Aurora Corridor Project
N 145th – N 165th Streets

CONSTRUCTION UPDATE

Week of January 17 - 20, 2006

This week crews will be:

- Trenching for utility undergrounding on the east side of Aurora Avenue moving north from N 155th Street. This will require intermittent restrictions of northbound Aurora traffic to one lane. Crews will also be trenching on the west side of Aurora Avenue, moving south from N 155th Street. Crews will be completing the installation of a large utility vault on the east side of Aurora Avenue north of N 155th Street.
- Installing the storm water system main line between N 160th Street and N 163rd Street on the west side of Aurora Avenue. Crews will also be installing catch basins and pipe on N 155th Street west of Aurora Avenue, requiring intermittent lane closures of N 155th Street.
- Working at night on a joint utility crossing of Aurora Avenue at N 160th Street and N 165th Street. Traffic will be restricted to one lane in each direction.
- Working on the wall structures supporting the ramps for the Aurora Bridge. Westminster Way will be closed intermittently while this work is underway. Work is expected to last a few months.
- Participating in training during the day on Monday, January 16. Night crews will resume work in the evening.

Police officers will be on site to help with traffic control and safety in the construction area. Please drive carefully and observe the advisory construction speed limit of 35 MPH.
