N 145<sup>th</sup> – N 165<sup>th</sup> Streets

## CONSTRUCTION UPDATE

December 11 - 15, 2006

This week crews will be:

- Finishing the south bridge ramp wall and the deck curb for the Aurora Avenue Interurban Trail Bridge.
- Working on the interface between the right-of-way and private properties.
- Continuing to pour concrete for sidewalks and driveways on both sides of Aurora Avenue, including the sidewalk near Parkwood Plaza, and laying asphalt paving behind sidewalks.
- Continuing to transfer power and telecommunications from overhead to underground lines.
- Continuing landscaping and planting trees.
- Continuing median excavation and installation of irrigation systems and topsoil.
- Installing the signals at N 160<sup>th</sup> Street and the signal wiring pole installation at N 155<sup>th</sup> Street.

### Special notes:

- Periodic single lane closures are expected throughout the month of December when crews work on the signals, light poles and medians.
- Aurora Avenue North is still very much a construction zone. Please maintain a recommended speed limit of 35 mph in the construction zone to protect yourself and the construction and traffic control workers. Remember: traffic fines double in construction zones.
