	640,000	640,000	640,000	640,000
Approximate total linear feet of ditches to maintain	150,000	150,000	150,000	150,000	150,000
Number of City owned Storm Water Facilities to inspect and maintain	32	33	34	34	34
Number of City owned water quality facilities to inspect and maintain	5	21	37	37	37

SURFACE WATER UTILITY

	2009	2010	2011	2012 Est.	2013 Proj.
Number of dams to inspect and maintain	5	5	5	5	5
Number of drainage or flooding service requests	118	157	100	100	100
Number of privately owned stormwater facilities to inspect	263	263	263	263	263
Number of pump stations to inspect and maintain	7	7	8	8	8
Number of water quality services requests	8	10	5	5	5
Percentage of Catch Basins Inspected					51%

BUDGET BY FUND

City Fund Structure

Fund Structure

The City has established a variety of funds that are used to collect revenues and hold funds in reserve for specified purposes. The City has five categories of funds; operating, capital, enterprise, internal service and agency. Operating funds collect a variety of revenues to support the City's various functions. Capital funds receive designated revenues and transfers-in from other funds to be used for specific capital projects. Enterprise funds are used to report activity related to the collection of an external fee for service. Internal service funds account for the goods and services provided internally on a cost-reimbursement basis. The City provides fiscal agency services to the Northshore/Shoreline Community Network. These transactions are reflected in an agency fund. In 2012, the City's funds breakdown is as follows:

	Fund	Percent of City's total budget
MAJOR FUND	General Fund	51.00%
MAJOR FUND	Roads Capital Fund	25.65%
MAJOR FUND	General Capital Fund	7.07%
MAJOR FUND	Surface Water Utility Fund	6.66%
	Street Fund	3.31%
	2006 General Obligation Bond Fund	2.54%
	2009 General Obligation Bond Fund	2.48%
	Vehicle Operations & Maintenance Fund	0.32%
	Equipment Replacement Fund	0.27%
	Federal Criminal Forfeiture Fund	0.19%
	City Facility – Major Maintenance Fund	0.18%
	Code Abatement Fund	0.15%
	Public Arts Fund	0.10%
	Unemployment Fund and State Drug Enforcement Forfeiture Fund	0.03% each
	Federal Drug Enforcement Forfeiture Fund	0.02%
	Revenue Stabilization Fund and Property tax Equalization Fund	0.00%

Fund Name	Description
Operating Funds	
Fund 001 General Fund	The General Fund is used to pay the expenses and liabilities of the City associated with general service functions that are not budgeted in special revenue funds. The primary sources of revenue are local taxes. Property tax and sales tax combined provide approximately 48% of the General Fund operating revenues.
Special Revenue Funds	
	Funds that include dedicated revenues for a specific purpose (e.g. roads, enforcement of drug laws, etc.), that require an additional level of accountability and are collected in a separate account.
Funds 101 Street Fund	The Street Fund is used to support street and right of way maintenance and street lighting. Fuel tax and a subsidy from the General Fund are the two sources of on-going support.
Fund 107 Code Abatement Fund	The purpose of this fund is to provide resources for city code abatement efforts (public nuisances, dangerous buildings, etc.). The costs associated with the abatement will be charged to the owner of the property either as a lien on the property or on the tax bill. Recovered monies would replenish the fund for future abatement efforts.
Fund 108 State Drug Enforcement Forfeiture Fund	The purpose of this fund is to account for monies received by the City from the State of Washington through King County representing the City's share of assets seized and forfeited during the joint investigations of illegal drug activity with state agencies.

Fund Name	Description
Fund 109 Public Arts Fund	The purpose of this fund is to account for the 1% for Arts program. An amount equal to 1% of capital construction contracts will be transferred from each capital fund. Funding will be utilized for public art projects.
Fund 112 Federal Drug Enforcement Forfeiture Fund	The purpose of this fund is to account for monies received by the City representing the City's share of assets seized and forfeited during the joint investigations of illegal drug activity with federal agencies.
Fund 115 Property Tax Equalization Fund	The purpose of the Property Tax Equalization Fund is to accumulate and disburse proceeds from the City's maintenance and operations levy over the six year levy period. The City will collect revenues in excess of those needed to sustain current operating services in years 2011-2012, but will collect less than needed in 2013-2016.
Fund 116 Federal Criminal Forfeiture Fund	The purpose of this fund is to account for seizure funds received by the City due to staff participation in a federal task force being led by the United States Treasury.
Fund 190 Revenue Stabilization Fund	The Revenue Stabilization Fund will accumulate a reserve equal to thirty percent (30%) of annual economically sensitive revenues within the City's operating budget to cover revenue shortfalls resulting from unexpected economic changes or recessionary periods.
Debt Service Fund	
	A fund established to account for the accumulation of resources for; and the payment of, general long-term debt principal and interest.
Fund 201 2006 General Obligation Bond Fund	This fund is used to record the property tax revenues and debt service payments related to the 2006 General Obligation bonds issued to fund open space acquisitions and park improvements.
Fund 211 2009 Limited Tax General Obligation Bond Fund	This fund is used to record the principal and debt service payments related to the 2009 Limited Tax General Obligation bonds issued to fund the acquisition of the new City Hall.
Capital Funds	
	Funds that are specifically designated for major capital improvements.
Fund 301 General Capital Fund	The General Capital Fund receives funds that are designated specifically for capital purposes. The primary source of dedicated revenue is Real Estate Excise Tax (REET) and General Fund transfers. These funds are used for facility, recreation, parks and open space projects.
Fund 312 City Facility- Major Maintenance Fund	This fund was established in 2005. This capital fund will account for the long-term maintenance of City Facilities.
Fund 330 Roads Capital Fund	The Roads Capital Fund receives funds that are designated specifically for capital purposes. The primary source of dedicated revenue is Real Estate Excise Tax (REET) and federal, state, and local grant sources. These funds are used for street and transportation related projects.
Enterprise Fund	
	A proprietary fund type is used to report an activity for which a fee is charged to external users for goods or services. Usually an activity accounted for in an enterprise fund indicates that the fees charged should cover both operational and capital activities of the activity.

Fund 401 Surface Water Utility Fund	This fund includes all operations and capital improvements related to surface water management and drainage. The City charges property owners an annual surface water fee that is used to fund these activities.
Internal Service Funds	
	A type of proprietary fund which accounts for the goods and services which are provided to other units of the City and payment by the benefiting unit is intended to fund the costs of providing the services.
Fund 501 Vehicle Operations and Maintenance Fund	The Vehicle Operations and Maintenance Fund accounts for the costs of operating and maintaining city vehicles and auxiliary equipment. An annual charge is made to department budgets using City vehicles and other equipment to support this purpose.
Fund 503 Equipment Replacement Fund	The Equipment Replacement Fund is used to account for the future replacement of all City assets, including purchased vehicles, computer equipment, furniture, buildings, other equipment, etc. An annual allocation is charged to departments for the replacement of vehicles and other equipment.
Fund 505 Unemployment Fund	An annual allocation is made to this fund in lieu of making contributions to the state unemployment insurance.
Agency Fund	
	Used to account for assets held by a government as an agent for individuals, private organizations, other government agencies and/or other funds.
Fund 651 Northshore / Shoreline Community Network	The city provides fiscal agency services through an interlocal agreement to the Northshore/Shoreline Community Network. The network's Executive Board retains complete control over the day-to-day administrative activities. This fund is custodial in nature and does not involve the measurement of results of operations. Therefore, the City does not appropriate a budget for this fund.

2013 Budget by Fund

All Funds Historical Revenue/Expenditure Summary

	2010 Actual	2011 Actual	2012 Current Budget	2012 Projected	2013 Proposed Budget	2012 Current Budget vs. 2013 Proposed Budget

General Fund (001) Summary

The General Fund is used to pay the expenses and liabilities of the City associated with general service functions that are not budgeted in special revenue funds. The primary sources of revenue are general purpose State and local taxes. Property tax and sales tax combined equal approximately 47% of the General Fund operating revenues for 2013.

2013 Use of Funds

Code Abatement Fund (107) Summary

The Code Abatement Fund provides funding for City code abatement efforts (public nuisances, dangerous buildings, etc.). The costs associated with the abatement will be charged to the owner of the property either as a lien on the property or on the tax bill. Recovered monies would replenish the fund for future abatement efforts. This fund was established in 2002 by a transfer from the General Fund.

Department: Planning & Community Development
Program: Code Abatement Operations

2013 Use of Funds

Revenue Stabilization Fund (190) Summary

The Revenue Stabilization Fund was created in late 2007 as an outcome of the revised reserve policy adopted by the City Council earlier in 2007. The Revenue Stabilization Fund will accumulate a reserve equal to thirty percent (30%) of annual economically sensitive revenues within the City's operating budget to cover revenue shortfalls resulting from unexpected economic changes or recessionary periods. The minimum reserve level to meet this requirement for 2013 is approximately \$4.4 million. Investment interest from these funds will be allocated to the General Fund.

2013 Use of Funds

General Capital Fund (301) Summary

The General Capital Fund receives resources that are designated specifically for capital purposes. The primary on-going dedicated resource is real estate excise tax (REET). Other revenue sources include General Fund support and dedicated project grants. Projects in the General Capital Fund are divided into three major categories: facilities projects, parks projects and open space projects. For a complete discussion of this fund refer to the Capital Improvement Program section of this document.

Equipment Replacement Fund (503) Summary

The Equipment Replacement Fund is used to account for the future replacement of City property. This includes replacement of vehicles, computers, servers and other related equipment. An annual transfer is made from the General Fund to support the replacement of all computer related equipment. Based upon the vehicle replacement schedule, departments are assessed an annual charge to cover the anticipated replacement cost for their vehicles.

CAPITAL IMPROVEMENT PROGRAM

**CAPITAL
IMPROVEMENT
PROGRAM**

CAPITAL IMPROVEMENT PLAN

2013 – 2018

INTRODUCTION

Reader's Guide to the Capital Improvement Plan (CIP)

The Capital Improvement Plan is divided into six sections: Introduction, CIP Summary, General Capital Projects, City Facilities-Major Maintenance Projects, Roads Capital Projects and Surface Water Utility Projects. The following is a brief explanation of the major items included in each section.

Introduction

Impacts of Growth Management – A brief overview of the impact of the State of Washington's Growth Management Act on the City's capital planning process.

Capital Planning, Programming and Budget System - Graphical representation of the City's capital planning process.

Capital Improvement Fund Descriptions – Detailed descriptions of each capital fund.

Capital Budget Criteria – Criteria used as guidelines during the development of the capital budget.

Advantages of Capital Planning – Discussion of the advantages provided by the development of a long-range capital plan.

Capital Improvement Program Plan Policies – Capital policies adopted by the City Council.

Steps in the Capital Improvement Process – Steps used in the capital planning process.

Project Phase Definition – A brief description of the three project phases that may occur in each project.

Capital Project Criteria – A set of criteria used to determine if a project should be included in the Capital Improvement Plan.

Capital Improvement Program Summary

Capital Projects by Category – Graphic of the distribution of the projects by category.

Capital Resources by Category – Graphic of all of the resources available to fund the CIP.

Program Summary – listing of each project within the three capital funds – General Capital, City Facilities – Major Maintenance and Roads Capital. Also, the capital portion of the Surface Water Utility is included.

Capital Improvement Program Impact Upon Operating Budget – listing the anticipated future annual costs as a result of completion of capital projects.

General, City Facilities, Roads, and Surface Water Utility Projects

Capital Fund Summary – A summary is included for each capital fund. The summary includes a map highlighting the locations of each project; a list of all projects and their costs; a discussion of the projected current year project costs; a comparison of changes from the prior CIP; and list of significant projects that have been identified in each fund that have not been included in the CIP due to funding constraints.

Capital Project Detail – A project sheet is included for each capital project included in the CIP. Each sheet may contain the following sections as appropriate:

- Fund – The associated capital fund (General Capital, City Facilities, Roads Capital, or Surface Water Utility Fund).
- Project Category – Each fund has several project categories. This section identifies the appropriate category for the particular project. These categories are also used in the CIP Summary and the Capital Fund Summary.
- Strategic Objectives - Each project (where applicable) is linked with a strategic objective from the City's Strategic Plan. Currently, the City has seven strategic objectives:
 - ❖ Safe and attractive neighborhoods and business districts
 - ❖ Quality services, facilities and infrastructure
 - ❖ Human Services
 - ❖ Safe, healthy and sustainable environment
 - ❖ Economic vitality and financial stability
 - ❖ Governmental excellence
 - ❖ Effective citizen communication and engagement
- Desired Community Condition – if linked with a Strategic Objective - the appropriate desired community condition from the City's Strategic Plan is displayed.
- Strategy – If linked with a Strategic Objective – the appropriate strategy from the City's Strategic Plan is displayed.
- Council Goal – Each project (where applicable) is linked with a City Council Goal.

- Project Map – The map reflects the location of the project. If the project location is unknown at this time or affects the city in general, a city-wide map has been included.
- Project Description – A brief description of the project.
- Comprehensive Plan Goal – Each project (where applicable) is linked with a comprehensive plan goal.
- Service Impact – A brief description of the project’s impact on Shoreline citizens or others that use the public facility and any impact to maintenance and operating costs.
- Total Project Budget - This includes all costs associated with the project. This will include prior expenditures, current year estimates and projected costs included in the six-year plan.
- Funding Source – This displays all of the anticipated revenue sources for the project.
- Critical Milestones – A list of all of the most important project milestones with their expected completion dates.
- Project Costs – This spreadsheet displays actual expenditures from prior periods and projected future costs by project phase. It also displays the specific revenue sources used to fund the project. Funding for the Public Art program is displayed. It should be noted that these costs are included in the construction budget of eligible projects. Any impact on the operating budget is also displayed.
- Project Time Line – The projected timing for each phase of a project is displayed.

Introduction

The Capital Improvement Plan provides a multi-year list of proposed major capital expenditures and associated operating costs for the City. This plan attempts to set funding strategies not only for the current year, but also to project future needs for major construction, land acquisition and equipment needs that improve the cultural environment, capital infrastructure and recreational opportunities for the citizens of Shoreline. Capital expenditures are viewed not only in the context of how much the new project will cost, but also what impact the project will have on the City's operating budget.

Impacts of Growth Management

Capital facilities planning and financing is now subject to the State of Washington Growth Management Act of 1990 (GMA). The GMA requires communities to adopt comprehensive plans designed to guide the orderly development of growth over the next twenty years.

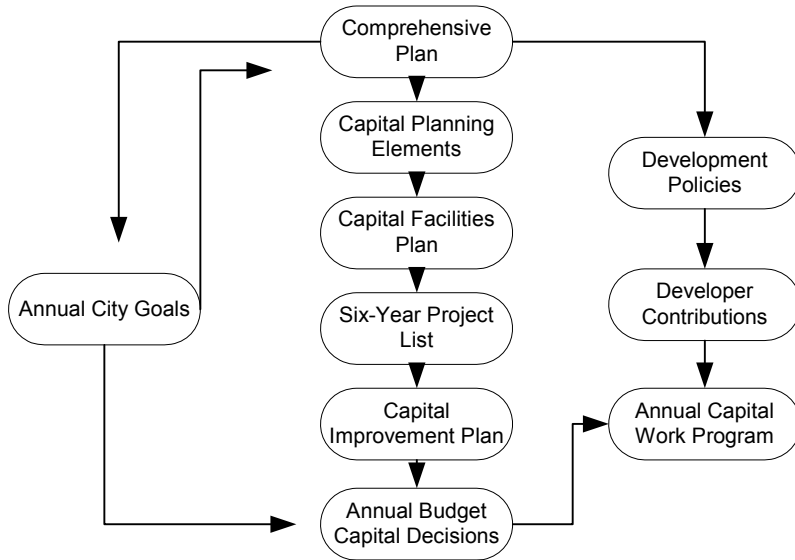

To comply with GMA, the City prepared a comprehensive Capital Facilities Plan (CFP). The CFP provides long range policy guidance for the development of capital improvements. The purpose of a CFP is to identify and coordinate those capital improvements deemed necessary to accommodate orderly growth, set policy direction for capital improvements and ensure that needed capital facilities are provided in a timely manner.

The GMA requires that the CFP contain the following elements:

1. An inventory of existing public owned capital facilities showing locations and capacities.
2. A forecast of the future needs for such capital facilities.
3. The proposed locations and capacities of expanded or new capital facilities.
4. A minimum six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes.
5. A requirement to reassess the land-use element if probable funding falls short of meeting existing needs.

Capital facilities are defined as mandatory elements for inclusion in the comprehensive plan.

Capital Planning, Programming and Budget System

Capital Improvement Fund Descriptions

The City's Capital Improvement Plan includes four capital funds. They are:

GENERAL CAPITAL FUND: In the General Capital Fund projects are categorized as Facilities Projects, Parks Projects, and Open Space Projects. Funding for these projects is primarily a result of the allocation of one-time General Fund revenues, Real Estate Excise Tax, municipal financing, and grants.

FACILITIES MAJOR MAINTENANCE FUND: In the Facilities Maintenance fund, projects are categorized as either General Facilities or Parks Facilities. Funding for these projects is provided by an annual transfer of monies from the City's General Fund.

ROADS CAPITAL FUND: In the Roads Capital fund, projects are categorized as either Repair and Replacement or Capacity Construction. Within those 2 categories they are subcategorized into Pedestrian/Non-Motorized Projects, System Preservation Projects, or Safety/Operations Projects. Funding for these projects is provided as a result of allocation from the General Fund, Real Estate Excise Tax (REET), Transportation Benefit District (TBD) and grants.

The City's Capital Improvement Plan also includes the capital portion of the Surface Water Utility fund.

SURFACE WATER UTILITY FUND: In the Surface Water Utility Fund, projects are categorized as either Repair and Replacement or Capacity Construction. Within those 2 categories they are subcategorized into Basin Planning, Flood Protection Projects, Water Quality Facilities, or Stream and Habitat Restoration Projects. Funding for these projects is provided from an allocation of surface water fees and grants. Any debt, which is used to finance projects, must be repaid by allocating a portion of surface water fees for this purpose.

Capital Budget Criteria

Capital improvement programming and budgeting involves the development of a long-term plan for capital expenditures for the City of Shoreline. Capital expenditures include expenditures for buildings, land, major equipment, and other commodities which are of significant value (greater than \$10,000) and have a useful life of at least five years.

The capital improvement plan (CIP) lists each proposed capital item to be undertaken, the year in which it will be started, the amount expected to be expended in each year and the proposed method of financing these expenditures. Based on these details, summaries of capital activity in each year can be prepared as well as summaries of financial requirements such as amounts of general obligation bonds to be issued, amounts of general operation funds required and any anticipated intergovernmental support, etc.

The capital improvement budget is enacted annually based on the capital improvement plan. It encompasses enacting appropriations for the projects in the first year of the capital improvement plan.

Flexibility is built into the capital improvement plan to allow for delay of projects when financing constraints make it impossible to allow for funding of the entire array of projects and to move future projects forward when financial availability makes it possible. The point is that the CIP is required to be updated at a minimum annually to:

- Make any adjustments in future program years when changes occur in funding or cost.
- Add a year of programming to replace the current year funded.

Advantages of Capital Planning

In addition to the Growth Management Act (GMA) which requires communities to establish a long-range capital plan, there are several advantages to the community from capital planning.

- Capital planning facilitates repair or replacement of existing facilities before they fail. Failure is almost always costly, time consuming and more disruptive than planned repair or replacement.
- It focuses the community and City Council's attention to priority goals, needs and capabilities. There are always more needs and competing projects than the available funds. A good capital plan forces the City to consciously set priorities between competing projects and interests. New projects and good ideas can then be ranked against the established project priority array.
- A CIP provides a framework for decisions about community growth and development. Long-range planning for infrastructure needs allows the community to accommodate reasonable growth without being overwhelmed.
- A CIP promotes a more efficient government operation. Coordination of capital projects can reduce scheduling problems and conflicts between several projects. Related projects such as sidewalks, drainage and roads can be planned simultaneously.
- A CIP enhances opportunities for outside financial assistance. Adequate lead-time allows for all avenues of outside grant funding or government agency assistance to be explored.
- A CIP serves as an effective community education tool, which conveys to the public that the City Council has made decisions that affect the future of the City and is guiding the development of the community.

Capital project activity is funded with cash made available by the issuance of General Obligation debt, by grants, by general tax allocation, vehicle license and utility fees and by transfers from other funds as may be approved by the City Council.

Annual contributions may be used in whole or in part to fund capital projects as cash assets are accumulated, or the annual contributions may be allowed to remain in reserve until funds, along with accrued interest have grown sufficiently to permit larger projects to be undertaken and paid for with cash.

Capital Improvement Program Plan Policies

A number of important policy considerations are the basis for the Capital Improvement Program (CIP) Plan. These policies provide guidelines for all financial aspects of the CIP, and ultimately affect the project selection process.

A. Relationship of Long-Range Plans to the CIP

The CIP will be updated annually as part of the City's budget process. The City Council may amend the CIP Plan at any time as required.

Virtually all of the projects included in the CIP are based upon formal long-range plans that have been adopted by the City Council. This ensures that the City's Capital Improvement Program, which is the embodiment of the recommendations of these individual planning studies, is responsive to the officially stated direction of the City Council as contained in the Comprehensive Plan, Council work goals, and supporting documents. Examples of these supporting documents: Pavement Management System Plan and the Parks and Open Space and Recreation Services Plan. There are exceptions, but they are relatively small when compared to the other major areas of expenditure noted above.

B. CIP Coordination Team

A CIP Coordination Team is a cross-departmental team which participates in the review and recommendation of the CIP program to the City Manager. The Team will review proposed capital projects in regards to accurate costing (design, capital, and operating), congruence with City objectives, and prioritize projects by a set of deterministic criteria. The Administrative Services Director, or his/her designee, will serve as the lead for the team.

