CONSTRUCTION UPDATE

August 15, 2005

This week crews will be:

- Finishing the underground utility work on the east side of 15th Avenue NE which primarily includes the service connections;
- Beginning the underground utility trenching crossing 15th Avenue NE, starting on the east half of the street;
- Working on the utility undergrounding on the west side of 15th Avenue NE; and
- Continuing to install concrete curbs, gutters and driveways along the east side of 15th Avenue NE as well as along side streets.

Crews will also work on Saturday, August 27 from 9:00 a.m. to 5:00 p.m. to keep on schedule.

The construction team is holding regular question and answer sessions for businesses to discuss and address individual concerns. The meetings are held at various locations in North City and are advertised to businesses via hand-delivered flyers.

Full-time traffic control personnel are on site to help move traffic through the construction sites and to help with pedestrian access during construction.
