Aurora Corridor Project
N 145th – N 165th Streets

CONSTRUCTION UPDATE

Week of January 9 - 13, 2006

This week crews will be:

- Trenching for utility undergrounding on the east side of Aurora Avenue moving north from N 155th Street. This will require intermittent restrictions of northbound Aurora traffic to one lane.
- Installing the storm water system from N 160th Street to N 163rd Street on the west side of Aurora Avenue.
- Working at night on a joint utility crossing of N 155th Street on the east side of Aurora and installing storm water pipes near Brown Bear Car Wash.
- Working on the wall structures supporting the ramps for the Aurora Bridge. Westminster Way will be closed while this work is underway which is expected to last a few months.

Police officers will be on site to help with traffic control and safety in the construction area. Please drive carefully and observe the temporary construction speed limit of 35 MPH.