C. Establishing CIP Priorities

The City uses the following basic CIP project prioritization and selection process:

1. Each CIP program area establishes criteria to be used in the prioritization of specific projects submitted for funding. These specific criteria are developed by staff in conjunction with City Council priorities and input from citizens, associated City boards and commissions. The City has divided its CIP projects into the following program areas: General and Parks Capital Projects, Major Facilities Maintenance, Roads Capital Projects, and Surface Water Capital Projects.
2. Designated personnel within City departments recommend project expenditure plans to the Administrative Services Department. The project expenditure plans include all capital costs and any applicable maintenance and operation expenditures along with a recommended funding source.
3. The CIP Coordination Team evaluates the various CIP projects and selects those with the highest priority based on input from citizens, project stakeholders, appropriate advisory committees, and City Council goals.

4. A Preliminary CIP Plan is developed by the Administrative Services Department and is recommended to the City Council by the City Manager.
5. The City Council reviews the Preliminary CIP Plan, holds a public hearing (s) on the plan, makes their desired alterations, and then officially adopts the CIP and establishes related appropriations as a part of the City's budget.
6. Within the available funding, the highest priority projects are then selected and funded in the CIP.

D. Types of Projects Included in the CIP Plan

The CIP Plan will display, to the maximum extent possible, all major capital projects in which the City is involved. It is difficult to define precisely what characteristics a project should have before it is included in the CIP Plan for the public's and City Council's review and approval. While the following criteria may be used as a general guide to distinguish among projects which should be included or excluded from the CIP Plan, there are always exceptions which require management's judgment. Therefore, the City Manager has the administrative authority to determine which projects should be included in the CIP Plan and which projects are more appropriately contained in the City's operating budget.

For purposes of the CIP Plan, a CIP project is generally defined to be any project that possesses all of the following characteristics:

1. Exceeds an estimated cost of \$10,000;
2. Involves totally new physical construction, reconstruction designed to gradually and systematically replace an existing system on a piecemeal basis, replacement of a major component of an existing facility, or acquisition of land or structures; and
3. Involves City funding in whole or in part, or involves no City funds but is the City's responsibility for implementing, such as a 100% grant-funded project or 100% Local Improvement District funded project.
4. Involves the skills and construction needs beyond those needed for a general repair and maintenance project.

These should be considered general guidelines. Any project in excess of \$25,000 meeting the criteria of (2), (3) and (4) above, or various miscellaneous improvements of a like nature whose cumulative total exceeds \$25,000 (i.e., street overlays) should be considered as part of the CIP process.

Program area managers are responsible for the cost estimates of their proposed programs, including future maintenance and operations costs related to the implementation of completed projects.

E. Scoping and Costing Based on Pre-design Study:

For some projects it is difficult to develop accurate project scopes, cost estimates, and schedules on which no preliminary engineering or community contact work has been done. To address this problem, some projects are initially proposed and funded only

for preliminary engineering and planning work. This funding will not provide any monies to develop final plans, specifications, and estimates to purchase rights-of-way or to construct the projects. Future project costs are refined through the pre-design study process.

F. Required Project Features and Financial Responsibility: If a proposed project will cause a direct impact on other publicly-owned facilities, an equitable shared and funded cost plan must be coordinated between the affected program areas.

G. Predictability of Project Timing, Cost and Scope:
The predictability of timing and costs of projects is important to specific private developments, such as the provision of street improvements or the extension of major sewer lines or water supply, without which development could not occur. These projects generally involve significant financial contributions from such private development through developer extension agreements, LIDs, and other means. Once a project has been approved by the City Council in the CIP, project scheduling is a priority to maintain.

The City Council authorizes the City Manager to administratively approve the acceleration of projects schedules so long as they can be accomplished within budgeted and any allowable contingency expenditures, with the understanding that all controversial issues will be brought before the City Council. All project additions or deletions must be approved by the City Council.

H. CIP Maintenance and Operating Costs:
CIP projects, as approved by the City Council, shall have a funding plan for maintenance and operating costs identified in the project description. These costs will be included in the City's long-term financial planning.

I. Local Improvement Districts (LID)
Examples of when future LIDs may be formed are as follows: 1) where old agreements exist, committing property owners to LID participation on future projects; 2) when a group of property owners wish to accelerate development of a certain improvement; 3) when a group of property owners desire a higher standard of improvement than the City's project contemplates; or 4) when a group of property owners request City assistance in LID formation to fund internal neighborhood transportation facilities improvements, which may or may not have City funding involved. If City funding is proposed by the project sponsors (property owners), they shall so request of the City Council (through the City Clerk) in writing before any LID promotion activity begins. The City Manager shall analyze such request and report his/her conclusions and recommendation to Council for their consideration. The Council shall by motion affirm or deny the recommendation. The Council's affirmative motion to financially participate shall expire in 180 days, unless the project sponsors have submitted a sufficient LID petition by that time.

In the event that the request is for street resurfacing in advance of the City's normal street resurfacing cycle, the City's contribution, if any, will be determined based on a recommendation from the Public Work's Department and a financial analysis of the impact of completing the project prior to the City's original timeline.

On capital projects whose financing depends in part on an LID, interim financing will be issued to support the LID's portion of the project budget at the same time or in close proximity to the issuance of the construction contract. The amount of the interim financing shall be the current estimate of the final assessment roll as determined by the administering department.

In the event that the project is 100% LID funded, interim financing shall be issued either in phases (i.e., design phase and construction phase) or up front in the amount of the entire estimated final assessment roll, whichever means is estimated to provide the lowest overall cost to the project as determined by the Administrative Services Department.

The City will recapture direct administrative costs incurred by the City for the LID project by including these in the preliminary and final assessment roles.

J. Preserve Existing Capital Infrastructure Before Building New Facilities:

The City's policy to ensure that adequate resources are allocated to preserve the City's existing infrastructure before targeting resources toward building new facilities that also have maintenance obligations. This policy addresses the need to protect the City's historical investment in capital facilities and to avoid embarking on a facility enhancement program which, together with the existing facilities, the City cannot afford to adequately maintain.

K. New Facilities Should Be of High Quality, Low Maintenance, Least Cost:

The intent of this policy is to guide the development and execution of the CIP Plan through an emphasis on lowest life-cycle cost. Projects should only be built if the necessary funding to operate them is provided. Also, priority is given to new facilities that have minimal ongoing maintenance costs so as to limit the impact upon both the CIP and the operating budget.

L. Public Input at All Phases of Projects:

The City makes a serious commitment to public involvement. The City's long-range plans are developed through an extensive citizen involvement program.

M. Basis for Project Appropriations:

During the City Council's CIP Plan review, the City Council will appropriate the full estimated project cost for all projects in the CIP Plan. Subsequent adjustments to appropriation levels for amendments to the CIP Plan may be made by the City Council at any time.

N. Balanced CIP Plan:

The CIP Plan is a balanced six-year plan. This means that for the entire six-year period, revenues will be equal to project expenditures in the plan. It is anticipated that the plan will have more expenditures than revenues in single years of the plan, but this imbalance will be corrected through the use of interim financing, if actually needed. Over the life of the six-year plan, however, all planned interim debt will be repaid and all plan expenditures, including interest costs on interim debt will be provided for with identified revenues. Any project funding plan, in which debt is not retired within the current six-year plan, must have specific City Council approval.

O. Use of Debt in the CIP:

The CIP is viewed as a long-term program that will continually address capital requirements far into the future. As such, the use of long-term debt should be minimized, allowing the City to put money into actual projects that benefit Shoreline residents and businesses rather than into interest payments to financial institutions. There may be exceptions to this policy for extraordinary circumstances, where voted or non-voted long-term debt must be issued to achieve major City goals that otherwise could not be achieved, or would have to wait an unacceptably long time. Issuance of long-term debt must receive City Council authorization.

Staff monitors CIP cash flow regularly and utilizes fund balances to minimize the amount of borrowing required. Funds borrowed for cash flow purposes are limited to short-term obligations. Projected financing costs are included within a project in the administrative program area.

P. Administrative Services Director's Authority to Borrow:

The Administrative Services Director is authorized to initiate interim and long-term borrowing measures, as they become necessary, as identified in the CIP Plan and approved by the City Council.

Q. CIP Plan Update and Amendment:

The CIP Plan will be updated at least annually. The City Council may amend the CIP Plan at any time if a decision must be made and action must be taken before the next CIP review period. All project additions or deletions must be approved by the City Council.

R. Formalization of Monetary Agreements:

All agreements between the City and outside jurisdictions, where resources are exchanged shall be in writing specifying the financial terms of the agreement, the length of the agreement, and the timing of any required payments (i.e., Joint CIP projects where the City is the lead agency, grant funded projects, etc.). Formalization of these agreements will protect the City's interests. Program areas shall make every effort to promptly request any reimbursements that are due the City. Where revenues from outside jurisdictions are ongoing, these requests shall be made at least quarterly, unless alternative arrangements are approved by the City Manager or City Council.

S. Applicable Project Charges:

CIP projects should reflect all costs that can be clearly shown to be necessary and applicable. Staff charges to CIP projects will be limited to time spent actually working on those projects and shall include an overhead factor to cover the applicable portion of that person's operating cost.

Steps in the Capital Improvement Process

The capital improvement process is built around the following eight steps:

1. **Establishment of the administrative and policy framework for capital programming and budgeting.** The first step in implementing an effective capital improvement planning and budget process is to establish the underlying organizational and policy framework within which the process operates.
2. **Prepare inventory of existing facilities.** Each governmental unit should compile an inventory of its own physical plant. This will help to indicate the eventual need for renewal, replacement, expansion or retirement of some of the physical plant. This can be accomplished through a master plan process.
3. **Determine by review the status of previously approved projects.** Prepare a report showing the status of previously approved programs. The estimated costs of these projects should be reviewed to ensure accuracy and the funding sources which would be needed to finance the completion of the project. This status review also allows the legislative body the opportunity to stay informed of projects approved in previous years.
4. **Perform financial analysis and financial programming.** Financial analysis involves the determination of the City of Shoreline's financial capability for major expenditures by examining past, present and future revenue, expenditures and municipal debt. The selection and scheduling of funding sources of these major expenditures is known as financial programming. Some of the important objectives of financial programming include:
 - Smoothing out the tax rate
 - Maintaining a preferred balance of debt service and current expenditures
 - Determination of debt capacity and appropriate debt service levels
 - Maximizing intergovernmental aid relative to local expenditures

The intent is to come up with a level of capital expenditures by fund, which the municipality can safely afford over the next several years while maintaining a minimal impact of the property tax rate and other municipal revenues.

5. **Compile and evaluate project requests.** Once the Administrative Services Department has completed reviewing and summarizing the CIP requests, the CIP Review Committee will review and prioritize each project based on the criteria contained in the Capital Project Criteria Section. A draft CIP is then developed and submitted to the City Manager for review. The City Council then reviews, modifies and adopts the CIP.

6. **Adoption of the capital program and budget.** The City Council, which has been involved in the CIP process from the beginning by establishing policy guidelines under which the CIP was developed, has the final responsibility to adopt the CIP.
7. **Monitoring the CIP.** Lead departments are responsible to monitor the actual development of a project against the approved budget to complete the project.
8. **Modifications.** Significant changes in project scope, time or costs, requires a CIP amendment by the City Council.

PROJECT PHASE DEFINITIONS

Projects incur costs from a variety of sources throughout a project life from design through completion of construction, including the costs of acquiring land or easements. The type and size of costs incurred can vary widely from project to project but it is essential to track and manage these costs consistently. A common method for both developing and evaluating project costs is the Engineering Costs as they compare to Construction Costs. For example, engineering costs, sometimes referred to as soft costs, are often 20-25% of the construction costs, often referred to as hard costs. The percentage can vary based on project complexities and size; small projects often carry a higher percentage than large projects. In order to utilize this method, project budgets will be developed and tracked according to the following components of a project budget:

Project Administration: Costs required to design and manage the project from scoping through construction close-out. This category accounts for both internal and contracted project management staffing. Basic tasks or activities that occur in this component include surveying, development of plans, specifications, and cost estimates, project management, public involvement, construction management and inspection. This would also include any studies or work necessary for environmental review and permits.

Real Estate Acquisition: Not all projects require the acquisition of right of way, property or easements. When property or right of way is needed it is important to track the costs associated with acquisition separately from other project costs. This is often a requirement of our funding partners. Costs may include direct city costs of expenses, consultant costs and the cost of acquisition. The cost of land or easement costs are included in this component as are tasks such as title reports, appraisals, negotiations and recording that are directly associated with the acquisition.

Construction: Construction costs are more narrowly defined as direct construction costs for work performed by a Contractor. Other activities that apply within this component include costs for utility relocations such as new power or water supply or other activities that are not covered by utility franchise agreements. At times, the City contracts with King County to perform construction work which would also be included. In general, costs from a consultant or other direct city costs such as salaries are not included in this component of a project budget.

Defining costs into these categories will facilitate the development of project budgets and the review and comparison of project costs against other project by breaking out direct construction costs from those costs necessary to design and administer the project. Similarly real estate acquisition is pulled out separately as a means of maintaining consistency across project reporting and tracking of engineering costs against construction costs. All costs will still be tracked and reported in a manner that meets the requirements and expectations of our funding partners.

Note: The phases in the Aurora Avenue North 165th - 205th Improvements project were expanded to detail the engineering and project contingency costs.

Capital Project Criteria

Legal	State or Federal mandate may require that a particular project be implemented. Court orders and judgments concerning annexation property owner's rights environmental protection, etc. are also legal requirements that may affect how projects are prioritized.
Safety	The benefit to the environment, safety or public health of the community should be evaluated. For example, all street projects concern public safety, but streets for which documented evidence of safety hazards exists should be given higher priority treatment.
Comp Plan	Consistency with the City's Comprehensive Plan is important. Capital projects may directly or indirectly implement the comprehensive plan. Projects should not be inconsistent with the comprehensive plan.
Funds	The extent to which outside funding is available for the project or purchase should be evaluated.
Need	The project should alleviate identified problems or deficiencies.
Related Project	Often projects in one category are essential to the success of those in others. Related projects proposed by other departments or governmental jurisdictions may even effect a savings to a particular project.
Efficiency	Projects which substantially improve the quality of service at the same operating cost, or eliminate obsolete and inefficient facilities should be identified using this category.
Economic Impact	A project may affect the local economy. Increases or decreases in property valuations may occur. Rapid growth in the area may increase the City's land acquisition costs if the project is deferred.
Public	Projects are generally more easily implemented if there is public demand and support for them. Such public support should be gauged in terms of its strength and the depth of understanding it represents.

Capital Improvement Program Impact Upon Operating Budgets

When certain types of capital projects are developed and completed, they also have ongoing financial impacts upon the City's operating budgets. For example, when a new park or ball field is developed, the Parks Department will need to add the ongoing maintenance of the new facility to annual maintenance budget. Also, the addition of new sidewalks with planting strips or street trees require ongoing trimming and maintenance costs to be included in the City's maintenance budget.

In the 2013-2018 CIP, the individual projects include an estimated future operating budget impact, if it is possible to identify that cost at this time. These costs are estimates at this time, based on the known design elements of the various projects. Changes to these projects will likely result in changes to the projected operating budget impacts.

Anticipated future annual operational costs anticipated as a result of completion of capital projects in 2012 and beyond are included in CIP Table 1 (next page). The additional operational costs are related to increases for professional landscape maintenance services, janitorial services, utilities and operating supplies.

The projects that will have an impact on future maintenance costs include:

- Aurora Avenue North 165th to 205th
- Goheen Revetment Repair
- Maintenance Facility
- North Fork Thornton Creek LID Stormwater Retrofit
- Park at Town Center
- Pym Acquisition
- Regional Trail Signage
- Richmond Beach Saltwater Park Improvements
- Sunset School Park Project
- Surface Water Green Works Projects
- Surface Water Small Projects
- Traffic Safety Improvements

CAPITAL FUND**

GENERAL CAPITAL FUND SUMMARY

City of Shoreline
2012-2018 General
Capital Improvement Plan

Date: 8/27/2012

-  Ballinger Neighborhood
-  Interurban Trail
-  Park

- 1: Ballinger Neighborhood Parks Master Planning
- 2: Civic Center/City Hall
- 3: Echo Lake Park Improvements
- 4: Kruckeberg Gardens
- 5: Park at Town Center
- 6: Police Station Garage and Storage; Police Station Site Analysis
- 7: Pym Acquisition
- 8: Richmond Beach Saltwater Park Imp.
- 9: Saltwater Park Pedestrian Bridge Repair
- 10: Shoreline Pool Repair/Replacement Needs Analysis
- 11: Sunset School Park Project

CITYWIDE IMPROVEMENTS

- Maintenance Facility
- Off Leash Dog Areas
- Parks Repair and Replacement
- Regional Trail Signage
- Trail Corridors

**City of Shoreline 2013 - 2018 Capital Improvement Plan

GENERAL CAPITAL FUND SUMMARY

Types of Projects

In the General Capital Fund projects are categorized as Facilities Projects and Parks Projects. Funding for these projects is primarily a result of monies from the 2006 Park's Bond issue, one-time General Fund revenues, Real Estate Excise Tax, municipal financing, and grants.

Estimated 2012 Status

The following table summarizes the financial projections of the budgeted and projected expenditures for the General Capital Fund for 2012. More specific information on the individual projects is found on the individual project sheets within the General Capital Fund section of the CIP.

Project	2012 Budget	2012 Projected	2012 Variance	Comments
Expenditures				
Parks Projects				
Sunset School Park Project	\$204,990	\$54,990	(\$150,000)	Project completion delayed
Echo Lake Park Improvements	\$142,459	\$80,000	(\$62,459)	Project completion delayed
Off Leash Dog Areas	\$7,441	\$12,441	\$5,000	
Park at Town Center	\$18,058	\$16,545	(\$1,513)	Master plan completed below estimates
Parks Repair and Replacement	\$236,551	\$236,551	\$0	
Regional Trail Signage	\$138,000	\$75,000	(\$63,000)	Project completion delayed
Richmond Beach Saltwater Park Improvements	\$21,330	\$15,000	(\$6,330)	Costs for yearly mitigation monitoring decreased over original estimates
Trail Corridors	\$592,358	\$593,295	\$937	
Kruckeberg Botanic Garden	\$172,221	\$16,823	(\$155,398)	Project to be completed below cost estimates
Facilities Projects				
Civic Center/City Hall	\$790,348	\$790,348	\$0	
Maintenance Facility	\$12,969	\$12,969	\$0	
Police Station Garage and Storage	\$60,000	\$60,000	\$0	
Police Station Site Analysis	\$100,000	\$20,000	(\$80,000)	Analysis will start in 2012 and will be completed in 2013
Non-Project Specific				
General Capital Engineering	\$85,489	\$87,812	\$2,323	
General Fund Cost Allocation Charge	\$25,890	\$25,891	\$1	
City Hall Debt Service Payment	\$509,294	\$482,619	(\$26,675)	Reduced as a result of decline in REET. Balance is taken from General Fund
Transfer to Facilities Major Maint. for City Hall Parking Maint.	\$100,000	\$100,000	\$0	
Total Expenditures by Year	\$3,217,398	\$2,680,284	(\$537,114)	

Project	2012 Budget	2012 Projected	2012 Variance	Comments
Revenues				
General Fund Contribution - Parks Facilities	\$50,000	\$50,000	\$0	
Real Estate Excise Tax (1st Quarter)	\$509,294	\$482,619	(\$26,675)	Revised projection
Interest Income	\$21,978	\$5,000	(\$16,978)	Interest projection below estimates
Police Station - Treasury Seizure Fund	\$60,000	\$60,000	\$0	
Police Station Site Analysis - Treasury Seizure Funds	\$100,000	\$20,000	(\$80,000)	Analysis will start in 2012 and will be completed in 2013
Richmond Beach Park Improvement-KC Mitigation	\$21,330	\$15,000	(\$6,330)	Costs for yearly mitigation monitoring decreased over original estimates
Off-Leash Dog Park-Bond Issue	\$7,441	\$7,441	\$0	
Kruckeberg Gardens-Bond Issue	\$172,221	\$16,823	(\$155,398)	Project to be completed below cost estimates
Trail Corridors-Bond Issue	\$592,358	\$593,295	\$937	
KC Trail Levy Projects	\$223,000	\$113,728	(\$109,272)	Project schedules revised and Levy funding will be spent in later years
Sunset School Park - King County Mitigation	\$204,990	\$54,990	(\$150,000)	Project completion delayed to 2013
Total Revenues by Year	\$1,962,612	\$1,418,897	(\$543,715)	
(*) Beginning Fund Balance	\$2,236,356	\$2,616,755	\$380,399	
Total Revenues	\$1,962,612	\$1,418,897	(\$543,715)	
Amount restricted for future turf replacement	\$149,627	\$149,627	\$0	
Total Expenditures	\$3,217,398	\$2,680,284	(\$537,114)	
Ending Fund Balance	\$831,943	\$1,205,741	\$373,798	

(*) This does not include the amount of the programmed use of bond monies and mitigation monies listed as revenue sources

2013-2018 CIP Summary

The 2013-2018 General Capital CIP totals \$12.3 million. There are 15 projects for funding over this period.

Project	2013 Estimate	2014 Estimate	2015 Estimate	2016 Estimate	2017 Estimate	2018 Estimate	Total 2013-2018
Expenditures							
Facilities Projects	\$3,110,000	\$368,000				\$700,000	\$4,178,000
Parks Projects	\$946,459	\$465,330	\$1,085,000	\$440,000	\$1,000,000	\$200,000	\$4,136,789
Non-Project Specific	\$684,291	\$650,087	\$664,346	\$664,546	\$663,946	\$664,547	\$3,991,763
Total Expenditures by Year	\$4,740,750	\$1,483,417	\$1,749,346	\$1,104,546	\$1,663,946	\$1,564,547	\$12,306,552
Revenues by Year	\$3,859,143	\$1,232,154	\$1,781,936	\$1,152,349	\$1,741,014	\$1,659,574	\$11,426,170
Beginning Fund Balance	\$1,205,740	\$324,133	\$22,870	\$5,460	\$3,263	\$30,331	\$1,205,740
Total Revenues	\$3,859,143	\$1,232,154	\$1,781,936	\$1,152,349	\$1,741,014	\$1,659,574	\$11,426,170
Amount restricted for future turf replacement		\$50,000	\$50,000	\$50,000	\$50,000	\$50,000	\$250,000
Total Expenditures	\$4,740,750	\$1,483,417	\$1,749,346	\$1,104,546	\$1,663,946	\$1,564,547	\$12,306,552
Ending Fund Balance	\$324,133	\$22,870	\$5,460	\$3,263	\$30,331	\$75,358	\$75,358
Impact on Operating Budget	\$55,100	\$70,136	\$78,277	\$93,522	\$113,274	\$101,039	

Changes from the 2012-2017 CIP

Changes to Existing Projects

Ballinger Neighborhood Parks Master Planning: The total cost for this project has decreased from \$200,000 to \$150,000. The timing of the project has not changed and will be funded by future grants.

