N 145th – N 165th Streets

CONSTRUCTION UPDATE

February 12 - 23, 2007

Over the next two weeks crews will be:

- Constructing stairs for the 155th Street Interurban Trail Bridge and the Aurora Avenue bridge approach.
- Continuing to work on the walls for the Aurora Avenue Interurban Trail Bridge.
- Installing lighting along bridge structures.
- Installing the glass and screens on the 155th Street bridge structure.
- Activating the signals at N 160th and N 165th Streets.
- Working on the interface between the right-of-way and private properties.
- Continuing to pour concrete for sidewalks and driveways on both sides of Aurora Avenue.
- Pouring median curbing.
- Landscaping medians.
- Pouring colored crosswalks.

Special notes:

- Periodic single lane closures are expected throughout the month of February when crews work on the signals, light poles, crosswalks and medians.
- Aurora Avenue North is still very much a construction zone. Please maintain a recommended speed limit of 35 mph in the construction zone to protect yourself and the construction and traffic control workers. Remember: traffic fines double in construction zones.
