Aurora Corridor Project

N. 145th – N. 165th Streets

CONSTRUCTION UPDATE

Week of August 29- September 2, 2005

Westminster Way between N. 155th and N. 160th Streets is closed this week for storm drainage work. Crews will be digging trenches up to 22 feet deep in some areas along N. 155th St. to install new storm drain lines.

Access to Aurora Square and Westminster Triangle will be maintained, but through traffic will be diverted to N. 155th Street during the closure. A police officer will be positioned at the Westminster and Aurora intersection during construction to help pedestrians and motorists move through the area safely.

The City will also be installing utility vaults and conduit along the west side of Aurora between N. 155th and N. 165th Streets.

Puget Sound Energy's contractor continues work on relocating and upgrading gas lines between N. 145th and N. 155th Streets on the west side of Aurora.

Police officers will be on site to help with traffic control and safety in the construction area. Please drive carefully and observe the temporary construction speed limit of 35 MPH.