Echo Lake Park Improvements: The cost and timeline of this project has not changed.

Maintenance Facility (formerly Maintenance Facility Feasibility Study): The cost of this project has increased from \$25,000 to \$3,373,000 to include the land acquisition and site improvements. The project is scheduled to be completed by 2014 and will be funded by future financing.

Off-Leash Dog Areas: The cost of the project has increased from \$150,000 to \$160,000 to plan and build an off-leash area in East Shoreline. The project timeline has moved from 2012 to 2013.

Park at Town Center: The total cost for this project has decreased from \$1,130,759 to \$1,129,245 based on actual costs. The timing of this project has not changed.

Parks Repair and Replacement: The cost of this project has increased from \$2,474,531 to \$2,635,700. This project now includes funding for 2018.

Police Station Site Analysis: The cost of this project has not changed. The timeline of this project has been moved from 2012 to 2013.

Pym Acquisition: The cost and timeline of this project have not changed.

Regional Trail Signage: The cost and timeline of this project have not changed.

Richmond Beach Saltwater Park Improvements: The cost of the project has not changed. The timeline of the project has been moved from 2012 to 2013.

Sunset School Park Project (formerly Boeing Creek Open Space/Sunset Elementary School Project): The project name has been changed to reflect that the project will fund improvements only at the Sunset Elementary School site. The project cost has not changed. The timeline of this project has been moved from 2012 to 2013.

Trail Corridors: The cost of this project has decreased from \$2,890,991 to \$2,684,203. The timeline of the project has not changed.

New Projects:

City Hall Generator: This project is for the purchase and installation of a generator for the City Hall building to provide backup power to ensure continued operation of the City services for residents during an emergency situation. The project is scheduled to be completed in 2018 and will be funded by future grants.

Saltwater Park Pedestrian Bridge Repairs: This project will make major repairs to the existing pedestrian bridge over the Burlington Northern Railroad leading to the beach at Richmond Beach Saltwater Park to extend its life cycle based on the assessment and cost estimate of needed repairs conducted in 2011. The project is scheduled to be completed in 2014.

Shoreline Pool Repair/Replacement Needs Analysis: A full assessment of the Shoreline Pool building and its systems are necessary to understand the buildings physical and operational condition. This project will assess the buildings condition; identify any short term and long term deficiencies; provide cost estimates for necessary major repairs; assess the end life cycle for the pool; and analyze the costs of repair and when to develop a long-term strategic maintenance and operations plan. This project is scheduled to be completed in 2013.

Policy Issues

Use of Real Estate Excise Tax: A primary revenue source in the General Capital Fund is real estate excise tax (REET). Since 2005 the City has seen a dramatic decrease in the amount of tax collected. Historically, staff estimated that the annual REET baseline collection was \$1.3 to \$1.5 million per year. When real estate activity increased for example in 2005, the highest year of collections, the City received more than \$2.6 million in REET. Staff is currently projecting that collections will remain below baseline projections through 2013. At that time, staff anticipates that both home prices and real estate activity will improve. The City Council authorized the use of up to \$750,000 of REET annually towards the debt service costs of City Hall. Actual allocation will be less, averaging \$665,000 annually. Based on current REET projections, the annual debt service in the years 2012-2014 will require the use of all the available REET revenue.

Master Plan: This capital improvement plan includes all park and open space projects recommended in the Parks and Open Space Master Plan.

Underfunded and Unfunded Projects: The following table reflects all the projects that are either underfunded or unfunded and awaiting future funding.

PROJECT TITLE	PROJECT DESCRIPTION	ESTIMATED LOW	ESTIMATED HIGH
Underfunded Projects			
City Hall	Tenant Improvements	\$621,000	\$711,000
Significant Projects Beyond 6 year CIP			
Police Station	Acquire, plan, design and construct a new Police Station	\$16 million	\$20 million
Aquatic Center	Demolish existing pool, construct aquatic center adjacent to Spartan Gym	\$20 million	\$27 million
Spartan Recreation Center Expansion	Complete at same time as aquatic center – convert north locker rooms into classroom spaces	\$1.5 million	\$2 million
Saltwater Pedestrian Bridge Replacement	Plan, design and construct a new bridge to Richmond Beach	\$2 million	\$3 million
Acquire BNSF property along Puget Sound	Purchase shoreline property from BNSF Railroad	\$1 million	\$2 million

			Boeing Creek Open Space and Sunset School Project Echo Lake Park Improvements Regional Trail Signage	PR 5	Conduct strategic planning to design and construct trail improvements
			Ballinger Neighborhood Parks Master Planning	PR 5	Conduct strategic planning to design future park improvements
			Parks Repair and Replacement	PR 2	This project provides minor repair and replacement improvements in parks such as: Americans with Disability Act (ADA) access modifications; playground safety enhancements; replacement of fencing, backstops, park fixtures and equipment; irrigation system upgrades; tennis court resurfacing, etc.
			Parks, Recreation and Open Space Plan Update	PR 31	Update Strategic Plans for future parks and recreational needs
			Park at Town Center Pym Acquisition	PR 1	none
			Saltwater Park Pedestrian Bridge Repairs	T IV	none
Non-Project Specific	Quality Services, Facilities and Infrastructure	none	General Capital Engineering	CF 1	none

2013-2018 Capital Improvement Plan

Comprehensive Plan Goal	Description
CF 1	To provide adequate public facilities that address past deficiencies and anticipate the needs of growth through acceptable levels of service, prudent use of fiscal resources, and realistic timelines.
PR 1	Enrich the quality of life for all Shoreline residents by ensuring that a broad range of high quality parks, recreation and cultural opportunities are readily available, by preserving open spaces and maintaining a quality parks and recreation system.
PR 2	Monitor and evaluate maintenance of parks and recreational facilities with joint-use agreements, and develop measurable standards for enhancing maintenance efficiency and effectiveness.
PR 3	Seek increased opportunities for Shoreline citizens to enjoy parks, recreation, and cultural resources, through improving accessibility and usability of existing facilities and pursue opportunities and partnerships for new indoor and outdoor facilities for year-round programming.
PR 5	Coordinate park planning and land acquisitions with those of other agencies providing similar services and with City plans for streets, utilities and development in order to maximize the benefits from public lands for parks and programs.
PR 31	Monitor, evaluate and adjust recreation and cultural offerings on a routine basis to correspond with needs assessment findings and respond to changes in citizen needs and desires.
T IV	Provide a pedestrian system that is safe, connects to destinations, accesses transit, and is accessible by all.

BALLINGER NEIGHBORHOOD PARKS MASTER PLANNING

Project Description:

A project to plan for future improvements to three Ballinger neighborhood sites: a future park at the Aldercrest Annex property, Brugger's Bog Park and Ballinger Open Space. The visioning process would begin only after the Shoreline School District sells the Aldercrest Annex property to a future developer. The visioning process and any future site improvements would be funded through grants.

Service Impact:

Provide more neighborhood level park upgrades in the Ballinger neighborhood to better meet the target level of service for Neighborhood Parks.

CITY HALL GENERATOR

Project Description:

This project is for the purchase and installation of a diesel generator (1000KW) and transfer switch for the Shoreline City Hall building to provide backup power to ensure the continued operation of City services for residents. The generator would also improve safety conditions especially during an emergency situation. It would entail purchasing a new generator and installing the generator on site in the lower level of the parking garage. A protection fence with gate will also be included to prohibit vandalism to the generator.

Service Impact:

This project provides a fully operational City Hall during an emergency situation allowing to provide critical services.

ECHO LAKE PARK IMPROVEMENTS

Project Description:

A project funded by the 6-year King County voter approved trail levy, this project will create a master site plan and implement trailhead improvements at Echo Lake Park in the northern section of the Interurban Trail through Shoreline.

Service Impact:

Provide improvements along the Interurban Trail – a regional trail link through Shoreline.

MAINTENANCE FACILITY

Project Description:

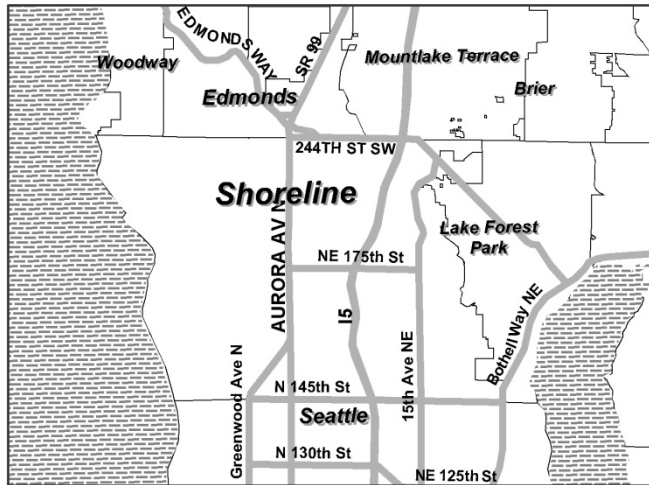

The City's Public Works Department has significantly grown both in the number of staff and equipment since incorporation. The Hamlin Park Facility has serious limitations in space capacity for staff, materials, and rolling stock. King County has recently announced a planned closure of the King County Brugger's Bog Maintenance Facility. This site may be an ideal site for a possible location of the City's Public Works Maintenance Facility. King County has indicated a strong interest in working with the City towards a possible property acquisition. Brugger's Bog is an existing permitted maintenance facility shop, which means that transitioning a public works maintenance facility onto this site may significantly be advantageous to the City relative to cost impacts. With the surplus of the King County Maintenance shop in Shoreline, the City has an opportunity to conduct a full site analysis to address long-term space needs for the Public Works Department relative to the Maintenance Division and the Surface Water Utility Division and future Utilities such as Water and Sewer.

Service Impact:

This location for a maintenance facility will allow our Public Works crews to respond quickly to requests for services. This location is ideal due to the close proximity to the freeway and other major arterials in the City. A facility that accommodates and provides for growth and the space needs of the employees would allow crews to respond to customer requests more efficiently.

OFF LEASH DOG AREAS

Project Description: This project has identified a system-wide approach for providing off-leash dog areas in Shoreline. City Council approved two sites for permanent use in March 2010 after one year of monitoring. Shoreview Park, a traditional year round site, and Richmond Beach Saltwater Park, a seasonal use site from November – March, are both located west of Aurora Avenue.

To expand the system of sites, a planning process began in 2012 to identify a pilot site for off-leash use in east Shoreline. If a suitable site is approved, this project would fund construction of needed improvements to the site for an off-leash area.

Service Impact:
Increase level of service to meet the need for off-leash areas within Shoreline.

PARK AT TOWN CENTER

Project Description:

This project will design and construct the first phase improvements for a public park in the area between N. 178th St. and North 185th St. and bounded by Aurora Avenue North and Midvale Avenue North adjacent to the new civic center. The master plan for the Park at Town Center was adopted by City Council in January 2012. A tree planting project in the Phase I project area is scheduled to begin in the fall of 2012. The City will seek future grants for additional Phase I park construction.

Service Impact:

Provide a public gathering place along the Interurban Trail with possible historical interpretive elements in the heart of the City's center where substantial commercial development and transit connections exist now and into the future.

PARKS REPAIR AND REPLACEMENT

Project Description:

This project provides minor repair and replacement improvements in parks such as: Americans with Disability Act (ADA) access modifications; playground safety enhancements; parking lot, trail and pathway improvements, replacement of fencing, backstops, park fixtures and equipment; irrigation system upgrades; tennis court resurfacing, etc. For example, in 2012, play equipment was replaced at Paramount School Park and the water main line was replaced at Richmond Beach Saltwater Park.

2013-2018 Goals:

- ▶ Repair and replace assets as necessary
- ▶ Create minor repair/replacement improvements to at least one selected park.

Service Impact:

This project provides on-going and preventative repair and replacement of amenities at park facilities to address aging infrastructure, improve safety and

comply with legal mandates such as Americans with Disabilities Act (ADA) requirements.

POLICE STATION SITE ANALYSIS

Project Description:

The City of Shoreline's Police station, currently located at 1206 N 185 Street, was purchased shortly after the City of Shoreline's incorporation in August 1995. The building is approximately 5,481 sq. ft. with a total lot size of 30,451 sq. ft. The building is of stick frame construction, built in 1956. The current building configuration supports a total of 51.5 FTEs including non-commissioned staff. The building has reached the end of its life cycle and does not have adequate space to meet its current space needs or any future growth needs. An analysis of the current site is being recommended to determine the efficiency of the existing facility as well as to assess the cost implications of a new facility at the current location or other possible sites located elsewhere in the city that may be better suited for a police station.

Service Impact:

This project will identify and recommend a site for a new police facility that will meet and support the space and growth needs of its police force. This site will also be a location that will assist the Police Department in providing accessible and efficient services to the public.

PYM ACQUISITION

Project Description:

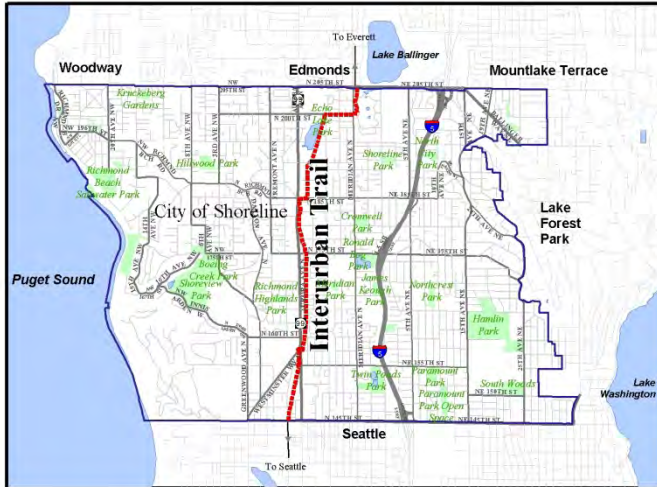

This project will acquire the property located at 19012 20th Avenue NW in Shoreline. This property is contiguous with Richmond Beach Saltwater Park's north eastern boundary. This acquisition will increase the overall park acreage and provide pedestrian trail connections from Richmond Beach Saltwater Park to the Strandberg Preserve open space.

Service Impact:

Preserve and protect open space adjacent to Richmond Beach Saltwater Park and provide pedestrian connections to public open spaces.

RICHMOND BEACH SALTWATER PARK IMPROVEMENTS

Project Description:

This project constructed improvements identified in the park master plan. Improvements completed in 2009 included an improved configuration of the entry road-curb, gutter, sidewalk; new drainage and erosion control measures; newly expanded parking; improved picnic areas and gathering spaces, trail improvements and landscape upgrades; a program for natural area enhancements; and directional and interpretive signage. New lights were added along the park entry drive in 2010. Work continues in 2012-2014 for the wetland mitigation monitoring requirements and native vegetation management of steep slopes.

Service Impact:

This project improves the environmental quality of the park and increases the usability of the park.

SALTWATER PARK PEDESTRIAN BRIDGE REPAIRS

Project Description:

This project will make repairs to the existing pedestrian bridge over the Burlington Northern Railroad leading to the beach at Richmond Beach Saltwater Park to extend its life cycle from 5-10 years to 20+ years. Repairs primarily include replacement of the bridge deck and railings which are deteriorating and minor repairs to the substructure. An assessment and cost estimate of needed repairs was conducted in 2011. Prior to beginning the design of the repair project, grant opportunities will be fully evaluated to determine viability of funding a replacement in-lieu of the repairs. A full replacement was estimated at approximately \$3 million in the Parks Recreation and Open Space Plan adopted in 2011.

Service Impact:

The project will reduce the frequency of inspections and increase the life span of the bridge. The maintenance is necessary to maintain a safe bridge and allow the bridge to continue to be used by vehicles for maintenance and/or

emergencies.

SHORELINE POOL REPAIR/REPLACEMENT NEEDS ANALYSIS

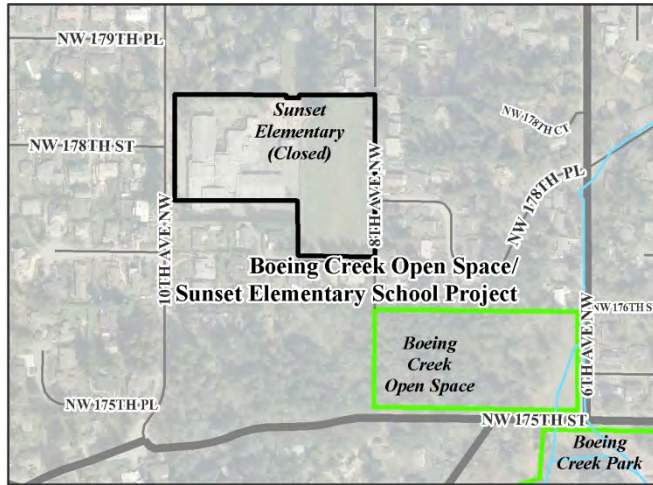

Project Description: The current Shoreline Pool was constructed in 1971 as part of the King County Forward Thrust Bond Issue. The cost to maintain and operate the pool continues to rise. A full assessment of the building and its systems are necessary to understand the buildings physical and operational condition. This project will assess the buildings condition; identify any short term and long term deficiencies; provide cost estimates for necessary major repairs; access the end life cycle for the pool; and analyze the costs of repair and when to develop a long-term strategic maintenance and operations plan.

Service Impact: The project will preserve the City's investment in the Shoreline Pool by performing a full assessment of the building and its systems.

SUNSET SCHOOL PARK PROJECT

Project Description:

This project will help fund park improvements identified in the 2010 community visioning master plan for the closed Sunset Elementary School site. The master site plan identifies the following improvements: an open lawn area, community garden, pathways and trails, new play equipment, parking and drop off area, restroom, entry gateway features, signage, grading, landscaping and irrigation. An agreement with the Shoreline School District is being developed that would allow the City of Shoreline to make improvements and maintain this site as a new park. This funding will help convert this school site into a park by constructing necessary improvements that create a more park-like setting.

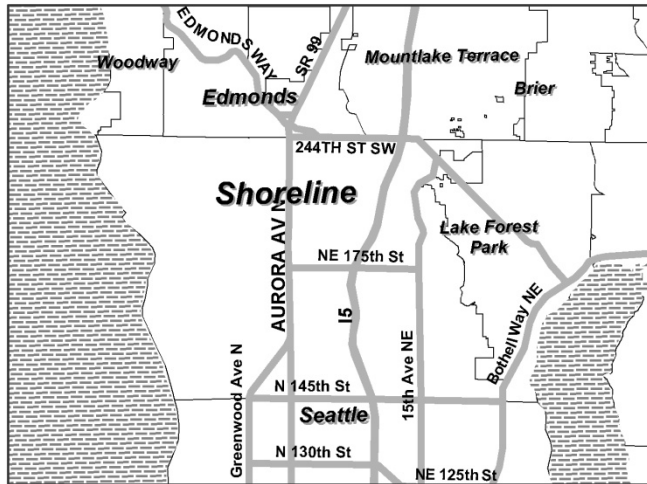

Service Impact:

Project will create a new park at the Sunset Elementary School site that will maximize the benefits from public lands.

TRAIL CORRIDORS

Project Description:

This project identifies and constructs trail corridors throughout the city for connectivity and recreation purposes. Trails within Shoreline's wooded parks will be restored and improved. Trail connectors on streets will be created. Improvements were determined through an active public process. Soft surface trail improvements were made in Hamlin, Boeing Creek, Shoreview, South Woods and Innis Arden Reserve M Parks. A hard surface trail connector was created at 195th Street NE between 1st Avenue NE and Meridian Avenue North in 2010. A hard surface trail connector through Hamlin Park from 15th – 25th Avenue NE was constructed in 2011.

Future improvements include sidewalk and entry improvements at Kruckeberg Botanic Garden in 2012, the Interurban Trail to Burke-Gilman Trail connectors and trail signage in 2013 and continued trail maintenance improvements in both 2012 and 2013.

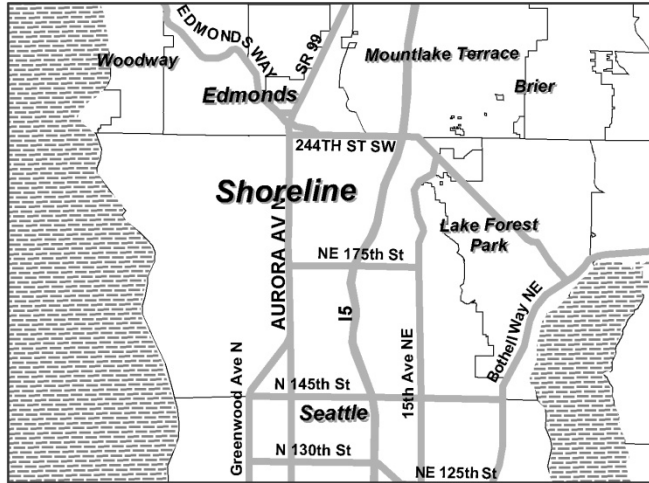

Service Impact:

Improve access and safety for walkers, hikers and cyclists in parks and connections to other trails.

GENERAL CAPITAL ENGINEERING

Project Description:

This program provides non-project specific support for parks and other general capital fund projects including staff and other resources.

Service Impact:

Improve City facilities, open space, recreational facilities for the citizens of Shoreline.

CIVIC CENTER / CITY HALL

Project Description:

The new Civic Center/City Hall was completed in 2009 with the parking structure completed in 2010. The building achieved a LEED Gold designation. The City plans to lease out the 3rd floor of the building and has been in the process of marketing the lease space.

