N 145th – N 165th Streets

CONSTRUCTION UPDATE

February 26 - March 9, 2007

Over the next two weeks crews will be:

- Constructing stairs and working on the walls for the Aurora Interurban Trail Bridge.
- Installing the lighting, glass and screens on the Aurora Interurban Trail Bridge.
- Activating the signals at N 145th and N 165th Streets.
- Working on the interface between the right-of-way and private properties.
- Continuing to pour concrete for sidewalks and driveways on both sides of Aurora Avenue and installing handrails.
- Pouring median curbing and landscaping the medians.

Special notes:

- Periodic single lane closures are expected throughout the month of March when crews work on the signals, light poles, bridges and median landscaping.
- Aurora Avenue North is still very much a construction zone. Please maintain a recommended speed limit of 35 mph in the construction zone to protect yourself and the construction and traffic control workers. Remember: traffic fines double in construction zones.
