Aurora Corridor Project

N. 145th – N. 165th Streets

CONSTRUCTION UPDATE

Week of August 22-26, 2005

Puget Sound Energy's contractor is relocating gas lines and upgrading the system on the west side of Aurora between N. 145th and N. 155th Streets. A southbound lane will be closed through Wednesday.

The travel lanes on Aurora between N. 145th and N. 152nd Streets will be shifted to the east on Friday to align with the lane shift that has already been done between N. 152nd and N. 165th Streets. A temporary traffic signal will be installed at N. 145th Street.

Storm drainage work is expected to begin the week of August 29 and will require the closure of Westminster Way between N. 155th and N. 160th Streets. All access to Aurora Square will be maintained but through traffic will need to use N. 155th Street to detour around this closure.

Police officers will be on site to help with traffic control and safety in the construction area. Please drive carefully and observe the temporary construction speed limit of 35 MPH.