Service Impact:

This project provides a Civic Center complex to meet the needs of the community as a center for public services and essential functions.

KRUCKEBERG BOTANIC GARDEN

Project Description:

In 2008, this project purchased this four-acre site which is home to a collection of rare and native plants protected by a conservation easement. The City has an agreement with the non-profit Kruckeberg Botanic Garden Foundation to maintain and operate the garden. A master plan was completed in 2010. The building received renovations in 2011. Construction for sidewalk, entry pathways and on-site parking will be completed in 2012.

Service Impact:

Preserve a four acre botanical garden/arboretum for the community with minor site improvements.

POLICE STATION GARAGE AND STORAGE

Project Description:

This project is to construct a 20' x 40' garage with storage at the Shoreline Police Station.

Service Impact:

This project will preserve the City's investment in the Police Station facility by adding a garage and storage space, thus expanding the functionality of the facility.

CITY FACILITIES – MAJOR MAINTENANCE FUND SUMMARY

Types of Projects

In the City Facilities-Major Maintenance Fund projects are categorized as General Facilities or Parks Facilities. Funding for these projects comes from General Fund contributions.

Estimated 2012 Status

The following table summarizes the financial projections of the budgeted and projected expenditures for major repairs and maintenance for 2012. More specific information on the individual projects can be found on the individual project sheets within the City Facilities-Major Maintenance section of the CIP.

Project	2012 Budget	2012 Projected	2012 Variance	Comments
<i>Expenditures</i>				
General Facilities				
Police Station Long-Term Maintenance	\$17,000	\$17,000	\$0	
Parks Facilities				
Pool Long-Term Maintenance	\$23,000	\$0	(\$23,000)	Work will be done after Pool Assessment is completed
Spartan Recreation Center	\$20,000	\$0	(\$20,000)	Project eliminated
Total Expenditures by Year	\$60,000	\$17,000	(\$23,000)	
<i>Revenues</i>				
Operating Transfer - General Fund	\$64,032	\$64,032	\$0	
Operating Transfer - General Capital Fund	\$100,000	\$100,000	\$0	
Interest Income	\$825	\$200	(\$625)	Interest rates lower than projected
Total Revenues by Year	\$ 164,857	\$ 164,232	(\$625)	
Beginning Fund Balance	\$124,917	\$130,632	\$5,715	
Total Revenues	\$164,857	\$164,232	(\$625)	
Total Expenditures	\$60,000	\$17,000	(\$43,000)	
Ending Fund Balance	\$229,774	\$277,864	\$48,090	

2013-2018 CIP Summary

The 2013-2018 City Facilities-Major Maintenance CIP totals \$594,160. There are 5 projects proposed for funding over this period.

Project	2013 Estimate	2014 Estimate	2015 Estimate	2016 Estimate	2017 Estimate	2018 Estimate	Total 2013-2018
<i>Expenditures</i>							
General Facilities	\$25,000		\$120,000	\$20,160			\$165,160
Parks Facilities	\$98,000	\$96,000	\$165,000		\$70,000		\$429,000
Total Expenditures by Year	\$123,000	\$96,000	\$285,000	\$20,160	\$70,000		\$594,160
Revenues	\$74,866	\$76,100	\$78,019	\$74,112	\$75,736	\$75,908	\$454,740
Beginning Fund Balance	\$277,864	\$229,730	\$209,829	\$2,848	\$56,800	\$62,536	\$277,864
Total Revenues	\$74,866	\$76,100	\$78,019	\$74,112	\$75,736	\$75,908	\$454,740

Impact on Operating Budget							

Changes from the 2012-2017 CIP

Changes to Existing Projects

Police Station Long-Term Maintenance: The project has been decreased by \$31,132. In 2011 the paving and patching of the facility parking lot was completed using an alternative application which was seal coating the parking lot resulting in savings of \$56,132. We added in 2013 \$25,000 to install lighting. The six-year CIP programmed expenditures for major Police Station maintenance is \$45,000.

City Hall Parking Garage Long-Term Maintenance: no changes have been made to this project.

Pool Long-Term Maintenance: The project has been decreased by \$64,334. The work performed in 2011 resulted in \$14,334 in savings. We added \$10,000 in 2013 to fully fund the repaint and re-construction of ceiling finishes and pool interior. In 2016 we removed \$60,000 to replace the bulkhead since it is contingent on School District funding. The six-year CIP programmed expenditures for major pool maintenance is \$289,000.

Richmond Highlands Community Center Long-Term Maintenance: The project has been increased by \$50,000. In 2013, we added \$50,000 for the installation of new flooring in the cafeteria, front entrance hallway and game room as well as a full kitchen upgrade. The six-year CIP programmed expenditures for Richmond Highland Community Center maintenance is \$125,000.

Spartan Recreation Center: The project has been reduced by \$5,000. With the installation of portable small air conditioning units the need to install a rooftop air conditioning unit for the office staff at the Spartan Recreation Center has been eliminated. We have added \$15,000 in 2013 for the repair and painting of the conference room walls, hallways, workout rooms and sections of the gymnasium. The six-year CIP programmed expenditures for major Spartan Recreation Center maintenance is \$15,000.

Policy Issues

General Fund Support: The 2013-2018 CIP includes annual contributions from the General Fund. When this fund was established in 2004, the annual contribution was \$70,000. As part of the long term financial plan the annual contribution was reduced in 2007 to \$30,000 with the intent to increase the contribution by \$10,000 per year starting in 2010 through 2013 to reach the original contribution amount of \$70,000.

In 2009, Ordinance No. 538 eliminated the General Fund contribution for 2009 as a result of the impacts of the economic recession.

Municipal Art Funding: The City Council adopted a Municipal Art Program for capital projects in 2002. Projects that include construction will provide 1% of the construction contract award to the Art Program. Maintenance projects are excluded from the Arts Program. All projects in this fund are considered to be maintenance projects and are therefore ineligible for the Arts Program.

Underfunded and Unfunded Projects: The following table reflects all the projects that are either underfunded or unfunded and awaiting future funding.

PROJECT TITLE	PROJECT DESCRIPTION	ESTIMATED LOW	ESTIMATED HIGH
UNFUNDED			
Shoreline Pool Facility	Relocate existing overhead pool lights to the sides to allow accessibility for easier maintenance	\$25,000	\$35,000
	Replace the underground fuel tank located on the northwesterly side of the pool facility	\$25,000	\$35,000
	Replacement of Bulkhead	\$60,000	\$70,000

POLICE STATION LONG-TERM MAINTENANCE

Project Description:

This project includes completing major long-term preventative maintenance needs at the Shoreline Police Station that are required to keep the facility safe and in proper operating condition. Included in the 2013-2018 CIP is the installation of the Police Station Lighting in 2013 and the completion of the exterior Painting of the building in 2015.

Service Impact:

This project will preserve the City's investment in the Police Station facility by performing scheduled and preventative maintenance.

CITY HALL PARKING GARAGE LONG-TERM MAINTENANCE

Project Description:

The project scheduled for year 2015 is to remove and replace the sealant from the top floor of the City Hall Parking Garage facility. The project to be completed in year 2016 is to re-stripe the parking stalls and ground level signage on levels 1 and 2 of the City Hall Parking Garage. Re-stripping of the parking garage is performed every five years.

Service Impact:

This project will preserve the City's investment in the City Hall Parking Garage facility by performing scheduled and preventative maintenance

SHORELINE POOL LONG-TERM MAINTENANCE

Project Description:

This project includes completing major long-term maintenance needs at the Shoreline Swimming Pool that are required to keep the facility safe and in proper operating condition. It includes the following repair/maintenance projects:

- 2013 - Repainting the pool and reconstructing ceiling finishes
- 2014 - Pool Floor Replacement
- 2015 - Pool Boiler Repair
- 2017 - Replacement of Pool Windows

Service Impact:

This project will preserve the City's investment in the pool facility and allow the facility to continue to be open and available to serve the needs of Shoreline's citizens.

RICHMOND HIGHLANDS COMMUNITY CENTER LONG-TERM MAINTENANCE

Project Description:

This project includes completing major long-term maintenance needs at the Richmond Highlands Community Center that are required to keep the facility safe and in proper operating condition. Included in the 2013-2018 CIP are the following repair/maintenance projects:

- 2013-Cafeteria and Game Room Floor Installation/Kitchen Upgrade
- 2015-Completion of the exterior painting of building
- 2017-Completion of the re-finishing of gym floors

Service Impact:

This project will preserve the City's investment in this facility and allow the facility to continue to be open and available to serve the needs of Shoreline's citizens.

SPARTAN RECREATION CENTER

Project Description:

The 2013-2018 CIP includes the Spartan Recreation Center Painting and Wall Repairs in 2013. Walls in the conference rooms, hallways, workout rooms and sections of the gymnasium will be repaired and painted.

Service Impact:

This project will preserve the City's investment in this facility and allow the facility to continue to be open and available to serve the needs of Shoreline's citizens.

ROADS CAPITAL FUND

ROADS CAPITAL FUND SUMMARY

City of Shoreline
 2012-2018 Roads
 Capital Improvement Plan

Date: 8/24/2012

- Interurban Trail
- Park

- 1: Aurora Ave N 165th to 185th
- 2: Aurora Ave N 185th to 192nd
- 3: Aurora Ave N 192nd to 205th
- 4: Briarcrest Safe Routes to School
- 5: Hidden Lake Bridge
- 6: NE 195th Separated Trail
- 7: Route Development Plan for the 145th Corridor
- 8: Safe Routes to School NW 195th

CITYWIDE IMPROVEMENTS

- Annual Road Surface Maintenance Program
- Curb Ramp, Gutter & Sidewalk Program
- Sidewalks-Priority Routes
- Transportation Master Plan Update
- Traffic Safety Improvements
- Traffic Signal Rehabilitation

ROADS CAPITAL FUND SUMMARY

Types of Projects

In the Roads Capital Fund, projects are categorized Repair and Replacement or Capacity Construction. Within those two categories they are categorized as Pedestrian/Non-Motorized Projects, System Preservation Projects, and Safety/Operations Projects. Funding for these projects is provided as a result of an allocation from the General Fund, Fuel Tax, Real Estate Excise Tax (REET), and grants.

Estimated 2012 Status

The following table summarizes the financial projections of the budgeted and projected expenditures for the Roads Capital Fund for 2012. More specific information can be found on the individual project sheets following this summary.

Project	2012 Budget	2012 Projected	2012 Variance	Comments
Expenditures				
REPAIR AND REPLACEMENT				
Pedestrian / Non-Motorized Projects				
Curb Ramp, Gutter and Sidewalk Maintenance Program	\$60,122	\$60,122	\$0	
Sidewalks - Priority Routes	\$510,500	\$425,500	(\$85,000)	Future sidewalk design not needed at this point
Traffic Safety Improvements	\$201,990	\$208,500	\$6,510	Based on actual estimates
Transportation Master Plan Update	\$60,723	\$60,723	\$0	
System Preservation Projects				
Annual Road Surface Maintenance Program	\$829,482	\$829,482	\$0	
Traffic Signal Rehabilitation Program	\$120,258	\$120,258	\$0	
Safety/Operations Projects				
CAPACITY CONSTRUCTION				
Pedestrian / Non-Motorized Projects				
Briarcrest Safe Routes to School	\$425,000	\$544,004	\$119,004	Added additional sidewalk ramps required by ADA
Safety / Operations Projects				
Aurora Avenue North 165th - 185th	\$2,383,916	\$2,150,155	(\$233,761)	Construction and ROW costs lower than expected
Aurora Avenue North 185th - 192nd	\$4,892,044	\$2,432,347	(\$2,459,697)	Construction completion delayed
Aurora Avenue North 192nd - 205th	\$7,042,910	\$8,556,907	\$1,513,997	Design Costs lower than expected
NON-PROJECT SPECIFIC				
General Fund Cost Allocation Overhead Charge	\$55,683	\$50,386	(\$5,297)	
Roads Capital Engineering	\$124,020	\$124,516	\$496

Changes from the 2012-2017 CIP

Changes to Existing Projects:

Annual Road Surface Maintenance: The project has increased from \$14.5 million to \$16.2 million based on available funding and a grant from Surface Transportation Program (STP) for \$436,283 to preserve the City's street system. Includes the addition of funding for projects in 2018.

Aurora Corridor Project (165th Street to 185th Street): The estimated cost of this project has increased from \$47.3 million to \$48.5 million based on final cost estimates. The projected costs include \$645,200 in contingency. The timing of the project remains the same.

Aurora Corridor Project (185th Street to 192nd Street): The estimated cost of this project has increased from \$15.4 million to \$16.14 million based on unforeseen issues encountered during construction as well as work added to the project to enhance the final product. The timing of the project remains the same.

Aurora Corridor Project (192nd Street to 205th Street): The estimated cost of this project has increased by \$4.3 million from \$37.1 to \$41.5 million due to more accurate estimates. The projected costs include \$5.1 million in contingency. The completion of the project has been moved from 2014 to 2015 and secured additional grant funding.

Briarcrest Safe Routes to School: The project has increased from \$425,000 to \$557,500 to construct additional ramps required by ADA. The timing of the project remains the same.

Curb Ramp, Gutter, & Sidewalk Program: Includes the addition of funding for projects in 2018.

Traffic Safety Improvements: Includes the addition of funding for projects in 2018 and slight increase in 2015.

Traffic Signal Rehabilitation: Includes the addition of funding for projects in 2018 and an increase of \$350,000 in 2013 due to a Highway Safety Improvement Program grant awarded.

Transportation Master Plan Update: The total project cost has decreased from \$357,209 to \$325,621 based on final cost estimates. The timing of the project remains the same.

New Projects:

Hidden Lake Bridge: Hidden Lake Bridge No. 167 C, located on 10th Ave NW at Innis Arden Way was built in 1931 and is showing signs of deterioration and is in need of rehabilitation or replacement. The Bridge Sufficiency Rating from the 2010 inspection is 51.3 which should make the bridge eligible for bridge repair/rehabilitation funding through WSDOT. This project is to conduct an evaluation and alternative analysis including cost estimates that could be used to apply for a grant in 2014. This project is scheduled to be completed in 2014.

Route Development Plan for the 145th Corridor: This project is to perform a multi-modal corridor study of 145th Street (SR 523) from Bothell Way NE (SR 522) to 3rd Ave NW. This work will be in conjunction with the City of Seattle, the Washington State Department of Transportation, King County, Metro Transit and Sound Transit to evaluate the future transportation needs for this corridor. The study will include an examination of safety, traffic, transit and non-motorized needs resulting from anticipated changes in the area such as growth, location of light rail station(s) and regional tolling. This project is scheduled to be completed in 2014.

NE 195th Separated Trail: This project will complete the final segment of separated trail that is a piece of the northern connection between Shoreline's Interurban Trail and the Burke Gilman Trail in Lake Forest Park and will use most of the funding from a Congestion Mitigation and Air Quality Improvement (CMAQ) grant. This project is scheduled to be completed in 2014.

Safe Route to School NW 195th: This project will construct sidewalks on the south side of NW 195th from 3rd Ave NW to 8th Ave NW and install or replace curb ramps at the intersections with 3rd NW, 5th NW and 8th NW. Additionally, the project will install 4 School Zone Flashing Signs on all 4 legs of the NW 195th to 3rd Ave NW intersection approaching the school from all 4 directions and it is funded by a Safe Routes to School grant. This project is scheduled to be completed in 2015.

Policy Issues

Master Plans: This capital improvement plan includes transportation projects included in the Transportation Master Plan.

General Fund Contribution: One of the primary funding resources for the transportation capital projects has been an allocation of General Fund revenues. The level of general fund contribution has been determined by allocating the amount of gambling tax revenue in excess of a 7% tax rate for capital purposes. The current tax rate is 10% therefore 30% of the tax is allocated for capital needs. In the 2012-2017 CIP there was a revision to this policy. The Transportation Planning program has been moved from the Roads Capital Fund to the City's operating budget. The General Fund gambling tax contribution will be reduced by the Transportation Planning Program estimated costs. The proposed change would reduce the level of gambling tax support for capital to 10% by 2015.

Underfunded and Unfunded Projects: The following table reflects all the projects that are either underfunded or unfunded and awaiting future funding.

PROJECT TITLE	PROJECT DESCRIPTION	ESTIMATED LOW	ESTIMATED HIGH
UNDERFUNDED			
Annual Road Surface Maintenance	The road surface maintenance program maintains the City’s roadways through asphalt overlays and surface seals. Currently, there is not adequate funding to maintain the desired pavement condition.	\$850,000/year	\$1,500,000/year
Pedestrian Improvements	Sidewalks are a high priority for the residents of the community. Additional funding is necessary to install sidewalks and pedestrian facilities throughout the City.	\$750,000/year	\$1,000,000/year
Annual Sidewalk Maintenance (AKA Curb Ramp, Gutter and Sidewalk Program)	Annual Sidewalk Maintenance addresses pedestrian safety through the repair and replacement of sidewalk, curb ramps and gutter in compliance with ADA requirements.	\$500,000/year	\$750,000/year
UNFUNDED			
Interurban/Burke-Gilman Connector – Northern Route	Construct improvements to strengthen the connection between Shoreline’s Interurban Trail and the Burke-Gilman Trail to the east. The route runs along N/NE 195th Street from the Interurban Trail to 10th Ave NE, 10th Ave NE to Perkins Way NE and Perkins Way NE to the City limits. Other projects may include walkways, separated trails, signage and improvements to the NE 195th Street bridge over I-5. The City will work with Lake Forest Park to ensure facilities are coordinated. Portions of this work are currently funded with the Parks Bond Project and KC Trail Levy.	\$3,000,000	To be determined

PROJECT TITLE	PROJECT DESCRIPTION	ESTIMATED LOW	ESTIMATED HIGH
Richmond Beach Rd at 3rd Ave NW	This project will design and construct left-turn lanes on Richmond Beach Road at the intersection with 3rd Ave NW and install signal modifications. The improvements will also include storm drainage, pavement widening, curb-and-gutter and sidewalks, retaining walls and street lighting. NW Richmond Beach Road is a high-volume arterial street at this location and this project will improve safety and traffic flow.	\$1,900,000	\$2,250,000
Midvale Ave N – 175th to 183rd Reconstruction	Design, acquire right-of-way and reconstruct Midvale Ave N. This project will move lanes off Seattle City Light (SCL) right-of-way. The project will include undergrounding electrical distribution lines, curb, gutter, sidewalks, amenity zone and on-street parking and angle parking on the west in the SCL right-of-way.	\$2,500,000	\$3,000,000
145th Street – 3rd Ave NW to Bothell Way NE (SR 522)	Perform a multi-modal corridor study of 145th Street (SR 523) from Bothell Way NE (SR 522) to 3rd Ave NW. Work in conjunction with the City of Seattle, the Washington State Department of Transportation, King County, Metro Transit and Sound Transit to evaluate the future transportation needs for this corridor. Include an examination of safety, traffic, transit and non-motorized needs resulting from anticipated changes in the area such as growth, location of light rail station(s) and regional tolling. The southern half (eastbound lanes) of the street is within the City of Seattle; Seattle classifies 145th St as Collector Arterial from 3rd Ave NW to Greenwood Ave N and a Primary Arterial from Greenwood Ave N to Bothell Way NE.	\$500,000	\$600,000

PROJECT TITLE	PROJECT DESCRIPTION	ESTIMATED LOW	ESTIMATED HIGH
10th Ave NW Hidden Lake bridge replacement	Rehabilitate the existing bridge to ensure safe vehicle crossing.	\$3,700,000	To be determined
NW 160th Street and Greenwood Ave N/Innis Arden Way	This project will improve the operations and safety of this five-way intersection at N 160th St. Greenwood Ave N and Innis Arden Way. Design will be coordinated with Shoreline Community College (SCC) Master Planning and with Metro Transit. Illumination and landscaping will be provided through the realignment area. Bus zone and layover improvements will be included. This project also includes the construction of a new sidewalk on the north side of N 160th Street from Dayton Ave N to Greenwood Ave N. Prior to construction, a study will be performed to identify a preferred solution to the current traffic operating problems at this intersection.	\$1,750,000	\$2,000,000

2013-2018 Capital Improvement Plan

Comprehensive Plan Goal	Description
FG 13	Encourage a variety of transportation options that provide better connectivity within Shoreline and throughout the region.
T I	Provide safe and friendly streets for Shoreline residents.
T II	Work with transportation providers to develop a safe, efficient and effective multimodal transportation system to address overall mobility and accessibility. Maximize the people carrying capacity of the surface transportation system.
T IV	Encourage alternative modes of transportation to reduce the number of automobiles on the road.
T V	Maintain the transportation infrastructure so that it is safe and functional.
T VIII	Develop a bicycle system that is connective, safe, and encourages bicycling as a viable alternative method of transportation.
T IX	Provide a pedestrian system that is safe, connects to destinations, accesses transit and is accessible by all.
T X	Support and encourage increased transit coverage and service that connects local and regional destinations to improve mobility options for all Shoreline residents.
T 18	When identifying transportation improvements, prioritize construction of sidewalks, walkways and trails. Pedestrian facilities should connect to destinations, access transit and be accessible by all.

CURB RAMP, GUTTER & SIDEWALK MAINTENANCE PROGRAM

Project Description:

The ongoing Curb Ramp, Gutter and Sidewalk Program includes:

- ▶ Design and construction of curb ramps in compliance with the Americans with Disabilities Act (ADA) standards
- ▶ Installing wheelchair detection loops, and audible pedestrian signals
- ▶ Repairing and replacing existing cement concrete gutters and sidewalks damaged by tree roots, cracking or settlement
- ▶ Constructing new sidewalk panel sections to fill existing gaps in the pedestrian walkway

Service Impact:

This project addresses locations throughout the City where improvements are needed to increase the safety of the users of the City's sidewalk system by:

- ▶ Removing barriers and increasing/enhancing accessibility in the community
- ▶ Eliminating damaged sections and completing missing links in the existing system

There are approximately 41 miles of arterial streets in the City. The equivalent of approximately 15 miles of those arterial streets has sidewalks on both sides, which results in 26 miles of arterial streets missing sidewalks.

