## **Aurora Corridor Project**

**N. 145<sup>th</sup> – N. 165<sup>th</sup> Streets**

## **CONSTRUCTION UPDATE**

### **Week of September 19 – 23, 2005**

Construction staging continues along Westminster Way. To avoid possible congestion, motorists and pedestrians are encouraged to use N. 155<sup>th</sup> Street instead of Westminster Way.

Crews are excavating trenches for the new 12-inch water main to be installed along the west side of Aurora between N. 145<sup>th</sup> and N. 155<sup>th</sup> Streets and crossing Aurora at N. 155<sup>th</sup> Street. **Excavations for trenches crossing Aurora at the intersections will be done at night to avoid major traffic delays. This night work will be done intermittently over the next two weeks.**

Crews will also be installing conduit for Seattle City Light and communications from N. 155<sup>th</sup> to N. 160<sup>th</sup> Streets.

Puget Sound Energy's contractor continues work on relocating and upgrading gas lines between N. 145<sup>th</sup> and N. 155<sup>th</sup> Streets on Aurora.

Police officers will be on site to help with traffic control and safety in the construction area. Please drive carefully and observe the temporary construction speed limit of 35 MPH.
