N 145th – N 165th Streets

CONSTRUCTION UPDATE

November 20 - 22, 2006

This week crews will be:

- Working on the approach slab falsework for the Aurora Interurban Trail Bridge.
- Working on the sidewalk near Parkwood Plaza.
- Working on the interface between the right-of-way and private properties.
- Continuing to pour concrete for sidewalks and driveways on both sides of Aurora Avenue.
- Continuing overhead power and telecommunications transfers.
- Continuing landscaping and tree planting.
- Laying asphalt paving behind sidewalks.
- Continuing median excavation.
- Working on the wiring for the signals at N 160th and N 165th Streets.

Special notes:

- Aurora Avenue North is still very much a construction zone. Even though the area seems easier to traverse with the new pavement and striping, there are still many crews working both in the former center turn lane and on the sides of the road. Please maintain a recommended speed limit of 35 mph in the construction zone to protect yourself and the construction and traffic control workers. Remember: traffic fines double in construction zones.