NE 195th SEPARATED TRAIL

Project Description:

This project will complete the final segment of separated trail that is a piece of the northern connection between Shoreline's Interurban Trail and the Burke Gilman Trail in Lake Forest Park. This trail will also be located on the undeveloped right-of-way of NE 195th Street, between 1st Avenue NE and 5th Avenue NE and will provide a connection to the pedestrian/bicycle bridge crossing I-5. The scope of this project includes a 12' wide trail for pedestrian and bicyclist use and the relocation of power poles currently in the trail footprint.

Service Impact:

Improve access and safety for walkers, hikers and cyclists to multi-county and multi-jurisdictional trail system network.

SAFE ROUTE TO SCHOOL – NW 195TH

Project Description:

This project will construct sidewalks on the south side of NW 195th from 3rd Ave NW to 8th Ave NW. The project will install or replace curb ramps at the intersections with 3rd NW, 5th NW and 8th NW. There is an existing sidewalk adjacent to the school and 2 other intermittent sections constructed as part of private development. Additionally, the project will install 4 School Zone Flashing Signs on all 4 legs of the NW 195th to 3rd Ave NW intersection approaching the school from all 4 directions.

Service Impact:

This project will enhance pedestrian safety near schools, parks and bus lines.

TRAFFIC SAFETY IMPROVEMENTS

Project Description: The primary purpose of this program is to investigate traffic and pedestrian safety concerns, evaluate possible alternatives, and implement spot improvement projects to improve safety and enhance the livability of neighborhoods. The program works closely with neighborhoods to address cut-through traffic and neighborhood safety issues, and implement priority projects as identified in the Neighborhood Traffic Action Plans.

Service Impact: Provide the ability to mobilize and address unplanned small projects, make enhancements along principal, minor and collector arterials, and local streets and manage traffic issues on local streets through coordination and education, as well as minor capital projects that can include speed humps, traffic circles, signing, and channelization.

ANNUAL ROAD SURFACE MAINTENANCE PROGRAM

Project Description:

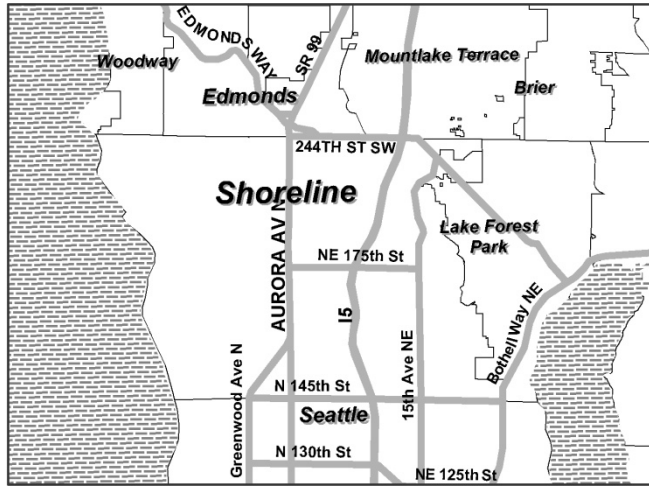

The City's long-term road surface maintenance program is designed to maintain the City's road system to the highest condition rating with the funds available using various thicknesses of asphalt overlay and bituminous surface treatments (BST). Currently, the asphalt overlays are done in conjunction with King County's overlay projects. King County provides engineering and inspection for the project. The City's Public Works Operations Division will provide project administration, construction oversight, quality review, and final acceptance. Additionally, other accepted BST treatments are provided through private contracting.

Service Impact:

This project will extend the useful life of City streets by 10-12 years, increase skid resistance of the street surface, and improve ride quality.

TRAFFIC SIGNAL REHABILITATION PROGRAM

Project Description:

There are currently 46 traffic signals in operation in Shoreline. The typical life span of the electronic hardware is 20 years. As technology improves, their older electronics become obsolete. By the end of the 20-year life span, repair and maintenance becomes more expensive as parts may no longer be available.

Older traffic signal controllers are very simple and limited in functionality. New controllers can accept a wide range of timing schemes and hold special timing patterns for dealing with emergency traffic rerouting, fire truck pre-emption, and transit signal priority. They can be connected to operate in a coordinated network, and connected to a master controller, where signal timing changes can be made from the office, increasing efficiency.

There are rechargeable battery packs that can be installed in signal controller cabinets that will keep a traffic signal operating in the event of a loss of power. For

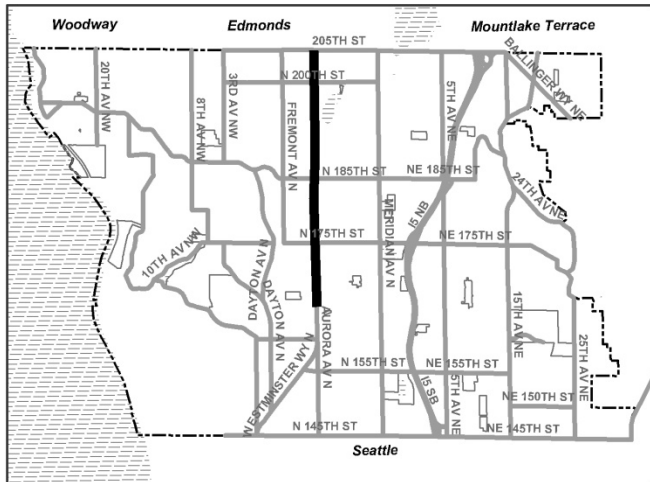

extended outages, a generator can be added to keep the signal running. The ability to keep traffic signals operating and vehicles moving is a key part of our emergency back-up support in conjunction with the City's Emergency Management Plan.

Service Impact:

This program reduces annual maintenance costs of each signal. Improved signal operation reduces driver delay, and can also improve the level of service.

AURORA CORRIDOR IMPROVEMENT PROJECT (N 165TH Street to N 205TH Street)

Project Description: This project begins at N 165th Street and extends to N 205th Street. The project scope of work includes adding Business Access and Transit (BAT) lanes, curbs, gutters, landscaping/street furnishings, sidewalks on both sides. The project adds a landscaped center median safety zone with left turn and U-turn provisions, interconnects traffic signals which also include pedestrian crosswalks, improves transit stops with new shelters and new street lighting, places overhead utility lines underground and improves the existing storm water drainage system. Improvements at major intersections to enhance east-west traffic flow will also be included in the project. This project has been broken down into 3 different segments: Aurora Ave. N 165th to 185th, Aurora Ave. N 185th to 192nd and Aurora Ave. N 192nd to 205th.

Service Impact: This project will improve the safety and mobility of pedestrians, transit users, people with disabilities, and drivers along Aurora Avenue from N 165th Street to N 205th Street. Additionally, the project will improve the economic development potential, enhance the livability of adjacent neighborhoods, and support the City's Comprehensive Plan.

HIDDEN LAKE BRIDGE

Project Description:

Hidden Lake Bridge No. 167 C, located on 10th Ave NW at Innis Arden Way was built in 1931 and is showing signs of deterioration and is in need of rehabilitation or replacement. The Bridge Sufficiency Rating from the 2010 inspection is 51.3 which should make the bridge eligible for bridge repair/rehabilitation funding through WSDOT. This project is to conduct an evaluation and alternative analysis including cost estimates that could be used to apply for a grant in 2014.

Service Impact:

This project will result in eventual rehabilitation or replacement of the bridge and protect the use of 10th Ave NW for pedestrian and vehicular use.

ROUTE DEVELOPMENT PLAN (RDP) for the 145TH CORRIDOR

Project Description:

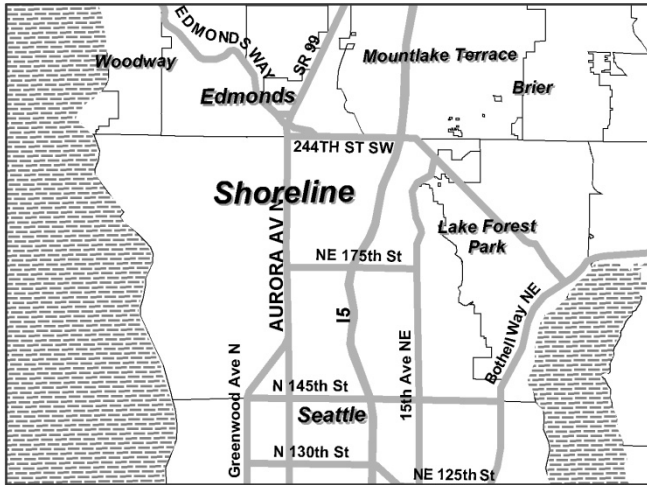

This project is to perform a multi-modal corridor study of 145th Street (SR 523) from Bothell Way NE (SR 522) to 3rd Ave NW. This work will be in conjunction with the City of Seattle, the Washington State Department of Transportation, King County, Metro Transit and Sound Transit to evaluate the future transportation needs for this corridor. The study will include an examination of safety, traffic, transit and non-motorized needs resulting from anticipated changes in the area such as growth, location of light rail station(s) and regional tolling. The City of Shoreline will lead the study. The process will include traffic analysis, developing a base map, guiding the five agencies and public toward a design proposal, costing the various sections of the corridor and helping to generate priorities for funding and implementation.

Service Impact:

This project will bring together the City of Seattle; WSDOT; King County; Metro; Sound Transit; and the City of Shoreline to identify and evaluate the future transportation needs for the 145th Corridor to provide a safe, efficient and effective infrastructure.

ROADS CAPITAL ENGINEERING

Project Description:

This program will support transportation capital projects and respond to engineering related concerns and problems identified throughout the City.

Service Impact:

This project will allow internal and external customers to receive faster service with transportation related operations and engineering services.

BRIARCREST SAFE ROUTES TO SCHOOL

Project Description:

Utilizing a state grant for Safe Routes to Schools, sidewalks will be constructed serving Briarcrest Elementary. More specifically, a sidewalk will be constructed on the south side of NE 158th from 25th Ave NE to the school. This section also serves Shorecrest High School and Kellogg Middle School. Sidewalks will also be installed on the east side of 27th Ave NE from NE 150th to NE 155th and on NE 155th from 27th Ave NE to the backside of the school. This project will work in cooperation with the Shoreline School District.

Service Impact:

Enhance pedestrian safety near schools, parks, and bus lines.

SIDEWALKS – PRIORITY ROUTES

Project Description:

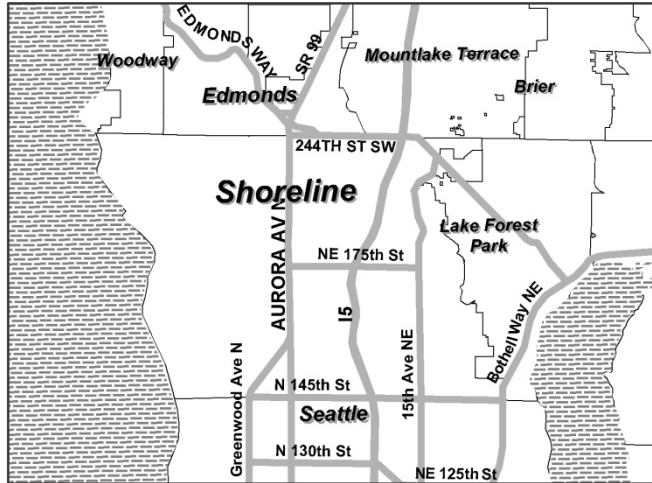

In 2006, a 6-year program was established to construct pedestrian enhancements along priority routes identified in the Transportation Master Plan (TMP). In 2011, the Transportation Master Plan and the sidewalk network was re-evaluated and priorities re-established. Priorities continue to primarily provide access to schools, parks and other community type facilities. The TMP also identified “gaps” between existing sidewalks that should be constructed to fill-in and connect the larger transportation network.

Service Impact:

Enhance pedestrian safety near schools, parks, and bus lines.

TRANSPORTATION MASTER PLAN UPDATE

Project Description:

This project will undertake a comprehensive analysis and update of the Transportation Master Plan. The update will include: developing stand-alone pedestrian and bicycle system plans with implementation priorities; a transit plan for working with Metro, Community Transit and Sound Transit to define and implement a transit system that serves Shoreline residents locally and regionally; development of a transportation model/forecasting system to ensure adequate capacity at intersections; and integration of all transportation and design needs into a master street and right-of-way plan.

Service Impact:

This project will improve development review, project design, and maintenance programs.

SURFACE WATER UTILITY FUND

SURFACE WATER UTILITY FUND SUMMARY

City of Shoreline
2012-2018 Surface Water
Capital Improvement Plan

- Project Location
- Basin Plan
- City Limits
- Stream
- Park

Date: 8/27/2012

- 1: Ballinger Creek Drainage Study
- 2: Boeing Creek Basin Plan
- 3: Culvert Replacement near 14849 12th Ave NE
- 4: McAleer Creek Basin Plan
- 5: Goheen Revetment Repair
- 6: Meridian Park Wetland Drainage Improvement

- 7: North Fork Thornton Creek LID Stormwater Retrofit
- 8: Puget Sound Basin Drainage Plan
- 9: Pump Station 25

CITYWIDE IMPROVEMENTS

- Stormwater Pipe Replacement Program
- Stream and Habitat Restoration Program
- Surface Water Capital Engineering
- Surface Water Management
- Greenworks Projects
- SWM Master Plan Update and Rate Study
- SWM Infrastructure Inventory and Assessment
- Surface Water Small Projects

**City of Shoreline 2013 - 2018 Capital Improvement Plan

SURFACE WATER UTILITY FUND SUMMARY

Types of Projects

In the Surface Water Utility Fund, projects are categorized as Basin Planning Projects, Flood Protection/Drainage Improvement Projects, Water Quality Projects or Stream and Habitat Restoration Projects. Funding for these projects is provided from an allocation of surface water fees or grants such as King County Flood Zone District Opportunity or Department of Ecology Stormwater Retrofit.

Estimated 2012 Status

The following table summarizes the financial projections of the budgeted and projected capital expenditures for the Surface Water Utility Fund for 2012. More specific information is found on the individual project sheets following this summary.

Project	2012 Budget	2012 Projected	2012 Variance	Comments
Expenditures				
Basin Planning				
Boeing Creek and Storm Creek Basin Plans	\$303,012	\$303,012	\$0	
Flood Protection				
Culvert Replacement Near 14849 12th Ave NE	\$170,600	\$0	(\$170,600)	Start of project delayed to 2013
Pump Station No. 25	\$464,692	\$478,498	\$13,806	Construction costs higher than expected
Meridian Park Wetland Drainage Improvement	\$339,650	\$339,330	(\$320)	Costs lower than estimated
Surface Water Small Projects	\$200,000	\$257,703	\$57,703	Construction costs for N 167th drainage higher than expected
North Fork Thornton Creek LID Stormwater Retrofit	\$245,034	\$245,034	\$0	
Water Quality Facilities				
Surface Water Management Green Works Projects	\$259,731	\$259,731	\$0	
Stream and Habitat Restoration				
Stream and Habitat Restoration Program	\$100,000	\$100,000	\$0	
Non-Project Specific				
Surface Water Capital Engineering	\$174,186	\$174,186	\$0	
SWM Master Plan Update and Rate Study	\$80,531	\$80,531	\$0	
SWM Infrastructure Inventory and Assessment	\$280,443	\$283,189	\$2,746	Final costs higher than expected
General Fund Cost Allocation Overhead Charge	\$205,285	\$205,285	\$0	
Total Expenditures by Year	\$2,823,164	\$2,726,499	(\$96,665)	

Project	2012 Budget	2012 Projected	2012 Variance	Comments
Revenues				
Interest Income	\$ 29,693	\$ 15,690	(\$14,003)	Interest projection below estimates
Department of Ecology Stormwater Retrofit Grant	\$ 195,000	\$ 195,000	\$0	
King County Flood Zone District Opportunity Fund	\$ 95,404	\$ 206,874	\$111,470	Redistributed allocation to maximize grant
Total Revenues by Year	\$ 320,097	\$ 417,564	\$97,467	
Beginning Fund Balance	\$2,991,868	\$3,745,825	\$753,957	
Total Capital Revenues	\$320,097	\$417,564	\$97,467	
Total Operating Revenues	\$3,233,639	\$3,433,538	\$199,899	
Total Capital Expenditures	\$2,823,164	\$2,726,499	(\$96,665)	
Total Operating Expenditures	\$2,136,426	\$2,058,717	(\$77,709)	
Debt Service	\$344,431	\$344,431	\$0	
Ending Fund Balance	\$1,241,583	\$2,467,280	\$1,225,697	
* drainage facilities on city property designed and built for road drainage, including retention ponds, are exempt.				

The 2013-2018 Surface Water Utility CIP totals \$7.9 million. There are 10 projects approved for funding over this period.

Project	2013 Estimate	2014 Estimate	2015 Estimate	2016 Estimate	2017 Estimate	2018 Estimate	Total 2013-2018
Expenditures							
Basin Planning	\$130,000	\$530,000	\$200,000				\$860,000
Flood Protection/Drainage Improvement	\$600,000	\$600,000	\$300,000	\$300,000	\$300,000	\$537,000	\$2,637,000
Water Quality	\$793,000	\$100,000	\$100,000	\$100,000	\$100,000	\$100,000	\$1,293,000
Non-Project Specific	\$344,100	\$585,000	\$525,000	\$515,000	\$539,000	\$553,000	\$3,061,100
Total Expenditures by Year	\$1,867,100	\$1,815,000	\$1,125,000	\$915,000	\$939,000	\$1,190,000	\$7,851,100
Revenues	\$522,402	\$96,459	\$95,403	\$94,004	\$94,426	\$95,917	\$998,610
Beginning Fund Balance	\$2,467,280	\$1,828,826	\$810,684	\$500,131	\$480,855	\$530,558	\$2,467,280

Total Capital Expenditures	\$1,867,100	\$1,815,000	\$1,125,000	\$915,000	\$939,000	\$1,190,000	\$7,851,100
Total Operating Expenditures	\$2,600,130	\$2,705,167	\$2,788,688	\$2,846,321	\$2,936,166	\$2,989,286	\$16,865,760
Ending Fund Balance	\$1,828,826	\$810,684	\$500,131	\$480,855	\$530,558	\$469,154	\$469,154
Impact on Operating Budget	\$49,406	\$99,286	\$124,914	\$121,780	\$147,838	\$133,751	

Changes from the 2012-2017 CIP

Changes to Existing Projects:

Ballinger Creek Drainage Study (Lyon's Creek): The funding for this project has increased from \$150,000 to \$210,000 to include stormwater pipe infrastructure condition assessment for future repair and replacement of stormwater pipes. The project timing has not changed.

Boeing Creek and Storm Creek Basin Plans: The funding and timing of this project has not changed.

Boeing Creek Reach 1 and 8 – Bank Stabilization: This project has been eliminated.

Culvert Replacement near 14849 12th Ave. NE: The funding of this project has not changed. The timing of this project has been moved from 2012 to 2018 based on other project priorities.

McAleer Creek Basin Plan: The funding for this project has increased from \$200,000 to \$450,000 to include stormwater pipe infrastructure condition assessment for future repair and replacement of stormwater pipes. The timing of this project has been moved from 2013 to 2014.

Puget Sound Drainages Basin Plan: The funding for this project has increased from \$150,000 to \$200,000 to include stormwater pipe infrastructure condition assessment for future repair and replacement of stormwater pipes. The timing of this project has not changed.

Meridian Park Wetland Enhancement/Drainage Improvement: The funding and timing of this project has not changed.

North Fork LID Stormwater Retrofit Project: The funding and timing of this project has not changed.

Pump Station No. 25: The funding for this project has increased from \$536,601 to \$550,408 based on actual costs.. The timing of this project has not changed.

Stream and Habitat Restoration Program: This project has been eliminated and combined with Surface Water Managements Green Works Projects. Since both projects elements are similar in nature, with regards to water quality, goals and habitat restoration it seemed appropriate to combine them at this time.

Surface Water Engineering: Includes the addition of funding for projects in 2018.

Surface Water Management (SWM) Green Works Projects: Includes the addition of funding for projects in 2018 and a reduction in the yearly allocation of funds in all years.

Surface Water Management (SWM) Master Plan Update and Rate Study: The funding and timing of this project has not changed.

Surface Water Small Projects: Includes the addition of funding for projects in 2018 and a reduction in the yearly allocation of funds in all years since we are seeing less isolated flooding projects and more nuisance flooding.

Surface Water Management (SWM) Infrastructure Inventory and Assessment: This project funding has decreased from \$525,000 to \$352,746. The amount reduced has been allocated within the different basin planning projects. The project has been combined with Basin Planning since this element is part of the scope of all basin studies. The timing of this project has been moved from 2013 to 2012.

New Projects:

Goheen Revetment Repair: The revetment is located on McAleer Creek. This project is to repair over 60-ft of a failing bank protection revetment located in a City drainage easement on the Goheen property. This project is scheduled to be completed in 2014.

Stormwater Pipe Replacement: This program will replace failing infrastructure identified in the asset inventory and condition assessment program of the City's basins. This would replace pipes that have been determined to have major structural or maintenance deficiencies. This is an ongoing program.

Policy Issues

Minimum Working Capital: Fund Balance reserve needs to be maintained at 15% to 25% of operating expenditures. The proposed 2013-2018 CIP meets that goal.

Master Plans: This Capital Improvement Plan includes all of the surface water projects recommended in the Surface Water Master Plan that can currently be funded.

Surface Water Fees: The 2013-2018 CIP assumes that surface water rates will be increased in 2013 by 3%, and will increase 3% annually from 2014 through 2015, 4% in 2016 and 5% from 2017 through 2018. This equates to an annual increase of \$4.00 for a single family residential home in 2013. Future rate analysis will be required as basin plans are completed and the City Council makes policy decisions regarding the level of capital improvements implemented.

King County Flood Zone Taxes: In 2008, King County began assessing a \$0.05 per \$1,000 assessed valuation property tax for the purpose of addressing flooding issues throughout the County. There has been a recommendation from King County Flood Control District Advisory Committee to the King County Council to distribute these funds back to cities based on a distribution formula. The annual distribution is estimated at \$80,000.

Underfunded and Unfunded Projects: The following table reflects all the projects that are either underfunded or unfunded and awaiting future funding.

PROJECT TITLE	PROJECT DESCRIPTION	ESTIMATED
UNDERFUNDED		
Stormwater Pipe Replacement Program	Replacement of structurally and maintenance deficient stormwater pipes identified during the stormwater pipe infrastructure condition assessment program.	\$2,500,000
UNFUNDED		
Ballinger Creek Stormwater Wetland	This is a flood control and water quality project to reduce high downstream flows in Ballinger Creek that cause erosion and flooding. The project would include the construction of a stormwater wetland that would improve water quality and detain high flows.	\$1,500,000
Ballinger Creek Stream Enhancement	This project is an enhancement of the stream channel in Bruggers Bog Park. This enhancement would include channel widening, bank stabilization, installation of large woody debris for habitat, and riparian plantings.	\$400,000
AQ8. Weed Choked Meridian Creek	Construct better-defined stream channel, add large woody debris, gravel, and stabilize banks. Replant with native wetland vegetation. Priority 2	\$278,000
Storm Creek Basin Drainage Improvement Project	Allocation for projects identified in the Storm Creek Basin Plan Study	\$300,000

2013-2018 Capital Improvement Plan

Comprehensive Plan Goal	Description
CF I	Provide adequate public facilities that address past deficiencies and anticipate the needs of growth through acceptable levels of service, prudent use of fiscal resources, and realistic timelines.
LU XVII	Manage the storm and surface water system through a combination of engineered solutions and the preservation of natural systems in order to: <ul style="list-style-type: none"> • Provide for public safety • Prevent property damage • Protect water quality • Preserve and enhance fish and wildlife habitat, and critical areas • Maintain a hydrologic balance
LU XVIII	Preserve, protect, and, where feasible, restore wetlands, shorelines, surface water, and ground water for wildlife, appropriate human use, and the maintenance of hydrological and ecological processes.
U II	To facilitate the provision of appropriate, reliable utility services whether through City-owned and operated services, or other providers.

BALLINGER CREEK DRAINAGE STUDY (LYONS CREEK BASIN)

Project Description:

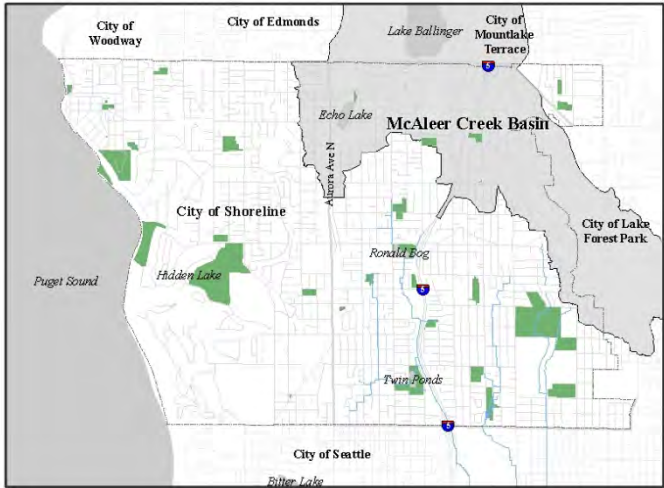

The goal of this drainage study is to develop policies and a set of actions to be completed in the watershed that will address flooding, fish habitat, and water quality problems in a comprehensive and affordable manner. This study will also include a stormwater pipe condition assessment to identify stormwater infrastructure for future repair and replacement and a flood plain delineation (where appropriate). The project area extends from the north at the City of Shoreline-Snohomish County border to the south at Ballinger Way NE (the Lake Forest Park Boundary). The primary goal will be to reduce creek flows in Ballinger Creek north of Ballinger Way that cause routine flooding on 25th Ave NE.

Service Impact:

Increase the service level to residents in the vicinity of Ballinger Creek.

MCALEER CREEK BASIN PLAN

Project Description:

The goal of the basin plan is to develop policies and a set of actions to be completed in the watershed that will address flooding, fish habitat, and water quality problems in a comprehensive and affordable manner. This study will also include a stormwater pipe condition assessment to identify stormwater infrastructure for future repair and replacement and a flood plain delineation (where appropriate). The project area extends from the Echo Lake Drainage down McAleer Creek to the City of Lake Forest Park boundary on McAleer Creek. The completion of this plan will coincide with the completion of the Ballinger Creek basin plan.

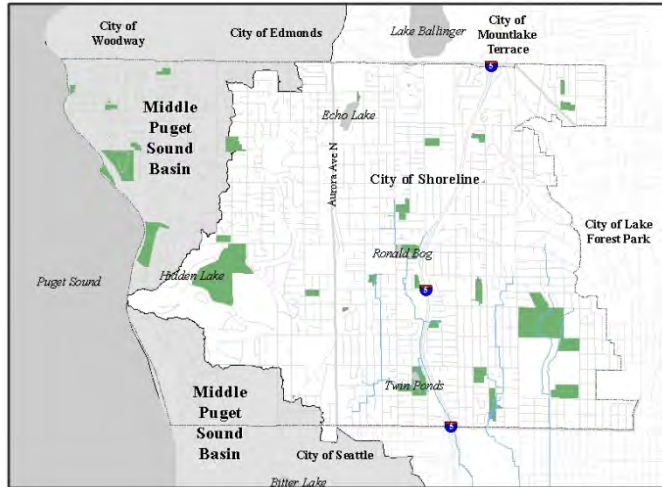

Service Impact:

Increase the service level to residents within the vicinity of Echo Lake and those Shoreline residents that live between Lake Ballinger and the Lake Forest Park

city boundary.

PUGET SOUND DRAINAGES BASIN PLAN

Project Description:

The goal of the basin plan is to assess existing hydrologic, water quality, and habitat conditions; identify projects, programs and regulatory measures to improve drainage, water quality, stream and wetland habitat for the Puget Sound Drainages Basin. The study will also include a stormwater pipe condition assessment to identify stormwater infrastructure for future repair and replacement and a flood plain delineation (where appropriate).

Service Impact:

Increase the service level to residents that live within the smaller drainages on the west side of the City that discharge directly into Puget Sound.

CULVERT REPLACEMENT NEAR 14849 12th AVENUE NE

Project Description:

The proposed solution for this flooding problem is to excavate the channel to improve capacity, using the recommendations in Alternative 2 of the *Preliminary Study of Flooding Problems at 14849 12th Avenue NE* (Otak 2001). Currently, the average channel slope is approximately 0 percent between 12th Avenue NE and the upstream end of the surface water management facility in Paramount Park. By excavating approximately 450 feet downstream from 12th Avenue NE, the channel slope could be increased to an average of 0.1 percent. Although this is not a salmonid-bearing stream reach, the improvements would include habitat-friendly improvements, including a small stream meander in the yards of 14849 and 15021 12th Avenue NE and plantings with native vegetation in the 35-foot Type IV stream buffer. Approximately 150 feet of rock wall will be maintained, and 150 additional feet of rock wall may be constructed, not immediately adjacent to the channel, but at the edge of the flood “bench” along the channel. This would require land acquisition or easements, as well as cooperation with the property

owners. Finally, a 20-foot long by 8-foot wide by 5-foot deep sump is proposed at the exit of the culvert at 12th Avenue NE to allow for sedimentation; the sump would be cleaned out as necessary to prevent sedimentation in the channel between 12th Avenue NE and the surface water management facility in Paramount Park.

Service Impact:

Reduce the flooding and drainage problems that require continual monitoring and maintenance. In addition, there will be water quality benefits as a result of the stream enhancement.

GOHEEN REVETMENT REPAIR

Project Description:

This project will repair over 60-ft of a failing bank protection revetment located in a City drainage easement on the Goheen property. The revetment is located on McAleer Creek.

Service Impact:

Maintain existing storm facility infrastructure associated with drainage easements.

STORMWATER PIPE REPLACEMENT PROGRAM

Project Description:

This program will replace failing infrastructure identified in the asset inventory and condition assessment program of the City's basins. This would replace pipes that have been determined to have major structural or maintenance deficiencies.

Service Impact:

Increase the service level to residents in the drainage basins where condition assessments have been completed as part of the basin planning program.

SURFACE WATER SMALL PROJECTS

Project Description:

Under the direction of Surface Water and Environmental Services, small works drainage projects will be identified that provide for the construction of minor drainage improvements to reduce localized flooding or surface water-related problems at various locations throughout the city. Projects are identified through the City's customer request system and issues found in the field by City staff. Specific projects are identified by December 31st of any given year and are implemented in the following calendar year to the extent the resources are available.

Service Impact:

This project will alleviate localized flooding of private and public properties by making improvements to storm drainage systems where a small works project can be cost-effective in resolving the problem.

NORTH FORK THORNTON CREEK LID STORMWATER RETROFIT

Project Description:

Installation of 2900 lineal feet of bioretention swales in the City's right-of-way in a residential sub-basin in the North Fork Thornton Creek watershed. The bioretention facilities will provide flow retention and water quality treatment for approximately 21 acres of the 158 acre sub-basin.

Service Impact:

Increase the service level to residents in the North City neighborhood

SURFACE WATER MANAGEMENT GREEN WORKS PROJECTS

Project Description:

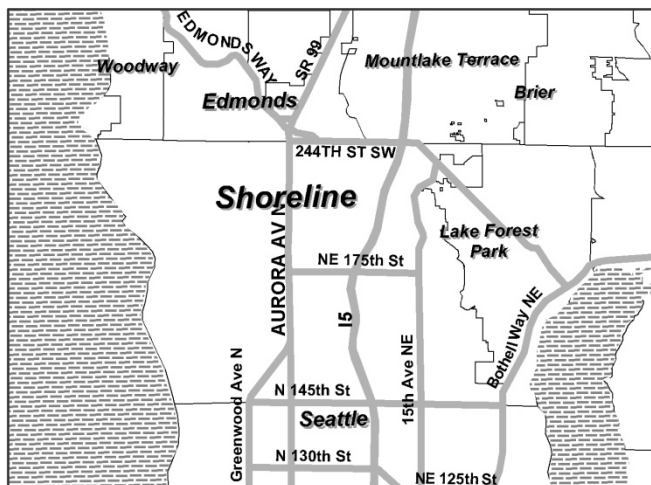

Green Works is an innovative approach to storm water management. These are small works projects directed at improving water quality and aquatic habitat. The water quality projects include the design and construction of low-impact development bio-retention facilities (i.e. rain gardens) that remove pollutants from stormwater through retention and infiltration. The aquatic habitat projects include those to improve and enhance aquatic habitats such as stream, wetland, and riparian corridors; these projects include culvert replacement, bank stabilization, riparian planting/invasive removal, etc.

Service Impact:

Enhance water quality by removing pollutants from stormwater and creating new water quality facilities where none currently exist. In addition, the aquatic enhancements improve aquatic and riparian conditions for fish and wildlife in Shoreline's creeks and wetlands.

SURFACE WATER CAPITAL ENGINEERING

Project Description:

This ongoing project includes the administrative costs of capital engineering for surface water projects. The project supports the capital programming and project development to achieve the goals of the Surface Water Utility, including flood reduction, water quality improvement, and aquatic habitat enhancement.

Service Impact:

This project will provide more accurate and timely information on upcoming projects for use in developing and updating each year's Capital Improvement Plan and completing applications for grant funding.

BOEING CREEK AND STORM CREEK BASIN PLANS

Project Description:

The Storm Creek Basin Plan will study the hydrology and geomorphology north and upstream of Storm Creek reach 1, to develop policies and a set of actions to be completed in the watershed addressing erosion and flooding issues, water quality, and fish habitat conditions in a comprehensive and affordable manner. The project area extends from the open channel at Greenwood Ave N and Carlyle Hall Road to the mouth of the creek in Puget Sound.

Service Impact:

Increase the service level to residents within the lower Boeing Creek Basin.

MERIDIAN PARK WETLAND DRAINAGE IMPROVEMENT

Project Description:

The Meridian Park Wetland Enhancement/Drainage Improvement project is to provide flood reduction to downstream properties, wetland enhancement, and passive park recreational improvements. This project addresses neighborhood drainage issues surrounding the Meridian Park wetland, specifically downstream residents.

Service Impact:

This project will benefit the residents in the Meridian Park neighborhood by addressing flooding, improving habitat, and improving park amenities.

STREAM AND HABITAT RESTORATION PROGRAM

Project Description:

This ongoing project would provide a variety of approaches to improving and restoring stream and riparian habitat. The work can include: removal of invasive plants in riparian corridors and re-planting with native species, upgrading culverts, or otherwise enhancing or resorting to streams viability.

Service Impact:

Enhancement of natural environment

SURFACE WATER INFRASTRUCTURE INVENTORY AND ASSESSMENT

Project Description:

This project will locate, inventory and assess the condition of the city's stormwater infrastructure, which includes pipes, catch basins, pump stations, detention and water quality facilities, and drainage ditches. This project will be coordinated to coincide with the development of each basin plan project and will utilize our existing database and GIS systems. This project would be the first phase in developing a -Utility Asset Management System, which is a business approach incorporating the economic and engineering assessment of trade-offs among alternative investment options, and uses this information to help make cost-effective investment and utility rate decisions. In the 2013-2018 CIP, this program is no longer shown as a separate CIP project but has been incorporated within each basin plan project since this element is a part of the scope of all basin studies.

Service Impact:

This project will improve the function of the existing storm sewer system by allowing programmatic replacement and planning for infrastructure improvement prior to failures of parts of the existing system. The entire city benefits from a programmatic maintenance and replacement program.

SURFACE WATER MASTER PLAN UPDATE AND RATE STUDY

Project Description:

As the City begins to complete more of the individual stormwater basin plans (e.g., Thornton Creek), a rate study is an opportunity to complete a comprehensive review of a utility’s ability to meet specific operational and capital demands. This rate study has now been completed and included such issues as:

- Knitting together the individual basin plans into a prioritized Master Plan
- Reviewing the demands on operations to maintain the capital infrastructure
- Reviewing the long-term goals and their impacts to services and programs within the utility, including the increasing demands of sustainability and environmental protection
- Reviewing the methodology and alternatives for rates to fund a balance of operations, maintenance and capital, including incentives for existing properties to construct Low Impact Development techniques
- Developing a financially balanced implementation plan

Service Impact:

This project will provide the information necessary to optimize the management of the Surface Water Utility.

VII. [Debt Policy](#)

I. FINANCIAL PLANNING POLICY

The City shall develop and maintain a 6-year financial forecast that estimates resource and expenditure behavior for the five years beyond the current budget period. This forecast will provide the City's decision makers with an indication of the long-term fiscal impact of current policy and budget decisions. This planning tool must recognize the effects of economic cycles on the demand for services and the City's resources. To this end, the forecast should differentiate between revenue associated with one-time economic activities and revenues derived as a result of base economic growth. City financial planning should ensure the delivery of needed services (many of which become more critical during economic downturns) by assuring adequate reliance on ongoing resources in order to support continued City services during economic downturns.

II. GENERAL BUDGET POLICIES

These general budget policies are the basis on which staff develops budget recommendations and establishes funding priorities within the limited revenues the City has available to provide municipal services.

- A. No Operating Deficit: Current revenues will be sufficient to support current expenditures. Revenue estimates will be realistic and debt financing will not be used for current operating expenses.
- B. Resources Greater than Budget Estimates: Resources (fund balance) greater than budget estimates in any fund shall be considered "one-time" resources and shall not be used to fund ongoing service delivery programs.
- C. Budget Adoption Level: Budget adoption by the City Council shall be at fund level. Any changes in appropriations at fund level require City Council approval.
- D. Necessary to Implement City Council Goals Identified in Annual Workplan: The City Council identifies specific goals as part of its work-plan, and departmental budgets should include adequate resources to accomplish those goals in the expected timeframes.
- E. Public Safety Protection: Public safety is a top priority, and as such, unmet needs in this area should have a priority over other service areas.
- F. Degradation of Current Service Levels: When increased service demands are experienced over a sustained period of time, resources should be provided to prevent service level degradation below an acceptable level.
- G. Investments that are Primarily Funded by Additional Fees or Grants: Programs and investments that are funded through a dedicated revenue source (i.e., non-tax revenue), that meet the goals of the City Council, will receive priority consideration.
- H. Investments that Delay Future Cost Increases: When practical, resources should be allocated for selective preventative investments that can be made to avoid even larger costs in the future.
- I. Investments that Forestall Adding Permanent Staff: Recognizing that personnel related expenditures represent the largest portion of the City's budget, methods to increase efficiency and effectiveness of the delivery of City services through technology improvements should receive priority funding if it can forestall the addition of permanent staff.
- J. Commitments that can Reasonably be Maintained over the Long-Term: Funding for new programs and services in operating funds should be limited to the extent that they can be reasonably funded over the near-to-long-term given the current revenue stream.
- K. Overhead and Full Cost Allocation: Department budgets should be prepared in a manner to reflect the full cost of providing services.
- L. Maintenance of Quality Service Programs: The City of Shoreline will offer quality service programs. If expenditure reductions are necessary as a result of changing economic status, selective service elimination is preferable to poor or marginal quality programs that are caused by across the board cuts.

- M. Distinguished Budget Presentation: The City will seek to comply with the suggested criteria of the Government Finance Officers Association in producing a budget document that meets the Distinguished Budget Presentation program criteria as policy document, as an operations guide, as a financial plan, and as a communication device.

III. FORMULATION AND APPROVAL OF BUDGETS

In accordance with RCW 35A.33, departments shall be requested by the Finance Director to prepare detailed estimates of revenues and expenditures for the next fiscal year by no later than the second Monday of September. Responses will be due by no later than the fourth Monday in September, and by no later than the first business day in October, the Finance Director will present to the City Manager a proposed preliminary budget setting forth the complete financial program, showing expenditures requested by each department and sources of revenue by which each program is proposed to be financed.

Although the schedule outlined above meets the requirements of the Revised Code of Washington, the Shoreline budget process usually follows an accelerated time schedule. The Finance Director typically requests departments to prepare their detailed estimates of revenues and expenditures for the next fiscal year in July, with those responses due in August.

By no later than the first Monday in October, the City Manager will provide the City Council with current information on estimates of revenues from all sources as adopted in the budget for the current year. The City complies with this requirement by providing the City Council with a quarterly report and a comprehensive overview of the City's current financial position at a summer Budget Retreat.

The administration will analyze program priorities and needs and recommend funding levels for each program in a proposed operating budget and six-year capital improvement program, which will be submitted to the Council by no later than 60 days prior to the end of the fiscal year. The City Manager typically presents the proposed budget to the City Council in late October.

As part of the budget document, a budget message will be prepared that contains the following:

- An explanation of the budget document.
- An outline of the recommended financial policies and programs of the City for the ensuing fiscal year.
- A statement of the relation of the recommended appropriation to such policies and programs.
- A statement of the reason for salient changes from the previous year in appropriation and revenue items.
- An explanation of any recommended major changes in financial policy.

The operating budget proposal for the general fund will include a financial plan that shows projected revenues and expenditures for at least the next five fiscal years. The financial plan will provide an explanation of the assumptions used in projecting future year expenditure and revenue levels, such as growth in tax revenues, inflation, cost of services, and other factors that may impact the financial condition of the City.

The operating budget will be classified and segregated according to a standard classification of accounts as prescribed by the State Auditor.

The Council will hold public hearings as required and approve operating and capital budgets prior to the end of the fiscal year in accordance with State law.

IV. BUDGET ADJUSTMENT & AMENDMENT PROCESSES

Under the provisions of State law and the City's operating procedures, the operating budget may be adjusted or amended in two different ways. Adjustment of the budget involves a reallocation of existing appropriations and does not change the budget "bottom line."

Amendment of the budget involves an addition to or reduction of existing appropriations.

A. Adjustment

The City departmental expenditures and program goals are monitored throughout the year. Certain departments may develop the need for additional expenditure authority to cover unanticipated costs that cannot be absorbed within the budget, while other departments may unexpectedly not require their full budget authorizations. The Finance Department reviews and analyzes all department and/or fund budgets to determine what adjustments are necessary and whether the adjustments can be made within existing appropriation limits and within the City Council and Departmental goals as provided in the budget. Necessary adjustments are then reviewed with the affected department and/or fund managers. When an adjustment is needed, the Finance staff will look first to savings within the department and then consider budget transfers between departments. The Finance Director, in conjunction with the Department Directors and the City Manager, reviews and decides if any specific budget reductions are needed. No City Council action is needed as State law allows budget adjustments to be done administratively and approved by the City Manager. As a matter of practice, staff will include any adjustments made between departments with the quarterly financial information provided to the City Council.

B. Amendment

Amending the City's budget occurs whenever the requested changes from departments and/or funds will cause the existing appropriation level for the fund to change. This situation generally occurs when the City Council authorizes additional appropriation. This is done by an ordinance that amends the original budget and states the sources of funding for the incremental appropriations.

V. RESERVE AND CONTINGENCY FUND POLICIES

Adequate fund balance and reserve levels are a necessary component of the City's overall financial management strategy and a key factor in external agencies' measurement of the City's financial strength.

Maintenance of fund balance for each accounting fund assures adequate resources for cash flow and to mitigate short-term effects of revenue shortages. Reserve funds are necessary to enable the City to deal with unforeseen emergencies or changes in condition.

A. General Policy

The City shall maintain reserves required by law, ordinance and/or bond covenants.

All expenditures drawn from reserve accounts shall require prior Council approval unless previously authorized by the City Council for expenditure within the City's annual budget.

If reserves and/or fund balances fall below required levels as set by this policy, the City shall include within its annual budget a plan to restore reserves and/or fund balance to the required levels.

All reserves will be presented in the City's annual budget.

B. Revenue Stabilization Fund
The City will establish a Revenue Stabilization Fund and shall accumulate a reserve equal to thirty percent (30%) of annual economically sensitive revenues within the City's operating budget to cover revenue shortfalls resulting from unexpected economic changes or recessionary periods.

C. General Fund Operating Reserves
The City shall maintain a General Fund Operating Reserve to provide for adequate cash flow, budget contingencies, and insurance reserves. The General Fund Operating Reserves will be determined as follows:

1. Cash Flow Reserve: The City shall maintain a cash flow reserve within the General Fund in an amount equal to \$3,000,000. This is approximately equal to 1.5 months of operating expenditures. The City will review annually the required cash flow reserve level that is necessary to meet the City's cash flow needs. If it is determined that \$3,000,000 is not adequate, the Finance Director shall propose an amendment to these policies.
2. Budget Contingency: The City shall maintain a budget contingency reserve within the General Fund equal to 2% of budgeted operating revenues.
3. Insurance Deductible Reserve: The City shall maintain an insurance reserve within the General Fund to be used for potential substantial events that cause damage to the City's fixed assets and/or infrastructure.

D. Equipment and Vehicle Replacement Reserves
The City will maintain fully funded reserves for the replacement of vehicles, computer equipment, and equipment identified on the City's fixed asset listing. Contributions will be made through assessments to the using funds and maintained on a per asset basis.

E. City Street Fund Reserve
The City shall maintain an operating reserve within the City's Street Fund an amount equal to 20% of annually budgeted operating revenues.

F. Surface Water Utility Fund Reserve
The City shall maintain an operating reserve within the Surface Water Utility Fund an amount equal to no less than 20% of budgeted operating revenues.

VI. CAPITAL IMPROVEMENT PROGRAM PLAN POLICIES

A number of important policy considerations are the basis for the Capital Improvement Program (CIP) Plan. These policies provide guidelines for all financial aspects of the CIP, and ultimately affect the project selection process.

A. Relationship of Long-Range Plans to the CIP
The CIP will be updated annually as part of the City's budget process. The City Council may amend the CIP Plan at any time as required.

Virtually all of the projects included in the CIP are based upon formal long-range plans that have been adopted by the City Council. This ensures that the City's Capital Improvement Program, which is the embodiment of the recommendations of these individual planning studies, is responsive to the officially stated direction of the City Council as contained in the Comprehensive Plan, Council work goals, and supporting documents. Examples of these supporting documents: Pavement Management System Plan and the Parks and Open Space and Recreation Services Plan. There are exceptions, but they are relatively small when compared to the other major areas of expenditure noted above.

B. CIP Coordination Team

A CIP Coordination Team is a cross-departmental team which participates in the review and recommendation of the CIP program to the City Manager. The Team will review proposed capital projects in regards to accurate costing (design, capital, and operating), congruence with City objectives, and prioritize projects by a set of deterministic criteria. The Finance Director, or his/her designee, will serve as the lead for the team.

C. Establishing CIP Priorities

The City uses the following basic CIP project prioritization and selection process:

1. Each CIP program area establishes criteria to be used in the prioritization of specific projects submitted for funding. These specific criteria are developed by staff in conjunction with City Council priorities and input from citizens, associated City boards and commissions. The criteria is identified in the City's budget document. The City has divided its CIP projects into the following program areas: General Facilities & Parks Capital Projects, Roads Capital Projects, and Surface Water Capital Projects.
2. Designated personnel within City departments recommend project expenditure plans to the Finance Department. The project expenditure plans include all capital costs and any applicable maintenance and operation expenditures along with a recommended funding source.
3. The CIP Coordination Team evaluates the various CIP projects and selects those with the highest priority based on input from citizens, project stakeholders, appropriate advisory committees, and City Council goals.
4. A Preliminary CIP Plan is developed by the Finance Department and is recommended to the City Council by the City Manager.
5. The City Council reviews the Operating and Preliminary CIP Plan, holds a public hearing(s) on the plan, makes their desired alterations, and then officially adopts the CIP and establishes related appropriations as a part of the City's budget.
6. Within the available funding, the highest priority projects are then selected and funded in the CIP.

D. Types of Projects Included in the CIP Plan

The CIP Plan will display, to the maximum extent possible, all major capital projects in which the City is involved. It is difficult to define precisely what characteristics a project should have before it is included in the CIP Plan for the public's and City Council's review and approval. While the following criteria may be used as a general guide to distinguish among projects which should be included or excluded from the CIP Plan, there are always exceptions which require management's judgment. Therefore, the City Manager has the administrative authority to determine which projects should be included in the CIP Plan and which projects are more appropriately contained in the City's operating budget.

For purposes of the CIP Plan, a CIP project is generally defined to be any project that possesses all of the following characteristics:

1. Exceeds an estimated cost of \$10,000;
2. Involves totally new physical construction, reconstruction designed to gradually and systematically replace an existing system on a piecemeal basis, replacement of a major component of an existing facility, or acquisition of land or structures; and
3. Involves City funding in whole or in part, or involves no City funds but is the City's responsibility for implementing, such as a 100% grant-funded project or 100% Local Improvement District funded project.

4. Involves the skills and construction needs beyond those needed for a general repair and maintenance project.

These should be considered general guidelines. Any project in excess of \$25,000 meeting the criteria of (2), (3) and (4) above, or various miscellaneous improvements of a like nature whose cumulative total exceeds \$25,000 (i.e., street overlays) should be considered as part of the CIP process.

Program area managers are responsible for the cost estimates of their proposed programs, including future maintenance and operations costs related to the implementation of completed projects.

E. Scoping and Costing Based on Predesign Study

For some projects it is difficult to develop accurate project scopes, cost estimates, and schedules on which no preliminary engineering or community contact work has been done. To address this problem, some projects are initially proposed and funded only for preliminary engineering and planning work. This funding will not provide any monies to develop final plans, specifications, and estimates to purchase rights-of-way or to construct the projects. Future project costs are refined through the predesign study process.

- F. Required Project Features and Financial Responsibility: If a proposed project will cause a direct impact on other publicly-owned facilities, an equitable shared and funded cost plan must be coordinated between the affected program areas.

- G. Predictability of Project Timing, Cost and Scope: The predictability of timing and costs of projects is important to specific private developments, such as the provision of street improvements or the extension of major sewer lines or water supply, without which development could not occur. These projects generally involve significant financial contributions from such private development through developer extension agreements, LIDs, and other means. Once a project has been approved by the City Council in the CIP, project scheduling is a priority to maintain.

The City Council authorizes the City Manager to administratively approve the acceleration of project schedules so long as they can be accomplished within budgeted and any allowable contingency expenditures, with the understanding that all controversial issues will be brought before the City Council. All project additions or deletions must be approved by the City Council.

- H. CIP Maintenance and Operating Costs: CIP projects, as approved by the City Council, shall have a funding plan for maintenance and operating costs identified in the project description. These costs will be included in the City's long-term financial planning.

I. Local Improvement Districts (LID)

Examples of when future LIDs may be formed are as follows: 1) where old agreements exist, committing property owners to LID participation on future projects; 2) when a group of property owners wish to accelerate development of a certain improvement; 3) when a group of property owners desire a higher standard of improvement than the City's project contemplates; or 4) when a group of property owners request City assistance in LID formation to fund internal neighborhood transportation facilities improvements, which may or may not have City funding involved. If City funding is proposed by the project sponsors (property owners), they shall so request of the City Council (through the City Clerk) in writing before any LID promotion activity begins. The City Manager shall analyze such request and report his conclusions and recommendation to Council for their consideration. The Council shall by motion affirm or deny the recommendation. The

Council's affirmative motion to financially participate shall expire in 180 days, unless the project sponsors have submitted a sufficient LID petition by that time.

In the event that the request is for street resurfacing in advance of the City's normal street resurfacing cycle, the City's contribution, if any, will be determined based on a recommendation from the Public Work's Department and a financial analysis of the impact of completing the project prior to the City's original timeline.

On capital projects whose financing depends in part on an LID, interim financing will be issued to support the LID's portion of the project budget at the same time or in close proximity to the issuance of the construction contract. The amount of the interim financing shall be the current estimate of the final assessment roll as determined by the administering department.

In the event that the project is 100% LID funded, interim financing shall be issued either in phases (i.e., design phase and construction phase) or up front in the amount of the entire estimated final assessment roll, whichever means is estimated to provide the lowest overall cost to the project as determined by the Finance Department.

The City will recapture direct administrative costs incurred by the City for the LID project by including these in the preliminary and final assessment roles.

- J. Preserve Existing Capital Infrastructure Before Building New Facilities: It is the City's policy to ensure that adequate resources are allocated to preserve the City's existing infrastructure before targeting resources toward building new facilities that also have maintenance obligations. This policy addresses the need to protect the City's historical investment in capital facilities and to avoid embarking on a facility enhancement program which, together with the existing facilities, the City cannot afford to adequately maintain.
- K. New Facilities Should Be of High Quality, Low Maintenance, Least Cost: The intent of this policy is to guide the development and execution of the CIP Plan through an emphasis on lowest life-cycle cost. Projects should only be built if the necessary funding to operate them is provided. Also, priority is given to new facilities that have minimal ongoing maintenance costs so as to limit the impact upon both the CIP and the operating budget.
- L. Public Input at All Phases of Projects: The City makes a serious commitment to public involvement. The City's long-range plans are developed through an extensive citizen involvement program.
- M. Basis for Project Appropriations: During the City Council's CIP Plan review, the City Council will appropriate the full estimated project cost for all projects in the CIP Plan. Subsequent adjustments to appropriation levels for amendments to the CIP Plan may be made by the City Council at any time.
- N. Balanced CIP Plan: The CIP Plan is a balanced six-year plan. This means that for the entire six-year period, revenues will be equal to project expenditures in the plan. It is anticipated that the plan will have more expenditures than revenues in single years of the plan, but this imbalance will be corrected through the use of interim financing, if actually needed. Over the life of the six-year plan, however, all planned interim debt will be repaid and all plan expenditures, including interest costs on interim debt will be provided for with identified revenues. Any project funding plan, in which debt is not retired within the current six-year plan, must have specific City Council approval.
- O. Use of Debt in the CIP: The CIP is viewed as a long-term program that will continually address capital requirements far into the future. As such, the use of long-term debt

should be minimized, allowing the City to put money into actual projects that benefit Shoreline residents and businesses rather than into interest payments to financial institutions. There may be exceptions to this policy for extraordinary circumstances, where voted or non-voted long-term debt must be issued to achieve major City goals that otherwise could not be achieved, or would have to wait an unacceptably long time. Issuance of long-term debt must receive City Council authorization.

Staff monitors CIP cash flow regularly and utilizes fund balances to minimize the amount of borrowing required. Funds borrowed for cash flow purposes are limited to short-term obligations. Projected financing costs are included within a project in the administrative program area.

- P. Finance Director's Authority to Borrow: The Finance Director is authorized to initiate interim and long-term borrowing measures, as they become necessary, as identified in the CIP Plan and approved by the City Council.
- Q. CIP Plan Update and Amendment: The CIP Plan will be updated at least annually. The City Council may amend the CIP Plan at any time if a decision must be made and action must be taken before the next CIP review period. All project additions or deletions must be approved by the City Council.
- R. Formalization of Monetary Agreements: All agreements between the City and outside jurisdictions, where resources are exchanged shall be in writing specifying the financial terms of the agreement, the length of the agreement, and the timing of any required payments (i.e., Joint CIP projects where the City is the lead agency, grant funded projects, etc.). Formalization of these agreements will protect the City's interests. Program areas shall make every effort to promptly request any reimbursements that are due the City. Where revenues from outside jurisdictions are ongoing, these requests shall be made at least quarterly, unless alternative arrangements are approved by the City Manager or City Council.
- S. Applicable Project Charges: CIP projects should reflect all costs that can be clearly shown to be necessary and applicable. Staff charges to CIP projects will be limited to time spent actually working on those projects and shall include an overhead factor to cover the applicable portion of that person's operating cost.

VII. DEBT POLICY

The Objectives of the City's Debt Management Policy are:

- A. To limit the use of debt so that debt service payments will be a predictable and manageable part of the operating budget.
- B. To raise capital at the lowest cost, consistent with the need to borrow. This will be accomplished by:
 - 1. Keeping a high credit rating (while making attempts to strengthen credit rating).
 - 2. Maintaining a good reputation in the credit markets by adjusting the capital program for regular entry to the bond market and by managing the annual budget responsibly.
 - 3. Institute and maintain procedures that ensure full and timely repayment of City obligations.

General Debt Policies

Before issuing any debt, the City will consider the impacts of such debt on the operating budget, the effect on the City's credit rating, the debt capacity remaining under constitutional and statutory limitations, the most cost-effective term, structure, and type of debt, and the impact on taxpayers.

Disclosure statements will be used to keep taxpayers and investors informed of the City's financial position. These include printed copies of:

- A. Annual reports
- B. Operating budget and Capital Facilities Plan
- C. Official Statements

Debt issues will be sold on a competitive basis (except when conditions make a negotiated sale preferable) and awarded to the bidder who produces the lowest true interest cost.

Debt issues may be sold on a negotiated basis if the issue is unusually large or small, the project is complex, the issue is a refunding, flexibility is desired in the structure, the market is volatile, or other conditions make it in the City's best interest to conduct a negotiated sale.

Long Term Debt: Long term debt will be used to maintain and develop the municipal infrastructure when the economic life of a fixed asset exceeds five years.

Revenue bonds will generally be used for projects which are financially self-sustaining.

General Obligation bonds can be used to finance public works projects which benefit the community and where there are sufficient dedicated revenues to amortize the debt.

General Obligation pledges can be used to back self-sustaining projects financed through revenue bonds when costs can be reduced and the municipal credit rating is not put in jeopardy by this action.

The City may rely on a local improvement district program for certain local or neighborhood street improvements.

The City will use interfund borrowing where such borrowing is cost effective to both the borrowing and the lending fund. Such borrowing shall implement Council directed policy in a simplified manner, such as borrowing associated with interim financing for local improvement district projects.

Fee Schedule (Page 2 of 6)**

Type of Permit Application	2012 Fee Schedule	2013 Fee Schedule
	Fee Based on \$149.50 Per Hour	Fee Based on \$153.50 Per Hour
FIRE		
Automatic Fire Alarm System:		
Existing System		
New or relocated devices up to 5	Hourly rate, 1-hour minimum \$149.50	Hourly rate, 1-hour minimum \$153.50
New or relocated devices 6 up to 12	Hourly rate, 3-hour minimum \$448.50	Hourly rate, 3-hour minimum \$460.50
Each additional new or relocated device over 12	\$6.25 per device	\$6.50 per device
New System	Hourly rate, 4-hour minimum \$598	Hourly rate, 4-hour minimum \$614
Each additional new or relocated device over 30	\$6.25 per device	\$6.50 per device
Fire Extinguishing Systems:		
Commercial Cooking Hoods		
1 to 12 flow points	Hourly rate, 3-hour minimum \$448.50	Hourly rate, 3-hour minimum \$460.50
More than 12	Hourly rate, 4-hour minimum \$598	Hourly rate, 4-hour minimum \$614
Other Fixed System Locations	Hourly rate, 4-hour minimum \$598	Hourly rate, 4-hour minimum \$614
Fire Pumps:		
Commercial Systems	Hourly rate, 4-hour minimum \$598	Hourly rate, 4-hour minimum \$614
Commercial Flammable/Combustible Liquids:		
Aboveground Tank Installations		
First tank	Hourly rate, 2-hour minimum \$299	Hourly rate, 2-hour minimum \$307
Additional	Hourly rate, 1-hour minimum \$149.50	Hourly rate, 1-hour minimum \$153.50
Underground Tank Installations		
First tank	Hourly rate, 2-hour minimum \$299	Hourly rate, 2-hour minimum \$307
Additional	Hourly rate, 1-hour minimum \$149.50	Hourly rate, 1-hour minimum \$153.50
Underground Tank Piping (with new tank)	Hourly rate, 2-hour minimum \$299	Hourly rate, 2-hour minimum \$307
Underground Tank Piping Only (vapor recovery)	Hourly rate, 3-hour minimum \$448.50	Hourly rate, 3-hour minimum \$460.50
Underground Tank Removal		
First tank	Hourly rate, 2-hour minimum \$299	Hourly rate, 2-hour minimum \$307
Additional tank		
Additional Tank	Hourly rate, 0.5 Hours \$74.75 per additional tank	Hourly rate, 0.5 Hours \$76.75 per additional tank
Compressed Gas Systems (exception: medical gas systems)		
Excess of quantities in IFC Table 105.6.9	Hourly rate, 2-hour minimum \$299	Hourly rate, 2-hour minimum \$307
High-Piled Storage:		
Class I – IV Commodities:		
501 – 2,500 square feet	Hourly rate, 2-hour minimum \$299	Hourly rate, 2-hour minimum \$307
2,501 – 12,000 square feet	Hourly rate, 3-hour minimum \$448.50	Hourly rate, 3-hour minimum \$460.50
Over 12,000 square feet	Hourly rate, 4-hour minimum \$598	Hourly rate, 4-hour minimum \$614
High Hazard Commodities:		
501 – 2,500 square feet	Hourly rate, 3-hour minimum \$448.50	Hourly rate, 3-hour minimum \$460.50
Over 2,501 square feet	Hourly rate, 5-hour minimum \$747.50	Hourly rate, 5-hour minimum \$767.50

2013 Surface Water Management Rate Table (Page 1 of 1)

Rate Category	Percent Impervious Surface	2012 Annual Service Charge	2013 Annual Service Charge	Per Unit	6% Utility Tax	Fee + Utility Tax
Residential: Single-family home		\$133.46	\$137.46	Parcel	\$8.25	\$145.71
Very Light	Less than or equal to 10%	\$133.46	\$137.46	Parcel	\$8.25	\$145.71
Light	More than 10%, less than or equal to 20%	\$309.96	\$319.26	Acre	\$19.16	\$338.42
Moderate	More than 20%, less than or equal to 45%	\$640.37	\$659.58	Acre	\$39.57	\$699.15
Moderately Heavy	More than 45%, less than or equal to 65%	\$1,241.99	\$1,279.25	Acre	\$76.76	\$1,356.01
Heavy	More than 65%, less than or equal to 85%	\$1,573.48	\$1,620.68	Acre	\$97.24	\$1,717.92
Very Heavy	More than 85%, less than or equal to 100%	\$2,061.02	\$2,122.85	Acre	\$127.37	\$2,250.22
Minimum Rate		\$133.46	\$137.46		\$8.25	\$145.71

There are two types of service charges: The flat rate and the sliding rate.

* The flat rate service charge applies to single family homes and parcels with less than 10% impervious surface.

* The sliding rate service charge applies to all other properties in the service area. The sliding rate is calculated by measuring the amount of impervious surface on each parcel and multiplying the appropriate rate by total acreage

Several special rate categories will automatically be assigned to those who qualify.

* An exemption for any home owned and occupied by a low income senior citizen determined by the assessor to qualify under RCW 84.36.381.

* A discount for any parcel served by a City approved retention/detention (R/D) facility maintained by the owner.

Categories with Retention/Detention Facilities The following categories are eligible for reduced rates if they have an approved retention/detention facility.

Rate Category	Discount	2012 Annual Service Charge	2013 Annual Service Charge	Per Unit	6% Utility Tax	Fee + Utility Tax
Residential: Single-Family Home	50%	\$66.73	\$68.73	Parcel	\$4.12	\$72.85
Very Light	50%	\$66.73	\$68.73	Parcel	\$4.12	\$72.85
Light	50%	\$154.98	\$159.63	Acre	\$9.58	\$169.21

All other categories will be discounted to the fee and tax applicable to the preceding rate category in the Rate Table shown above.

A public school district shall be eligible for a discount of up to 100% of its standard rates until July 1, 2015 based on the value of an approved curriculum which benefits surface water utility programs. The curriculum costs shall be approved annually by the City.

Alternative Mobile Home Park Charge

* Mobile Home Park Assessment can be the lower of the appropriate rate category or the number of mobile home spaces multiplied by the single-family residential rate.

Rate Adjustments: Any person receiving a bill may file a request for a rate adjustment within two years of the billing date. (Filing a request will not extend the payment period).

Property owners should file a request for a change in the rate assessed if:

- * The property acreage is incorrect;
- * The measured impervious surface is incorrect;
- * The property is charged a sliding fee when the fee should be flat;
- * The person or property qualifies for an exemption or discount; or
- * The property is wholly or in part outside the service area.

2013 License Required and Public Records Fee Schedule			
License Required Fee	2012 Fee Schedule	Proposed 2013 Fee	Basis
Business License Fees			
Annual business license fee	\$40.00	\$40.00	Annual
The annual business license fee may be prorated as necessary to conform to SMC 5.05.060			
Penalty for late renewal (SMC 5.05.080)	\$20.75	\$21.25	
Model Traffic Ordinance Fees			
Redeem vehicles impounded under RCW 46.20.342, RCW 46.61.502 and RCW 46.61.504	\$103.25	\$106.00	Per vehicle
General Licenses			
Regulated massage business	\$187.50	\$192.50	Per Year
Massage manager	\$40.75	\$42.00	Per Year
Public dance	\$128.75	\$132.25	Per Dance
Pawnbroker	\$599.50	\$615.75	Per Year
Secondhand	\$57.50	\$59.00	Per Year
Master solicitor	\$117.50	\$120.75	Per Year
Solicitor	\$29.50	\$30.25	Per Year
Duplicate License	\$5.50	\$5.75	
Late fees for general licenses:	A late penalty shall be charged on all applications for renewal of a general license received later than 10 working days after the expiration date of such license. The amount of such penalty is fixed as follows:		
	A. For a license requiring a fee of less than \$50.00, two percent of the required fee		
	B. For a license requiring a fee of more than \$50.00, ten percent of the required fee.		
Cabaret Licenses			
Adult cabaret operator's license	\$599.50	\$615.75	Per Year
Adult cabaret manager's license	\$128.75	\$132.25	Per Year
Adult cabaret entertainer's license	\$128.75	\$132.25	Per Year
Duplicate License	\$5.75	\$6.00	
Late fees for cabaret licenses:	There shall be assessed and collected by the clerk an additional charge, computed as a percentage of the adult cabaret license fee, on applications not made on or before said date as follows:		
Days Past Due			
7 - 30	10%	10%	
31 - 60	25%	25%	
61 and over	100%	100%	
Panoram Licenses			
Panoram premise license	\$246.25	\$253.00	Per Year
Panoram device license	\$70.25	\$72.25	Per Year Per Device
Panoram operator license	\$596.5 per year/plus additional \$12.50 fee for background checks for any additional operators		
Duplicate License	\$5.75	\$6.00	
Renewals for panoram licenses:	On renewals for panoram licenses filed after December 31st, the clerk shall assess and collect an additional charge as follows:		
	A. If application is more than six but less than 31 days late, the additional charge is 10 percent of the renewal fee		
	B. If application is more than 31 but less than 61 days late, the additional charge is 25 percent of the renewal fee.		
Public Records			
Black and white photocopies up to 11 by 17 inches - if more than five pages	\$0.15	\$0.15	Per Page
Black and white photocopies larger than 11 by 17 inches - City Produced	\$3.00	\$3.40	Per Page
Black and white photocopies larger than 11 by 17 inches - Vendor Produced	Cost charged by vendor, depending on size and process		
Color photocopies up to 11 by 17 inches - if more than one page	\$0.65	\$0.70	Per Page
10 or less scanned copies up to 11 by 17 inches - if more than three pages	\$0.20	\$0.20	Per Page
More than 10 scanned copies up to 11 by 17 inches	\$0.10	\$0.10	Per Page
Data transfer to any medium - if more than \$0.75; document requests for files over 15 megabytes require purchase of a CD or DVD.	\$0.10 per file, plus \$1.00 per CD or \$2.00 per DVD		
Video Tapes	\$13.50		Per Tape
Audio Tapes	\$2.00		Per Tape
Photographic prints and slides	Cost charged by vendor, depending on size and process		
GIS maps smaller than 11 by 17 inches	\$0.50	\$0.50	Per Page
GIS maps larger than 11 by 17 inches	\$1.55	\$1.70	Per Square Foot
Mylar Sheets	\$6.00	\$6.40	Per Sheet
Clerk Certification	\$1.00	\$1.10	Per Document
City of Shoreline Budget Book	\$28.00	\$28.75	Per Book
City of Shoreline Budget Book CD Version	\$2.00	\$2.10	Per CD
Custom GIS Mapping and Data Requests	\$83.25	\$85.50	Per Hour (1 Hour Minimum)
Financial Fees			
Insufficient funds or a closed account shall be assessed a collection fee	\$28.00	\$28.75	
Hearing Examiner Fees	\$456.50	\$468.75

2013 Expenditure Categories

Object	Description	Detail Required
<u>Salaries and Benefits</u>		
	Amounts paid for personal services rendered by employees in accordance with the rates, hours, terms and conditions authorized by law or stated in employment contracts. Personal services do not include fees and out of pocket expenses for professional or consultant services. Amounts charged to these accounts represent expenditures generated through the City's payroll process. Amounts paid to temporary help through another source than payroll does not get charged to these accounts.	
5110	Salaries Employee time will be allocated within the department on a percentage basis and then paid based on that allocation throughout the year unless there is a major shift in employee responsibilities or job duties during the year.	Will be posted from Position Budgeting
5111	Salaries - Extra Help Hourly staff and temporary help that are not designated positions. All agency staff should be budgeted under Professional Services.	Yes
5112	Overtime Overtime pay for employees who are eligible.	No
5112100	Overtime - Extra Help	
5113	Standby Pay Standby pay for employees who are eligible.	No
5114	Call Back Pay	No
5115	Vacation Buy-Out	No
5212	Social Security Replacement Program	Will be posted from Position Budgeting
5213	Soc. Sec. Replac. Prog. - Extra Help	
5214	PERS	Will be posted from Position Budgeting
5214001	CM Retirement Plan	Will be posted from Position Budgeting
5214002	PERS - Extra Help	
5215	Insurance Premium Allowance	Will be posted from Position Budgeting
5220	Medicare	Will be posted from Position Budgeting
5221	Medicare - Extra Help	
5230	Labor & Industries	Will be posted from Position Budgeting
5231	Labor & Industries - Extra Help	
5232	Labor & Industries - Standby Pay	
5240	Unemployment Compensation	Will be posted from Position Budgeting
<u>Supplies</u>		
5310	Office Supplies Paper, forms, maps, publications, writing materials, Office Supplies-Boise Cascade, Corp Express (except furniture), Paper Zone	No
5320	Operating Supplies Chemicals, cleaning & sanitation supplies, clothing, construction materials & supplies, drugs, electrical supplies, medicines, oil, paints, and plumbing supplies	No
5321	Fuel Consumed	No
5330	Program Supplies Art supplies, sports equipment, clipboards, first aid supplies, name tags, other program related supplies, fees for admission tickets used in programs, food used as a component of a program. Room Rental - see 5450 Food & Meals - see 5430	No

2013 Expenditure Categories

Object	Description	Detail Required
<u>Intergovernmental/Interfund Services</u>		
5510	Intergovernmental Professional Services Contracts or interlocal agreements between government agencies. Expenditures made to other governmental entities for services rendered. Limited to those functions normally provided by governments and not by private businesses (police, detention, election services, animal control, etc.)	Yes
5550	Interfund Transfers Transfers between funds	No
<u>Capital Outlay (Amounts should be in excess of \$5,000)</u>		
5610	Land Land acquisition costs, rights-of-way, LIDs	Yes
5620	Buildings & Structures Acquisition, construction, and improvements to office or administrative buildings, shops and warehouses, park buildings	Yes
5630	Other Improvements Athletic fields, bridges, water and sewer systems, lighting, parking, roadways, sidewalks, storm drains, streets	Yes
5640	Machinery & Equipment Communications equipment, transportation equipment, office furniture & equipment, computers, heavy duty work equipment	Yes
5650	Construction of Fixed Assets For capital improvement projects on City owned property	Yes
<u>Debt Service Principal</u>		
5700	Debt Service Principal	Yes
5800	Debt Service Interest & Related Costs	Yes
<u>Interfund Payment for Services, Transfers, and Reserves</u>		
Expenditures made to other funds or other departments of the same fund for services rendered		
5901	Interfund Professional Services (Building Permits)	Yes
5910	Interfund Charge - Equipment Replacement	No
5950	Interfund Vehicle Operations and Maintenance	No

Glossary of Budget Terms and Acronyms

ACCOUNT. A chronological record of public funds showing receipts, disbursements, and the balance.

ACCOUNTING SYSTEM. The total set of records and procedures used to record, classify, and report information on the financial status and operations of an entity.

ACCRUAL BASIS ACCOUNTING. A method of accounting for revenues and expenses when earned or incurred instead of when cash is received or spent.

ACTUALS. Monies which have already been used or received as opposed to budgeted monies which are estimates of possible funds to be spent or received.

ADOPTED BUDGET. The budget for the operations of regular City services and for capital expenditures for the fiscal year as proposed by the City Manager and adjusted and adopted by the City Council. The adopted budget can only be adjusted (amended) during the fiscal year by an ordinance of the City Council.

AGENCY FUND. A fund used to account for assets held by a government as an agent for individuals, private organizations, other governments and/or other funds.

APPROPRIATION. A legal authorization granted by the City Council to make expenditures and to incur obligations for a specific purpose or program. Usually granted for a one-year period.

APPROPRIATION ORDINANCE. The official enactment by the City Council giving the legal authority for City officials to obligate and expend resources.

ARRA. American Recovery Reinvestment Act.

ASD. Administrative Services Department

ASSESSED VALUATION. The estimated value placed upon real and personal property by the County Assessor as the basis for levying property taxes.

B.A.R.S. The State of Washington prescribed Budgeting, Accounting, and Reporting System manual for which compliance is required for all governmental entities in the State of Washington.

BALANCED BUDGET. A budget in which planned expenditures do not exceed projected funds available.

BASE BUDGET. The ongoing cost to maintain the current level of service.

BASIS OF ACCOUNTING. A fund's basis of accounting determines when a transaction is recognized in the fund's operating statement. Annual appropriated budgets for all funds are prepared and adopted on a cash basis. Under a cash basis, transactions are recognized only when cash is increased or decreased. Governmental fund financial statements are prepared on the modified accrual basis of accounting. Revenues are recognized when measurable and available to finance current expenditures and expenditures are recognized when goods and services are received and liabilities are due and payable at year-end. Under the accrual basis of accounting, the revenues are recognized in the accounting period in which they are earned and become measurable and expenses are recognized in the period incurred.

BEGINNING FUND BALANCE. The resources that are unspent from the previous year and are available in the subsequent fiscal year for expenditure. Since these resources are typically available due to under-expenditures in the previous year or unexpected revenues, it is prudent to not utilize these resources for ongoing operational expenditures.

BENEFITS. City provided employee benefits such as social security replacement, retirement, worker's compensation, life insurance, medical insurance and dental insurance.

BUDGET. A plan of financial operation embodying an estimate of expenditures for a given period and the proposed means of financing them (revenue estimates). The term is also sometimes used to denote the

officially approved expenditure ceilings under which the City and its departments operate.

BUDGET CALENDAR. The schedule of key dates or milestones which the City follows in the preparation and adoption of the budget.

BUDGET HEARING. A public hearing conducted by City Council to consider and adopt the annual budget.

CAPITAL BUDGET. Major capital improvements which are beyond the routine operation of the city are budgeted under separate capital project funds. These projects often require more than one year to complete. In total, these projects are referred to as the Capital Budget and are not included in the annual operating budget.

CAPITAL IMPROVEMENT CONSTRUCTION. Projects such as roads, drainage, buildings, sidewalks and other works to create and repair the City's physical infrastructure; funds in this category may also be used for the design, project management and other associated administrative costs.

CAPITAL IMPROVEMENT PROGRAM. A six-year plan for capital expenditures that identifies the expected beginning and ending date of each project, the amount to be expended in each year on each project and the method of financing project expenditures.

CAPITAL OUTLAYS. Annual operating expenditures for the acquisition of, or addition to, fixed assets. These expenditures must cost more than \$5,000, including construction projects, land acquisition, major renovations or repairs to existing grounds or facilities, and equipment purchases.

CAPITAL PROJECTS. Projects which purchase or construct capital assets. Typically a capital project encompasses a purchase of land and/or the construction of a new building or facility. It may also include major maintenance or renovation of a current asset.

CASH BASIS ACCOUNTING. The method of accounting where revenues are recorded when received and expenditures are recorded when paid.

CASH RESERVES. The cash balance that is not appropriated for expenditures or that is segregated by policy for a specific future use.

CHARGES FOR GOODS AND SERVICES. A basic classification for services other than personnel services which are needed by the City. This budget item includes professional services, communication, travel, advertising, rentals and leases, insurance, public utility services, repairs and maintenance, and miscellaneous.

CLEAN WATER ACT (CWA). In 1972, Congress amended the Federal Water Pollution Control Act (referred to as the Clean Water Act) to prohibit the discharge of any pollutant to waters of the United States from a point source unless the discharge is authorized by a National Pollutant Discharge Elimination System (NPDES) permit. In 1999 the US Environmental Protection Agency promulgated rules (NPDES Phase II) that sets storm water management requirements for municipalities under 100,000 population, including the City of Shoreline.

CONSUMER PRICE INDEX (CPI). A statistical measure of price levels provided by the U.S. Department of Labor signifying the cost of living and economic inflation.

CONTINGENCY. A budgetary reserve set aside for emergencies or unforeseen expenditures.

COUNCILMANIC BONDS. Bonds issued with the approval of the City Council, as opposed to bonds which must be approved by public vote. Councilmanic bonds must not exceed 1.5 percent of the assessed valuation.

CRITICAL SUCCESS FACTORS. Areas where the City has to excel, if it is to accomplish the community's vision.

CSD. Community Services Department

DEBT SERVICE. The annual payment of principal and interest on the City's indebtedness.

DEFICIT. The excess of the liabilities of a fund over its assets. The excess of expenditures over revenues during an accounting period; or, in the case of proprietary funds, the excess of expense over income during an accounting period.

DEPRECIATION. (1.) Expiration in the service of life of capital assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy, or obsolescence. (2.) That portion of the cost of a capital asset which is charged as an expense during a particular period.

ENCUMBERANCE. The commitment of appropriated funds to purchase an item or service.

ENDANGERED SPECIES ACT (ESA). Refers to the listing of the Puget Sound chinook salmon as a threatened species by the National Marine Fisheries Service. Potentially affects all sensitive areas, and stormwater regulations for both quality and quantity.

ENDING FUND BALANCE. The cash balance remaining at the end of the fiscal year available for appropriation in future years.

ENTERPRISE FUNDS. Enterprise or proprietary funds are used to account for a government's business-type activities. An enterprise fund may be established to account for operations financed and operated in a manner similar to private business enterprises (e.g., water, gas, and electric utilities; airports; parking garages; or transit systems). In this case, the governing body intends that costs (i.e., expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

EXPENDITURES. Where accounts are kept on the accrual or modified accrual basis of accounting, the costs of goods received or services rendered whether cash payments have been made or not. Where accounts are kept on a cash basis, expenditures are recognized only when the cash payments for the above purposes are made.

FEES. A charge for a service the City does not provide for free to all citizens. For example, we have fees for recreation classes or land use development applications.

FISCAL YEAR. Any yearly accounting period, without regard to its relationship to a calendar year. The fiscal year for the City of Shoreline begins on January 1 and ends on December 31.

FTE. An acronym for Full-Time Equivalents, which are regular, full-time employee positions; when expressed as a decimal number, this means that only part of a full-time employee position is dedicated to this service or program within the budget.

FUNDS. Funds are comprised of special accounts within the City budget that are used to segregate revenues and expenditures for specific types of programs and services and to comply with State law and generally accepted accounting principles (GAAP).

FUND BALANCE. The excess of an entity's assets over its liabilities in a particular fund. A negative fund balance is sometimes called a deficit.

GENERAL FUND. This fund is used to pay the expenses and liabilities of the City's general services and programs for citizens that are not separately accounted for in special revenue funds.

GENERAL FUND SUBSIDY. This reflects the amount of General Fund discretionary taxes required to fund a department's budget. The formula for this figure is total departmental expenditures minus dedicated resources (grants, fees, etc.) equals General Fund subsidy.

GENERAL OBLIGATION BONDS. Bonds for which the full faith and credit of the issuing government are pledged for payment.

GOVERNMENTAL FUNDS. Governmental funds are used to account for most of a government's tax-supported activities. Under current GAAP, there are five types of governmental fund types: general,

special revenue, debt service, capital projects, and permanent funds. Governmental funds are used to account for the acquisition, use and balances of expendable financial resources and the related current liabilities. The measurement focus in these fund types is on the determination of financial position and changes in financial position (sources, uses, and balances of financial resources), rather than on net income determination. The statement of revenues, expenditures, and changes in fund balance is the primary governmental fund type operating statement. It may be supported or supplemented by more detailed schedules of revenues, expenditures, transfers, and other changes in fund balance.

GRANTS. Funds provided to or by the City for special purposes or programs, usually requiring a competitive application process.

INFRASTRUCTURE. The underlying foundation, especially the basic installations and facilities, on which the continuance and growth of a jurisdiction depends, i.e., streets, roads, sewer, and water systems.

INTERFUND TRANSFERS. Contributions from one City fund to another in support of activities of the receiving fund. Loans are not included.

INTERGOVERNMENTAL REVENUE. Grants, entitlements, shared revenues and payment for goods and services by one government to another.

INTERGOVERNMENTAL SERVICES. Services purchased from other government agencies, normally including types of services that only government agencies provide.

INTERNAL SERVICE FUNDS. A type of proprietary fund which accounts for the goods and services which are provided to other units of the City and payment by the benefiting unit is intended to fund the costs of providing such services.

LEED: Leadership in Energy and Environmental Design.

LEVEL OF SERVICE. Used generally to define the existing services, programs, and facilities provided by the government for its citizens. Level of service in any given activity may be increased, decreased, or remain the same, depending on the needs, alternatives, and available resources.

LEVY. To impose a tax, special assessment or service charge for the support of government activities. The term most commonly refers to the real and personal property tax levy.

LEVY RATE. The rate at which taxes, special assessments or service charges are imposed. For example, the real and personal property tax levy is the rate at which property is taxed per \$1,000 of assessed valuation. The rate is determined by calculating the ratio of the maximum amount of property tax revenue allowable under state law and the total assessed valuation within the taxing district.

LIABILITY. Debt or other legal obligation arising out of transactions in the past which must be liquidated, renewed or refunded at some future date.

MODIFIED ACCRUAL ACCOUNTING. A basis of accounting in which expenditures are accrued but revenues are accounted for on a cash basis. This accounting technique is a combination of cash and accrual accounting since expenditures are immediately incurred as a liability while revenues are not recorded until they are actually received or are "measurable" and "available for expenditure". Since this type of accounting basis is a conservative financial approach, it is recommended as the standard for most governmental funds.

NON-DEPARTMENTAL EXPENDITURES. Expenditures that are not directly related to the operations of a single City department.

OBJECT OF EXPENDITURE. Expenditure classifications based upon the types or categories of goods and services purchased. Typical objects of expenditure include salary, benefits, supplies, other services and charges, intergovernmental services, inter-fund payment for services, capital outlay and debt service.

OPERATING BUDGET. The annual appropriation to maintain the provision of City services to the public.

OPERATING FUNDS. These funds account for the day-to-day operations of providing City services. They do not include capital improvements. They include the General Fund and Special Revenue Funds.

OPERATING TRANSFER IN. Transfer from other funds which are not related to rendering of service.

OPERATIONAL CONTINGENCY. Funds set-aside in the General Fund budget to provide for unknown operational adjustments or service demands that may arise during the year. These funds are used only as a last resort and with Council approval. Savings within departmental budgets throughout the year will be the first source for funding unforeseen expenditures.

OVERHEAD/INDIRECT COSTS. Overhead or indirect costs represent the level of assistance that the support service departments (Finance, Human Resources, City Manager, etc.) provide to the direct service departments (Police, Parks, Public Works, etc.) so they can provide services to the public.

PERFORMANCE MEASURES. A performance measure is an indicator of the attainment of an objective. It is a specific quantitative measure of work performed or services provided within an activity or program, or it may be a quantitative measure of results obtained through a program or activity.

PERS. Acronym for Public Employees Retirement System provided for all City employees, other than law enforcement and fire fighter personnel, by the State of Washington.

PROGRAM. A broad function or area of responsibility of government services. It is a basic organizational unit of government that is composed of a group of specific activities and operations directed at attaining a common purpose or goal.

PROGRAM PURPOSE. A broad declaration of purpose explaining why the program exists and what we hope to achieve with the resources invested.

PROPOSED BUDGET. The City Manager's recommended budget submitted to the City Council and public in October of each year.

PROPRIETARY FUNDS. Recipients of goods or services pay directly to these funds. Revenues are recorded at the time services are provided, and all expenses incurred in earning the revenues are recorded in the same period. As a result, there is a direct cause and effect relationship between revenue and expenses in these funds.

PROPOSED BUDGET. This is the budget, as proposed by the City Manager, for the operations of regular City services and for capital expenditures.

REAPPROPRIATION. A legal authorization granted by the City Council to re-appropriate expenditures to the current budget year for a specific purpose or program that was budgeted but unexpended at the end of the prior year.

REET. The Real Estate Excise Tax, a tax levied on real estate sales and used solely for capital purposes.

RESERVES. The funds set aside by the City as a savings account for future emergencies. The City's reserves include the General Reserve Fund, the Insurance Reserve budgeted in Citywide Services, and a General Fund Undesignated Ending Fund Balance.

RESOURCES. Total dollars available for appropriations including estimated revenues, fund transfers and beginning fund balances.

REVENUES. Income received by the City to support programs or services to the community. It includes such items as taxes, fees, user charges, fines, forfeits, interest income and miscellaneous revenue.

RFP. Request for Proposal

SAFETEA-LU. Safe, Accountable, Flexible and Efficient Transportation Equity Act - a Legacy for Users transportation grant.

SALARIES AND WAGES. Amounts paid for services rendered by employees in accordance with rates, hours, terms and conditions authorized by law or stated in employment contracts. This category also includes overtime and seasonal help.

SPECIAL ASSESSMENT. A compulsory levy made against certain properties from earnings of enterprise funds. An addition to a pledge or revenues, such bonds sometimes contain a mortgage on the enterprise funds property.

SPECIAL REVENUE FUNDS. Funds that are dedicated for a specific purpose (e.g., roads, surface water, etc.), require an additional level of accountability and are collected in a separate account, not part of the General Fund.

STRATEGIC GOALS. Each critical success factor has a targeted number of strategic goals. These goals are customer-oriented and are connected to the budget, the capital improvement program (CIP), and the comprehensive plan. They are measurable, realistic, and focused.

STRATEGIC PLAN. A plan outlining the goals and strategies the City will focus on over the next six years. It is prioritized around the critical success factors of our community and is intended to be a living document, which will be evaluated regularly.

SUBSIDIES. Financial assistance provided by one agency to another agency for a defined purpose (e.g., King County swimming pool subsidies, General Fund subsidy of the Street Fund transportation programs).

TAXES. Compulsory charges levied by a government for the purpose of financing services performed for the common benefit. This term does not include special assessments, fees, or charges for services.

TAX LEVY. Charge levied by a government to finance services performed for the common benefit.

TAX RATE. The amount of tax stated in terms of units per \$1,000 of assessed value of taxable property. The tax rate is the result of dividing the tax levied by the assessed value of the taxing district.

TRANSFERS IN/OUT. Resources that are transferred from one fund to another to pay for a specific purpose. For example, resources are transferred from the Surface Water Fund to the Surface Water Capital Fund to pay for surface water related capital improvement projects, since all capital projects are expensed out of the capital improvement funds.

TRANSPORTATION BENEFIT DISTRICT. State legislation allows local governments to establish a Transportation Benefit District ("TBD") and accompanying funding sources to provide for the preservation, maintenance and construction of local transportation infrastructure/

UNRESERVED/UNDESIGNATED FUND BALANCE. That portion of available fund balance that has not been designated or restricted for a specific purpose and is available for general appropriation.
